Wilson Heads Prom; Carrier Wins

Clark, Cole, and Edgarton Are Elected Heads of Other Class Tickets

John Wilson '28, varsity football player, was elected to lead the 1928 Prom, piling up a lead of 126 over his closest competitor to win the most treasured position contested in the election yesterday.

Vernon Carrier '27, William E. Clark '28, Edward P. Cole '29, and Allan Edgarton '30 were chosen to lead their respective classes, and in every case, except the freshman class, their supporting tickets followed them to victory.

Union Referendum Passes

John K. Fairbanks defeated Christian Zillman for the sophomore position on Union board by a 228 to 165 count. The referendum amending the size and elections of Union board, in one of the biggest votes ever cast on an amendment to the Student senate constitution, was landslide into effect, 841 to 90.

In the senior class where all but the presidency went by default and where the two opposing candidates entered into an agreement not to do any campaigning, the total number of ballots was small, Carrier defeating Henry Brooks 158 to 82.

Leigh is Second

In the most bitter fight of the election, that over the chairmanship of the junior prom, Wilson rolled up an aggregate of 417 to win. John R. Leigh was second with 291, and Gordon Dawson third with 252. William E. Clark was selected as president of the junior class, having gathered 841 votes. Donald S. Jones ran second with 326 votes. Robert A. Zentner finished third, garnering 279.

The only post that remained in question last night was the vice presidency of the junior class. The margin earned by the candidates was so small that the registrar's office, where the counting was done, refused to issue any statement until after a check could be made this morning.

Anderson Secretary

Blythe Anderson aggregated 400 votes to take the secretaryship of the junior class, her competitors, Elizabeth Hirsig and Nellie J. Schneider, compiled 300 and 237 votes respectively. Peter G. Dunn was elected treasurer by 340 votes; Earl L. Burbridge had 301 to his credit, and Fred E. King, 296. Donald Miller beat Roger Cahoon for the position of sergeant-at-arms by (Continued on page four)

Father Travels

From Mexico City to Visit His Son

Lochinvar came out of the west, but it remained for Richard Williamson to come all the way from Mexico City, Mexico, to be present at Wisconsin's annual Fathers' Day. He is here today to see the university and his son, Richard, and he holds the distinction of having travelled farther than any other parent to come here for this weekend.

Although Mr. Williamson has a very good reason for coming all the way from Mexico for Fathers' Day, James Caldwell of Rio, Wisconsin, has four equally good reasons for his visit. It's true that he didn't come so far, but he came to see four times as much; for he has two sons and two daughters attending the university.

His two sons, Donald and Bryon, stay at the Y. M. C. A., while the daughters, Bernice and Mabel, live at Barnard hall. Perhaps a new formula can be evolved to equalize honors between this pair of fathers. It might be stated that distance traveled times number of offsprings visited will always be equal to number of offsprings visited times distance traveled. The answer would doubtless be stated in terms of "child-miles."

Chairman of Ball Starring in Union Work, Athletics

JACK WILSON

Jack Wilson, the leader-elect of the 1928 prom had made athletics his central activity while he has been at the university, but he has also been in Union drives, Homecoming work, and Union Vodvil production. After freshman football, he made the varsity and is now playing his second year of conference competition.

Union Contracts May be Signed by Governor Monday

The "papers" that carry the good fortunes of the Memorial Union building were rapidly making the rounds of official signers yesterday and are due to appear in the governor's office for his signature on Monday.

After the contract was written and signed at the state architect's office the early part of the week, it went to J. Pfeffer, contractor at Duluth, and yesterday, with his signature affixed, was delivered to a bonding house at Milwaukee for an additional o. k. It is due to arrive back here today, and on Monday it will await on the signatures of the state engineer and the governor.

The Pfeffer company is ready to begin building activity immediately upon the endorsement of the contract by the governor.

PARKING DURING GAME IS LIMITED BY POLICE

Parking during the game this afternoon on any of the street immediately adjoining the stadium, has been barred by Frank L. Trostle, chief of police.

One-way traffic will prevail on Monroe street, and Randall avenue, automobiles being allowed to move from west to east only. In order to relieve congestion on University avenue, after the game, car drivers are asked to take Johnson and Dayton streets.

Sigma Delta Chi Pledges to Sell "W" Feathers Today

The cardinal "W" feathers that made their first appearance at last Saturday's game will be sold today between 8 and 2 o'clock by pledges of Sigma Delta Chi, honorary professional journalistic fraternity.

Vendors will meet incoming specials, will work on the campus, and will sell to the crowds en route to Camp Randall.

Proceeds of the feather sale will help defray expenses of the national Sigma Delta Chi convention which will be held in Madison Nov. 15, 16, and 17, with the Wisconsin chapter as host.

LAST CONTEST OF HIGH SCHOOL AG MEET IS TODAY

Competitors at Convention Will Attend Minnesota Game in a Body

At 10 o'clock this morning the climax of the State High School Agricultural contest will come with the announcement of the winning teams at Agricultural hall. More than 500 boys from all over the state were in the competition held yesterday at the College of Agriculture.

"This is the most successful contest ever held here," declared Dean J. A. James, of the Agricultural college. "Nearly twice as many contestants as we had last year are here," he said. Next year's contest will probably see about 700 students here, he prophesied.

Horses, Cattle Judged

A large number of different contests were held. At the stock pavilion, all of yesterday morning was given over to the judging of beef, and in the afternoon, the horses were judged. There were 72 teams of three men each in the live stock judging. The swine and pigs were also looked over in the afternoon.

PRES. FRANK EXTENDS WELCOME TO FATHERS

The University of Wisconsin is "at home" today to the fathers of its students.

The university speaks of its students as "sons and daughters of Wisconsin." This phrase is, in itself, an acknowledgment by the university that it is a sort of second parent to its students. The university does not and cannot play parent to your sons and daughters in the sense of the parenthood of nursery day—for we must assume that they are here to learn, among other things, how to us liberty—but the university feels keenly the obligation to maintain that relation of sympathetic understanding and common counsel in which the genius of fatherhood comes to its finest flowering.

You, as fathers, and we, as university, have a common task, and as our collaborators we find a keen delight in your being here today.

GLENN FRANK.

Undeclared Badgers Battle Gophers in Big Ten Game

All-day Program Planned for Dads by Student-Faculty Committee

Madison today will present a gala picture with an active weekend including Fathers Day, the Minnesota-Wisconsin football game, and a cross-country race between the versatile Badger harriers and the Gopher representatives. Fathers Day with 1,000 reservations made for the faculty-father dinner tonight alone warrants a conservative estimate of the number of visitors for that event at 1,500.

During the morning the fathers will visit important and interesting places about the campus and city. For their convenience two batteries of student guides will be

PROGRAM FOR THE DAY

10 to 12 o'clock—Fathers invited to visit the men's dormitories.

2 to 4 o'clock—Wisconsin vs. Minnesota at Camp Randall.

4:30 to 6:00 o'clock—President Glenn Frank will receive the fathers with their sons and daughters at his home, 130 Prospect avenue.

6:30 to 9 o'clock—The annual Father-Faculty banquet will be held in the university gymnasium.

9:30 to 10 o'clock—A special showing of varsity reels, picturing events of the year at the university will be given in Music hall.

The places suggested for morning visits are the new dormitories, the State capital, the physics museum, the geology museum, the historical museum, the biology exhibit, Washburn observatory, Wisconsin General hospital, Lincoln terrace.

placed in front of the Administration office, Park avenue at State street, and in the University library.

Will See Game

At 2 o'clock the fathers, sons and daughters will witness the Minnesota-Wisconsin football game from the two sections, R and S, of the Camp Randall stadium which have been reserved for them. Immediately following the game President and Mrs. Glenn Frank will receive the fathers at their home, 130 Prospect avenue. Guides posted on Breese Terrace will direct visitors to the president's home.

To Show Movies

The fathers-faculty dinner will start in the Men's gymnasium, (Continued on page four)

Minnesota Slight Favorite in Clash of Traditional Rivals This Afternoon

BY DAN ALBRECHT

Speed and whip and punch; driving backs and hard-charging linemen; terraced gray walls packed with colorful, cheering humanity; the whole underlain by 35 years of intercollegiate rivalry. Wisconsin and Minnesota play football at Camp Randall this afternoon.

The Minnesota squad of 33 men and the necessary evils called coaches, trainers, and managers that always trail along, arrived in Madison yesterday ready and willing for the combat in which they are expected to figure more or less prominently this afternoon.

Badgers On Edge

Final practice for the Badgers last night consisted of little more than a dash around the field by way of warming-up, and a short signal drill to loosen up the intellect.

Though Minnesota stands as a slight favorite in the neutral opinions that have been expressed thus far, Wisconsin fans are convinced that the team which turned back Indiana last Saturday—their team—will match every Minnesota move with one of its own that is equally effective.

Lineup Unknown

Much doubt still remains concerning the lineup that Head Coach George Little will select as his best combination against Minnesota. In the light of the shifting about that has taken place this week, the two guard positions present the most uncertainty.

When Jack Wilson was injured, Herb Wagner had to be shifted from guard to center to provide a capable substitute for Wilke, who will probably start at pivot. The ensuing scramble for the guard vacancy has left Cole, Schuette, and Carney on about the same level. Von Bremer, who has played almost full time in every game this season, is fairly certain to start though he may be replaced temporarily by one of the three men named above.

Three Good Ends

Either Jeff Burrus or Don Cameron may have to give way for Welch at end today. This aggressive sophomore has exhibited numerous points of efficiency and but his lack of experience he would be a cinch regular.

What sort of offense Wisconsin will use most freely today Coach Little neglected to announce. The Gophers, however, who have spent most of their time figuring up a (Continued on Page Three)

Record Crowd of Journalists Dances at First of Pi Nites

A record crowd of journalists met last night at the first annual Pi Nite in the Lathrop concert room which was transformed into a witch's hall of revelry. Pumpkins, corn stocks, and colored lights were everywhere. Cider and doughnuts were served, while Flindt's Strand orchestra played for the dancing.

A parody on the city newspaper in which all the guests took part was one of the features of the evening. Prof. K. E. Olson gave a very interesting talk on the reorganization of the Press club after which a committee was appointed to select the club's officers. Fannie Bauer entertained with a ukelele song and dance act during intermission. Marian Miller '28, was in charge of the stunts.

The special guests were Miss Helen Patterson, Miss Mabel Bauer, Prof. and Mrs. Bleyer, Prof. and Mrs. Hyde and Profs. Miller, Bush, and Salisbury.

Critic Commends Production Of "The Goose Hangs High"

By E. H. J.

Thirteen members of the Wisconsin University Players scored a tremendous hit when they presented "The Goose Hangs High," before the large and enthusiastic audience at the Central high school auditorium last evening. Louis Beach's popular drama was admirably interpreted by each member of the cast. To select an outstanding star from the group connected with the play would be an impossible task since so many of the roles were of almost equal importance.

Perhaps a major portion of the praise should go to Mary Bishop '27 and D. E. Lunderstrom '26 for their characterizations of Mr. and Mrs. Ingals, the suffering parents. They handled each of the intensely difficult situations of the play with professional ease, and contributed to the whole production an atmosphere of sincerity.

