WALLACE WILL VISIT MADISON NEXT MONDAY

U. S. Secretary of Agriculture is Interested in Work Here

Henry Wallace, United States secretary of agriculture, will be in Madison on Monday and will spend most of the day at the university conferring with the director of the Forest Products laboratory and with officials of the College of Agriculture. He will address a mass-meeting of students at 4 o'clock Monday afternoon in the auditorium of Agricultural hall.

Commercial and agricultural leaders from all parts of the state have been invited to meet Secretary Wallace at a luncheon to be given at noon at the Woman's building by the Kiwanis club, assisted by the Association of Commerce and other civic organizations.

Among the special guests will be Governor J. J. Blaine and other state officials, President E. A. Birge, and officers of various state agricultural and industrial organizations.

Secretary Wallace will spend the morning in going over the work of the Forest Products laboratory with Director C. P. Winslow, paying particular attention to the experiments being carried on with print paper and paper pulp. Mr. Wallace is a publisher in private life and is very much interested in attempts to alleviate the scarcity of newsprint.

The early part of the afternoon will be spent in going over with President Birge and Dean H. L. Russell, the lines of work in which the university is co-operating with the department of agriculture.

Mr. Wallace, it is expected, will leave Monday evening for the twin cities.

NIGHT WORK RUSHES CONCRETE STADIUM TO EARLY FINISH

Under a group of strong lights a night shift has been put to work at Camp Randall to rush to completion the new section of the concrete stands in time for use at the Homecoming game Oct. 29th. A fleet of trucks of the Wisconsin Construction company was rushed to the field last night from Milwaukee to assist in the work.

The wooden forms are almost completed and the pouring of the cement goes on night and day in the effort to finish the stand. The new stand will hold 4,000 spectators, which will bring the total capacity of the cement-stands up to 10,000. Additional bleachers will be erected for the Minnesota game which will bring the total seating capacity of the field up to 21,500.

That increased prices will have no effect on the attendance is the belief of Director T. E. Jones. According to Mr. Jones every seat will be filled when the whistle blows.

Memorial Oaks Planted To Honor Former Ag Professors

Commemorating the work of former Dean William A. Henry, first head of the College of Agriculture, and Prof. Stephen M. Babcock, inventor of the famous Babcock milk test, two oak trees were planted west of the Linden drive, near the Dairy building, yesterday afternoon.

An impressive gathering of men famous in agriculture work witnessed the ceremony, at which both Dean Henry and Professor Babcock were present. Those who were present at the ceremony were: A. R. Whitson, Soils department; D. H. Otis, former assistant dean; E. B. Hart, professor of agricultural chemistry; A. S. Alexander, former professor of veterinary science; J. G. Moore, professor of horticulture; G. G. Humphrey, professor of animal husbandry, Dean H. L. Russell, and President E. A. Birge.

President Birge told of the pioneer work of the two men honored, and Dean Henry responded by telling of his early experiences at Wisconsin.

PROF. RAY OWEN ASSISTS IN WORK OF DEAN OF MEN

Dean S. H. Goodnight, whose activities in behalf of the Union Memorial drive this winter will keep him very busy, will be assisted in his duties as dean of men by Prof. Ray Owen of the College of Engineering.

The campaign throughout the state for securing funds for the Memorial building will be largely under the direction of Dean Goodnight, who will make speeches in the interest of the project and assist in necessary organization. Since a considerable portion of his time will be needed outside of Madison, he will be in his office only during the morning hours. Mr. Owen's hours will be from 10 to 12 a. m. and from 3:30 to 4:30 p. m.

Lester Green has been appointed as student financial adviser for the year.

Before starting the state-wide canvas for the proposed Union building, Dean Goodnight expects to put on a campaign among students of the university and residents of Madison.

OUTING CLUB BOARD PLANS HOBO PICNIC

A Hobo picnic is to be given by Outing club on October 13 as decided by Outing club board at the camp-fire picnic held at Camp Randall yesterday in place of the regular board meeting. Evelyn McFarlane was placed in charge of the Hobo party, and several assistants were appointed to help her.

Outing club will start its activities of the year with two week-end parties. A bicycle hike Saturday morning, October 8, at 10 o'clock, will be in charge of Esther Bilstead '24; and Della Mann '24 will take care of a horse-back riding party at 3 o'clock that afternoon.

Everyone who is interested in making Outing club points by joining these parties must sign up at Lathrop as early as possible.

The ceremony was filmed by M. E. Diemer, university photographer.

The idea for symbolizing the work of the two men was originated by A. S. Alexander, who was professor of veterinary surgery at the time when Dean Henry was active. He was professor of Agriculture from 1880 to 1887, when he taught the first short course, until 1907, when he retired. During his deanship the college grew from a few courses given to short-course students to a full-fledged college with an enrollment of several hundred long-course students.

Professor Babcock was professor of agricultural chemistry at the university from 1887 to 1913, when he became emeritus professor. He has been honored throughout the world for his invention of the butterfat test for milk and for other discoveries which have aided the growth of the dairy industry. He still continues experimental work in his laboratory.

ROTARY CLUB TO HONOR VARSITY WITH LUNCHEON

An appreciation of the interest which the business and professional men of Madison are showing in Wisconsin's football prospects, is evidenced by the Rotary club luncheon to be held for the Varsity squad, coaches, and old stars of Madison, next Thursday noon at the Park hotel.

The Rotary club is composed of 116 of the leading business men of Madison. The luncheon is being given purely as a boost to the team, and shows a splendid co-operation of citizens and students.

It is planned to have at least 25 guests in addition to the coaches and alumni. William J. Meuer, chairman of the program committee, and Chuck Carpenter, captain of the 1919 team, are planning the program.

SENIORS TO HAVE PICTURES TAKEN NOW FOR BADGER

Seniors will make early appointments for Badger pictures this year. Twelve hundred letters were mailed from the Badger office yesterday requesting that each senior send in his summary of activities and make an appointment immediately with some Madison photographer for a sitting.

With only seven photographers in Madison to accommodate 1,200 students in a short time, it is necessary for seniors to make appointments now.

Through error, cards other than those of seniors have got into the Badger files. Further error and delay will be avoided if those receiving cards who are not seniors will notify the Badger office at once.

FOOTBALL MEN SEEK OFFICES IN FALL VOTE

Tickets Are Rapidly Being Formed For Class Positions

With the announcement that Guy Sundt, George Bunge, James Brader and Gus Tebell are candidates for office, the fall election took on a football aspect last night.

