HOME OF THE  
NORTHWESTERN MILITARY & NAVAL ACADEMY

FONTANA INVITES YOU TO THE  
ALL GENEVA LAKE SWIMMING MEET FRIDAY,  
AUGUST 27, 2.30

## FIFTY YEARS TRAINING YOUTH.

Next year ~~the~~ Northwestern Military and Naval Academy will celebrate the fiftieth anniversary of its founding in 1888 by Colonel Harlan Page Davidson, the father of the present Commanding Officer, Colonel R.P. Davidson.

The school was founded at Highland Park, Illinois, as the Northwestern Military Academy. The Academy's first acquaintance with Geneva Lake was by the camping on the Kaye's Park property in the spring of 1908. For several years the spring and fall terms were held at Kaye's Park and the winter term held in Highland Park. A fire which destroyed one of the main buildings at Highland Park hurried up the completion of a plan which had been in the mind of the founder to have the Academy located here for all year.

Before selecting the site here many points were visited after many flattering offers had been received from communities which would have been honored by the presence of the Academy in their midst.

Lake Geneva however was selected as the future home for the same reasons that most of us living by its shores selected our homesites. The beautiful wooded shores and clear spring water, the clear skies which attracted the founders of Yerkes Observatory, and the beautiful homes of culture and refinement, were the deciding features. The feeling was mutual on the part of the lake shore neighbors for during the camps of the Academy they had learned of the high standing of the school and the exemplary conduct of the cadets.

A greater Northwestern was in the mind of the founder and here were possibilities unsurpassed. The grounds of Kaye's Park where the cadets camped were available. Seventy-five acres form the campus, with a lake frontage of 1500 feet and a shore elevation at the lake of ten feet, the land gradually sloping back through a beautifully wooded valley to an elevation of 125 feet at the Lake Shore Drive.

### Magnificent Building Planned

Rarely has a school been so favored as has Northwestern in having time and opportunity to make a careful selection of location and also to plan every detail in the magnificent new building, which is practically completed as originally planned. A thorough study of boarding schools both in this country and abroad was begun in 1910. The results of the study and the ideas received from it were placed in the hands of the well-known Chicago architects, Marshall & Fox, who gave two years of careful planning to them, before completing the plans for one massive building, which could be built in sections. Five of these sections have been completed. The founder who died in 1913 did not see the building even commenced but his spirit lives in the completed structure.

The massive Davidson Hall stands out both in its lake side view and from the Lake Shore Drive, as an achievement worthy of the architects and those who thought out the ideas.

The structure is of reinforced concrete, steel and granite-faced Hydrostone and is absolutely fireproof. The main entrances from either side are up a flight of granite steps, fifty feet wide, and between massive Hydrostone columns.

Pages could be written on descriptions of the buildings, the

beautifully landscaped campus, the artistic, yet homelike interior with its fireplaces, gymnasium, mess hall, faculty living quarters and student rooms, but bricks and mortar are secondary in this school

## Operated Under Christian Principles

The founders of the school were men of pronounced Christian character, in fact they felt so keenly that Christian principles and the Christian code of morality should be the ruling principle in education that they put into its charter statements which make it obligatory that it shall for all time be operated under Christian principles and that the head of the school, as well as the members of the faculty, shall be Christian men

The curricula of the school and the training military and otherwise is designed to fit the young men for college and the exacting demands of college life. A large majority of its students have gone to college and been outstanding students. The Academy's diploma carries with it a recommendation as to straightforward moral character and refined gentlemanly deportment.

## A Leader in the New Theory of Education.

The Academy was a leader in the new theory of education: namely, the development of the capabilities of the individual rather than the class group. Vocational guidance is emphasized, yet that broad vision necessary to a choice is given by lectures by men high up in the business and professional world.

