## THE THIRD MEET

WAS HELD LAST SATURDAY  
EVENING.

## GOOD RECORDS IN POLE VAULT AND WALK.

The Winners in the Events—Trials  
in Wrestling.

The third of the indoor meets was held in the Gymnasium Saturday night, and in spite of the best program yet offered, including the trials for the mid-winter meet Thursday night, there were only a little over 180 tickets sold, and this, with only a ten-cent charge. The contests themselves were spirited, and some really fine performances resulted. Probably the best of these were the pole vault and the mile walk. In the former, Crane, who won, did 9ft. 6in., clearing the bar in beautiful form each time. The walk was a fine contest and the time, 7 min. 46sec., was remarkable on the board track with flat turns. Blackburn took the lead at the start, and cut out a furious clip which he maintained to the end, finishing 1 1-4 seconds inside of the previous university record. Anderson stuck close to him for the entire distance, but was unable to pass him, though he tried pluckily several times. The 40-yard dash had eight starters, the men in the finals being H. Frame, Downer, Ashon and Ryan, who finished this order, about a foot separating first and second, and second and third. The time was 5 seconds.

H. Frame also won the high jump at 5ft. 5in. Liegler, 5ft. 4in., was second, and Day, 5ft. 3in., third.

Crane was first in the pole vault, 9ft. 6in., Jackson, 9ft. 4in., second, Day, third.

The shot putting was a handicap event, and was won by Barth, who, though allowed a handicap, won on actual distance, putting the leather covered shot 36 ft. exactly. Cochems, scratch, was second, 35 ft. 10 1-2 in. Liebenberg, 3 ft. handicap, was third, his actual put being 32 ft. 9 in.

The wrestling trials brought out some excellent men, and some good wrestling was seen.

The light weight was first, and the drawing brought Perkins and H. Fehr, and Case and J. Fehr together. Henry Fehr got two out of three falls on Perkins in the ten minutes on the mat, all of them being by the same hold, a side roll. Case got the first fall on J. Fehr in 1 min. 48 sec., and the second in 7 min., winning the bout.

In the middle-weight trials Smith won two falls from McGee, whom he outweighed considerably, in 7 min. 53 sec. and 42 seconds respectively. In the second bout Major won from Hanson, getting the first fall very neatly in 7 min. 10 sec.

There were also four men in the heavy-weight class. Barth and Rohn came together in the first bout and Rohn won two straight falls after Barth had gotten the first one in 1

min. 28 sec. Alexander, who had been unable to make the weight in the class below, and Riordan were the other two. Riordan was much the heavier of the two, but was not in condition, and finally forfeited the contest when each man had one fall.

This was the last event of the evening, the sparring entries not being large enough to necessitate trials so the finals in that and the wrestling will come off Thursday. No one who enjoys good wrestling or lively sparring can afford to miss these finals at the meet. Case and H. Fehr will meet in the light-weight, Major and Smith in the middle and Rohn and Alexander in the heavy-weight, and these three contests alone would be well worth the price of admission.

### FENCING RULES.

1. At the command of any of judges, contestants must take the first position and lower their weapons.

2. Touches shall count only when made upon the body, within the limits bounded by the collar of the fencing jacket, the median line, the hip, and a line drawn from the hip to the posterior limit of the armpit, around the front of the arm and along the crest of the shoulder to the collar.

3. Whenever a touch is made outside the limits, and it is evident to the judges that it would have been good if the adversary had not made an illegitimate movement it shall count.

A illegitement movement is one by which the adversary seeks to avoid a touch within the limits prescribed by purposely presenting some other part of his body to the point.

5. A touch whether fair or foul invalidates the reposte.

6. The competitors attacked must take the parry; stop thrusts to count in favor of giver, provided he be not touched himself. If both be touched simultaneously, the count shall be credited to the one who lunged. If both lunged, neither counts.

