## MAY NOT COMPETE

### WISCONSIN MAY WITHDRAW FROM INTER-COLLEGIATE MEET.

Question Has Been Raised Regarding  
an Error in Entry of Meyer and  
Poage.

There has been a question raised as  
to the proper entry of some of Wis-  
consin's team, particularly Poage and  
Meyer.

The constitution of the association  
provides that all entries for the inter-  
collegiate must be in twenty-one days  
before the meet. Wisconsin in the  
early part of April sent a list of men  
to the proper office of the association  
and also copies to each of the colleges  
competing in the meet. Meyer and  
Poage's names were included in this  
list.

It seems that some time ago, more  
than twenty-one days before the  
meet, Coach Kilpatrick sent in another  
list from which these names were  
inadvertantly omitted, but were in-  
cluded in the revised list which was  
sent in as provided by the constitution,  
at least six days before the contest.

The matter is largely one of inter-  
pretation of the constitution and at  
most is a mere technicality. It is  
hoped and believed that none of the  
colleges will wish to take advantage  
of such a trifling mistake.

Telegrams are being exchanged and  
the matter will undoubtedly be satis-  
factorily arranged. Wisconsin will  
insist on her right to have the dis-  
puted men compete and if the point  
is not conceded the cardinal track  
team will undoubtedly be unrepres-  
ented at Marshall Field on June 1.

### Looks Like U. W. vs. Michigan.

Saturday will occur the big event of  
the track season. The conference  
colleges Association will hold forth  
nual track meet at Marshall Field  
while the same day the old Inter-  
collegiate Association will hold forth  
at the Ravenswood grounds. Wiscon-  
sin is principally interested in the  
conference meet for it is there that  
her representatives will compete. The  
cardinal prospects are not as bright  
as they might be. Although its  
track men are speedier than they have  
been for several years, it is thought  
that they are not quite good enough to  
win the required number of points in  
order to capture the meet. A total  
of thirty points will win the pen-  
nant in all probability; Wisconsin  
can bank on at least twenty-five while  
surprises may give her a few more.

The meet will undoubtedly be a  
pretty contest between Michigan and  
Wisconsin. Michigan is picked as  
the favorite by some critics but with  
weather conditions favorable Wiscon-  
sin will undoubtedly present some sur-  
prises.

Professors Bull, Mack and Jackson  
left this noon for Milwaukee where  
they will attend the annual meeting  
of the mechanical engineers. Profes-  
sor Bull is to deliver a paper before  
the meeting on Thursday morning on  
the "Locomotive Exhibits at the Paris  
Exposition." Dean Johnson and Profes-  
sor Richter will leave tomorrow to  
attend the meeting.

The school of commerce nine  
defeated the freshman engineers yes-  
terday afternoon by a score of 14 to 13.

## NEW REGENTS APPOINTED.

Governor La Follette Names Success-  
ors to Officers Whose Terms Expire.

Governor La Follette to-day an-  
nounced his appointment of new Uni-  
versity regents who will succeed the  
officers whose terms expire this year.

In the first district H. C. Taylor  
of Orfordville succeeds Ogden H.  
Fethers. In the third district, Dwight  
Parker of Fennimore succeeds John E.  
Morgan. In the fourth district, Dr.  
Alma J. Frisby, '78, succeeds George H.  
Noyes. In the eighth district James C.  
Kerwin succeeds Orlando E. Clark.  
In the ninth district, E. A. Edmunds  
succeeds J. A. Van Cleve.

## A NEW FRATERNITY

### ONE WILL PROBABLY BE IN- STITUTED NEXT YEAR.

Members Have Already Rented  
Kappa House and Petitioned for  
A Charter.

It seems there is a good foundation  
for the persistent rumors that have  
been afloat for some time to the effect  
that there is to be established here a  
new Greek-letter fraternity. One  
and possibly two new chapters are  
likely to be instituted next year.

The rumor goes like this: there is  
in the University an organized society  
of about fifteen students whose ideal  
is a society with good fellowship and  
good scholarship as its motto, and  
that these men have petitioned some  
leading national fraternity for a  
charter, and have rented the Kappa  
house on Langdon street for next year.  
It was said that they would remain in-  
dependent for a year and then be  
granted a charter.

Dr. O. G. Libby is mentioned as  
being at the head of the movement  
and it is said that Professor Slaughter  
is also connected with it. Professor  
Slaughter, who is a member of Delta  
Kappa Epsilon, denied having any  
connection with the movement and  
stated emphatically that the fraternity  
the petitioners were after was not  
Delta Kappa Epsilon, as had been  
reported. He did not deny, however,  
that there was such a movement on  
foot, but refused to say anything about it.