## No Apology For Being a Military School.

The Academy makes no apology for the fact that it is a military school. The founder based his selection of the military school type

## ITS AIMS

It is not the school's aims to make soldiers, but rather to inculcate in the students the better qualities of the soldier, and to give them the ease and confidence which comes from disciplined and coordinated minds and bodies, and to develop in them such a high sense of honor, self-control, self-reliance and responsibility that they become strong natural leaders, all the qualities essential to the truest type of manhood and invaluable not alone to the individual but to the nation. They learn how much it means to be American Citizens, and catch that feeling of responsibility necessary for each to assume to maintain the principles of our government.

Again pages might be written about the curricula and its faculty which has placed the school way to the front in ratings as a successful preparatory school for colleges or institution in the country. The Association of Accredited Schools and Colleges made a survey a few years ago of over 1900 High Schools and Academies, as to the success of its graduates at college, and as a result of this survey, this school showed the highest percent of any preparatory school in the group. Records of these graduates over a period of twelve years, has with one exception, shown a passing of semester hours at college of above 91% and the class of 1935-96%. The school is proud of the fact that not one of their graduates has ever failed at West Point, Annapolis or the Massachusetts Institute of Technology, although they have four or more in attendance at all times at each of these institutions of especially high scholastic standing. The War Dept has given the Academy Honor rating for years.

#### SNAPPY APPEARANCE

The students range from 6th grade through high school. They take great pride in their military drills and make a snappy appearance when on parade. The band lends much to the drills and parades. Though music is extra curricula many take advantage of the lessons provided by an expert leader and musician at very reasonable rates.

#### ALUMNI AND STUDENT LOYALTY

The campus and corridors abound in evidence of Class and Alumni loyalty. Nearly every class has left some memento to add to the beauty or betterment of its Alma Mater. As you enter from the Drive you pass through a beautiful gate presented by the Class of 1916, you drink from fountains presented by the classes of 1917 and 1918. A bronze statue of the Grecian Discus Thrower graces one entrance to the Central Court while a companion piece, the Borghese Gladiator graces the other as gifts of the Classes 1930 and '31. As one walks through the corridors or about the campus he finds these gifts.

From the beginning the Academy was taken into the hearts of the Lake Geneva shore residents. Edward E. Ayer, A.C. Bartlett, H.M. Byllesby, Simeon B. Chapin, the Crane family, N.W. Harris, Charles L. Hutchinson, Edward F. Swift, A.G. Cox, Wm Wrigley, Jr., J.J. Mitchell, Addison Stillwell, Dr. O.L. Schmidt, Colonel W.N. Pelouze, John C. Flemming, Judge Nathaniel C. Sears, many of whom have passed on, gave or are giving of their time and means. The Edward E. Ayer library was provided for in Mr. Ayer's will and the estate gave his wonderful collection of ancient weapons and \$10,000 scholarship to aid worthy boys. Many scholarships to aid financially or to spur on to better scholarship have been

given . Mr. S.B. Chapin who is always interested in any Lake Geneva activity , has always shown special interest in the work of the Academy. He was the donor of the Chapin trophy, and has remembered the Academy from time to time in many ways.

### ENDOWED

The Academy was partially endowed in 1918 and dedicated for all time to the education of youth. Under the terms of this Endowment the property cannot be used for anything except school purposes, and the perpetuity of the school will depend largely on how generous are its friends in adding to this Endowment.

You have done well in reading thus far in this article but read it over again and again it was not possible to cut out any more and do justice to this Lake Geneva institution . The editor hopes that you will after reading about the school drive in and see for your own pleasure and enlightenment the interior as well as exterior.

You will find Colonel Royal P. Davidson or Major J.W. Roy, the Executive Officer of the Military Organization there to greet you even though the school is not in session . The school and faculty as well as students are a part of our lake life, let's be neighborly to them.

The Academy does not advertise . Its Alumni, Students and friends get their sons, cousins or friends to come as students. You have to have the right stuff in you to get into the Academy. The management investigates every applicant. Most cadets are sons of Alumni, a wonderful recommendation.

#### INLAND LAKES YACHTING ASS'N REGATTA HISTORY.

With fair weather up to the last day, the regatta can be considered a success. And did it rain on Friday. The Yacht Club grounds were more like a Circus on a rainy day. However all the yachtsmen were good sports and took it good naturedly and helped one another get their cars and trailers out of the mire.