Both Guy Sundt, captain of the team, and George Bunge, regular center, announced late last night that they were candidates for the presidency of the senior class. James Brader, who is entering upon his third year as regular tackle on the football squad, is running for chairman of the Junior Prom, and Gus Tebell is a candidate for president of the junior class. Tebell is holding down the position at right end this year on the Varsity.

Although the entire junior ticket has not been formed, Mildred Klan will run for vice-president, and Esther Mainland, for secretary. Candidates for treasurer and sergeant-at-arms will be announced within the next two days, according to those who are forming the ticket.

No tickets had been announced in the sophomore and freshman classes late last night but a couple of groups are busy selecting their candidates and are expected to have their tickets formed before the end of the week.

The possibility of the fall election being held at a date later than November 4 became apparent yesterday when Dean S. H. Goodnight stated that he would petition the Student Senate to make such a change. Dean Goodnight said that the Union Memorial drive is to open on November 5 and, in case the elections are held on the preceding day, interest is sure to be centered on the latter event.

Sterling Tracy '22, president of the Student Senate, stated last night that the senate would undoubtedly decide upon a later date at a meeting to be held next Tuesday. As the constitution necessitates the election being held on a Friday, Tracy was of the opinion that the date would be set for one week later. It is impossible to hold it on an earlier day as the notices of election must be published at least a month before the voting takes place.

PEARCE CUP WILL BE PRESENTED TO "MOST USEFUL MAN"

A trophy cup for the most useful man on the 1921 football team has been offered by Prof. A. S. Pearse of the Zoology department. Ralph Scott, ex-'22, all-American tackle, won the Pearce cup last year when it was offered for the best tackle.

The award will be made at the close of the season by Prof. J. F. A. Pyre, Coach Guy S. Lowman, and Prof. Warner Taylor, who have been appointed judges.

Because he believes it is absolutely necessary to have a team that will pull together rather than a lot of individual stars, Professor Pearse has offered the cup.

My dearest girl, don't let your problems grieve you—

Give me a date (now that I'm feeling gay),

I'll do my utmost to relieve you Both night and day.

I beg you, dear,—and warn you—don't be clever—

I'd rather feel your nearness, child, than ever

THE ladies for tonight's game are: Two Themas for English vs. Three Hours Fussing for Pleasure. The latter looks like a sure bet.

THE NOSY NEWSY

Today's question: "What do you think is the most inspiring thing about Wisconsin?"

Stew Knilians: "Undoubtedly the co-eds are the most inspiring thing about Wisconsin. That one thing alone would be enough to convince me to come here.

Dixie Davis: "Anyone who has watched the sun set and the moon come up on Picnic point would fall for Wisconsin at once."

Hans Gude: "Aye ban lik der ski yump und der fine exercise what gives from waking up der hill. Yup, it might be worse, bud it'd ain't."

Dot Scheibel: "The wonderful opportunities offered here unrivaled any other place I could think of. The inspiration to work here has no equal, and so I hope to lay a foundation here that will prove invaluable in later years."

Jerry Crook: "I figured that the instructors might be able to inspire me to live up to my name if I came here to school. I might add that I have not been disappointed."

He: "How would you like to go to the Park tonight?"

She: "I don't know you well enough for that, but I would like to go to the movies."

BUT the most typical instance of the innocent co-ed is the one who thinks he eats cloves because he likes them.

THAT brings to our mind the story about the old-fashioned girl who used to stay home because she had nothing to wear.

FUNNY thing, but green football material usually passes through a black-and-blue stage before reaching the pink of condition.

On the mule we find
Two legs behind,
And two we find before,
We tickle behind
Before we find
What the two behind be for.

"YOU HIT HOME RUNS IN YOUR LEAGUE," BABE RUTH TELLS NOTED MOVIE STAR

Battering Babe Ruth smiling his darndest for camera while chatting with Hope Hampton, movie queen, at the Polo grounds.

"I guess you hit home runs in the movies, like I do in baseball," is the way Babe Ruth complimented Hope Hampton when they met during a recent game at the Polo grounds. Just as any fan would like to do, Miss Hampton "tried out" Babe's big bat with which he drops them over the wall.

SATIRE WILL PREDOMINATE IN FIRST LIT

"Undoubtedly one of the best numbers of the Lit that has ever been published in recent years," is the way Paul V. Gangelin, editor of the Wisconsin Literary Magazine, characterized the first number of the magazine, which is to appear on the campus Oct. 24.

A satirical vein runs through the entire issue, which is made up of sketches (describing campus life, manners and morals), dialogues, poems, short essays, skits and stories. This is a distinct departure from anything that has been done previously by the Lit.

With "Summer School Models,"

an animated sketch by Katherine Rockwell '22, of types at the university during summer session; a light satire, "Main Street: As George Ade Might Have Written It," by P. H. Jaklon '22; "Hard Boiled," a humorous representation of university life by Earle Hanson '22; "Anti-Climax," by Paul Gangelin '23, and a translation from the Danish by Earle Hanson among the contributions, the editors are confident that the first number of the Wisconsin Literary Magazine will satisfy all varieties of taste.

Anyone interested in making drawings or pen pictures for the "Lit" is asked to call Paul Gangelin at B. 975. A subscription campaign will open simultaneously with the appearance of the first number.

The Bibliomaniac Stalks Big Game In The Historical Libe

Book-hunting in the Historical library may be an unheard of pastime. The very name, "Historical library," sounds rather dull, but when one finds there a book with quaint woodcut illustrations, published only one year after Columbus set sail for America, the book hunt begins to be exciting, to say the least.

There are padlocked, barred cases, for the most precious books, those that could never be replaced. But the librarian will obligingly open the cases and help to find the most interesting possessions.

One of the library's treasures is The Nuremberg Chronicle, a large volume bound in beautifully hand tooled pigskin with metal clasps which are now broken. Published in 1493, four months after the end of Columbus' first voyage, it is only 24 years later than the first printed book. All manner of human events "from the beginning of the earth to our calamitous age" are chronicled in Latin, and illustrated with 2,250 pictures, many of them full page, chiefly the work of Wolgemuth, the master of Albrecht Durer. These woodcut pictures are very naive and queer, showing portraits of saints, kings, towns, and the creation, where Adam is created from a stone, and Eve is taken out of Adam's side.

The earliest printed book in the library is dated 1479, and is a treatise on medicine by Joannis Michaels Savonarola, the grandfather of Savonarola the reformer.