Effay Benton '28 and Arthur

Adams '28, and John Woodesome '28 as the three Ingals children, were also responsible for the success of the play. Virginia Skinner '27, received an enthusiastic reception in her trying role of the independent old lady, Mrs. Bradley and Carol De La Hunt '27 was also well received by the audience. While it may be unfair to include it here, Nigger, the cocker spaniel, received almost as much applause as did the players.

So enthusiastically was the production received by the audience that just before the last act, applause broke out which lasted until the lights were dimmed for the closing scene. A great deal of the credit for the production can be placed in the hands of W. C. Troutman, of the department of speech, who directed the players.

Perry Thomas '28, was business manager of the production. He was assisted by Charles Crownhart '28.

BADGER-GOPHER HARRIERS CLASH IN DUAL MEET TODAY

CARDINAL VICTORY WOULD HINT TITLE ASSURANCE, CLAIM

Race Added Attraction on Bill
for Entertainment of
Dads

By STAN KALISH
(Sports Editor)

Wisconsin, two-year champions of the Big Ten in cross country, will engage in the first home dual meet of the year this morning. The run will be over the four-mile lake drive course and will start from the gymnasium annex. The finish is also there.

Coach T. E. Jones, harrier mentor, was optimistic last night as to the outcome of the meet, but far from sure. Minnesota, he asserts, has a team of consistent performers and may surprise the Badgers.

List of Entries

Nine of the 10 Wisconsin harriers to run into day's meet were announced by Coach Jones last night. Captain George Schutt, Victor Chapman, Lawrence Gumbreck, John Zola, John Petaja, Stanley Zola, Charles Bullamore, John Payne, and Robert Schwenger are the nine. The tenth places lies between Walter Butz and Richard Williams. Butz has the edge and will probably get the call.

The Gopher entries for the meet today are Capt. Hubbard, Wexman, Katter, Immer, Soderstrom, Chalgren, Elling, Binger, Aker and Raig.

Course Four Miles

Only an easy workout was on the program for the Badger team, while the Gophers went through their paces after taking an automobile tour over the course for today's run.

The Gophers trained for a five-mile run, but after Wisconsin having to run only two and a half miles last Saturday in the quadrangular at Chicago, Coach Emil Iverson consented to keep the run to four miles since a jump from two and a half to five miles is deemed too much for a team.

Awards to be Given

An old custom will be revived today when the university will award pins in the shape of track shoes to the five place winners on each team. This custom has run for years between the two teams until the past two years, but under the instigation of Coach Jones the old plan has been revived.

The cross country count system will be used, five men on each

There It Goes!!

ROLLIE BARNUM

team counting, one point going to first place in the meet, two for second, three for third, and so on, with the team getting the lowest point aggregate winning. Fifteen points, the Badger score in last week's quadrangular, is the lowest possible team score.

Iowa Meet Looms

Autoists are asked not to park their cars on either side of Langdon street from the Gymnasium annex to Park street this morning; nor along Park street to the lake. Also traffic will be kept off of Langdon and Park street after 10:30 o'clock until after the meet.

Today's meet and one with Iowa on Homecoming morning will be the only chances to see the Badger team, which promises to be one of the greatest that has ever represented the institution, in action at home this year.

The officials for today are: Fred Leuhning, starter. Prof. Taylor, Dr. F. C. Elsom, and Coach "Dad" Vail, timers. M. P. Rapacz, Capt. Hull, Prof. Corp, judges.

Piccadilly Circus was not built until the beginning of the 19th century.

Indiana Hopes to Celebrate
Homecoming Event With
Victory

BLOOMINGTON — A contingent of Northwestern Wildcats will slip into Bloomington early Thursday morning and following a short practice inside of Memorial stadium will again board their pullman cars for Bedford where they will reside until game time against Indian university here Saturday afternoon.

The Wildcats considered the Homecoming celebration of alumni tonight too much for their nerves. Bedford is 23 miles south.

750 Purdue Rooters

Saturday morning a special train bearing some 750 Northwestern rooters will arrive in Bloomington. The Purple band is also scheduled to appear on the scene and will take part in the doings prior to the calling of the game.

Radio fans who will not be able to take in the game will have the opportunity of listening to the game at home by radio. The Indianapolis News will broadcast the game at home by radio. The phone and station WFBM Merchants Heat and Light Co., Indianapolis, wave length 268 meters.

Indiana Rejuvenated

Indiana University will have its entire squad in fair shape for the game. Several men have been nursing minor bruises but are expected to be in the thicket of the battle Saturday.

Coach Pat Page has indicated that a rejuvenated lineup will start. The improvement of some of the failure of others at critical moments has led the Hoosier pilot to make shifts.

Interference and blocking in the two Conference games have not been of the quality Page desires and he had centered much of his work the past two weeks in correcting these faults.

LOW MARKS, NO DATES, SAYS EASTERN COLLEGE

Girls at William and Mary college having less than an eighty in their studies may not "date" or engage in other social privileges, according to a ruling by the college authorities. There is also a report on the campus that the same rule may apply to boys.

Gangway, Gophers!!

GENE ROSE

The Goblins'll Get You Sure, for This Night is Hallowe'en

Beware or the goblins will get you if you don't watch out! Tonight is the time when the witches with their companions, the goblins, will lurk in dark and shadowy corners ready to jump out at you with grinning jack o'lanterns, to trip you with invisible strings across the sidewalk, and to arouse your anger by placing gates, wagons, and horses where they are not wanted.

For days the shop windows have been filled with bright orange and black colors, funny faced jack o'lanterns, black cats, and witches on broom sticks, and tonight such colors and objects will prevail in the lieu of decorations and programs at the various parties.

The poor university student, who realizes that it is now too far beneath his dignity to partake in such childish pranks as he did in his days gone by, spends the last bit of his month's allowance in buying these things and sending them home to his kid brother to make use of, only wishing that he were a kid again.

HILLEL TO ENTERTAIN FOR VISITING FATHERS

From 4 to 6 o'clock today the Hillel foundation will hold a reception at their headquarters, 508 State street, in honor of the students and

Yost Asserts Michigan is Not
as Strong as Last
Year

ANNAPOLIS — Hopeful, from band members, through players, to coach, the Michigan football team has arrived here to repeat the song it sang over the Navy last year. "Your team is not the great machine it was a year ago," Coach Yost told thousands of Wolverine fans when the detachment set out from Ann Arbor.

"Navy is a much stronger team. I do not expect to see any team perform so perfectly as Michigan did against Navy a year ago. This is going to be a great fight."

Among the five or six hundred Michigan students who have bought tickets on the special trains that started for Baltimore last night not a reflection of Yost's gloom could be found. They were all pretty confident that the Navy wouldn't win.

the visiting parents. All are cordially invited.

At 11 o'clock Sunday morning, religious services will be held in which the special Hillel choir of 24 voices will participate. The subject of the sermon will be "Is the College Jew Failing Judaism?" From 3 to 5 o'clock Sunday afternoon Dr. and Mrs. Solomon Landman will have open house at 1829 Van Hise avenue.

DADS HERE FOR WISCONSIN-MINNESOTA GRID CONTEST

FAVOR MINNESOTA IN TILT TODAY AS ZERO HOUR NEARS

Upset May be Forthcoming;
Strong Battle is
Assured

Probable Line-ups:

Minnesota	le	Wisconsin
Haycraft	lt	Cameron
Hyde	lg	Leitl
Hanson	c	Cole
Mactinnon	rg	Wilke
Gibson	rt	Von Bremer
Gary	re	Straubel
Wheeler (C.)	qb	Burrus
Almquist	lhb	Crofoot
Peplaw	rhb	Harmon (C.)
Matchan	fb	Barnum
Joesting		Kreuz

(Continued from Page One)

defense for Balger passes may be surprised to discover that Wisconsin possesses a real forlure line attack.

Backfield Has Drive

"Red" Kreuz, Joe Kresky, and Rolie Barnum, a trio of two-legged drivers, stand ready to return a four-ward profit every time "Toad" Crofoot mentions the right set of numbers. Even Crofoot himself, slides through holes in the line rather effectively, but his threat is more one of speed than of plunging ability.

For the rest of the backfield Coach Little can pick at will from Capt. Doyle Harmon, Gene Rose, Frank Shaw, and Art Mansfield. Harmon demonstrated against Indiana that he is prepared to return to his place as the most potent end-running threat the Badgers possess. Rose and Shaw have had varied success with their ball-lugging against conference team, but both will probably go in against Minnesota, the one for his passing ability and the other for his sheer speed.

Ready for Gopher Shift

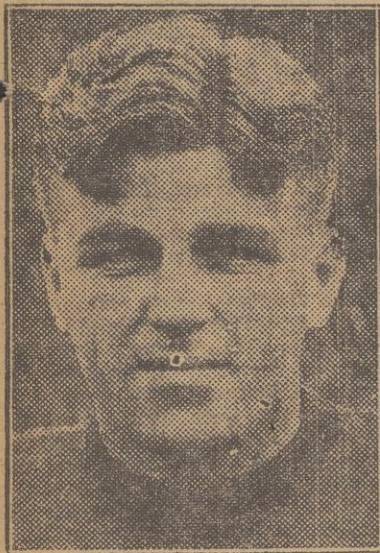

The team has worked long and hard his week on its extra special reception for the Minnesota shift. In this respect, the Badgers have the advantage of rather complete scouting notes, and they are prepared for just about anything their opponents may attempt.

And their opponets assuming that advance reports are correct, may attempt just about anything. A wealth of backfield material, including some that is above the conference average, has made Minnesota one of the most powerful offensive elevens in the west.

Good Gopher Line

The Gophers also have an excellent line, though this division has been sightly weakened by the loss of Leif Strand, veteran guard and Duke Johnson, second-string tackle. Capt. Wheeler and Haycroft, on the ends, are dependable, if not actually dangerous, wingmen.

And must one say that Herbert Joesting carries the ball fast and far and frequently, usually laying his course somewhere between the tackles.

BOB PEPLAW, Backfield

Minnesota is Mean 11 to Combat

BY DAN ALBRECHT

If the Minnesota Daily carries much weight on the Minnesota campus, most of the Gophers must be thoroughly overwhelmed by their prospects for getting whipped today. The Daily appeared Thursday with the modest statement that Wisconsin outweighs Minnesota 10 pounds per man, and that, the Badger backfield, yes the backfield, averages 20 pounds heavier than that of the Gophers. Tie that.

Anyway, Minnesota's here, and Minnesota plays a mean brand of football. Who care now much they weigh?

Since you didn't ask us, we volunteer the information that Minnesota is likely to do something with the forward pass this afternoon. Wisconsin has so obviously prepared for a session of heavy line-pounding that the Northmen would probably think it quite smart to reverse the regular order and throw a few passes.

Speaking of upsets we are tempted to put aside our sectional pride and root for the Navy in today's Michigan-Navy game at Baltimore. What think ye of such a journalistic atrocity as the following from the Michigan Daily, "It has been so long since a team has crossed the goal line of a Michigan team that fans are beginning to wonder whether or not this is possible." Yes, dear little Wolverine, this is entirely possible. If the Navy can't do it, Wisconsin will make a terrific effort, and if Wisconsin doesn't, hold your hats for Ohio State.

To be serious, the Wolverines do hold an edge over the Middies, and Middle West will be immensely surprised if they don't take advantage of it.

Penn, however, will have to run up something like a 35-7 score if she wishes to even up for the lacing which she received from Illinois last year.