8. The judges must stop a corps-a-corps as soon as made.

8. A disarmament is of no value. A touch immediately following a disarmament counts.

9. Each contestant shall fence with the same hand throughout the bout.

10. A point scored from a thrust started with the elbow behind the body (jab thrusts) shall not count.

11. Each competitor shall wear a dark fencing suit so that white marks can be easily seen.

12. Contestants shall fence within a marked space not more than twenty feet long and thirty-six inches wide. The contest shall not last longer than ten minutes. If, at the expiration of that time, the score is equal, then the contest shall be given to the contestant scoring the next point.

13. Foil blades shall not be more than thirty-four inches in length.

14. The competition shall be conducted by two judges and one referee, whose decisions shall be final and without appeal.

### PRESS CLUB.

There will be a meeting of the University Press club Wednesday evening at 7 p. m. Mr. Sumner Curtis, of Milwaukee, will address the members on various interesting phases of journalism.

## THE LEGISLATURE

WILL VISIT THE UNIVERSITY  
WEDNESDAY.

WILL BE RECEIVED IN THE GYM-  
NASIUM.

A Special Order From The President.  
—At 5 p. m.

### A NEW JOINT DEBATE.

A joint debate will take place between the Engineers' association and the U. W. Engineers' club, on April 26th, 1895. The debate will be on some semi-technical engineering question, which will be interesting both to engineers and others. The persons chosen to represent their respective societies are the following:

Engineers association—C. W. Hart, '96; A. E. Broenniman, '97; C. W. Tullar, '98.

U. W. Engineers' club—C. L. Frodin; L. D. Rowell and L. Owen.

### ATHENIA'S BLOW-OUT.

Last week the members of the legislature accepted President Adams' invitation to visit the university and decided upon Wednesday as the day. The faculty and students of the university will meet in the gymnasium at 5 p. m. to receive the senators and assemblymen.

The following order has been issued in regard to the matter:

### SPECIAL ORDER.

All members of the university, including teachers and students, are hereby summoned to meet the members of the legislature in Armory hall, at 5 o'clock p. m., on Wednesday, Feb. 20th.

All members of the corps of instruction will take places on the platform.

The entire floor of the Armory will be reserved for students.

Ladies should occupy the seats immediately in front of the platform.

All persons, including professors and students, should be in their places in order to receive the members of the legislature as they come in at 5 o'clock. The gallery only is reserved for visitors.

C. K. Adams.

Feb. 18, 1894. President.

### PROMENADE CONCERT.

The gallery tickets for the Junior promenade were put on sale today, at Moseley's, Menges' and the Co-op. The following selections will be given by the orchestra, before the dance:

Overture, Jubilee—Weber.

Lotila, Spanish Serenade—Langley.

The Fatal Wedding—Davis.

Little Trooper—Fuerst.

Solo for Cornet—Hartman, Mr. B. Spitzner.

The Charming Callirina, Selection Characteristique—Hermann.

### THE CHORAL UNION.

Choral Union rehearsals are resumed at the regular time and place. Prof. Parker announced last Monday evening that the Creation concert had been a success financially as well as musically. Members are reminded that the chorus voted some weeks ago to assist in the Y. M. C. A. concert

about March 1, and also that the with the Thomas orchestra, May 3. A new number taken up for that event is Gounod's "By Babylon's Wave," the solemn pathos and wrath of which is relieved by the other selection already made, the beautiful part song, "There is Dew for the Floweret." Registration of attendance at rehearsals will be kept up.

Before the Mathematical club Saturday afternoon, Mr. Link presented a paper, on the life of James Joseph Sylvester.

The second paper was given by Mr. Stecker on Plane curves of the third order. The paper was a continuation of a paper upon the same subject given at the last meeting of the club and consisted in showing analytically the existence of the five types of apherical curves of third order whose possibility had been shown geometrically at the last meeting. He first derived a system of co-ordinates for points on a sphere which led to a system of equations giving any spherical curve. The equation of the spherical curve of the third order was then reduced to its canonical form and the curve which it gave rise to projected upon a plane parallel to the  $xy$  plane. These curves were then considered in the plane resulting in five types which, when projected back upon the sphere, gave rise to the five types already found by purely geometrical methods.