This is also bound in hand tooled pigskin. It is printed in a two column page, solidly, with paragraphs not indented but marked with paragraph signs in red ink. Marginal notes and a signature at the beginning are by the hand of the author.

The very oldest book in the collection is not printed, but in manuscript. It is a Bible, written on vellum in the twelfth or thirteenth century. The history of its wanderings from a Spanish monastery where it was written is long and devious. It was conveyed to the Spanish possessions in America by some of the monks or priests who followed the earliest settlers, and fell at length into the hands of the English Archbishop at Trinidad, who conveyed it to Bath, England. Here it was sold later with the effects of an ecclesiastic at his death and was brought to America by the Hon. Z. Eastman of Illinois, the U. S. consul at Bristol, England, under Abraham Lincoln.

This Bible is entirely hand work, ruled and printed in fine letters, with beautifully colored initial letters.

Another fascinating volume is a "Book of Hours," a sort of a prayer book, made in a monastery about 1386. It is hand lettered in black and vermillion with initial letters of blue, inlaid and illuminated with real gold in intricate designs and decorations.

There are several illustrations in color, hand painted, of course, showing saints and martyrs, and around these pictures are designed borders of leaves, flowers, fruit, birds, and animals, all charmingly and quaintly drawn and painted.

You can tell your story better with pictures. Enclose a few in every letter.

STAR COACHES TRAIN SOUTH DAKOTA SQUAD

"Red" Weston's Former Trainer Works Western- ers for Badger Game

(Special from State College)

BROOKINGS, S. D.—An exceptionally strong coaching staff has been on hand to whip into shape the South Dakota State college team which will meet the University of Wisconsin at Madison October 8.

C. A. West, State's head coach, has turned out one football team and two basketball teams which have won state championships since he came here in 1919. West is a graduate of Coe college, Iowa, where he won an enviable reputation in football and was selected as all-Iowa quarterback. Since then he has coached teams at Mason City, Iowa, and at Shattuck military school, Fairbault, Minn. He mentored the squad at Belding, Iowa, on which "Red" Weston, and Anderson, Notre Dame captain, were developed.

Fred Enke, who in addition to his teaching work, will assist West in coaching football and basketball, was a star athlete on the Rochester, Minn., high school team and later made a name for himself as center and tackle on the Varsity at the University of Minnesota. He was also standing guard in basketball at the same institution.

Alec Culhane, a State college graduate, has voluntarily assisted in coaching football and basketball for the past two years. He took a prominent part in athletics while a student here and gained considerable football experience while in the army. He has full charge of the basketball team of the secondary school of agriculture.

SCHLATTER WANTS TO MAKE SOCCER A MAJOR SPORT HERE

Chinese Team Challenges Any Nationality For Honors

To make soccer a major sport at Wisconsin is the aim of Coach F. E. Schlatter, who is asking all men interested in the game to see him in the men's gym at once.

Soccer will be taught to all general gym classes, and the lower campus has been lined off to form a soccer field. According to the plans of Coach Schlatter, two teams will be chosen from each gym class for an elimination soccer tournament, and following this there will be an inter-college tournament. The athletic department will furnish a ball for any team wishing to practice.

An international soccer tournament is also planned, and the Chinese team is already practicing with a squad of picked men, several having played on eastern and Chinese university teams. This team is ready to challenge any rival group and is especially anxious to meet the Norwegians.

Coach Schlatter hopes to arouse enough interest in soccer at Wisconsin to have it voted a major sport. The game is a major sport in many of the eastern universities and much interest is given to the intercollegiate contests. Larger crowds are attending the games, it is reported, and the skill and science demonstrated is slowly becoming appreciated.

Walter Eckersall, Chicago Tribune sporter writer and famous quarterback of Maroon elevens back in 1902 and 1903, kicked three field goals against Wisconsin on Oct. 3, 1903. Every one of the boots was made from the 25-yard line.

"Stagg Fears Purdue" Will Not Be The Correct Dope This Year

The time-worn caption "Stagg Fears Purdue" is not in evidence on Chicago sport pages this year. Never before has there been a year when it was not said that Stagg feared Purdue. The practice became so customary that it is believed newspapers kept the head standing throughout the year, and then placed it at the top of the sport page when the annual contest between the two institutions rolled around.

There is no necessity for Stagg to quaver because of Purdue this year. The Maroons have one of the best elevens ever turned out at the big city school. Three sets of backfield men to take turns in hitting the line and running the ends is the seventh heaven for a football coach. Stagg has them. In "Bobby" Cole and Milton Romney, he possesses two of the brainiest quarterbacks playing football today. They remind Maroon followers of the days when "Pete" Russell used to do the piloting. Capt. Charles McGuire and Crisler form the nucleus of a line which is developing into a stone wall.

Maroons Win; Purdue Loses
The Maroons smashed North-

western by a 41 to 0 score last Saturday. There is no flukiness in such a score. While the Maroons were galloping over the goal line, Purdue was taking a 9 to 0 beating from the Wabash "Little Giants."

Last year A. Alonzo was frightened by the Boilermakers and his team won by a 20 to 0 score. Chicago was weaker than it is this year, and Purdue was stronger. Under the new coaching system of "Lone Star" Dietz, it will take the Indianans some time to assimilate the new ideas which are being flung at them daily.

Interested in Princeton

Chicago is paying more attention to the Princeton contest than to any other game this year. Maroon coaches are pointing their charges to the battle with the Tigers. They realize that if Indiana falls before Harvard, it will be the duty of Chicago to struggle for a victory. Don Lourie, a Peru, Ill., boy, is leading the championship Princeton eleven. It will be interesting to note if he brings defeat to a team from his home state.

In three days, Chicago engages Purdue at Chicago, and newspapers will not headline "Stagg fears Purdue."

Presenting-- "HUB" PERRIN

Hubert Perrin '22 is another Badger athlete who has been out of the game since the first week of practice on account of injuries.

"Hub" played on the freshman football team in 1919, and was considered one of the most promising men on the squad. Ever since that time a jinx has followed him. Last year he played in the Ohio game, but received injuries the following week which kept him out of play for the rest of the year. He layed long enough, however, so that he was awarded his aWa. It is hoped and expected that Perrin will be out in uniform again this week, as he

DISTANCE MEN TAKE FIRST RUN

Only One Veteran Back For Work This Fall

The Badger cross country team will meet the All-Americans Saturday morning in the first preliminary tryout of the year.

With only one of last year's regulars, Captain Mark Wall, eligible for competition this year, the team is sure to be green. Several of the new men, however, give indication of developing into good material by the time that the conference season opens.

