VOL. IV—No. 163.]

MADISON, WIS., WEDNESDAY, JUNE 5, 1895.

[PRICE THREE CENTS.

ONE MORE TALLY

—
OBERLIN GOES DOWN AGAIN ON
THE DIAMOND.

—
THE SCORE WAS 5 TO 3, BETTER
THAN BEFORE.

Karel Played Well at Center, and
Kummel at Short—Wonderful
Catches.

The nine was victorious yesterday in the second game with Oberlin, by a score of 5 to 3. The game was well played on both sides, the fielding being sharp and the batting fairly good. Karel played a fine game in center field, capturing several flies in succession. At short Kummel put up a good game, while Falk and Wheelihan made a couple of wonderful catches. The umpire's eyesight was poor at times but he seemed to distribute his favors equally.

Oberlin went to bat in the first inning and was retired in one, two, three order. For Wisconsin Kummel was given his base on balls and came in on a hit by Runkel. The visitors were again retired in the second while Karel made a good hit for the 'varsity. As Karel had been hurt Falk ran for him. After a base hit by Kummel, Runkel brought in both runners.

Oberlin made a run in the sacrifice hits by Sherill and Clancy. Falk made a two bagger for Wisconsin and Dudgeon and Freeman brought him in by sacrifice hits. Oberlin scored again in the fourth, on a two bagger by Jaenson. In the sixth C. Fauver scored for Oberlin. Wisconsin scored again in the eighth. In Oberlin's half of that inning the side was retired by the fine playing of Falk and Wheelihan. The following is the score:

WISCONSIN UNIVERSITY.

	ab	r	1b	po	a	e
Gregg, c.....	5	0	2	6	2	0
Kummel, ss.....	4	2	1	1	5	1
Runkel, p.....	5	0	1	0	1	0
Fowle, lf.....	5	0	1	2	0	0
Wheelihan, 2b.....	4	1	0	2	0	0
Falk, 1b.....	4	1	2	10	0	0
Dudgeon, rf.....	4	0	1	1	0	0
Freeman, 3b.....	4	0	1	1	3	1
Karel, cf.....	4	1	2	4	0	1
	39	5	11	27	11	3

Score by Innings.

Wisconsin 1 2 1 0 0 0 0 1 *—5
Oberlin 0 0 1 1 0 0 1 0 0 —3

Summary—Struck out by Runkel, 5; by Voorhees, 2; bases on balls, off Runkel, 1; off Voorhees, 1; passed balls, Gregg, 2; two-base hits, Gregg, Falk, Voorhees, Jameson, C. Fauver; wild pitch, Voorhees, 1; umpire, H. Cosselboine.

—Dennis Blewett, '98, is receiving a visit from his brother, Michael Blewett.

—Those large boxes which the seniors are carrying away from the Co-op. are arousing considerable curiosity. But they are the caps and gowns which arrived yesterday.

MILITARY BALL.

Last of the Season—To Be Held Saturday Evening.

The students of the university will have one more opportunity of enjoying a social evening before the close of the college year. The event will be another military ball, which will be given at Library hall next Friday evening. The fact that this is a time of celebration and that the toilsome examinations come next week will undoubtedly lead many to seize the last opportunity to cast care to the winds and have one more taste of college society before the long vacation.

Preparations are being made to have this closing military ball the best of the series. The hall will be brightly decorated with flags and bunting, and Nitschke's orchestra will furnish the music. Those attending will be expected to wear uniforms, as usual; duck trousers, however, will be allowed, as they are military in warm weather.

A limited number of tickets have been issued, which may be obtained from Major Cornish or Adjutant Torbe and other officers of the battalion. The price, which is unusually low for a party of this kind, has been fixed at thirty-five cents; this will place tickets within reach of all, so that every one may turn out and make the party the best and most enjoyable of the season.

AEGIS BOARD MET.