Dr. Libby was interviewed but re-  
fused to talk. When asked as to the  
truth of the rumor that there was  
such an organization which had rented  
the Kappa house for next year, he  
said, "I am not in a position to talk  
on the matter, one way or the other."  
He did not deny the rumor, or dis-  
claim his own connection with the  
movement. He said that he had heard  
of two new fraternities, but nothing  
could be found out regarding the  
second, and this is probably only the  
one organization.

## WILL GO TO PHILIPPINES.

### J. F. Hurd and S. R. Connor Accept Government Positions.

J. T. Hurd, '01, and S. R. Connor,  
'99, of the civil engineering course  
will go to the Philippines, having ac-  
cepted positions with the government  
there. They will occupy positions as  
U. S. assistant engineers at salaries  
amounting to nearly \$2,000 per year.

Both of these men were appointed on  
the recommendation of the college  
faculty. They will sail from San  
Francisco on the next government  
transport which leaves that port.

## PRINCIPALS TO CONFER

### WILL HOLD MEETINGS FRIDAY AND SATURDAY.

Banquet at Keeley's Friday Night—  
Prominent Educators to Attend  
Conferences.

At the time of the Interscholastic  
meet there will be a large number of  
high school principals and teachers  
here from all parts of the state. The  
faculty of the University will tender  
them a banquet at Keeley's on Friday  
evening.

On Friday and Saturday they will  
discuss subjects of mutual interest  
pertaining to education in secondary  
schools. The program for the meeting  
in room 16 Main Hall, on Friday  
morning, has been arranged as follows:

1. Shall the University send re-  
ports of standing of all freshmen to  
principals. Professor A. W. Tressler.  
Remarks by Principal H. L. Terry,  
Waukesha, and Superintendent J. E.  
Edwards, Marinette.

2. The system of exemption from  
examinations in the high school. Dis-  
cussion by Principals D. D. Mayne,  
Janesville; G. H. Landgraf, Berlin; F.  
E. Converse, Beloit; F. E. Doty,  
Sparta; Superintendent Karl Mathie,  
Wausau, and others.

3. The background in education.  
Acting President E. A. Birge.

4. Illustration of the principles of  
physical geography in the high school.  
Professor C. R. Van Hise.

Saturday mornig will be devoted to  
conferences upon various subjects.  
In the physical lecture room Professor  
Slichter will preside over a conference  
upon science and mathematics.  
Professor Haskins will be chairman of  
the conference on English and History  
to be held in room 300 Library  
Building.

The conference on German, Latin  
and Greek will be held in room 3,  
North hall and will be led by Profes-  
sor Charles Forster Smith.

All of these conferences will be at-  
tended by prominent faculty members  
and the leading educators of the state.

### Banquet for Dr. Bascom.

As has already been announced, Dr.  
John Bascom when in Madison  
early next month is to deliver the Phi  
Beta Kappa address. He has also  
been invited to make a special address  
to the students. Regular University  
exercises will be suspended, and there  
will no doubt be a large gathering. In  
view of this, the address will be given  
at armory hall. The resident alumni,  
being especially interested in Dr. Bas-  
com's visit, have taken steps to give  
a banquet in his honor. The commit-  
tee of arrangements, Prof. J. E. Olson,  
Mrs. F. C. Sharp, Prof. C. H. Van  
Hise and Mr. C. N. Brown, has chosen  
Friday evening, June 7, at Library Hall  
as the time and place. The commit-  
tee has felt compelled to limit the in-  
vitations to members of the faculty  
who served with Dr. Bascom, and to  
resident alumni of classes prior to and  
including 1890, with wives or hus-  
bands. Governor La Follette will pre-  
side. Grace church guild will serve  
the banquet.

Bernard C. Dorset, '00, who has  
been attending the Pennsylvania medi-  
cal school during the past year, is  
spending a few days at the Phi Delt  
house.

## AGAINST THE UNION LABEL.

So Jury Decides in Philomathia's Semi-  
public Debate.

The last Semi-public debate of the  
year was held last night in Library  
Hall by Philomathia's sophomores  
who made a most creditable appear-  
ance.

Primakow, Wrabetz and Schuette  
(closer), were awarded the decision  
by the jury over Hale, Foelske and  
Minahan (closer). The latter argued  
the affirmative side of the question:  
Is the Use of the Union Label Advan-  
tageous to the Wage Earning Classes  
as a Whole? The debate was a close  
one and the men were well matched.