PENN ARRIVES IN URBANA FOR TILT WITH ILLINI TEAM

Four Magicians' Against Four
Mules' as East Meets
West

URBANA — East against west, Metropolis against the corn belt. The "Four Magicians" against the "Four Mules." The "hidden ball" against Bob Zupke's foolers.

There you have the layout for the Pennsylvania-Illinois football game which will be played Saturday before a crowd that will pass the 60,000 mark and perhaps occupy every seat in the stadium. With bright weather and the assurance of tickets even at the last minute it is expected that several thousand last-minute fans will hit the trail.

Penn Has Prestige

Pennsylvania, the prestige of five straight victories including an overwhelming triumph over Chicago, undoubtedly rules the favorite. The Ben Franklin's have scored 188 points and John Hopkins' seven points is the total scored against them.

They bring the famous "hidden ball" play, which is so perfectly executed, it is said, that even the spectators cannot spot the old football. All this week the Illini freshmen, wearing red striped jerseys, used the play against the varsity. The Illini figure that Bob Zupka, who has not been called a "little wizard," for nothing, can find the "hidden ball" if any one can.

Welcome Is Planned

Illinois will give a cordial welcome to the easterners, that is certain. The Illini are hosts and they will put their best foot forward. The elbow pads discussion is a closed incident on both sides.

Pennsylvania and Illinois both face the loss of regular backs. Charley Rogers of Penn has been ill and will probably not play. The Illini hope for better luck with "Bud" Stewart, who was bumped in practice but is likely to be ready. If Stewart should have to stay out, French or Green is the most likely starter.

The university and towns thrill with excitement. Many fathers and

Buckeye is on Peak of Score List

	W.	L.	T.

visitors generally will see the review of the university R. O. T. C. brigade of more than 3000 student soldiers.

Penn's band of 100 pieces, said to be the best in the east, will head the rooters from Philadelphia who will come on a special train Saturday.

OLD RIVALS WILL AGAIN BATTLE ON RANDALL GRIDIRON

Only Harvard-Yale Series Surpasses Badger-Gopher Record

MINNEAPOLIS—Minnesota and Wisconsin will resume today the second longest uninterrupted series of annual football games in the world. Only the Harvard-Yale series has maintained a longer unbroken record than have Gopher and Badger out here in the western plains.

Minnesota is supposed to have the edge this year, but Wisconsin has not been beaten by a Minnesota team since 1919. First, for three years, the Badgers downed the Minnesota team of the terrible goldrums era of Gopher football. In 1923 and 1923 Minnesota was picked to win and was tied by Wisconsin.

Gophers Strong Team

Again last year Minnesota outplayed the Cardinals from the starting whistle until the fourth quarter began. Then the Harmon, Burrus, and Cameron began making themselves plentiful on the near and far ends of passes and George Little, Wisconsin's bright and shiny new coachman, went home with a 12 to 12 tie.

Minnesota is terribly serious about this Wisconsin battle of 1926. Not since the Williams-Bahr-Taft combination put the fear of Indians into the Gophers has a Wisconsin outfit looked as formidable from Memorial stadium as does the 1926 Wisconsin team. Its mounting victory over Indiana is taken as an omen of danger at Minneapolis.

Two Regulars Lost

Minnesota will be without the services of at least two regulars, Leif Strand and Fuzzy Riddell, but will have a good assortment of line and backfield material on hand. Matchan, Peplaw, O'Brien, and Arndsee are expected to make up in fight and speed for the loss of Riddell, and even if Barnhart is not in condition to play, Almquist, Peplaw and Joesting may be depended on to carry the Maroon and Gold fairly high under the rockets' red glare.

Last week's prediction in this letter, that Minnesota had been made into a mature football team by its gruelling experience against Notre Dame and Michigan seemed to be borne out by performances against the Little Giants of Wabash. Dr. Separs job now is to hold the men in the galloping, bit-shaking condition of October 23rd for the big conference games of October 30 with the Cardinals and November 6 with Iowa.

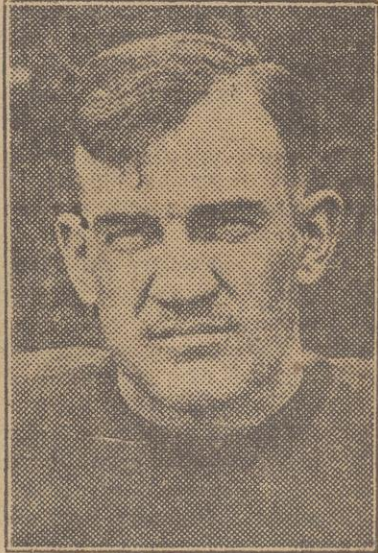

Many Follow Team

From here Minnesota looks like a better team than either Wisconsin or Iowa, and with confidence restored they should win both games. Several thousand student rooters have booked railway passage for Madison and Camp Randall to see this week's fracas.

Gophers Who Battle For 1926 Gridiron Title

Here are shown some of the Minnesota players, both old and new, who are helping Dr. C. W. Spears in his 1926 chase for the Western Conference Title. Minnesota has still to play Wisconsin, Iowa and Michigan in the second game of a double header. Above, left to right are shown Barnhart, halfback; Captain Roger Wheeler, end; and Don Riddell, one of the new halfbacks. Below at the left is Herb Joesting, nicknamed the Owatonna battering ram, while at the right below is Anton Hulstrand of Hibbing, one of several candidates for the post at center.

MIKE GARY, tackle

The Daily Cardinal

Founded April 4, 1892

University of Wisconsin official daily newspaper owned and controlled by the student body. Published every morning except Monday by the Daily Cardinal company, at the Union building, 772 Langdon street, and at the Capital Times building, 106 King street, Madison, Wis. Printed by the Capital Times company, Member of the Western Conference Association.

Entered as second class matter at the postoffice at Madison Wis.

Editorial office—Union building, phone B. 250 before 5:30 P. M.; Capital Times, phone B. 1137 after 7 P. M.
Business office—Union building, phone B. 6606 before 5:30 P. M.

Subscription rates—\$3 a year by carrier; \$3.50 a year by mail; \$1.75 a semester by carrier, \$2 a semester by mail. Single copies 5 cents.

BOARD OF CONTROL

Elmer W. Freytag, President; Florence Pollock, Vice-President; Luther E. Brooks, Treasurer; Winifred Wise, Secretary; James Siple, Acting Member.

DESK EDITOR—ALEXANDER GOTTLIEB

Howdy, Dad

Well, Dad, we're mighty glad you're here. Sometimes you may wonder whether the "youngster down in Madison" is thinking much of you. The scarcity of letters home and the usual request for money may seem to be the only interest we have in "the old man." We have set aside a whole week for your visit, and it certainly is going to be a lot of fun.

If this is your first visit to Madison, you are going to find many pleasant surprises awaiting you today. Your boy or girl may not have as good a room as at home, there may be some question as to whether the restaurant food is exactly what it should be, but you will find so many advantages which counterbalance the disadvantages that you may want to stay here for a while yourself.

Madison is particularly fortunate in its location, as you have heard many times before. We boast that we have one of the most beautiful campuses in the world. We thrill to the familiar sights when we return each fall, and you and mother may have felt a little pang of jealousy at the eagerness with which John or Mary have packed their trunks for school.

But what we have in scenery and buildings is only the setting for the real work which is being done in the class room, the lecture hall, and the laboratory. It may seem to you that there are too many diversions, that our situation is a little too ideal, that we have too much of the country club life at the university. But it is to be hoped that you will get an insight to the serious endeavor of the university by visiting some of the classes this morning. It is very easy for the visitor to be attracted by the glaring side shows of the university and miss the real performers under the "big top." If it is at all possible, drop in on some of the classes this morning, either with your son or daughter, or just by yourself. The faculty is greatly interested in meeting fathers of students, and of showing the work which is being done.

Just one more word about the seriousness of university life. The state press frequently carries stories about the university which are at best distortions of facts, played up in a sensational way, because "youngsters" are particularly good front page copy when we occasionally buck the traces. It is perfectly natural that in a group of 8,500 students there should be some who feel the need of "whooping it up" once in a while. Your son or your daughter have had their difficulties while under your wing, and it would be a strange situation indeed if they became angels overnight because of the cloistered atmosphere of the uni-

versity. We do not feel that it is necessary, or even advisable, to tell fathers, in a Pollyanna fashion, that their sons and daughters are about to sprout wings. The child over whom you watched anxiously for years has become a man or a woman. If he is not at present, he will soon be voting for the governor of Wisconsin. And in the sense that students have become men and women, they have the same problems that men and women have. If there is evil in the world, there is evil at the university. And if there is a hope for the future, it will be found at the university.

Without inviting the charge of intellectual snobbery, it is rather safe to say that many of the world's problems are being attacked in a more serious way at the universities of the country than in any other community or group. Students realize that they must live in this world and that if there are flaws, mistakes, there should be an attempt to correct them. An intellectual understanding of the nation's problems will usually result in an intellectual attack on those same problems. Mass prejudice is in a measure done away with in the class room and the dormitory discussion group.

There is a general feeling that the senior who receives his degree has the attitude expressed in the phrase "The world is my oyster." To some extent that may be true, but not in that the world is to come to his feet and bow down in admiration. The world is an oyster for all of us, and you who have been out scratching at that oyster have been doing what we will soon be doing too. If there are better ways of opening the oyster, or if it is to be questioned whether the oyster is worth opening, the student at the university hopes to find the answer.

It may be hard to understand, the knowledge may hurt you a little, but try to remember that your son is now a man, that your daughter has become a woman—young, yes, but nevertheless they have come into their own.

If there is a touch of regret in the thought that your boy or girl has passed beyond the age of adolescence, there should also be remembered this fact. When we were younger, the kind things you did for us, the sacrifices you made for us, and the pains you suffered because of us were taken as a matter of course because we thought that was the way of things. As we look back today on the trials we caused you, on the sufferings you endured for us, on the thoughtless way in which we accepted it all, we want to get down on our knees and thank God of the universe for having given us such a father as you. Because your son or daughter has passed from childhood, he or she now understands what you have done. We respect and love you. Here's long life and happiness!

Take Dad to Church, Son

For the fathers, uncles, brothers, cousins, and friends of the university who are going to be in town this weekend, there will be much in the line of entertainment—more than the football game this afternoon. To our thousands of guests the university and university life will be on display. Those guests who are observing will see a cross section of university life as it is. To read some of the press reports which are broadcast throughout the country, the casual friend of the university would draw the conclusion that life here is a continual train of frivolous and dangerous social activity.

Such is not the case. Most of the social activity is healthful and stimulating. Dances are well chaperoned and worthwhile entertainments and lecture courses are planned and brought to Madison by faculty and student groups. Speakers who have liberal ideas in the field of economics, science, politics, or religion find at Wisconsin a chance to express their opinions and their views are received critically by an alert student body. Freedom of speech is one of the many advantages of this university.

We have a suggestion to make to students. Invite your dad, your brother, or whoever your guest may be to go to church with you tomorrow morning. Show dad that university students do go to church and that they don't spend their time in frivolous and fruitless pursuits. The Daily Cardinal runs a church column every week. Look up in our columns what the sermon is going to be about in your particular church and go. Dad will see, with scarcely a single exception, that the churches of Madison are crowded with students. And that is not a condition which holds true only on a special occasion like a Father's weekend. Madison churches have a strong appeal for us who are no longer under the parental roof. The church brings to us a touch of home.