The new Aegis board met this afternoon and discussed plans for the new literary monthly. The meeting was merely one for the development of ideas, and no definite action was taken. The board will hold another meeting before the end of the term, when the line of action of the new publication will be definitely mapped out, so that the first number can be published early next year. The last number under the present management will be published this week.

REGATTA POSTPONED.

The rough condition of the lake made it necessary to postpone the regatta which was to have taken place this afternoon, and dodgers were gotten out just before dinner announcing the postponement. It has not been decided when the regatta will take place, but an effort will be made to have it if possible while the city is filled with visitors.

ENGLISH COLLEGE CRICKETERS.

A cricket team composed of past and present players from Cambridge University will visit the United States this season. The eleven will include some of the foremost cricketers of England, who, since leaving college, have gone rapidly to the front, and it will probably prove the strongest amateur eleven that has ever been seen in this country. The team will leave England about the last of August.

A New York photographer announces "comic pictures taken while you wait."

A Chinese proverb says: "Let us get drunk today while we have wine; the sorrows of tomorrow may be born tomorrow." The English version is: "Sufficient unto the day is the evil thereof."

TALK ON REFORM

PROHIBITIONISTS TO MEET ON FRIDAY.

ORATORICAL CONTEST IN THE EVENING.

Address by Rev. Simonds—Interesting Discussions.

The third annual convention of the State Intercollegiate Prohibition association will be held in this city next Friday. The evening will be devoted to the oratorical contest, which will be held in the assembly chambers. The following are the contestants and the titles of their orations:

W. C. Ferris, University of Wisconsin—"The Great Issue."

Albert C. Griffin, Ripon College—"The Reformer in American History."

Edward James, Lawrence University—"To Be, or Not To Be."

Herman Farr, Platteville Normal School—"The Greatest Reformers."

The judges will be Rev. Dr. E. G. Updike and Attorneys T. C. Richmond and J. B. Smith. Some good musical talent has been secured for the occasion.

The sessions of the forenoon and afternoon will be devoted to business, and to discussions and addresses along the line of prohibition work. Edward James, of Lawrence University, president of the association, will preside over the sessions. F. W. Barber, '95, will deliver the address of welcome. Rev. W. D. Simonds will address the association in the afternoon on "The Relation of the Liquor Traffic to the Social Reformers." Mr. James will discuss the question of organizing the other colleges of the state, and Wm. Moore, '98, will talk on the relation of the individual to the party.

GIFTS FOR OBERLIN.

It is reported that Oberlin College is soon to receive two magnificent gifts from prominent alumni in the east. As yet the exact nature of the gift cannot be ascertained. President Ballantine and Treasurer Severance will make no definite statement. One of the gifts is to be a new men's gymnasium which is to cost in the neighborhood of \$100,000. It is to be built according to the latest approved plans. According to the report, the other gift is to be an immense building to be used for the furtherance of scientific research, and is to cost about as much as the gymnasium. The donors are understood to be Dr. Warner, the corset manufacturer, and Mr. Barber, the asphalt paving king.

—Invitations are out for the marriage of Otto Anderson, '94, to Miss Daisy Sawyer of this city. The ceremony will take place at the M. E. church, June 19, at 8 o'clock p. m.

—W. J. Short, '94, who has been principal of the schools at Montfort the past year, is spending a few days with friends at the university.

SOCIAL EVENTS.

Social Club Will Go To Winnequah—Bildungsverein to Lakeside.

The U. W. Social club will hold their picnic at Winnequah on Saturday, June 8. Steamers will leave pier at foot of Carroll street at 7:15 p. m. and return at 11:45 p. m. All members and patrons of the club are cordially invited. All outside parties desiring to attend will please present their names to some officer of the club before Saturday noon.

—The Bildungsverein will hold their first annual picnic at Lakeside, the first of next week. No exact date has been fixed yet, but it will be decided at their next meeting on Saturday evening. A good time is assured, as the society this year has more enthusiastic members than any year before.

STRENGTH TESTS FOR ATHLETES.