Twenty Candidates Report

About 20 candidates were present at the meeting held in the gymnasium last night. Coach Burke White, who presided, offered a number of suggestions to the men in regard to training and getting into condition.

The purpose of Saturday's meet is to try the men out for time and to accustom them to running against competition. The All-American team is composed of track stars who are not eligible at the present time. Their lineup for Saturday includes Wade, Powell, Wille, Amory, and Stewart. The race will be run over the 2.7 mile course.

Meet Minnesota October 29

At Homecoming, October 29, the Badgers will meet the strong Minnesota team here at Madison. The Gophers have four men back from last year, and are bound to be among the strongest teams in the conference.

Moorhead, Sovereign, Knutson, Rossmessel, Daniels, Herman, Kloser, Schneider, are some of the new men who promise to develop into valuable material by the time that the conference season is under way.

could be used to a good advantage at the fullback position, thus giving Captain Sundt an occasional rest.

Perrin has taken an active part in a number of activities. He served on the Homecoming and Exposition committees last year and was chairman of the inter-fraternity basketball league a year ago. He is a member of Alpha Sigma Phi fraternity.

RICHARDS' MEN SCORE TWICE AGAINST FROSH

"Squad Begins to Show a Varsity Line"— Richards

The freshman eleven scrimmaged the Varsity the first time this year for about ten minutes on the Camp Randall practice field yesterday afternoon. The youngsters were given a taste of big time stuff, and then made way for "Shorty" Barr's All-Americans and a fourth team which followed. It was the hardest and most encouraging scrimmage of the year for the Varsity, despite the fact that the regular lineup was not in evidence.

Varsity linemen held like a stone wall against the rushes of the frosh backfield. Only once, on a successful forward pass, did the freshman gain ground against the Badger eleven. The forward wall was just as effective against Coach Lowman's third squad, Hohlfeld, Brader, Brumm, and Bunge breaking through repeatedly to pin their man behind the line. Scherneck, who played guard and tackle during the course of the scrimmage, fought through on every play, many times putting his opponent out of action and spilling the man with the ball.

Varsity Scores Twice

Varsity scored two touchdowns in the battle with the first year team. "Rowdy" Elliott sprinted 30 yards for the first marker, and Capt. Sundt plunged two yards for the final score against the youngsters. Elliott continued his speedy end running and driving off tackles. The freshmen were unable to stop him as he tore down the field. On his run to a touchdown, he shook off tacklers, dodging and snaking down the field. The second score came after "Rollie" Williams had caught a difficult pass from midfield. Williams carried the ball to the two-yard line from which point Sundt shoved his way over. By leaping high into the air and hooking the heavens in a skillful manner, Williams was enabled to complete the pass. He also did some nice dodging and side-stepping for a couple of long runs.

The freshmen used Minnesota shift plays continually. The two teams lined up like this at the start of the scrimmage:

Varsity	Freshmen
Gould	L. E. Polaski
Brader	L. T. Harmon
Brumm	L. G. Smedal
Bunge	C. Teckmeyer
Scherneck	R. G. Cassidy
Hohlfeld	R. T. Kingston
Tebell	R. E. Rippe
Gill	Q. B. Graham
Williams	L. H. O'Brien
Elliott	R. H. Harris
Sundt	F. B. Reed

TOURNEY PLAYERS SHOW GOOD TENNIS

Treadwell and Gotfredson won their second match in tennis doubles Wednesday, defeating Barker and Hall 6-0, 6-0. The two are also showing up well in the singles, and appear to be outstanding players in the Varsity tournament. Treadwell is playing in championship form and Gotfredson is equally good. "Slew" Fanning, who won in the singles against Michigan last year and, with Gotfredson, in the doubles against Michigan, Chicago and Northwestern, is another strong contender.

Nicholas Aageson, who played exceptionally good tennis last year, is not competing this season. G. Wright and Art Moulding are to be reckoned with in the doubles. The second round of the tourney is to be completed Friday noon.

COMMERCE CONVO WELCOMES FROSH

Professors Gilman and Scott
With Student Speakers
Greet Yearlings

The annual commerce convocation extended a hearty welcome to its freshman at Sterling hall Wednesday afternoon. The auditorium was packed with "frosh" who listened enthusiastically to the group of speakers that greeted them.

Professors W. A. Scott and "Steve" Gilman were the principal speakers on the welcome program. "Reg" Garstang, president of the Commerce club for men, Elizabeth Thwing of the Woman's Commerce club, and "Hump" Desmond, editor of the Commerce magazine were the other speakers of the afternoon.

"Get into the game," "Pass along the welcome," and "Get known," were the slogans in the welcoming addresses.

Professor Scott emphasized the importance of getting into all commerce activities as well as the educational side. The value of the commerce clubs and magazines were explained by student speakers. Professor Gilman wound up the afternoon's welcome by a stirring talk on the necessity of meeting people and getting together in the commerce school.

Federal Tribunal On Industry is Planned

WASHINGTON — Legislation to establish a federal tribunal of industrial relations to bring capital and labor into more harmonious action was said to be under consideration by members of the senate education and labor committee. Such a tribunal has been suggested by Chairman Kenyon of the committee. The plan which proposes a federal "supreme court of industry" with decrees enforced by public opinion and not through penal statutes, is to be brought up in connection with the committee's report on the West Virginia mine disorders.

EPISCOPAL SOCIETY HAS FIRST MEETING

The first meeting this year of the St. Francis society for Episcopal students was held last night in the new club house.

The club is to be reorganized this year under the direction of the Rev. S. M. Cleveland, student chaplain. The meeting was conducted by Bert White '22, president. Committees were appointed and plans for a freshman reception on October 15 were discussed.

The next meeting will be held Sunday, Oct. 16, at 5:30.

GIRLS' GLEE CLUB PICKS NEW VOICES

The Girls' Glee club held a short business meeting for election of officers yesterday at 4:30. The officers elected were: Marian Moesel '23, president; Martha Chandler '22, vice-president; Helen Geller '23, secretary; Ann Arngist '22, treasurer; Clara Leiser '24, librarian; and Florence Robb '24, reporter.

Miss Madelon, director of the club, has arranged an extensive program for the year. The club has been enlarged, and now includes about 40 members. Two meetings will be held each week, Monday at 3 and Thursday at 2:30.

Sixteen new members were selected by Miss Willmin and Miss Nash, instructors in the Music school, from exceptional material in music classes. Besides a number of soloists from last year, six new soloists are now included in the membership.