Go to church with your son tomorrow morning, dad, and you will learn that the public accusation that students enjoy breaking away from ecclesiastical connections as soon as home bounds are broken is false. You will see hundreds of students, and more than likely you will hear a stimulating sermon.

No, I am not a Sophomore. Anyway, I've already voted.

Fraternity Halloween parties are being given tonight. Pledges toting corn to their respective domiciles remind us of the days when we used to go around ringing doorbells and playing the horse-fiddle on window panes on the night of Oct. 30.

WHATA START!

Today, gentlemen, is the day. Watch Wisconsin Gopher Minnesota.

News has somehow emanated from Minneapolis that the young Gophers are here to subdue the Badgers.

Minneapolis sauce.

By 4:30 o'clock this afternoon, one much-advertised Joesting will learn that Wisconsin wasn't jesting.

Not only that, but this morning the Badger cross-country team will make the Gophers look like a class hurrying to a Carl Russell Fish lecture.

Schutt, Chapman, Petaja, et al., will finish so far ahead they'll be out and dressed in time to see the first Gopher crawl in.

We are incined—yes, tobogganned—to believe that the Badgers will make Spears feel like a package of needles.

This afternoon the Minnesota shift will certainly get its gears stripped.

As Prof. Cameron (he of the behavioristic tendencies) would put it, all the Minnesota receptors will be effectively silenced by the Badger stimuli.

The Gopher squad will look like a lot of tonal waves with no place to go. Kinaesthetically speaking, the Cardinals will knock Minnesota out of equilibrium.

When the Badger passing attack opens up, Minnesota will be full of football after-images.

The band has arranged to play, "After the Ball Is Over" all after-

noon.

TO MY LOVE

My love delicious,
With your hands so pink,
You must wash dishes
In the kitchen sink.

Official guessing on the new Prom queen will begin late this afternoon at 4:30.

The new senior president naturally CARRIED the election.

Polly Ticks will now be supplanted by the question of "Who's gonna be the Prom queen?"

The University Kansan is complaining that some of the KU girls are becoming effeminate lately and are wearing earrings.

What this country needs and needs badly is not a good five-cent cigar, but heavy underwear that won't itch.

"Are you from Milwaukee?"
"No, we take English papers in our home."

SHORT STORY

An inveterate golfer was condemned to die for killing a fellow golfer. He was led on to the gallows, the noose adjusted, and the blind fixed. The warden asked if there was any last request. "Well," said the inveterate golfer, "could I take a few practice swings?" (The laughter should be general.)

This colyum (laughter) is gonna be a little short this week (ap- plause) because we've got an awful lot of work to do. (Cries of "Go on! Go on!")

ZOPELKA

1,500 FATHERS GUESTS OF UNIVERSITY TODAY

(Continued from page one)
Langdon street, at 6:30 o'clock. President Frank will address the fathers and Philip A. Koehring, prominent Milwaukee manufacturer and father of Calvin Koehring '27, student chairman of Fathers Day, and Robert Koehring, '29, will reply on behalf of the fathers. Frank Rohrer's orchestra and 12 selected members of the Men's Glee club will furnish music.

Selected reels from the university official films will be shown with special organ music in Music hall from 9 until 9:30 o'clock. The official Fathers Day will then be over.

Milwaukee Has Most

Milwaukee claims the honor of having more fathers here than any other city. They number 141. Madison is a close second with 107 fathers in attendance. Wisconsin, quite naturally, leads all states for representation. Illinois places second. Texas, New York, Pennsylvania, Kentucky, Tennessee, and New Mexico trail the list. Mexico City, Mexico wins the honor of sending its representative the greatest distance to Wisconsin's Fathers Day. Packard Williamson is its delegate.

Bulletin Board

This column is for the use of all organizations and university staff members who wish to reach large groups readily. No charge is made for notices. Notices may be brought to the editorial office at 772 Langdon street, or phoned to Badger 250, before 5 o'clock of the day preceding publication.

NOTICE

Prof. Pittman B. Potter wishes the members of his classes to know that he endorsed the lecture of Mr. Francis Hirst in reliance on the title he advanced.

BADGER SOLICITORS

Badger solicitors are asked to bring their checks and stubs to the Badger office either today or Monday afternoon.

About 600 strokes per second are made by the wings of a fly.

WILSON TO LEAD PROM; CARRIER HEADS SENIORS

(Continued from page one)

a 425 to 349 count. In the sophomore class the last days before the election were featured by a radical split in one of the parties. Edward Cole, having 386 votes, won the presidency of the class over Gene H. Rose who had 262. Cathryn Chesley defeated Cornelia Flieth in the race for the vice presidency, 390 to 249. Helen P. Keller was chosen secretary by 368 voters; Isabel Bunker, her opponent, earned 259 votes.

Koehring Wins

The treasury of the sophomore class passed to Robert Koehring, who summed up 339 votes, downing Robert McCormick who had 299. John F. Doyle with 405 votes surmounted Henry Kowalszyk whose total was 234, for sergeant-at-arms.

The election in the freshman class went, presidency; Allan Edgerton, 355, Jerome Sperling, 174; vice presidency, Marion Palmer, 320 Frances Campbell, 205; secretaryship Helen Reitz, 309 Marion Lasche, 218. The other office went by default.

Profs. Cameron and Kiehofer were elected to represent the students on the faculty disciplinary committee.

John Ash, Sally Davis, Betty Lawrie, and Walter Rodgers were placed on the Badger board as sophomore representatives; they collected 379, 330, 307, and 344 votes respectively. The others ran, Elmer Dahlgren, 290; Frederick A. Knauf, 273; Cecil Lovewell 225; and Ruth Pomarane, 249.

Robert Engelke and Bryant Galt with 267 and 173 votes respectively are the new sophomore members of the Student senate. Theron Pray had 164 votes and William Slavik, 125. The Badger board and Student senate were the two divisions where party fences were definitely broken.

The election had no unusual features, according to Daniel Kerth, chairman of the voting. Cars jammed the driveway in front of Bascom hall just after the close of the voting, but were soon dispersed, Kerth said. Owing to closing the polls for an hour at noon and thus making possible the counting of part of the ballots during the afternoon, the officials were enabled to announce the final results at 6 o'clock last evening.

Readers' Say-So

JOHN IS CHIDED

Editor, the Daily Cardinal:

It seems to me that the student body at Wisconsin had a very pleasing lack of moralists, but my hopes were blasted when I read the article by John '30.

These smoking co-eds must be bothering John terribly. He makes so many contacts with the fair sex! This youthful "blue, lawer" will most assuredly cut a lot of ice with our co-eds.

For my part, let them smoke if they want to! We must not do anything to arouse the ire of the fair sex. The little smoking they do certainly does not merit the title "brazen." More harm is done by these moralists than was ever done by bad habits.

For my part, I would be extremely grateful to some God who would let John's mother know about our co-eds. We would have one less model youth on the campus!

RIP '30

WANTS JOHN TO GO HOME

Editor, Daily Cardinal:

Poor little John! Are the naughty, brazen co-eds blowing smoke on your pretty little blue nose?

By Cracky John, you should be inhaling smoke from the old, rusty stove in the General Store back home with the rest of the bucolics.

Wake up, boy; get hep to yourself. If you don't like girls to smoke don't look and hold your nose. If you can't withstand the supposed temptations of "smoking" co-eds, you had better have Mama send you a one-way ticket back home. Yours for more "smoldering" co-eds.

DICK '30

DEFENDS WOMEN'S SMOKING

Editor, the Daily Cardinal:

This is in reply to the article of today's Daily Cardinal, page 9, column 1, on co-ed's smoking.

Why, John, I'm surprised at you; are you really shocked at co-eds' smoking? What is brazen about smoking? Why can't girls be allowed the same privileges as men? When we smoke we aren't ruining our health any more than you are—not! Women's don't smoke enough to have it affect their health. As for "corrupting the morals of the rest of us who must come in contact with them" I disagree. No man's morals are so weak that smoking would or could corrupt them. We have nothing to be ashamed of when we smoke, hence such public sentiment of which you speak would have no effect. The world is no longer shocked at women's smoking—it accepts it. "Curb this vicious practice," indeed! It is no more vicious for us than for you.

AL '29

HIGH SCHOOL AG MEET CLOSES EARLY TODAY

(Continued from Page One)

Over in the poultry building, 23 teams were comparing the poultry. Each entrant had to judge three different kinds of poultry, and four grades of eggs.

Hold Tying Contest

In the Agronomy building, about 100 men competed in the knot tying and rope splicing contest during the morning, and in the afternoon, 26 teams were judging the corn and the small grains.

A banquet was held at the Park hotel last night which was attended by about 450 of the boys. Dean H. L. Russell, of the College of Agriculture, spoke to the boys about the work of the agricultural contests. Mr. C. L. Burlingham, connected with the Breeders' Gazette of Chicago, also addressed the boys.

To Attend Game

This afternoon the boys are to attend the Wisconsin - Minnesota game. The contestants are to sit in a body at the game.

Judges of the contest were:

Prof. J. G. Fuller, Peter Templeton, and J. C. Robinson, of the Wisconsin Live Stock Breeders' association, beef and horses; Prof. J. M. Fargo, Prof. Frank Kleinheinz, swine; Walter Renk, Sun Prairie, sheep; Prof. George Humphrey, dairy cattle; Prof. J. B. Hayes, poultry; Prof. E. D. Holden, grain; Prof. C. L. Kuehner, apples; Prof. J. W. Brann, potatoes; and Prof. E. R. Jones, rope tying and splicing.

During their stay in Madison, more than 400 of the boys were guests at the Park hotel, the official headquarters of the contest.

Mischa Elman and Trio Will Appear in Concert Monday

Actuated by a desire to awaken the past waning interest in chamber music, the highest type of music in existence, Mischa Elman and three other prominent artists are touring America and will be in Madison to play at Christ church Monday.

Mischa Elman made his debut in this country in 1918. At that time he played here with the Russian Symphony orchestra.

The Elman tone blended with that of three other great musicians we are told, creates an effect which has gained for the Elman string quartette the marvelous reputation it has built up in one short year. When Mr. Elman appeared at Christ church two years ago he delighted his audience in the same gratifying manner that Albert Spalding did last week.

Messrs. Edward Backmann, Nicolas Moldavan, and Horace Britt are the other musicians in Mr. Elman's quartette.

Filed. Developed Free. Watch Tuesday's Cardinal.

AMERICAN STUDENTS LACK SENSE OF RESPONSIBILITY—MISS LOHNIS

"The American student lacks the sense of responsibility of the European student," declared Dr. M. P. Lohnis, a woman student doing research here at the College of Agriculture. Miss Lohnis comes from Holland where she has been doing work in plant pathology.

Upon graduation from the University of Utrecht in Holland, she did considerable work on diseases of the potato. She worked under Prof. J. Westerdike, at Baarn, Prof. M. W. Beijerinck and Prof. A. Klyver at Delft. It is interesting that Delft, bacteria first became known thru the work of Anthony Von Leeuwenhoek and Christian Huygens in the year 1683, and today, Delft is recognized as one of the foremost centers for the study of bacteriology. Prof. Beijerinck, lately retired and Prof. Klyver are known as two of the best bacteriologists in Europe.

"In Europe," Dr. Lohnis continued, "the student works with the knowledge that what he does is up to him. If he fails to study, that shows up at the examinations, and no-one seems to care. This greater freedom tends to make the student more interested in really accomplishing what he is going to school for."