The grand finale was held at Big Foot Country Club where 360 places were set for a Banquet and Dance.

The Club House was beautifully decorated by the Yacht Club and flood lights furnished by Robert Tarrant added to the attractiveness.

Tables were reserved and some beautifully decoarted. Outstanding were Mrs. Tarrant's table in red and blue. A mass of flowers extended the length of the table.

The Gartz table had several

silver sailboats for decoration.

The Gifford table also was prettily decorated. Others had flowers.

The awards and trophies, and there were a lot of them, were given out.

The whole week had been given over at both Country Clubs to Dinners and Dances. The Gartz home was open every day for luncheon to visitors.

The Barn Dance at Beauvais Boat Co. was attended during Tuesday evening by nearly every yachtsman. Woodlawn Orchestra furnished the music.

Commodore Gartz won first in "A" Class Races with "Big Foot Too". In Class "C" the winner was "Easy Goin'" owned by Janet Wyer and sailed by Ralph Wyer, Jr. "Three Winks III" owned by Winkler Bros. sailed by Robert B.W. copped the Class "E" races.

At 6:30 in the evening, the fire departments of Fontana and Williams Bay will stage a barrel fight. Several musical aggregations will be engaged for the evening, which will move from place to place entertaining.

Friends in the neighboring towns are invited to attend this "Get Acquainted Night in Fontana."

#### PRIZE WINNERS AT LAKE GENEVA FLOWER SHOW

A compilation of judging results at the Lake Geneva Flower and Vegetable Show recently held in Horticultural Hall, Lake Geneva, shows that A.F. Madlener received the greatest number of first prizes, receiving 33 firsts and 3 seconds. Bartholomay and Schmidt were a close second, receiving 27 firsts and 4 seconds.

S.B. Chapin and Mrs. M.A. Ryerson each got 17 firsts and 4 seconds; A.W. Harris, 11 firsts; Mrs. A.W. Wakeley, 8 firsts; L.E. Myers, 6 firsts; Jerseyhurst, 4 firsts; Peterkin, five firsts; Mrs. H.M. Byllesby, 3 firsts; Wychwood, 2 firsts; Pelouze, 1 first; Johnson, 1 first.

Three stalks of corn, 2 measuring 13 feet, and one, 13 feet, 2 inches, were found on the Isaac Stopple farm near Walworth last Saturday.

One of the finest four day programs in the 96 year history of the Walworth County Fair, will be offered at Elkhorn, starting Labor Day and running through to Sept. 9. Free acts, athletic contests and a \$4400 race program are the high spots.

There will be a big evening revue known as "Everything's Tops", offering 50 entertainers, dancers and comedians, with elaborate scenery and gorgeous costumes.

The free attractions before the amphitheatre include that famous comedian, "Shorty Flemm", the funny little soldier; Tarzan, the trained ape; Melvin & Marie, boomerang throwers; "Taxi", the trained mule; Edna and Her Pets; consisting of well trained dogs and ponies and Captain Dennis Curtis and his Black Horse troupe of jet black Arabian stallions. Six bands and one Drum Corps will furnish the music for the Fair.

The kittenball and the baseball championships will be determined at the Fair.

Arnold Blodgett, who has arranged the athletic contests, announces the following schedule-

Monday-9 AM- Kids playground championship between Elkhorn and Whitewater. At 10 AM-Elkhorn South Side vs Delavan All Stars; Tuesday, 10 A.M., Baseball, Genesee vs Sharon; Wednesday, 10 A.M., East Troy vs Cambridge; Thursday, 9 A.M. Winner of Elkhorn-Delavan Kittenball game on Monday vs Lake Geneva All-Stars for County Championship. 10 A.M.- Tuesday and Wednesday baseball winners for championship.

Annual meeting, the Walworth County Y.M.C.A. has been set for September 20, the place to be named later by the program committee, I.B. Davies, Delavan; Volmer Sorensen, Williams Bay; R. Nelson, Whitewater; L.C. Church, Walworth.