After September 1st, 1895, all students of Harvard University desiring to enter as competitors in athletic contests will be required to give evidence of their ability by making the following strength tests, in addition to the regular physical examinations:

Candidates for the university crew and football team, and weight throwers will be expected to make a total strength test of 700 points. Candidates for the class crews and football teams, and gymnastic, wrestling and sparring contests will be expected to make a total strength test of 600 points. Candidates for the university and class baseball nines and lacrosse team, and track and field events, will be expected to make a total strength test of 500 points.

These points will be reckoned as follows: The number of kilos lifted with the back and legs straight, and the number of kilos lifted with the legs bent, added to the strength of the grip in the right and left hands, expiratory power as tested by the manometer, and one-tenth of the weight in kilos multiplied by the number of times that the person can raise his weight by dipping between the parallel bars and pulling his weight up to his chin on the rings. Where the strength test falls below the desired standard the capacity of lungs will be taken into account in summing up the condition.

The tests may be made and certificates will be granted on any day, excepting Saturday and Sunday, between 2 and 4 p. m., within the two weeks previous to a contest, but no examinations will be made or certificates be granted on the day of the contest.

The objects of these strength tests are three fold:

First, to stimulate the student to take regular physical exercise in order to keep himself in good condition.

Second, to protect the student from injury where his zeal for athletics is in excess of his ability.

Third, to protect athletics from the imputations made against them in consequence of the injuries received by persons who are not strong enough to engage in them.—Harvard Crimson.

Dr. Buchanan was taken before the court of appeals in Albany and sentenced to be executed during the first week in July.

The State Journal has finally seen fit to retract the statement which it made in regard to the joint debate last January. Truly this is rather tardy justice.

The 'varsity won a good victory yesterday and won it by excellent ball playing. Yet there seemed to be little enthusiasm manifested by the students present at the game. The yell was given after the game but only in a half-hearted manner. This is not just to the team. Wisconsin should be proud of their playing during the past few weeks, and they have certainly redeemed themselves for any defeats early in the season. The game with our old rivals, Minnesota, will afford a good opportunity for the display of enthusiasm and should not be neglected by the students. Let us show the team that we have not forgotten how to yell and recognize their good plays by something more than lignified applause. Keep the applause for the opposing team and yell for the 'varsity.

ENGLISH COMEDY.

The first English comedy, "Ralph Roister Doister," will be presented Thursday evening, June 6, by students of Tufts College, and already a great deal of interest is being taken in the production. The play was written by Nicholas Udall, once head master at the Eton school, and the date of its appearance is a few years prior to 1553. As was the case at Eton, all the parts will be taken by men. According to the Etonian tradition, the prologue will be dressed like a Christ's hospital boy, and all the costumes will be appropriate to the century of production and the rank of the personage.

VOICE OF AMERICAN WOMEN.

Our women's voices are, on the whole, ungentle; that is to say, they are pitched unpleasantly high and hardened by throat contractions into an habitual "quacky" or metallic quality. This ungentleness is the one attribute of our women's voices that seems to have attracted most attention abroad. It is the most striking American defect. Nasality has held that place in popular estimation, but true nasality is not very common today in America; it seems to be dying out. The "quacky" quality of which I speak often simulates nasality, however, and is often mistaken for it. It has not yet begun to die out to any great extent. Today it afflicts the utterances of all our cruder girls and women and of many of our gentlewomen, too. Even those who have given much time to the art of song admit it freely and unknowingly into their speech. It is a hateful tone, mean and pinched, opposed in its very essence to all that is generous and winning. The needlessly high pitch that commonly goes with it is utterly heartless and ungracious. "Quackiness" and shrillness prevail less in the southern states than in the northern and western, but even southern women are not free from it. Again, there is in our feminine manner of utterance in its more active moods a prevailing flippancy or silliness. Over-emphasis through the misused intonational "twist," technically noted as the circumflex inflection, is the immediate physiologic source of this distemper. Whenever I read one of Howell's lighter novels, or his little society dialogues, I seem to hear the "silly twist" meandering through the speech of his women, as today it deviously squirms through the involved and rapid utterance of millions of them in the flesh. It is not, let me repeat, an attribute of any one class of American women, but contorts the speech of his women, as today it does the speech of the gentle and the crude much alike. I wish it were possible for me to convey to the uninitiated precisely what I mean by this vocal "squirm."