Dr. Lohnis is in America as the result of some very excellent work which she did while working towards her PhD, on the subject of potato disease. She was requested to read a paper at the International Congress of Plant Scientists at their meeting last August at Ithaca, N. Y. She plans to remain here until spring in order to gain an insight into American methods of research. She will return to Holland at that time.

"In the field of physical education," she said, "America is far ahead of Europe. No such care is taken of the physical health and welfare of the student over there as here. Athletics does not assume the same proportions that it occupies in American life.

"College students in America are not as far advanced as is the foreign student," she stated. "Instead of eight years of grade school, there are only six years in Holland. Our high school course takes five or six years, and this covers many of the subjects ordinarily given in the American university. No elementary courses are given at the universities. The European high school graduate," she concluded, "is probably farther ahead in learning than the American college Sophomore."

W. S. G. A. DUES MUST BE PAID MONDAY—NARDIN

All W. S. G. A. dues must be paid by Monday, according to Dean Nardin. To all dues dues paid between Nov. 1 and 15, a fine of 25 cents will be attached. After Nov. 15 an additional fine of 10 cents a week will be added. These dues are compulsory, and any woman of the university who refuses to pay her dues will be sent to the Dean of Women to be put on disciplinary probation.

Organizers of Fathers' Day

Here, Mr. Father, are the three men, the president of the university, a prominent professor, and a student who have planned and organized the events and program

which you will enjoy today. Prof. H. C. Bradley has been faculty chairman of Fathers Day for three years. Colvin Koehring '27 is student chairman. President Glenn

Frank issued a personal invitation to every Badger father and will address the guests at the fathers-faculty dinner tonight in the Men's Gymnasium.

EDGERTON

T. L. Kellogg, E. M. Ladd, William McIntosh, E. L. Moorman, N. E. Nelson, F. W. Schoenfeld, F. A. Young.

POND DU LAC

William Allan, C. D. Benedict, W. H. Folsom, Fred Foster, J. L. Gormican, E. B. Hutchins, E. M. Jenison, F. A. Johnson, H. B. Kraut, Ed. A. Kremer, Rudolph Lenz, D. F. Menter, Joe J. Musolf, Louis P. Peeke, Paul W. Thiel, A. L. Waffle.

GREEN BAY

L. Alk. W. A. Austin, Nathan Fisher, Henry Goldman, George Green, James Hansen, L. C. Jorgenson, Peter La Chapelle, P. M. Olson, G. F. Reeke, H. J. Selmer, J. E. Shaugnessey, W. S. Whitford, J. T. Wright.

JANESVILLE

E. C. Bailey, Percy H. Bolton, F. E. Buss, A. H. Cullen, E. M. Erickson, J. T. Fitchett, W. H. Hughes, August Meyer, Jacob Moek, Albert Nott, Wm. O'Connell, Roy C. Palmer, I. B. Roach, A. H. Robertson, Fred W. Southerland, S. S. Thomas, E. E. Van Pool.

KENOSHA

O. E. Brown, R. B. Heather, Charles Holderness, C. I. Jacobs, Conrad Johnston, Thos. Kaltenback, Henry Hoper, Axel Landgren, F. S. McIlrath, Bryce Norrow, F. N. Palmer, ouis Pious, W. H. Schroeder, Henry Soulen, John Streur, Ellis F. Swarthout, Otis Grenary, W. W. Vincent and Herbert Yule.

BADGER ALUMNI WORK TOGETHER

Three Graduates Employed by General Electric Company in Schenectady

Three members of the Wisconsin Alumni association are sticking together yet, as members of the same canoe team. D. W. McLenegan '21, A. J. Nerad '23, and P. G. Bowman '22, are all members of the Edison club team at Schenectady, N. Y. The club is made up of more than 500 young men who are employed in the General Electric company.

D. W. McLenegan '21, was first associated with the General Electric company when he entered the testing department as a student engineer shortly after graduation from college. After finishing this course he accepted a position in the industrial engineering department where he is at present.

A. J. Nerad '23, entered the testing department June 25, 1923 and left in March, 1924, to take up new duties in Dr. Newkirk's department, the mercury turbine development and research laboratory.

P. G. Bowman '22, who was also at one time a "Test Man", was recently elected captain of the Edison club canoe team for the coming year. He has always been an active member in the club and is well-liked by all those who know him.

Mr. Bowman was transferred from the Schenectady testing department to the Pittsfield works where he was employed in the transformer section. Later he accepted a position in the industrial engineering department where he has remained since. He is at present working on problems in mining engineering.

Initiate Local Young Women Into Castalia

Six of the 17 women students of the university to be initiated into Castalia Literary society tonight are Madison young women. They are, Lenore R. Stolen, Alice D. Watts, Rosamond L. Whitson, Beatrice M. Schroeder, Myrtle F. Henshue, and Momoma C. Hamilton. The others are Florence G. Bailey, Evanston, Ill.; Sylvia Dermansky, Barron, Wis.; Emiah J. Hopkins, Cleveland, O.; Ruth Lander, Viroqua; Hester Meigs, Lafayette, Ind.; Barbara and Capitola I. Olmstead, Milledgeville, Ill.; Barbara Osborn, Tulsa, Okla.; Myra L. Stein, Hillsboro; Dorothy E. Villemonte, Fennimore, and Verna Gough.

Initiation will take place at 7 o'clock at the Delta Delta Delta house, 120 Langdon st.

Apartment Occupants Aroused By Smoke

Smoke blowing in through the windows from a neighboring chimney and filling up the building last night about 11 o'clock so alarmed the residents of the Eleanor apartments, 405 N. Frances st., that they sent in a fire alarm and called out companies 1 and 2 to search for the fire. The firemen discovered the cause of the excitement and left the residents assured that their domicile was in no danger.

A chimney fire at Weber's restaurant, 218 State st., was extinguished by company No. 2 at about 8:30 last night. No damage was done.

APPROXIMATELY 1,500 FATHERS ARE IN MADISON FOR ANNUAL WEEKEND

Madison and the university become an informal open house for approximately 1,500 fathers of students today.

This year's event, the third to be held at the university, gives evidence of being the most successful thus far, for with 950 reservations made for the banquet this evening and with a conservative estimate of over 600 more parents in the city, the attendance will far exceed that of the two previous years. In 1924 when the Fathers weekend was originated only 600 banquet reservations were made, while last year there were 800.

The plan of holding this informal gathering of fathers each fall grew out of an idea conceived by Max Mason, former professor of physics at the university, and now president of the University of Chicago. Assisting him in his plans at the time were Porter Butts '24, now alumni recorder of the university, John Dollard '22, secretary of the Memorial Union committee, and John Bergstresser '25, chairman of the first annual Fathers day.

Fathers Day was founded under the conception that fathers are more interested in the well-being of the university than any one else,

since upon this depends the well-being of their sons and daughters. With this in mind, nothing is more fitting than to have fathers see this institution and visit its faculty in order that they may be able to understand it better.

The main reason why fathers are invited, however, according to the statements of the founders of the day, is because students want to invite them, so that they may show them what university life is like. It is this that has made Fathers Day so successful at the university.

"Father's Day was not the result of an overnight thought," said Bergstresser in speaking of the occasion last year. "It was the culmination of four years of starts and stops, preliminaries and plans—really a continuous effort to bring into Wisconsin affairs an event that would be for fathers."

At Northwestern university, Father's Day was discontinued because it proved to be unsuccessful from point of attendance and interest. Facts, as they prove at the university, show that the project here has been more than successful. This is undoubtedly due to strict informality of the event. Fathers and students can stay with each other continuously over the weekend and may

go and come as they wish. The only time when they are apart is at the father's banquet, held for parents and faculty members.

Former East Side Club Heads Given Presents

Two past presidents of the East Side Business Men's association were presented with souvenirs by the organization last night when the wives of the members were invited to an old-fashioned Hallowe'en party.

John Blum, first president of the club, and George Sauthoff, another former president, were each presented with fountain pen sets. The Lunder Furniture Co. won a newspaper trophy for the best window display of fall fashions.

Harry Vogts, amateur national clarinet champion last year, played

a solo. Other musical numbers were given by Miss Helen Berg, Mrs. F. E. Bittorf, and the East Side Business Men's Glee club under the direction of O. P. Berg.

Beekeepers Invited To Apis Club Program

An entertainment called "Apis Millifica," which will be of great interest to beekeepers and others interested in bees and honey, will be given under the auspices of the university Apis club, Wednesday night, 7:30 to 10:30, at Agricultural hall auditorium. There will be four reels of motion pictures showing different activities of beekeeping, and an interesting exhibit of live bees.

WORLD OF SOCIETY

Prof. L. F. Graber and Miss Trainor Married October 25

Of interest in faculty and student circles is the marriage of Miss Frankie Trainor and Prof. Laurence F. Graber of the agronomy department which was solemnized last Monday morning at 8 o'clock in St. Peter's church, Jackson, Miss.

The bride was formerly a member of the staff of the dean of women at this university, later going to Tucson, Ariz., where she was assistant dean of women at the University of Arizona.

Mr. Graber is affiliated with Alpha Zeta, national honorary agricultural fraternity.

Mr. and Mrs. Graber will be at home after January 1 in the Vroman apartments, 152 West Gorham street.

Weekly Song Programs For Dormitory Men

Weekly song programs after the evening dinner will be a permanent feature at the university men's dormitories. The singing has been under the direction of Prof. E. B. Gordon, of the university school of music. During the present week the men have practiced some of the songs of Minnesota as well as Wisconsin songs.

Visiting Fathers Will be Center of Activities Today

The campus will be gay, indeed, with interesting social events this weekend. There will be the visiting fathers for whom President and Mrs. Glenn Frank will give a tea and reception this afternoon from 4:30 to 6 o'clock at the presidential home, 130 Prospect avenue. All organized groups will give dinners for fathers this evening and tomorrow.

Many Hallowe'en parties are being given by fraternities and sororities this evening, which are of a formal and informal nature.

Tea for Mrs. Snell

Mrs. C. M. Jansky, 2117 Jefferson street, entertained a small group of friends at tea yesterday afternoon in honor of Mrs. Chester D. Snell, wife of the new dean of the university extension division.

University Club Dance

About 60 couples were guests at the University club for a formal Hallowe'en dance Thursday evening. A series of social events has been arranged for club members throughout the winter season by Prof. G. W. Keitt, chairman. A dinner dance will be an event of Dec. 9 and social affairs are scheduled for Jan. 20 and March 3.

Mrs. Meiklejohn Honored

Mrs. Paul F. Clark, 2136 Van Hise avenue, entertained members of the Bryn Mawr club at luncheon yesterday afternoon, honoring Mrs. Alexander Meiklejohn. Covers were laid for 12.

Prof. Keikhofer Host

Prof. W. H. Keikhofer entertained twenty guests at dinner at the University club last evening in honor of Francis Hirst, noted English lecturer and editor who delivered a lecture at the university yesterday.

Alpha Xi Delta Dinner

Madison alumnae of Alpha Xi Delta entertained at dinner Thursday evening in honor of the pledges of the sorority at the home of Mrs. Wayne D. Bird, 2108 Jefferson street. Guests of honor were Mrs. Rose of Kansas City, president of the mid-western province of Alpha Xi Delta, and Mrs. F. D. Clifford, sorority chaperon.