ST. JOHN'S GRADS TO BE ORGANIZED

Plans for a St. John's club in the university to be made up of graduates of St. John's Military academy have been launched. The purpose of the organization will be to form a unit to which St. John's graduates may feel that they belong at Wisconsin.

The club will be organized especially for new students this year, to assist them in the university.

Paul Conley '23 of the St. John's class of 1918, is working with a former graduate, John Hazelwood of the Civil Service commission, to perfect the organization of the club. All former St. John's students are urged to send their names at once to Paul Conley, 207 West Washington avenue, in order that the first meeting may be called not later than Saturday, October 22.

Moose to Initiate Big Class Thanksgiving Day

The class of 13 which was initiated into the Moose club Monday night was the first installment of a large class which will be given the distinction of being a memorial class to James J. Davis, now national secretary of labor, and a member of the Moose lodge. His home is at Mooseheart, Ill. Initiations will be held very Monday night, closing with a mammoth initiation on Thanksgiving day.

Trapping Activities Net Hunters \$99,380

Trapping activities in the state netted fur hunters a total of \$99,380.84 during the hunting season of 1920 and 1921. Skunk and muskrat produced the greatest revenue, the former being caught to the number of 29,225 and netting a total of \$48,350 and the latter having 34,618 animals caught and bringing in \$39,473.

WEATHER

The highest temperature during the last 24 hours was 55 at 4 p. m. and the lowest was 42 at 5 a. m. Sunsets at 5:33.

State Exhibit to Be Biggest at Dairy Show

Wisconsin Produces Ten Tons of Milk Each Minute

A veritable "Niagara of milk" is Wisconsin's contribution to the world. Ten tons of milk for every minute of day and night throughout the year are produced by Wisconsin dairymen.

These facts will be brought before the National Dairy show at St. Paul next week by Wisconsin's representatives who are preparing elaborate booths.

Prof. K. L. Hatch of the Extension division is directing the work and is in St. Paul with his committee at the present time. The show will be held from October 1 to 15.

The National Dairy show is of world-wide interest and brings cattle buyers from all over the world. Many foreign countries will display samples of butter and cheese. It is anticipated that over 1,000 of America's finest cattle will be shown as well as farm machinery of all kinds, educational displays, and butter and cheese exhibits.

War Against Grain Pests is Under Way

MINNEAPOLIS — Three official agencies were cooperating today to check the spread of the "bran bug" or saw toothed beetle, and "granary weevil" which is infecting 50 percent of the oats arriving at Minneapolis and is menacing millions of bushels of stored grains in the terminals according to official estimates.

lieved Scherneck and Brumm at the guard positions, Irons and Yaudes were playing tackles, and Anderson had replaced Tebell at right end. Carlson took Elliott's place near the end of the workout, with Crozier relieving Sundt. Ralph Gill did some heady piloting at the quarterback position. He called the right plays at the right time, handled the ball well, and gained ground when he carried the sphere.

Ryan worked in at quarterback for a few minutes to try out his tee. He booted two dropkicks over the crossbar. Against the All-Americans, "Gus" Tebell made both scores. Nipping a pass which had already been touched, Tebell sprinted through the third team for a touchdown. On his first trial, he booted a placekick from the 20-yard line.

Four Out of Scrimmage

Irish did not get into the struggle yesterday afternoon. The big end is not yet in the best of condition, but he may be expected to "show his stuff" at any time. Horne, who was injured in the Lawrence victory, took things easy, contenting himself with watching the Varsity scrimmage. Gibson is another regular not in the best condition after the Saturday mixup. He also stood on the sidelines while Ralph Gill called signals for the first squad, Gordon Nelson, bulky guard, took three jogs around the quarter-mile track for his portion of work.

Spectators Urged off Field

Spectators at the scrimmage are asked by Thomas E. Jones, chairman of the athletic department, to refrain from walking across the practice field and the freshman gridiron. The continued tramping over these grounds hardens them and makes them uncomfortable for scrimmaging football players. If spectators walk around the fields when they come to view the scrimmage, they will be doing a great deal to forestall possible injuries to players, according to Coach Jones.

20 Frosh Feel Mighty Arm Of Soph Law

More than 150 sophomores and upperclassmen indulged in all of the milder forms of hazing freshmen last night after the first show at the Orpheum.

It had been rumored earlier in the evening that the frosh were going to organize in order to offset any attempts at hazing. Apparently the plans of the yearlings miscarried, however, for about a dozen members of the class of '25 were easily herded into line as they filed out of the show.

Several additions were made to the line of freshmen as they were marched down State street, swelling the total number to about 20. These unfortunates were forced to attire themselves in the customary fashion with coats and green caps inside out and trousers rolled up to their knees.

The first stop was made at a bubble fountain in order that a little local color might be added to the song of the frosh, "How Dry I Am." Then continued the march to such old standby airs as "The Wearing of the Green," and "Hail, Hail, the Gang's All Here."

A proposal to a co-ed on the corner of State and Gilman and a friendly little game of leap-frog up the middle of the street were the next bright ideas which occurred to the sophomores and which they immediately proceeded to carry out. By the time one of the freshmen had tried in vain to blow out a street light, the crowd of hazers had become so large that traffic was almost at a standstill, and only the timely arrival of a Madison policeman prevented the street from being entirely blocked.

A jerked trolley added a motorman to the ranks of those who were attempting to preserve so-called law and order, and several seniors and graduates also took a hand in trying to break up the hazing, but all without success.

The unfortunate score of frosh were led up sorority alley, where the many new sorority pledges were given their first taste of Wisconsin traditions. Proposals, high school yells, speeches, and songs were among the form of entertainment offered, and between every selection, the yearlings were forced to yell, "Don't We Love the Class of '24!"

Their desires for revenge somewhat satisfied, the sophomores gave each of the freshman a final farewell "bubble party," and turned them all loose to run home at double quick time. Late reports last night have it, however, that the hazers did not disband then, but followed the advice of one of the radicals to go and get some more out of bed!

SADDLE AND SIRLOIN HOLDS FIRST MEET

The Saddle and Sirloin club will hold its first meeting of the year Thursday evening, Oct. 6, at 7 o'clock.

A lively program has been arranged, according to the committee. Short addresses will be given by A. W. Hopkins, G. C. Humphrey, J. G. Fuller, and R. S. Hulce. Refreshments will be served.

All old members are urged to attend the meeting. Freshmen are cordially invited.