## A CHALLENGE TO SHUFFLE BOARD PLAYERS

Have you noticed the Shuffle Court at O. Anderson's home at the corner of Collie St. and Hickory St. in Bay View Subdivision back of the School house? It is one of the finest the editor has ever seen (it was built by Eric Werner) and should be visited by any one who is thinking of building one.

Mr. Anderson, Eric Werner, Albin Johnson, Carl Osman and A. Forsberg think they are pretty good players now and wish to prove it to others who think likewise.

So come on you shuffle players and see what you can do.

#### ALL GENEVA LAKE SWIM MEET AT FONTANA

The recently organized Fontana Chamber of Commerce extended the invitation for the All Geneva Lake Swim Meet this year and the invitation was accepted by the Lake Geneva Water Safety Patrol which organized the meets. The Meet will be held this week Friday at 2.30 P.M. ( August 27th ).

Fontana is making a strenuous effort to bring a large crowd and treat the visitors royally. The beach will be decorated and everything in readiness. A new spring board has been put in place at the In Let In Pier for the Diving Exhibition.

Teams will be there from Lake Geneva City, Williams Bay and Fontana to compete in all the regular events which go to make a real swim meet. There will be badges for the winners of the first, second and third places. These are now on display at Palmer Boat Co.

There will be a large gallery of visitors both on the shore and in boats off shore.