Chi Phi

Chi Phi fraternity is entertaining this evening with an informal dance at the chapter house. Prof. and Mrs. A. V. Millar and Mr. and Mrs. William H. Negley will chaperon.

Delta Zeta

An event of this evening will be an informal dance to be given by members of Delta Zeta sorority at their chapter house. Mrs. Alma Hawkes and Prof. and Mrs. Twenhofel have consented to chaperon.

(Continued on Page Nine)

Harry S. Manchester, Inc.

Welcome Fathers of University Students

"Dad, Remember What You Promised Me if I Made 'A's' in Two Exams?"

"Well, I got 'A' in English and History, and I've got my reward all picked out at Manchester's. You know you promised me a fur coat, and I found just the one I want—a collegiate raccoon one with a sporty lining of wool plaid and satin. And if we hurry, we can get it in time for me to wear to the game this afternoon; and it isn't expensive, only \$355.

"And I know just the formal frock I'm going to get. It's a gorgeous copy of a Lanvin model in deep green taffeta with an adorable big bow of black tulle in the back, and tiny red roses around one armhole; and it only costs \$75.

"And I found a smart cloth frock for school there, too. I hope I can have that for my next hard earned Ex."

ANDELSON'S

The New Things First

Fathers Prefer formals from Andelson's Says Polly to Sue:

What an adorable frock; where in the world did you get it? Says Sue to Polly:

Why at Andelson's, of course. You should see their line of exquisite formals. Oh, Polly, Dad is the best old dear; I took him in there yesterday afternoon to show him a dress I had picked out for Homecoming and he said to go ahead and get two if they were all as reasonable as that one.

Who wouldn't covet one of our delightfully chic formals revealing the mode as decreed by Paris couturiers and developed in the newest materials and colors.

But you do not have to wait for several allowances in order to afford one of Andelson's Paris inspired creations. Our low prices don't tell half the story.

Visiting Fathers Will be Center of Activities Today

(Continued from Page Eight)

Theta Chi

Theta Chi fraternity is entertaining this evening with an informal dance at the chapter house. The chaperons will be Prof. and Mrs. F. M. K. Foster.

Beta Phi Alpha

An informal dance will be given by members of Beta Phi Alpha this evening at their chapter house. Mrs. Rose Marden and Mr. and Mrs. C. M. Baker will chaperon.

Phi Beta Delta

Phi Beta Delta fraternity will give an informal pledge dance at the Hotel Loraine this evening. Nine guests from the Minnesota chapter will be present, including two members of the football squad. Rabbi and Mrs. Landman will chaperon.

Phi Beta Pi

Members of Phi Beta Pi fraternity are entertaining this evening with an informal dance at their chapter house. Prof. and Mrs. Chauncey Leake, Dr. Harry Kay, and Dr. and Mrs. Aronid Jackson will chaperon.

Phi Epsilon Pi

Phi Epsilon Pi fraternity is giving a dinner this evening at the chapter house. Miss Emily Tompkins has consented to chaperon.

Beta Sigma Omicron Dinner

Members of Beta Sigma Omicron sorority entertained recently with a Brothers' Dinner at the chapter house. The guests included Harold Thiesen '27, Dean Crawford '27, Daniel Kuenzli '29; Andreas Sannes grad, Christian Sannes, University of Chicago, Dedrik Sannes grad, Richard Leach '28, John Leach '30, Lotze Partch '30, Emil Wegner '27, William Rathbun, Madison, and George Webster, Columbus.

No "Dates" For Co-eds If Grades Are Less Than 80

WILLIAMSBURG, Va.—Girls at William and Mary college who have made less than eighty on their studies may not have "dates" and other social privileges under a ruling today by the college authorities which threw the campus into a swirl of excitement. The turmoil was augmented by reports that the same ruling might be extended to apply to the boys.

It was predicted that if the boys were included a majority of the pupils would be automatically "campused" for a month or more, although no official estimates as to the number affected could be obtained.

The order was issued with a view to improving scholastic standards.

Leaf Tobacco Dealers

Hold 1,768,399,398 Lbs.

WASHINGTON, D. C. — Leaf tobacco held by manufacturers and dealers Oct. 1 aggregated 1,768,399,398 pounds, compared with 1,754,595,720 a year ago, the census bureau announced today. Chewing smoking, snuff, and export types totaled 1,312,141,619 pounds, cigar types totaled 389,178,215 pounds, and imported types totaled 67,079,564 pounds.

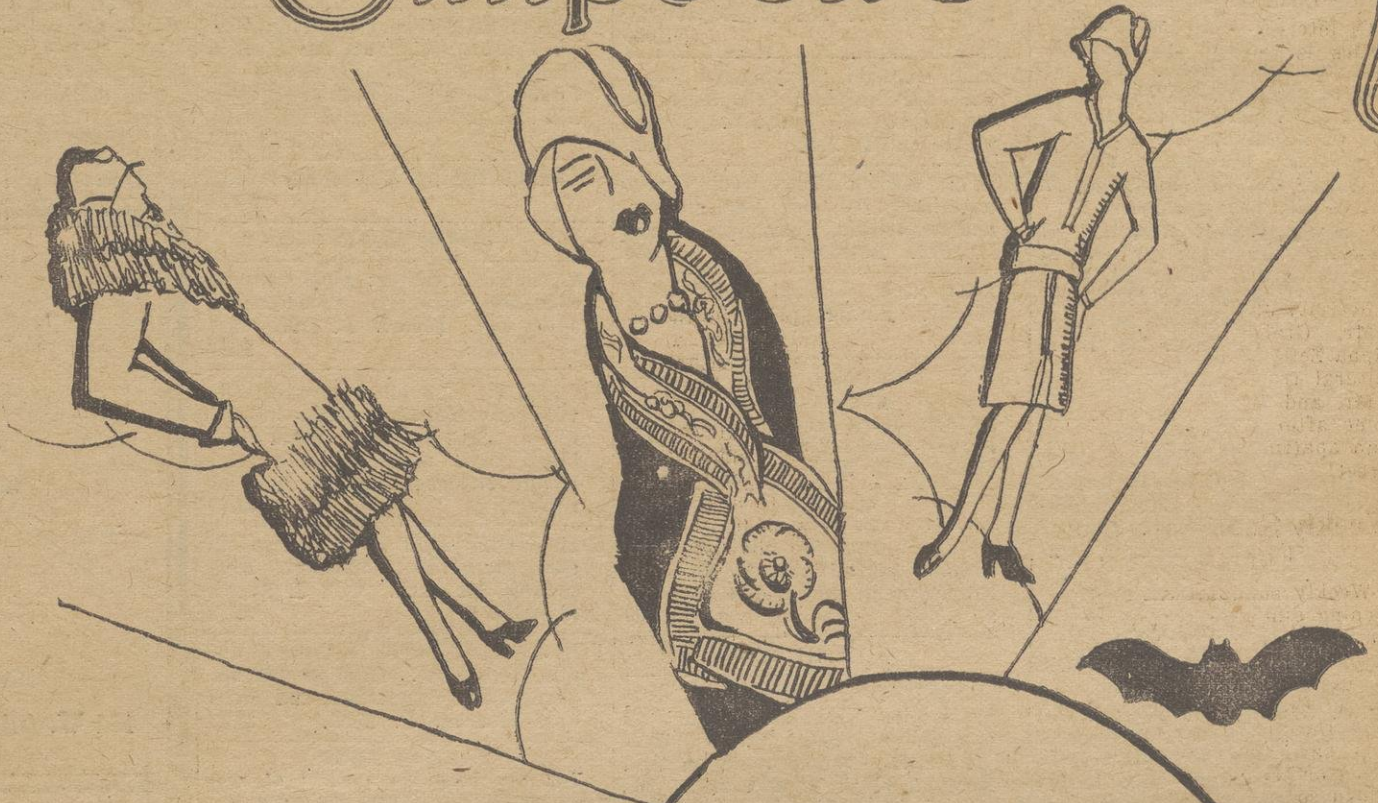

The concrete walks in and around the university dormitories are being rapidly completed, and are expected to be ready by Nov. 13.

Wear a "W"
Feather in
His Hat Today

Simpson's

On a Bewitching Night at the Witching Hour the Moon Sheds Magic Beams

On all Hallow's Eve, when ghosts walk, and witches ride on sticks, when black cats scoot across one's path, and the future is revealed, there is Magic!

A wave of a conjuror's wand calls forth from the eerie beams of the moon, alluring objects of every girl's desire!

The Goblins Won't Get You in a Richly Furred Coat

Captivating indeed are bright sport coats, with fluffy fur collars! In colorful plaids, checks and mixtures, \$65, up.

When Bats Swoop From the Skies Choose a Velour Hat

It must be high crowned, smartly dented, and bound with grosgrain ribbon, with a clever little brim, if it is to attend Hallowe'en festivities. \$10 up.

Shivers and Shakes Invite a Gay Scarf Moonlight and Magic and a Simpson Frock

Chilly is the season of spooks, so a scarf, brightly hued, fantastically designed is enticing! Hand blocked, tied and dyed, batik, and embroidered. \$2.25 up.

Are essential for delightful Hallowe'en pranks! Tempting little silk frocks with knacks of trimming that make them "just right" for parties, \$27.50 up.

PI TAU SIGMA IN CONVENTION HERE

National Honorary Engineering Fraternity Elects Nine Men to Membership

The convention of Pi Tau Sigma national honorary mechanical engineering fraternity opened its convention here last night with a banquet in honor of the initiate members at the Park hotel. The addresses of the evening were given by Prof. J. V. Martens of the University of Minnesota, A. Young of the University of Purdue, and by E. F. Vilter '26, who responded in behalf of the new members.

The newly elected members of the society who were present at the banquet are F. Vilter '27, N. J. Peters '27, C. H. Traver '27, E. T. Hansen '28, D. E. Miller '28, F. A. Mattka '28, J. G. Baker '28, H. L. White '28, and R. Cahoon '28.

The delegates will be guests of the Triangle fraternity at lunch this noon after which they will go in a body to the Wisconsin-Minnesota game. Chapters represented at the convention are Illinois, Minnesota, Purdue, Missouri, Armour Technical Institute, Cincinnati, Pennsylvania and Wisconsin.

Deny Realty Licenses To Milwaukee, Chilton Men

Revocation of the licenses of Henry O. Grubert and Alex Wald, Milwaukee real estate brokers, was announced by the Wisconsin Real Estate Brokers board here today. The board also announced that it had denied a license to O. W. McCarthy, Chilton, because of his conviction of violating the prohibition laws.

Methodists Hold Mission Convention At Edgerton

Dr. E. R. Fulkerson, formerly missionary of the Methodist Episcopal church, was the principal speaker today at Edgerton at the 53rd annual meeting of the Foreign Missionary society of the Janesville district of the Methodist church.

Mrs. George Jacobs was the presiding officer and Mrs. T. W. North gave the opening prayer at 8:45. As representative of the Edgerton auxiliary, Mrs. Weetman Dickson welcomed the delegates, and Miss Laura Martson, Beloit, responded.

Mrs. Robert Meek, Janesville, gave the report of the home department.

Mrs. George Jacobs reported on the budget. Officers were to be elected. Mrs. Glenn C. James, Waterloo, directed the memorial service, and Rev. Spray was to give the noon prayer.

