SCIENTIFICALLY DESIGNED CRIB COVER

BABY sleeps in comfort in the Snuggle Bunny. He can turn over, lie with arms overhead or at the sides, and kick or twist as he pleases—he cannot kick off the covers, slip under them nor crawl out of them. With the new safety collar, this scientifically designed crib cover assures baby complete protection.

We have worked closely with the medical profession—doctors, nurses and hospitals, we have courted criticism and suggestions by exhibiting at the Conventions of the American Academy of Pediatrics and the American Medical Association and our Mothers Service Bureau has maintained personal and mail contact with hundreds of users of Snuggle Bunny. Continuous scientific study and suggestions derived from these sources have resulted in the constant bettering of our product. You will enjoy the assistance of Snuggle Garments in caring for babies.