Lawrence C. Liljeqvist was presi-  
dent of the evening. An oration on  
"Gladstone" was creditably delivered  
by Wm. E. Schmidt before the debate.  
W. G. Hamilton rendered a vocal solo  
and S. E. Washburn played a flute  
solo Prof. F. J. Turner, Hon. Burr  
W. Jones and Mr. George Raymer of-  
ficiated as judges and their decision  
for the negative was well received by  
the audience. The attendance was far  
from what such a debate merited but  
was due for the most part to the late-  
ness of the season and inopportune  
time at which the debate was held.

Ben S. Hale opened for the affirmative  
with a clear and logical debate.  
He was followed on the negative by  
Jacob Primakow whose debate showed  
a great deal of research work and  
was delivered in a direct and convinc-  
ing manner. Henry Foelske of the af-  
firmative continued the argument of  
his colleague. His debate was notice-  
ably well worked up. Votja Wrabetz  
did some very effective rebuttal for  
the negative when he took the floor.  
His speech was filled with strong argu-  
ments for his side of the proposition.

Eben R. Minahan made a strong  
speech closing the argument for the  
affirmative. He held that the union  
label was a preventive of strikes, im-  
proved sanitary conditions, obtained  
shorter hours and better wages for the  
laboring classes, and strengthened the  
labor unions.

P. A. Schuette closed for the nega-  
tive. He devoted considerable time  
to rebuttal. His debate had appar-  
ently much influence with the jury.  
The negative favored labor unions gen-  
erally but was opposed to the boy-  
cott. On the part of the negative Mr.  
Schuette contended as a substitute for  
the union label, for better immigration  
and labor legislation. He held that the  
union label meant boycott.

### Inter-fraternity Games.

Delta Tau Delta defeated Beta  
Theta Pi yesterday afternoon at Camp  
Randall in a seven-inning game by a  
score of 6 to 4. The contest was very  
evenly played throughout and abounding  
in brilliant plays. Tratt and Walker were the battery for  
the Betas while Fisher and Hamilton  
were at the points for the Delta Taus.

The Chi Psis defeated Phi Kappa  
Psi yesterday afternoon on the lower  
campus by a score of 10 to 3. The  
game was closer than the score  
indicates and was well played by both  
teams.

Hesperia defeated Athenae yester-  
day at Camp Randall by a score of  
18 to 5. This is the first of the series  
of games for the pennant offered by  
Dr. Elsom. The winner of two out of  
three in the finals gets the pennant.  
The same teams play again tomorrow  
afternoon on the lower campus.

A social meeting of the Graduate  
Club will be held Wednesday evening,  
May 29, at the home of Miss Sabina M.  
Herfurth, 703 E. Gorham street.  
Seniors are invited.

## The Interscholastic.

The growth and development of the interscholastic literary and athletic meets into the size and proportions which they have of late assumed, is of the greatest significance to the University, the high schools and thus to the entire educational system of the state. The fact that thousands of high school students look to their state university as the Mecca of pilgrimages declamatory and athletic during their school years and regard it as the something to be attained after leaving high school if possible, is a mighty factor in the continuous flood of students that come to Madison for their college life.

The faculty realizes this and makes of the occasion the opportunity of bringing principals of secondary schools to the University for consultation and mutual profit. The schools themselves have, since the inauguration of these meets, developed an esprit de corps and a progressiveness that were hardly considered possible before that time. This has resulted in the consolidation of the schools into a more or less perfect whole, drawing its inspiration from the University and acting largely in accordance with its systems. This state of things is as marked in athletics and interschool contests as it is in the more purely academic field.

Although for the few days that the meets are in progress the spirit may sometimes seem an exaggerated and disproportionate one, still, when we consider how its effects distribute themselves over the entire year, we can heartily second and encourage the efforts which have brought about and are keeping alive the system that gives us the Interscholastic.

## The Weather.

Fair tonight and Wednesday.

Professor Galbreath, dean of the college of engineering of the University of Toronto and Professor Wright of the same institution are visiting the college of engineering. They are here for the purpose of studying the new engineering building with reference to building one at their own University in the near future.

Professor R. A. Moore is making a tour of the schools in Keweenaw county, lecturing on advantages of Short Course in Agriculture.

Professor Paul S. Reisch has contributed to the June Forum an article on "The Application of Western Political Ideas in the Orient."