Oscar Nelson, '97, has accepted a position as traveling salesman, for the Stoughton Wagon Co., and will not continue his work on the "hill." His route will lie in the states of Washington and Oregon.

Professor Olson's lecture in the Epic course, on Wednesday afternoon, at four o'clock, will be on the Vol-sunga Faga.

The meet Saturday night ought to open the eyes of the students to several things and one of them is that college spirit and athletic enthusiasm among the general body of the students is at a disgracefully low ebb at present. The meet like the two which preceded it, furnished very good sport, yet with the general understanding that the money was very much needed to send the team to Chicago, only about a hundred and eighty persons bought tickets. As a result of this lack of interest the two meets at which a charge has been made have only netted about half what they should have done, and the athletic association will have to make up the difference. If the track athletic team is not supported better than this in the spring, the men have no very pleasant prospect ahead. With the best kind of material in college and fine facilities for training, the only thing that can handicap the team this year, will be lack of interest and support. Every meet brings out some new man or reveals remarkable improvement in an old one. For instance, Blackburn's breaking of the university record in the walk promises well for his work next spring and Anderson is but little inferior to him, while Crane's vaulting, Saturday night, was equally pleasing to those who are thinking of Chicago June 1st 1895. Let the attitude of the students toward track athletics change a little. Try and get interested in the work. The same is true in base ball and boating.

—C. B. Bickley, '98, who broke his arm and was compelled to go home at the beginning of the term, is back in the university again.

## GYM. NOTES.

—The 200 extra combination locks in the gymnasium are nearly completed. It is probable that the supply will exceed the demand, particularly since spring is nearly here, when outdoor work will be preferred.

—Work with the rowing machine is being given the candidates for the 'varsity and freshman crews everyday. The men row in shifts for a half hour and then go through the general development exercises. Already the men are in good condition, and the crew which meets Minnesota, next summer, will have a send off in the line of development, which must surely show itself in the last half mile.

## LOCAL AND PERSONAL.

—C. L. Brewer, '97, is very ill with the quinsy.

—Prof. and Mrs. Van Hise are in Washington.

—LeRoy Thomas, '98, spent Sunday at his home in Dodgeville.

—J. M. Casey, of Superior, has been admitted to the Junior Law class.

—Prof. F. J. Turner delivered a lecture at La Crosse, Friday, evening.

Mr. J. H. Newman, of Milwaukee, was in the city, the latter part of last week visiting his son, F. J. Newman, '98.

—Miss Mabel McCoy '96, who has been at her home in Lancaster, during her recent illness, is back at her studio on the "hill."

—A party of assemblymen and senators looked over the gymnasium one day last week. They seemed especially interested in the crew training.

—A quartet consisting of Messrs. Grant Showerman, '96, J. M. Beffel, '95, W. G. Watrous, law '95 and C. M. Smith, '96, held a Y. M. C. A. local conference, at Marshall, Saturday and Sunday.

Office of THE PIONEER PRESS COMPANY, C. W. HORNICK, Supt.  
Eureka Chemical and Mfg Co., La Crosse, Wis.  
St. Paul, Minn., Sept. 7, 1894.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation and to-day I consider myself completely cured; I am in perfect health and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,

C. W. HORNICK.

## ARROGANCE.

A painter sat at his canvass,  
But art was not at his side,  
Nor had she a part in his labor,  
Till his hand had other guide.

It chanced that art's great master  
Happened to pass that day,  
And, seeing the painter working,  
For art's sake stopped to say

How the work should be, nay, did it,  
Then quietly went his way,  
Nor asked other price for his labor  
Than art herself could pay.

The painter gazed in wonder,  
"Behold my work!" said he,  
"For, of course, this other craftsman  
Copied his art from me."

And the poor dunce died believing  
The picture was all his own;  
Ah, painter! those who are like thee  
Outnumber the stars in the zone.