A STRANGE COFFIN.

One of the strangest coffins ever told of is that of which the British war department is said to be responsible. The story is that a workman engaged in casting metal for the manufacture of ordnance in the Woolwich arsenal lost his balance and fell into a cauldron containing twelve tons of molten steel. The metal was at white heat and the man was utterly consumed in less time than it takes to tell it. The war department authorities held a conference and decided not to profane the dead by using the metal in the manufacture of ordnance, and the mass of Church of England clergyman read the services for the dead over it.

RESULTS OF FORESTRY TESTS.

Nearly 40,000 tests made by the forestry division of the department of agriculture have established these facts: Seasoned timber is twice as strong as green, but weakens with absorption of moisture; large and small timbers have equal strength per square inch if equally perfect; knots weaken a column as well as a beam; long-leaved pine is stronger than average oak; bleeding does not impair timber.

The longest time during which a note has remained outside the bank of England is 11 years. It was for \$125 and it is computed that the compound interest during that long period amounted to no less than \$30,000.

DON'T STOP TOBACCO.

How to Cure Yourself While Using
It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1.00 per box, three boxes (thirty days treatment), \$2.50, or sent direct upon receipt of price. OFFICIAL NOTICES

THESES IN BIOLOGY:—Students intending to take thesis work in the department of Botany or Zoology are requested to communicate with Professors Birge or Barnes before June 15th in order that material may be provided during the summer. Arrangements may be made to begin thesis work in the summer school.

C. R. Barnes.
E. A. Birge.

MATHEMATICAL CONDITIONS:—Examinations for removal of conditions in engineering mathematics will be held Saturday, June 8, at 9 a. m. in room 9, University hall.

Chas. S. Slichter.

SECOND DEGREES:—At a meeting of the faculty held June 3d the following regulation concerning theses and examinations for second degrees were adopted. The chairman of the committee on graduate instruction shall appoint special committees to examine theses and conduct examinations of candidates. Candidates who have taken regular term examinations are excused from other special examinations for their degrees. All other candidates shall be subjected to such examinations as the committee on theses shall determine. Hereafter all candidates for second degrees will be required to take the special examinations required by the rules. (See catalogue p. 38.)

F. G. Hubbard,
Secretary of the Faculty.

EPIC COURSE:—The examination on Paradise Lost will take place in the Law building at 4 p. m. on Friday of this week.

MECHANICS:—Examinations for removal of conditions will be held on Saturday, June 9, at 2 p. m., in room 22, Science hall.

E. R. Maurer.

CONDITIONS IN ECONOMICS:—An examination for the removal of conditions in the work on Classical Economics of last term will be held in the Economic lecture room Saturday morning, June 8, at 9 o'clock.

Wm. A. Scott.

NOTICE.

I wish to call the attention of the members of this year's class in American Charities to the fact that Dr. F. H. Wines' book on Punishment and Reformation has appeared, and to express the hope that they will find time to read it during the summer. We were unable to give any considerable attention to the subject of crime and this book will round out the course of study advantageously. It is a companion volume to Dr. Warner's book and is published at the same price. I hope, however, that a special price will be made for the members of the class.

Richard T. Ely.

CONDITIONS IN BIOLOGY:—An examination for the removal of conditions in Biology will be held in room 42, Science hall, at 11 a. m., Saturday, June 8.

C. R. Barnes.

ICE CREAM TOMORROW.

The Epworth League will serve ice cream at the M. E. church all day tomorrow. No better place will be found to recover from the heat of the day.