FORENSICS WILL BE O'NEILL'S SUBJECT

"Forensics at Wisconsin" will be the subject of Prof. J. M. O'Neill, head of the Public Speaking department, in his talk before the Fellowship meeting at the "Y" tonight at 7 p. m. New men will be acquainted with the opportunities and privileges which debating and public speaking offers. An orchestra, led by Lester Cappon, will furnish music.

During the past year great strides have been made at Wisconsin in forensics. In addition to the regular joint debate and intercollegiate debates, Wisconsin has the distinction of having won the Northern Oratorical contest.

The Fellowship meetings are held at the "Y" every Thursday evening. New men find it a good place to get acquainted with other students and with school activities.

Three Speak at Ad Club Meeting This Noon

The Madison Advertising club held its semi-monthly meeting this noon at Hick's cafe. The second of its year's program was given. The speakers were Leo Fay, advertising manager of Keeley, Neckerman Co., Arthur Knisely, advertising manager of the Burdick & Murray Co., and K. K. Reese, advertising manager of The Capital Times.

Mr. Fay spoke on the function of an advertisement attracting favorable attention, and awakening interest. Mr. Knisely spoke on the inspiring confidence and influencing the reader to buy. Mr. Reese spoke on the components of an advertisement, copy, display, and illustration. About 32 advertising men and women attended the luncheon.

A WORD OF HELP

A MISUNDERSTANDING has caused the Pan-Hellenic council, representing the sororities at Wisconsin, to consider the publishing of the list of sorority pledges in yesterday's edition of The Cardinal as a step taken in defiance of the council's ruling and in disregard of its prerogatives.

The Cardinal regrets the misunderstanding, because a way out could have been found had the Pan-Hellenic council taken two simple steps during last week. First, the council should have officially notified the paper of the stand it had taken prior to the pledging of girls, in order that we could have made known its position with a clear definition of the reasons which were arguing for a change in custom. Secondly, the council should have disseminated its policy and the reasons therefore among all sorority girls, in order that the sorority as a whole should be prepared to defend the stand taken by its representative body.

The first of these steps was not taken because Pan-Hellenic did not fully realize that the suppression of any news of such general interest and appeal as that contained in the pledge lists demanded a complete statement of the causes for this suppression, before, and not after, the girls were pledged. The second point was evidently overlooked to a large extent during the pressing business of rushing season. We can realize the situation, and regret that the step taken by The Cardinal should have been twisted into a blow against the sororities' representative body.

News is handled across The Cardinal desk without favoritism or bias, its selection being

based on its relative importance as a source of interest to its readers. On such a basis, this news was printed. On this The Cardinal stands. There could be no insistent wave of public opinion against such an action.

The fairness of the president of Pan-Hellenic has been demonstrated in her admission of the misunderstanding. Pan-Hellenic must realize that the publication of this story shall not affect its prestige as an organization; that it has our unqualified support, when matters are laid open for consideration.

This council as a governing body for organized groups of girls must succeed, or one of the principles of self-government will be destroyed. May we offer a hand?

* * *

WHY NOT?

FEW there are who expect any great degree of enjoyment without some corresponding inconvenience. The law of compensation would have it so, and we have learned to expect nothing else.

That the balance, however, is not always just was demonstrated last Saturday at Camp Randall. Loyal students, faculty members and residents of Madison attended the game and gave their earnest support to the team. In so attending they doubtless earned no small measure of enjoyment.

With Wisconsin at the large end of the score, the end of the game should have seen happy and contented throngs leaving Camp Randall. Instead of that, one witnessed a jostling, struggling crowd massed about the two exits from the north field. As is perhaps natural at such a time, the finer courtesies were forgotten and it was a case of "my dear Alphonse" and "my dear Gaston" reversed. As a result feet were trampled on, the weaker were rudely jostled together to one side by the stronger, and a few were all but impaled on the metal turnstiles that formed the only exits.

As the exits are now arranged, they are not only inconvenient but dangerous. With only the moderately sized crowd of last Saturday the element of danger was present until all had left the field. With the crowd that can be reasonably expected at the Homecoming game, this danger will be greatly increased unless relief is provided.

* * *

YOUR OPPORTUNITY

EVERYWHERE on the campus we see them, the class of 1925. They are eager, earnest, energetic, and impulsive. They are young—and therein lies the danger.

advised, may soon tread troublesome paths. Youth is youth and it must be served, but care in the serving is essential. Immediately following the war the freshman classes were composed mostly of mature students. This condition no longer exists. The freshman class of this year consists largely of younger students. They need direction. A measure of this they receive from their advisors or in the class room and in convocation.

There are men in this class of 1925 who will need more aid and counsel than would normally come to them through such channels. A friendly word and a smile would mean much to those who for the first time find themselves away from the surroundings and companionship of home.

The theme is bigger even than this. Not only for the sake of the freshmen should they be properly directed and aided. It is toward a better university, a bigger and better Wisconsin, and a broader commonwealth that the upper classmen must look.

It may mean that they have helped in the developing of a future scientist or man of letters; it may mean that they will have been present at the scholastic birth of a genius.

4,000 SEASON TICKETS SOLD FOR CONCERTS

**Shevinne, Famous Pianist,
Stirred New York
Audiences**

Over 4,000 season tickets for the Union board concert series have already been sold and the rapid sale of seats among students is proof that the students will support really good productions, according to those in charge of the sale.

The sale of single admission tickets for the Mabel Garrison production next week will begin with over two-thirds of the house already filled by season ticket holders.

Josef Lhevinne, the great pianist, the third artist on the Union board concert series, first came to America in 1907. He toured this country successively until the outbreak of the war when he was interned in Germany and obliged to cancel his American tour of 1914-15.

It was not until 1919 that circumstances permitted his return after an absence of six years, when his old time admirers rallied around their former favorite and the great Russian found himself the lion of the hour. An audience of over 5,000 people greeted him at his first appearance in the Hippodrome in New York. During the season he gave three recitals in Carnegie hall and a number of appearances in other large New York auditoriums.

Lhevinne appeared in Chicago on six different occasions, two of which were appearances with the Chicago orchestra. During that season he was soloist with the Detroit, St. Louis, and Cincinnati orchestras.

After Josef Lhevinne's appearance in New York on February 18 last winter, Max Smith in the American commented as follows: "At his second recital in Carnegie hall, Josef Lhevinne gave another demonstration of piano playing carried to a point of technical perfection unequalled by any living master of the keyboard. He has come nearer to solving the mechanical problems of the modern pianoforte than anyone else. Indeed, even such virtuosos as Josef Hoffman and Godowski not to mention all the others, could learn something of value from him in attaining the muscular relaxation, the elimination of apparent effort, the communication of power through weight distribution. When technique has reached such a marvelous development as in the case of Lhevinne, when physical processes are so subtly, so exquisitely distributed and balanced that they are practically concealed from ear as well as eye, then technique assumes an aspect beautiful in itself."