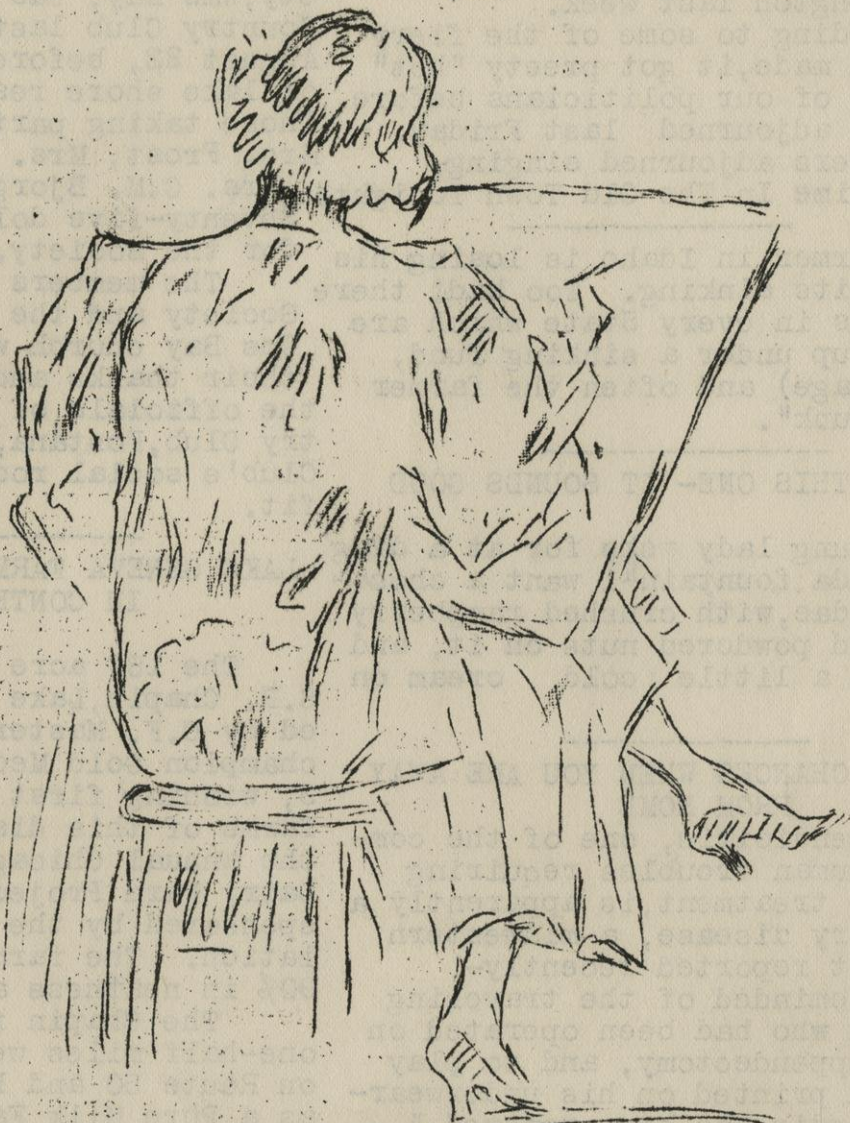

You will be interested in going to this meet. In fact you owe it to the young swimmers to show your interest. Most of the contestants learned under the supervision of the life guards at the various beaches on the lake.

These meets add incentive to the boys and girls to become expert swimmers, which helps to make our lake safer.

## CASUAL COMMENT

"In no part of Africa have I found such insufferable climate". Rep. George H. Tinkham (Mass.) in Washington last week.

According to some of the fiery speeches made, it got pretty "hot" for some of our politicians before Congress adjourned last Friday. The members adjourned singing- "A Hot Time In The Old Town Tonight!"

A farmer in Idaho is losing his farm by its sinking. Too bad! there are farms in every State which are holding up under a sinking fund, (a mortgage) and often the farmer gets "sunk".

TRY THIS ONE- IT SOUNDS GOOD

A young lady asks for at a drug store soda fountain "I want a chocolate sundae, with crushed raspberry syrup and powdered nuts on it, and just put a little cold cream on top."

TAKE NO CHANCES WHEN YOU ARE AWAY FROM HOME

Appendicitis, one of the commonest human troubles requiring surgical treatment, is apparently a hereditary disease, a midwestern scientist reported recently- One is reminded of the traveling salesman who had been operated on for an appendectomy, and to play safe had printed on his underwear- "my appendix has been removed."

IT USED TO BE "DASHING AND THROWING"

Years ago, cooking time was "throwing time." Old recipes read like this- "Throw into a bowl two cups of flour, throw in a dash of salt, throw in a teaspoon of soda, and throw in after a cup of milk. Directions for eating- dash it down your throat and if it does not taste right, throw it out the window."

NOBODY HOME IN NEW YORK

There are 487 women's clubs in the metropolitan district of New York City, with enrollment numbering more than 10,000 members.

## BENEFIT PLAY GIVEN AT BIG FOOT COUNTRY CLUB

"The Village Gossip", a one act play written by Mrs. E.B. Frost for the Congregational Ladies Aid Society, Wms Bay, was given at Big Foot Country Club last Sunday afternoon, August 22, before a large audience of lake shore residents. Those taking part in the play were- Mrs. Frost, Mrs. L.A. Hollister, Mrs. C.M. Bjorge and Mrs. Sains. Seventy-five dollars was realized for the society.

The members of the Ladies Aid Society and the members of the Wms Bay church wish to express their thanks and appreciation to the officials of the Big Foot Country Club, Fontana, for the use of the Club's social rooms for this benefit.

## LAKE GENEVA FARM WINS FIRST PLACE IN CONTEST

The 187 acre farm belonging to S.B. Chapin, Lake Geneva, and managed by C.F. Masterson, is the new champion Gold Medal Farm of District 3, winning first place over 9 other farms of this district entered in the annual Chicagoland's Neatest Dairy Farm Project for 1937, and sponsored by the Pure Milk Association. The farms were rated over 90% in neatness and cleanliness.

The Chapin farm is two and one-half miles west of Lake Geneva on Route 50 and has been operated as a Pure Milk Farm since the Association was organized. The twenty-four cow herd consists of pure bred Brown Swiss.

Mrs. Charles P. Smith of Pecotic, Long Island, N.Y., has been the house guest of her uncle and aunt, Mr. and Mrs. Frank Rayner, Elgin Club.