## Interscholastic Dec.

Fourteen different high schools of the state and upper Michigan will be represented in the interscholastic declamatory contest next Friday afternoon. The contestants have all been selected with much care in the preliminaries. This assures an unusually good final contest.

A reception will be tendered to the visiting delegations at Chadbourn Hall Friday evening after the contest. The patronesses will be Mrs. Governor La Follette, Mrs. E. A. Birge and Mrs. D. B. Frankenburger.

The governor has also been asked to meet the high school people. The reception is open to all and students of the University are requested to come to make the visit of the high schools student as pleasant as possible.

## Distances on Mendota.

It may be of interest to rowers to know how far they go when they take a boat out on Lake Mendota, and the following information which the Boat House Company has taken from the map made from the recent Wisconsin Geological and Natural History Survey and posted in the University Boat House, will probably settle a good many arguments.

From the University Boat House to Picnic Point is 1 3-16 miles; to the "portage," 1 1-4 mi.; to Maple Bluff, 2 5-8 mi.; to City Boat House, 3-8 mi.; to the outlet, 1 7-8 mi.; to the Catfish Outlet, 4 1-2 mi.; to the Asylum Landing, 3 1-2 mi.; to Six Mile Creek, 4 5-8 mi.; to Governor's Island, 3 3-16 mi.; to Farwell's Point, 3 3-4 mi.; to Fox's Bluff via port, 3 9-16.

From the portage to Pleasant Branch Creek, 3 1-2 mi.; to Second Point, 11-16 mi.

From second point to Black Hawk Cave, 13-16 mi.; to Minnekawan Spring, 2 mi.

From Picnic Point to Maple Bluff, 2 3-8 mi.

The area of lake, 15.2 sq. miles. Circumference, 21.9 miles. Elevation, 846 feet. Greatest depth, 84 feet.

The Boat House Company has been very successful this year, and has kept things in good running order. The new loose oars which were ordered have arrived and will undoubtedly give better satisfaction to most patrons than the old fixed oars.

Pennsylvania will soon commence the erection of a new laboratory building which will be the greatest of its kind in the world. The building will be 340 feet by 200 feet and will cost \$500,000.

Harvard is being made the subject of severe criticisms in the editorial columns of a number of papers because of the objections raised when it was proposed to confer the degree of L. L. D. upon President McKinley.

The first meet between Pennsylvania and Columbia resulted in a victory for the former by a score of 88 to 55.

Stillman of Yale recently in practice broke the intercollegiate hammer throwing record by a throw of 159 feet.

## HELMHOLZ WINS FIRST ROUND

Wisconsin's Chances in Inter-collegiate  
Tennis Meet are Good.At the inter-collegiate tennis tournament  
opened in Chicago yesterday. Helmholtz defeated Axtell of Chicago  
in the first round of the singles. The  
marcons were shut out of the singles  
yesterday but will play in the doubles  
today. In the preliminary round of  
singles Zimmerman of Northwestern  
won from Noble of Armour Institute,  
2-6, 6-2, 6-1. In the first round Danforth  
of Michigan defeated Bruce of  
Chicago, 8-6, 8-6; and Helmholtz won  
from Axtell, 6-3, 6-4. One set of  
doubles was played resulting in a victory  
for Zimmerman and Potter of  
Northwestern over Noble and Ham-  
mond of Armour Institute.Chicago, Michigan. Northwestern  
and Wisconsin Universities and Ar-  
mour Institute each have played at  
the Kenwood Country Club Courts  
contesting for the championship. The  
team which represents Wisconsin at  
Chicago is an arbitrarily chosen one,  
Seaman and Helmholtz being the  
strongest combination in doubles and  
at the same time strong in the  
singles. The semi-finals are being  
played off at Chicago today.Yesterday afternoon on the home  
court Gates defeated Stewart 7-5, 3-6,  
6-1, 6-4, and thereby won third place  
on the regular Varsity team. Beyle  
last year's champion, and Helmholtz  
this year's winner, are the first and  
second members of the team. Tomor-  
row Grant will play Stewart, and the  
winner will be the fourth member of  
the team unless some one challenges  
the winner and defeats him. Seaman  
who is now playing in Chicago, is not  
a member of the team, but he may  
challenge one of the winners and by  
defeating him win a position on the  
team. His form in today's play in  
Chicago will undoubtedly show  
whether he has regained his form suf-  
ficiently well to do this.It is likely that a little later in the  
season a team will be picked from the  
faculty to meet some of the better  
student players outside of the regular  
team. There are some strong players  
among the faculty, and such a match  
would be interesting tennis.