Pitts Sanborn, in the Globe writes: "Josef Lhevinne gave another display of transcendent technique, a technique probabyl unequalled among living pianists, if, indeed, it was ever equaled by the mighty dead."

ELECTS OFFICERS WOMEN MAY TRY

Tryouts for tennis honors, which carry 50 points for W. A. A. credit, will be held for the first time this fall. All women students interested in tennis are eligible for the tryouts.

Practice periods for those who wish to brush up on form will be held on Lathrop tennis courts on Thursday at 4:30 and Friday at 3:30 this week. At both times tennis coaches will be present.

The examinations for tennis honors consist of tests in serving, volleying, lobbing, backhand and forehand driving, and a written quiz on tennis given some day next week.

The tryouts are being conducted by the Woman's Athletic association. All women who are interested are asked to watch the W. A. A. bulletin board in Lathrop hall for further announcements.

A Moral with a Think in it

Once upon a time there lived a man who went to school and after a while he did finish.

And all the while he didn't use a Kodak. In spite of himself he gradually forgot all about his Alma Mater and the many friends he had made and the good times he had had.

He still lives but he has been a "dead one" for a long time. He has nothing to help him recall his past life, and thus he has lost interest in it. He missed one of the really big things that go to make up a college career—Kodaking—and he will regret it as long as he lives.

Moral:—(say it yourself) We've told you often enough. Now get a Kodak.

POLO GROUNDS—The New York Yanks defeated the New York Giants here this afternoon in the first game of the series which will decide the world championship.

The score was 3 to 0.

(By the Associated Press)

POLO GROUNDS, N. Y.—New York gloried today in an exclusive baseball family feud—a world's series between the Giants and Yankees fought out in its own back yard. Easily 38,000 folks came out here to the old Polo Grounds to see the New York Giants, pennant winners of the National League and the New York Yankees, champions of the American league.

The playing field glowed brightly in the sun and the damp spots on the outfield were soon baked out. A fast playing field was thus assured.

NEW YORK—New York was awake early today to enjoy the initial game of its own world series. Hours before the two teams went to battle at the Polo grounds, crowds of fans from the four corners of the earth were hurrying toward the park hoping to gain ad-

mittance to the mecca of the baseball world. Some in fact, didn't sleep at all. At midnight several of them gathered at the entrances to the stadium, the first in line and the first in the park—if they didn't fall asleep and wake to find some more alert fan in their place. By 1 o'clock about 50 of them were in line. Heading the line was C. M. Kierst, 29, a fireman from Auburn, N. Y. He said he had not missed a world's series yet and doesn't intend to.

Behind him was Leslie Carpenter, a 15 year old high school lad from Jamaica, while third in place was Joseph Jakoud, 26, also of Auburn, who came to New York with Kierst.

The fans afoot were not the only ones among the early arrivals, a number of automobiles reaching the surrounding streets soon after midnight. Drawn curtains indicated the occupants were asleep awaiting daybreak and a chance to buy a ticket.

Toward daylight as the crowd grew larger and the line longer, the police had some arguments to settle, but it wasn't strenuous labor.

Among the early arrivals was Miss May Abrams of New York, who accompanied by her brother, had intended to wait in line until the gates opened. But she changed her mind when it became chilly.

If the open of the bleacherites was any indication of the outcome of the game, the Giants will win. All along the line the National leaguers were favored over the Yankees, yet those who supported the latter club, made up in noise, what they lacked in numbers.

ALL WOMEN INVITED TO PYTHIA MEETING

An open meeting of Pythia Literary society will be held Friday evening, Oct. 7, at 7 o'clock in Lathrop gymnasium.

Varsity Union Site is Sold to University

Regents Now Seek to Buy
Lot West of Y. M.
C. A.

Negotiations which give the university title to the property which is the present site of the Union building were completed at noon yesterday. The property was purchased from Mrs. Ethel Raymer Edmondson.

The purchase means that at present the university owns all the property from the university Y. M. C. A. to Park street, with the exception of a small piece of property located between the present Union building site and the Y. M. C. A. upon which condemnation proceedings are now under way.

The property which was purchased yesterday was originally owned by George Raymer, who was president of the Board of Regents of the university during the years 1890 and 1891. He was also a Civil war hero, and after the war and his return to Madison, he was part owner and editor of the Madison Democrat. Upon his death in California, the property was inherited by his daughter, Mrs. Ethel Raymer Edmondson.

The present Union building site was originally used by the university as an infirmary, in June, 1914. Soon after this it was decided to use the building for more general purposes, and it finally resulted in the property being used as a union building.

Upon the completion of the condemnation proceedings on the small piece of property the entire property, from the Y. M. C. A. to Park street, will be owned by the university. The exact selection for the site for the proposed Memorial building will then be made by the Board of Regents. As it is planned to start building early in 1922, it is believed that the decision will be made by the regents soon after the acquisition of the final piece of property.

FUR FABRIC WRAP FOR WINTER DAYS

This attractive winter coat is made of apinex, a new fur fabric which resembles seal. Large bell-shaped sleeves with tassels and a deep cape collar are interesting features of this wrap. It is but one of the many new wraps which are being made of fur fabrics.

Branch Banks Are Attacked by Frame

Branch banking is attacked as a danger to the competitive system and the country's prosperity, in a pamphlet issued today by Andrew J. Frame, former president of the Waukesha National Bank, and ex-chairman of the Country Bankers' league. "Propagandists of amalgamations and especially of branch banking have spread broadcast their reasons for centralization, with a view of 50 or a hundred great central banks, absorbing the 30,000 in dependent banks," Mr. Frame says. He points to what he says is a marked spread in the number of branch banks directed by central institutions, and urges that national legislation be passed to prevent the establishment of these small institutions which exist in conjunction with the larger establishments.

Y. W. C. A. DRIVE FOR MEMBERSHIP STARTS OCT. 9

The Y. W. C. A. membership campaign starts next week, October 9, and lasts until October 15. At this time every new girl and Freshman will be personally invited to become a Y. W. C. A. member. New members are asked to sign a Y. W. C. A. pledge and designate to the canvasser in what branch of work they prefer to be active. Among the branches of work offered are social service, finance, social, vesper services, publicity, and membership.