Speakers for the afternoon were to be Mrs. Katherine Schmidt, Mrs. J. S. Ellis, Sharon; and Miss Winifred Edsall, Ft. Atkinson. Dr. Fulkerson was to speak from 3:20 to 4:20, and a demonstration was to be given by the Edgerton auxiliary.

Rev. R. J. Barley, Edgerton, was to lead the afternoon prayer, and Rev. T. W. North was to give the benediction.

Luther Memorial Gives Hallowe'en Party Tonight

A Hallowe'en party will be held at the Luther Memorial church tonight at 8 o'clock. Members of the Luther League will take part in the dramatization of the story of "Pokey Huntus."

PROF. OWEN TELLS OF RARE CASE OF GOOD DISCIPLINARY SLEUTHING

Those faculty members who were chosen as members of the faculty committee on discipline in the election yesterday, will undoubtedly have experiences rivaling some of those of Prof. Ray S. Owen, of the College of Engineering, who was been a member of the present committee for the past six years, and is chairman at present.

Prof. Owen has developed a detective system that has caught students who signed slips with their left hands and those who sign bogus names to library slips, and take the books always get called up, get some extra credits, and go back to the peaceful university life wiser and sadder students.

The case sometimes, however, takes a highly unusual turn, and occasionally, results in a humorous touch that generally doesn't get into the newspapers. For instance, the case of the boy who insisted in taking books from the library last fall. In quick succession, library authorities last fall found that a bogus "Arthur Bates," "Alex Brown," "Art Wolen," and "Arthur Bowles" whose handwriting had similar characteristics, had taken five books and forgotten to return them. Then the discipline committee was called in.

The usual ways and means of identifying handwriting failed. Then one of the committee discovered that the writing was done with the left hand. That changed things; the trail got warm; and a student suddenly left town, without waiting for the committee to formally act on his case.

In this boy's room, committee members discovered 33 books, 19 of them stolen from the university library. The remaining 14 were specimens collected from the New York Times library and the College of the City of New York library. The books had been defaced so that identifying marks were hard to find. The thief had re-taped the backs, pasted pages together, and was so obviously guilty that the committee ordered suspension.

That much was more or less ordinary. Then, last Christmas, Prof. Owen got the sequel. It was a card, festively decorated. It

read "To wish you a Merry Christmas and a very Happy New Year." And it was signed by the boy who had been suspended.

Many cases of book-swiping have been apprehended by the disciplinary committee, and many students given extra credits, but the gentleman who sent a Christmas card to the man who put him out of school, takes the cast-iron baby rattle, among the cases of similar nature.

Homecoming Poster Deadline Extended Until Monday, Nov. 1

That the time for entry of posters in the Homecoming poster contest has been extended to Monday, Oct. 31, was announced yesterday by Laura Coterman, '27, chairman of the art committee.

Three prizes consisting of \$8, \$5, and \$2, for first, second and third respectively, will be awarded to the posters submitted displaying the best work, embodying the spirit of the 1926 Homecoming.

Posters are to be turned in Monday afternoon by 5:00 o'clock at Prof. Stebbins' office in the Applied Arts laboratory.

HIRST EXPLAINS LIBERAL PARTY

Tells of History and Founders of Group Started by Gladstone

Francis D. Hirst, noted London lecturer and editor, addressed a large audience at 165 Bascom hall last evening.

In opening his lecture on "Liberalism and the Liberalist Party," Mr. Hirst explained liberalism by summarizing the six points of which it consists; equality of op-

portunity, freedom of individual, freedom of trade, strict economy, peace, friendly and liberal policies, and democracy. The founders of the Liberalist party, he said, are; Jerome Bentham, John Stuart Mill, Richard Compton, and John Morley.

He then gave the difference of opinion of the king between the English people and the Germans. English people and the Germans. ant of the public, while in Germany the public is the servant of the King."

Mr. Hirst does not believe that the Socialist and Individualist parties in England are truly dead. In speaking of the war debt, and England's ability to pay it, he gave

some reasons for the inability that the other countries have in paying it.

He further believes that free trade is one of the most important articles of Liberalism, and said that the wealth of the United States is due to a great part to free trade between states, and further stated that he believes we ought to be able to increase our wealth in having free trade between nations.

Mr. Hirst is a representative of the best tradition of the old English party of Gladstone, Morley, and John Bright. He has completed the biography of Lord Morley, but has not as yet taken it to press. He is also the author of numerous books on economics.

BUY EVERYTHING POSSIBLE ON YOUR CO-OP NUMBER

Keep Warm This Afternoon

Though Perched Atop the Highest Bleacher,
You Can be Comfortable

Those winds that sweep Camp Randall are no gentle zephyrs from the southland. They're honest-to-goodness North winds, with plenty of bite to them . . . winds that will interfere with your enjoyment of the game if you are not protected from them with warm apparel.

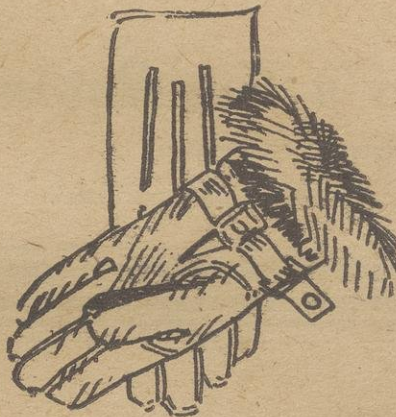

Not College, But Comfortable

The longies may not be mentioned in the fashion notes, and furnish plenty of amusement for the readers of comic strips, but just the same, at a football game they are more comfortable than any Beeveedees ever made. A large choice here.

A Muffler is Essential

Don't delay the selection of your scarf any longer. Wear it this afternoon. Squares are here in silks and long mufflers and woollens—all of them exceedingly smart.

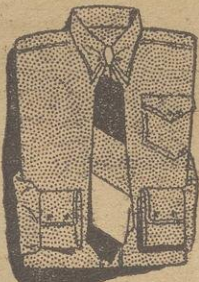

What Gloves Do You Choose?

Unlined pigskins or fur lined kids are the favorites. Both of them comfortably warm, fittingly loosely enough not to interfere with circulation. Very smart styles.

HARRIS ADVOCATES NEW REGISTRATION

Says Method of Recording Voters Leaves Opportunity for Fraud

Cities in Wisconsin should adopt Milwaukee's system of registration for votes, with whatever modification they require, urges Joseph P. Harris, professor of political science at the university of political ris has just completed a year's survey of registration system in American cities.

Among other things that Prof. Harris sought to determine was how far registration systems were to blame for election frauds. The Milwaukee plan, according to Prof. Harris is superior to many others in that it provides a permanent system of registration, allows for transfer of registration from one precinct to another, requires a police canvass of registration before important elections makes compulsory the use of individual cards instead of the bound volumes, and allows for all-year-round registration at a central office.

The specification that Prof. Harris is now drawing up will undoubtedly serve as a basis for legislation in many states this year. At least twelve states are known to be in contemplation of revising their registration laws.

Dishonesty in election methods is on the wane according to Prof. Harris. "The old time fraud of padding registration lists," he declared, "isn't practiced any more. When I was in Denver, Judge Ben Lindsay ventured the opinion that such methods are no longer being practiced because they are inefficient. Most fraud may be found in the counting of ballots. Nine-tenths of the fraud comes from dishonest election officials."

"I feel that party machines are undergoing fundamental changes. They are breaking up. One politician whom I interviewed put it very well when he said, 'The voter is getting to be too independent to be told how to vote.' That's a far cry from the type of thing that used to prevail. The old political boss who used to go to the voters with promises of rewards is fast disappearing."

Prof. Harris, in his 15 months' leave of absence from the university, covered every important city in the United States. In the east, he declared, party machinery is highly organized. New York, Pittsburgh, Chicago, and Baltimore, according to Prof. Harris, are practically run by the party machines. The opposite holds for Los Angeles, San Francisco, Portland and cities of the west.

A book on registration, by Prof. Harris, is to appear within a few months.

HOLD COSTUME PARTY AT LUTHERAN CHURCH

Members of the Calvary Lutheran university church will hold a Halloween party at 6:30 o'clock Sunday evening at the church. Games, stunts, and refreshments will be under the direction of Edna Haentzschel '28, social chairman. She is being assisted by the girls club committee headed by Gertrude Meyne '27. The committee has urged everyone to dress in costumes.

Committees for Dads' Day Began Work Month Ago

The committee for Fathers' Day celebration which will be held today started work several months ago. The staff committee is in charge of Calvin Koehring '27. Besides a student men's committee a faculty committee under Dr. H. C. Bradley; and an auxiliary women's committee under Elizabeth George '27, will assist in making the arrangements.

The general chairmen are Vernon Carrier '27, Elmer Freytag L2, Charles McGinnis '27, Jo McCartney '27, Harry McAndrews L3, and Arthur Wegner '27.

The ticket committee consists of Elizabeth George '27 and John Dahlam '28, joint chairmen, Grace King '28, Dorrit Astrom '27, Pauline Mendenhall '29, and Marion Walker '29.

The invitation committee is composed of Eleanor Bradford '27, chairman, Helen Stebbins '28, Josephine Lucas '28, Jesse Cody '28, Joe Barbel '27, Jean Droppers '29, Helen Willard '28, Katherine Linden '28, Rachel Owen '27, Betty Gould '29, Lucille Reynolds '28, Martha Mainland '28, Doris Zimmerman '28, Jessie Price '28, Beth Hirsig '28, Oscar Fossied '28, Phil Ruchs '28, Art Brandt '28, Alan Ruedt '29.

General arrangements are under John Dahlam, chairman, James Allen '29, John Burman '29, Francis Coryn '27, and Austin McGresne.

MOVIES OF GAME WILL BE AT STRAND TONIGHT

Exclusive movies of the Wisconsin-Minnesota football game will be shown at 7 o'clock at the Strand theater. These movies, which will be taken by M. E. Diemer of the university photographic laboratory, will show in detail all sensational plays and other activities of the game.

Botany Professors Studying Effect of Light on Soy Bean

An experiment is being conducted by the Botany department on the effect of light on a growing plant. There are two sets of soy bean plants, one set which is exposed to light 24 hours a day and the other having only seven hours of light per day.

The idea of the experiment is to ascertain which plant will grow the fastest and which will produce the best beans. The two classes are also divided into those having rich soil and one having one-third good soil and two-thirds sand. This part of the experiment is made to determine which soil will produce the best plant.

Thus far the plants with 24 hours of light are much farther advanced and are about to bear flowers, while those with but a few hours of light are not as far advanced and will not bear flowers for a number of weeks. The plants in

DEAN PUBLISHES LIST OF AVAILABLE ROOMS

Due to the fact that the office of the dean of men will be closed from Saturday noon until Monday it will be impossible to obtain lists of rooms available for fathers over the weekend. This list is published to enable students to obtain last minute rooms for their fathers, 308 Breese Terrace, B.4167; 109 Chestnut, F.2587; 1914 East Dayton, F.1617; 111 West Gilman, F.356; 2112 Hollister, B.3814; 1808 Jefferson, B.6020; 305 East Johnson, F.5959; 1913 Keyes, B.3095; 24 Lathrop, F.4688; 1317 Milton, F.4038; 2630 University, F.10571; 118 West Wilson, B.1441; 422 W. Wilson, B.788; 422 Sidney, B.2198; 1913 Madison, B.4051.

Salt should never be added to cereals until after they are cooked, as it hardens the cellulose and prevents the starch granules from expanding to their full size.

the sandy soil are turning yellow, showing the lack of nourishment, while those in rich soil are healthy and developing fully.

