FANITUL.

Revised and fingered by
RICHARD HOFFMAN.

OLE OLSEN, Op. 23. Nº 3.

"The Fanitul" according to old Norwegian legends, was a wild savage dance, originally played by the Devil, and taught by him to the Village musicians. At the weddings of the Peasants when the sounds of this dance were heard, there followed, as an inevitable result, quarrels and fighting, ending always in the death of one of the combatants.

The dance should be played with a wild demoniacal spirit, all the strong accents_particularly the two discords (bar 16)_ being strictly observed.

Allegro vivace.

Nine Reasons Why the National Graded Course Should Be Used.

BECAUSE

It embodies the work of the most eminent pianists and teachers (see list) of the United States.

It can be readily adapted to any method.

It is the LATEST work of the kind.

ALL of the studies are carefully annotated, fingered and edited.

It is MORE CAREFULLY GRADED than any other course.

It BEGINS AT THE BEGINNING of study.

It SAVES TIME that would otherwise be spent in laborious and often unrewarded search after that which is both suitable and up-to-date.

It COVERS THE ENTIRE FIELD of Piano Literature in an eminently practical, interesting and stimulating manner.

Teachers in all parts of the United States and Canada are enthusiastic in their commendations of these very features.

W. S. B. MATHEWS.