Miss Andersen, secretary of Y. W. C. A., urges that the new girls do not wait to be invited to join, but that they come into the office at Lathrop hall and there show their interest by pledging membership.

All the girls who joined last year on the personal basis are members all through their college course, but those Juniors and Seniors who signed up under the old denominational plan are asked to renew their membership if they wish to remain in the association.

Catherine Wheeler '22 is chairman of the membership campaign and has organized ten teams to carry out the work. The drive will culminate in a membership banquet to be held at the Woman's building October 20. At this time Freshman commission will be announced and a short pageant led by the spirit of Y. W. C. A. will set forth the work of the association.

WALKOUT TODAY IS ANNUAL Y. W. C. A. HIKE AND PICNIC

Leaving Lathrop at 4:30 and 5:30 today groups of Freshman girls accompanied by upperclassmen will walk along Willow drive out to Picnic point on the annual Y. W. C. A. walkout.

Supper will be served out on the point and over fires will be roasted wienies, and marshmallows to give the real fall picnic flavor to the affair.

Isabel Capps '23 and Marjorie Severance '23 will head the two groups. Alice Ligare '23 has made all plans for the walkout, and assisting her are Nina Ferris '24 and Elizabeth Kir '23.

The Y. W. C. A. walkout is an annual affair and as there will be a large number of girls desiring to go, those who have not already done so are warned that they must sign up in Lathrop on the poster or call Alice Ligare, B. 136 by noon today.

Snell Estate Boosted As Recreation Park

A reporter was wandering on East Washington Ave. yesterday when four energetic youths were trying to punt, kick and throw a man-sized football as far as Babe Ruth knocks a home run. Their play ground was the street with its moving traffic and its narrow margin for long range play. After a vigorous kick at the pigs skin that sent it into a fenced yard, one fellow exclaimed, "Say, Pudge, wouldn't that block make a swell ball park?" Pudge replied, "You bet. Then we wouldn't have to play on the streets and dodge tin lizzies. I bet Babe Ruth would have a big job knocking the old ball over the fence." The field referred to is part of the Snell Estate, a tract of over 78000 square feet, with East Washington on the north, South Blount St. on the east, Main St. on the south and the Capitol heating plant on the west. A survey of the location proves it an ideal spot for an amusement park. A short five blocks from the square, surrounded by paved streets, East Washington Avenue being the main motor route to Milwaukee, and so centrally located as to make it available for every resident of the city. The expense of fitting this property for an amusement park with fence, grand stand, baseball diamond, etc., would be very small. A nominal admission fee would within the next few years not only pay for the upkeep and care but go a long ways toward paying for the property. Madison needs a municipal amusement park and if the Snell property is available, there are enough fans in Madison to place the proposition before the city council.

Grand Jury Celebrates Jewish Holiday Tuesday

The members of the federal grand jury recessed from their duties for a short time Tuesday afternoon and celebrated in honor of a Jewish holiday. The suggestion was made by Sol Levitan, a member of the jury, and a prominent Madison banker. Court officials, among whom were Judge Claude Z. Luse, U. S. Dist. Atty. W. H. Daugherty, and Asst. U. S. Dist. Atty. Arthur Mulberger, participated in the feast which was held in the jury's chamber.

Devine Promotes Sullivan; Makes Eight Appointments

Postmaster W. A. Devine on Wednesday announced the following appointments: As substitute clerks—Alfred E. Marks, Raymond L. Mindshi, Eric L. Ness, Frank J. Dresen and Eldon R. Oliver. As laborers at Station A—Lawrence S. Sweeney and Philip W. Rinder. As regular carriers—Lewis F. Nelson to replace James E. Sullivan, who was promoted to a clerk.

Mr. Sullivan is one of the oldest carriers in the employ of the Madison department, having been on the job since March 19, 1894. For years he had the Langdon st. route.

AT THE ORPHEUM

Tom Brown's Musical Revue, with rich stage settings and abundance of pep, will be the stellar offering on the new vaudeville bill which opens at the Orpheum tonight and remains for the balance of the week, including the Sunday performances. The company numbering six players, use cornets, saxophones, violin, piano and there will be a song or two by one of the ladies. Other acts of interest on this program will be Jos. Brown, offering "A Timely Sermon," he is a comedian of the refined type, and creates ripples of laughter with his talks and songs. Ray Fern and Maree, a man and women, will present a song and dance act, with comedy grotesque dancing. Remarkable hand-balancing by the Zarrell Brothers; Harry Watkins, a clever monologue entertainer and the Les Valadons "Parisian wire cyclists" complete the bill. Pathe News and Aesop's Fables will also be included.

AT THE GRAND

William Russell comes to the Grand today in his latest starring vehicle "Bare Knuckles," adapted from A. Channing Edington's novel "Brute McGuire." Mr. Russell will be seen in the role of "Brute" who

bosses the hard rock construction men with his bare fists—a role well suited to the star's rugged personality. Mary Thurman, who has been seen in several of Mr. Russell's pictures, plays the leading feminine role.

The scenes of "Bare Knuckles" were taken in the Sierra mountains and some of them were taken during a blizzard with the result that the director pictured some of the best days in a raging blizzard and went through many hardships. But they obtained results that show realistically life in the western construction camps.

SMART FROCKS FOR EVERY HOUR OF COMING FALL DAYS

The frock for morning, afternoon or evening wear is pictured here in these three stunning models. At the left is the afternoon gown made of black Canton crepe trimmed with white self material embroid-

ered in black. In the center is a dainty dinner or dance frock, also of black. Satin is the fabric while the sleeves, tiny gilet and tunic are made of all-over lace. The cloth frock for morning or informal

wear is shown at the right. It is fashioned of navy cloth banded in karakulam, a fur fabric resembling caracul. A loose blouse, loose bell sleeves and lace vestee are featured.

HESPERIA OPEN MEETING FRIDAY

The Hesperian Literary society of the University of Wisconsin, established in 1854, will officially begin the new school year on Friday evening, Oct. 7, at 7:30 o'clock.

The history of Hesperia is associated with many men who have become prominent in the business and professional world. Last June a reunion banquet of Hesperians was

held in the Capitol Cafe. Among the alumni present were those who had attended school shortly after the Civil war.

Hesperia has enjoyed a marked growth both in membership and in loyalty amongst the members during the last year. The slogan of "Once an Hesperian, always an Hesperian" sums up the devotion of those who file up the hill every Friday night to debate and discuss school, political, and economic prob-

lems.

The aims of the society for the present year is to help build up forensics at Wisconsin.