Zoology Display is Shown Every Week in Biology Lobby

Every week in the lobby of the Biology building there is a display, arranged by the zoology department, of animals that are common in the Northwest. The aim of each exhibit is to acquaint students with common animal life seen at close range.

A large number of townspeople come weekly to see the new displays and through them many of the animals for more displays are obtained.

Thus far this year, snakes, turtles, bugs, and tiny animals of many different species have been shown. This week caddis-fly larvae, are displayed. Their habits, classification and life are explained on cards placed near them. The different species construct tubes of sand, wood or leaves with which to cover their bodies and they live in these submerged in water.

STUDENTS WILL DISPLAY CAMPUS SIGHTS FOR ADMIRATION OF DAD

By F. B.

Sing a song of papas
Who come on Father's Day,
To see their sons and daughters
At their work and play.
Strangely, when they visit
All that they can see
Are earnest students bluffing
At working busily!

These earnest students must give up bluffing, however, on Oct. 30, to show their fathers the other sights for which Wisconsin is famous.

For years fathers have been called upon to admire stately Bascom "on the hill"; to stand beside Lincoln and view with him the capital dome silhouetted against the sky. For as long a time fathers have been guided to the gallery of the libe, there to stare down upon the heads of the students' aforementioned in the poem.

They will also see the natural beauties of the campus enhanced by the flaming colors of the autumn woods. The red-and-gold of the famous Wisconsin oaks and of the other trees make the views of the lake shore and Picnic Point breath-taking with their glory.

The Indian mounds on Observatory hill behind Ag Hall still in-

trigue with their suggestion of the earliest Wisconsin settlers. Perhaps the fathers may experience superstitious thrills if they are told that spirits invoked by the spirit stone on the Library grounds may be the same ones who have postponed the passing of Indian summer for their benefit.

There are new sights this year for the fathers. The men's dormitories overlooking the lake are beautiful additions. The wing being built on Bascom will be a welcome improvement. Lastly, fathers must not fail to have pointed out to them the flock of new roadsters gracing the campus which testifies that the institution of learning to which they have entrusted their progeny is progressing in every way.

STRICKEN MAGICIAN IS DYING AFTER OPERATION

Harry Houdini has but a slim chance of recovery from the poisoning which followed an operation for appendicitis performed Monday, according to his physicians. Houdini had been operated Monday following his collapse on the day before.

Films Developed Free. Watch Tuesday's Cardinal.

Bottles Discussed, History Explained in Chem Lecture

From quarrying the sand to filling and corking the finished product, the history of a bottle was shown in a movie, "The Story of a Bottle," presented yesterday afternoon in the auditorium of the Chemistry building, under the auspices of the Pharmacy department. Bottles are now made almost entirely by machine, in contrast to the hand blown method used about 50 years ago. A vacuum sucks the amount of molten glass needed, than compressed air blows the bottle to the shape of the mold, the bottle is taken to a tempering oven, the mouth is finished, the bottles are inspected, packed, and loaded for shipment.

A large glass manufacturing concern besides its glass factory has its own factory for making corrugated fibre board, wood bores, cartons and labels, corks, and machinery for making and filling bottles. Chemical glassware is made in a special plant, the more intricate made by hand.

W. A. A. MEMBERS GIVE UTENSILS TO COTTAGE

Gifts, such as fire screen, silverware, china ware and so forth were presented to the W. A. A. cottage by the faculty, classes, and individual members of W. A. A. Following the presentation of the gifts and the preceding supper, the faculty members put on a stunt in which they laid aside their professorial dignity. Their stunt was followed by others given by the seniors.

Frosh Registration for Declamatory Contest Continued

Registration for the freshman declamatory tryouts, scheduled to close yesterday, has been continued until next Friday, according to an announcement of the Forensic board. Requests that a reading contest for freshmen be held in conjunction with the regular oratorical contest prompted the board at its weekly meeting yesterday, to postpone the preliminary tryouts until Nov. 9.

Contestants who have not already registered must do so at 206 Bascom hall before Friday, Nov. 5. Preliminary selections which freshmen are to deliver must be at least

five minutes in length. They do not have to be original compositions, however, but may be taken from any outside source which the contestant desires to choose.

The contests, both oratorical and declamatory, will be held Nov. 30. Both men and women of the freshman class are eligible to try out for either of the contests.

PROF. BEATTY TO SPEAK AT MEETING OF ARDEN

Prof. Arthur Beatty of the English department will speak at 5 o'clock tomorrow at the Arden house. Members and their guests are privileged to attend and join the discussion.

MADISON HOSPITAL PLANNING ADDITION

Work on \$150,000 Structure to
Begin Early in
Spring

The announcement that a new five-story addition, to cost in the neighborhood of \$150,000 complete, would be built as a wing to the Madison General hospital, was made last night to the hospital finance committee by E. J. B. Schubring, Madison attorney, and president of the Madison General Hospital association. Construction will start early in the spring, and the building is to be ready for occupancy by the holidays.

The architectural firm of Law, Law and Porter, in conjunction with the firm of Schmidt, Gardner and Martin, of Chicago, specialists in hospital construction, are completing the plans.

The new wing will run parallel to Mound st., and the west end will face Park st., at a point which will ultimately be the main entrance to the hospital. The proposed addition will be a connecting link between the present building and a section to be built in the future parallel to Park st. The dimensions will be approximately 40 by 100 feet, and five stories in height.

Approximately 80 beds will be contained in the new wing, which will consist of but few wards, most of the space being devoted to private rooms, in which private toilet facilities will be one of the features. Practically the entire roof of the new structure will be covered with glass, and will be used as a solarium and roof garden.

The top floor will be used as an extension of the surgical department, and the first floor will be used exclusively for the various children's departments. One of the floors will be devoted temporarily to nurses' quarters, and will be turned over to be used for patients in case of demand.

Mr. Schubring stated emphatically that no public appeal for funds would be made to cover the cost of the construction. The entire hospital block is free from indebtedness at the present time, although there is a small amount of indebtedness attached to Rest Harrow and another small piece of property lying outside of the hospital block proper. A nurses' home will probably be built in the near future, either on the property lying across from the hospital on Mound st., or the present site of Rest Harrow.

The plans for the new wing are now being studied by the medical staff of the hospital and will probably be completed within a few weeks.

Members of the hospital association are Mr. Schubring, president; Dr. Harold C. Bradley, vice president; N. J. Frey, secretary; Sidney H. Stewart, treasurer; and Rev. H. H. Lumpkin, Mrs. F. D. Winkley, Prof. W. J. Meek, and Mrs. F. W. Karstens, directors.

SAVE SUGAR

Dried fruits such as apricots, peaches and apples will need very little sugar if you soak them long enough.

The highest natural point of elevation in New York is the top of Toad ill, Staten Island, with an elevation of 430 feet.

Oriental Students Forming Western Organization Here

An oriental society is being organized for the purpose of bringing together the students from the Far East that are attending the university. The first incentive for this organization was a national conference held at Racine. It is the purpose of this conference to organize the oriental of the Middle West.

A committee of which Yoshirari Sajima, a Japanese, is the chairman, has been appointed to decide when the first real meeting of the Wisconsin Oriental club is to be held. The committee will hold its meeting next Tuesday. The other members of this committee, which have been selected so far, are Han Shih, Wen Peng China, and Gengo Suzuki of Japan, and Krishnarao Shelvankai of India.

All students from the Orient are eligible for membership and the chairman says that others, who are not from the Orient may visit the meetings if they wish to; but they cannot become real members.

FRAUTSCHI PUSHES CHARITY CAMPAIGN

Hopes to Wipe Out \$12,000
Deficit With Final
Drive

Emil J. Frautschi, chairman of the Community Union campaign which will close Monday night, urges every worker connected with the campaign to make one last effort to get as many contributors as possible.

"Encouraging as reports have been," said Mr. Frautschi, "in raising the deficit of \$12,000 much remains to be done before Monday if an announcement of success is to be made."

The tenth ward, under Oscar Rennebohm's chairmanship, is securing from the Association of Commerce, a complete list of all new residents in hope that some more contributors may be found.

Although the third ward has reached its quota, A. O. Olman, chairman, is continuing his campaign with his workers. They have been successful by a re-cavass in securing additional contributions.

The ninth ward, under Mr. Togstad, who is assisting Louis E. Gettle, got a very slow start in the campaign, but expects to make a good report Monday. Mrs. I. Sin-aiko and Anton Fiore are helping Mr. Togstad.

The final reports will be given by the chairmen at the dinner Monday, Nov. 1 at the Y. M. C. A. at 6 p. m. The public is invited to attend. Reservation should be made with Mrs. F. B. Morrison, B. 2650.

The first complete report of the many divisions of the campaign was received yesterday from Dr. E. C. Sherrard, chairman of the Forest Products laboratory which was the first division in the campaign to go over the top in its quota.

Welcome Fathers

HORSEWOMEN TEAMS PRACTICE FOR GAMES

University women who are trying out for horseback class teams met Wednesday at the Camp Randall bull ring and practiced various competitive games.

Tug-of-war, cross tag, class relays and team riding were executed in a fine display of horsemanship. Another such meeting will be held at 4 o'clock Tuesday in the

same place.

There also will be a cross-country ride Sunday morning starting at 7:20 o'clock at the stock pavilion. The ride will last more than an hour.

SAN FRANCISCO — (AP) — A dynamite explosion in the St. Peter and Paul's Catholic church here early today did considerable damage. Six priests were in the edifice at the time. This is the third time in two years

To the first 25 persons sending the correct solution of this crossword puzzle will be given one free ticket to see "The Temptress," which opens at the Strand theater Saturday for four days. All answers must be in the hands of the crossword puzzle editor not later

than 5 o'clock this evening. Tickets will be good for the Tuesday or Wednesday show only. The correct solution of this puzzle will be published in the issue of the Daily Cardinal Tuesday morning. Get on your thinking caps and win a free ticket.

The Constructive Function of Investment Banking

WEALTH is being accumulated in this country at an amazing rate. It is now estimated in excess of 350 billions—an increase of about 50% in the last ten years. Meanwhile, savings deposits have increased in even greater proportion, and now exceed 23 billions of dollars.

The constructive function of investment banking is constantly to direct the flow of surplus wealth back into productive channels where it will be safeguarded for the investor while it is used to finance business and industry, and create more wealth.

There is a satisfying and profitable career in the Investment Banking field for college men who have sound economic training, combined with personal qualifications and the energy to master a business that is as technical and, at the same time, as humanly interesting, as other popular professions.

If you are interested in more complete information about Investment Banking as a vocation—its possibilities, its advantages, its requirements—we shall be glad to send you informative literature, upon request.

Somthing New on the Campus!

Do You Know About

THE WEEKLY CARDINAL?

Put out once a week by the Daily Cardinal staff. Contains items of especial interest to parents of Wisconsin students and alumni. Fathers, learn of your son's or daughter's activities on the campus, read the true accounts of conditions here and not the garbled reports found in metropolitan newspapers, keep in touch with what President Frank, Dr. Meiklejohn, and other noted professors are doing.

The Weekly Cardinal will be issued once a week for about 30 weeks. See the first issue tonight at the Father's Banquet. The subscription price is only \$1.50. Subscribe at the banquet tonight, or call at the Business Office, 772 Langdon, in the Union Building.