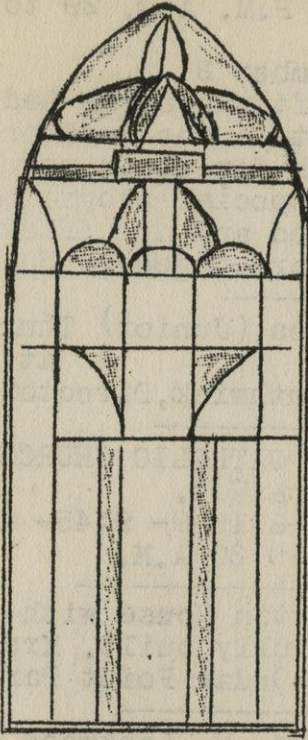

Mrs. Smith is returning to the East on Monday, August 30, after spending a pleasant summer.

## SAILING EVENTS.

### LAST OF SUMMER SERIES OF TUESDAY BENEFIT LUNCHEONS GIVEN

Mrs. E.N. McDonnell was hostess for the last of a summer series of Tuesday luncheons, on Tuesday, August 24, at her home on the north shore of the lake in Williams Bay. Fifty ladies enjoyed the very dainty and novel luncheon and an afternoon of Bridge.

These summer luncheons have been for the benefit of the Ladies Aid Society of the Wms Bay Congregational Church and have been well worthwhile both socially and financially. The sum of three hundred and fifty dollars has been realized from this source for the society the members of which desire to thank all the ladies and friends who so generously helped and cooperated in making the luncheons and programs successful, and especially to those who acted as hostesses in their homes.

Mrs. E.B. Frost has acted as general chairman of the luncheons and programs for the series.

Moody Musical Messengers each evening at 8 P.M. Aug. 29 to Sept. 1.

"I want to take this opportunity to compliment the Village Board in having a policeman stationed at night in town. Only last month the Mrs. and myself returned from a trip to Minnesota at 3 A.M. and in pulling into town we noticed the young man at the gas station. It made a very good impression on us. Also noticed he rides around on the side streets. I'll say it's good work and thanks to the Village Board. Well done! Yours Truly

# ANNOUNCING THE MOODY MUSICAL MESSENGERS

AT

THE GOSPEL TABERNACLE

WILLIAMS BAY, WISCONSIN

Beginning Sunday morning August 29th and continuing through Wednesday, September 1st.

This group is a Trio of young men from the Moody Bible Institute, Chicago, where they have for many months been prominent in the activities of the Music Department. Their special training and coaching have assured high efficiency in the use of their unique talents in voice and expression.

The Trio has been greatly used in the D.L. Moody Centenary Celebrations in many of the largest cities—New York, Philadelphia, Boston, Chicago and others. In New York they served with Bishop John Taylor-Smith of London, in a program over the Columbia Broadcasting Chain, officials of which were delighted with their presentation of oldtime Gospel Hymns especially arranged for them.

The baritone, Douglas C. Davies, is an excellent soloist and director of choir and congregational singing; Elliott N. Lindblad, bass of the trio, is also an effective preacher. Cornelius C. Keur is both tenor for the trio, and pianist, while each man has a distinctive and effective testimony for Christ and is a winsome soul-winner.

Dear Friend:

How would you like to have the Chicago & North Western Ry. continue the present morning and evening commuter train service to and from Chicago all through the winter months? We would certainly like to do it and will if we receive definite assurance of sufficient support.

There are a number of our patrons who are strong for it. But we don't know if there are enough of you. So we are taking this poll of our friends along the line to find out just what your needs will be.

Will you kindly help by filling out the form below and send it in to reach us not later than September 10th? Simply fold it as indicated by the score marks, seal and mail. No postage is required.

Thank you.

R. THOMSON,  
Passenger Traffic Manager.

I would use the following commuter service between.....  
and Chicago:

- ..... No. 622 arriving Chicago at 8:07 AM (Chicago Time) on week-days.
- ..... No. 644 arriving Chicago at 9:00 AM (Chicago Time) on week-days.
- ..... No. 649 leaving Chicago at 4:45 PM (Chicago Time) on week-days.
- ..... No. 681 leaving Chicago at 5:40 PM (Chicago Time) Mondays through Friday.
- ..... No. 775 leaving Chicago at 1:15 PM (Chicago Time) Saturdays only.
