NOTRE DAME DOWND

PUTS UP POOR SHOWING AGAINST VARSITY TEAM.

Final Score of 16 to 6 Results
After a Long-Drawn-Out
Game.

The team of ball tossers from Notre Dame who have such a reputation for walloping their brethren on the diamond, fell shy of making good yesterday afternoon. In only two innings did Wisconsin fail to circle the square, and in the other seven they piled up sixteen chalkmarks. The game was long and rather slow, but it showed up some encouraging development in the Varsity team and in spite of the recent dampness there were a number of brilliant plays. Mathews pitched the entire game and while he did not exert himself much he allowed only ten hits. The visitors were beaten in two innings and the rest of the game was jogged through without much fight being shown by Notre Dame.

The maligned position of shortstop was played for Wisconsin in a way that makes it look as though the problem was not so bad after all. Murphy was there with the stick when they wanted a hit, caught a man off second, and nabbed six hot ones out of the rainsoaked dirt like a jacksnipe catching slugs on a mud flat. Notre Dame on the other hand, could hardly lay all the blame on her pitchers, for the infielders all seemed to have holes in their mitts. In the fourth Pierce hit the ball to the right fielder, who let it go through him, and then threw it to the diamond where the second baseman, shortstop and pitcher all made feeble and vain clutches at it while Harkin loped home and Pierce trotted to third. The visitors took their trouncing goodnaturedly. They probably have not yet recovered from the trance they fell into at Minneapolis.

Curtis played a steady and errorless game in left field, and if Murphy continues to get in front of things as he did yesterday, the team will be hard to break through when they meet Chicago Saturday.

The score:

Wisconsin	R. B.	P.	A.	E.

PHILOMATHIA'S SEMI-PUBLIC.

To be Held May 27 on Union Label Question.

The date of Philomathia's semi-public has been set for Monday, May 27th. The question is a live one, and has been well worked up and an interesting debate should result. The question is: Is the union label advantageous to the wage earning classes as a whole? The affirmative will be supported by Hale, Foelske, and Minahan closer; negative, Primakow, Wrabetz, and Schuette, closer.

CLOSE CONTESTS

PROMISED IN CHICAGO—WISCONSIN MEET SATURDAY.

Will Take Place on Marshall Field—Excursion Rates Secured—Varsity Should Win.

The big dual meet with Chicago will be held on Marshall Field Saturday and promises to be a close and hard fought contest. In the Illinois meet Wisconsin won very easily and should be able to down Chicago on their own grounds Saturday. Wisconsin's men showed the results of the conscientious training under Coach Kilpatrick, and unless something unforeseen happens they will probably win the coming meet.

We are in better shape than last Saturday; both Schule and Bredsteen being again in good condition. In the quarter-mile run Poage should be able to win us a place, and in the other events Wisconsin will be well represented.

Many points were won in the Illinois meet in the jumps and weight events because of the weakness of Illinois. In the Chicago meet our men will have stronger men to compete with in these events and we can not expect to score as many points. In the middle distance runs also Chicago is strong and it is acknowledged that the men entered for the maroon in these events are the best in the west. Thus the Chicago meet will be harder to win than the contest with Illinois; yet if the conditions are favorable we should be able to carry off the pennant.

For those who desire to go down with the team a rate of a fare and a third has been obtained.

The following are Wisconsin's entries:

100 yd. dash—McGowan Senn,

Poage; 220 yd. dash—McGowan Senn,

Hayden; 440 yds. run—Poage, Chapman, Hayden, Moffatt; 880 yd. run—Burdick, Ross, Hahn; mile run—Hahn, Keachie, MacFarland; two-mile run—Bredsteen, Smith, MacEachron, Hahn, Keachie; 120 yd. hurdles—Schule, McCrossen; high jump—Hughes, Meyer, Bishop; pole vault—Wheeler, Muckleston, Bishop; broad jump—Schule, Borreson, Hughes; hammer throw—Webster, Lerum; shot put—Webster, Graas, Schreiber; discus throw—Webster, Wheeler, Watson; mile relay—Moffatt, Poage, Chapman, McGowan, Hayden, Saunders.

BIG ATTRACTION

DAILY CARDINALS AND SPHINXES TO CROSS BATS.

Contest to Take Place at Camp Randall on Memorial Day for Benefit of Players.

in the teeth of the challengers as follows:

THE RETORT.

We have at our sanctum your invitation to "display" ourselves in a baseball game at Camp Randall next Thursday morning. Although it is beneath the dignity of the moulders of public opinion to stoop to mingle in a contest of strength or intellect with such a mediocre lot as you, nevertheless, out of a desire to do humanity a service by obliterating you from the face of the earth we accept your invitation.

Daily Cardinal.

Following is the line-up (subject to changes as the game progresses or retrogresses):

Daily Cardinals	Sphinxers
Knoff	p Chandler
Masters	c E. W. Allen
Kemp	1 b Koffend
Landt	2 b Rounds
Beule	3 b McArdle
Pearce	ss Sargeant
Moffatt	lf John
Marquisee	cf Winkler
Patrick	rf Van Hagen

Substitutes—Daily Cardinal: Hollen, (utility man), Horsfall, Plumb and Brindley.

Sphinx—Kraus, Ellis, Chas. Allen and Groman.

The Sphinxers meet this afternoon to elect their captain while the Cardinal will postpone a similar effort until after the game. "Conkey" Pearce will handle the cash for the Daily while "Smooth" McArdle will watch the Sphinxer's gate receipts.

Further particulars will be given later. Remember the date and then forget it!

Captain of the Sphinx Team.

gloves. Spiked shoes may be worn but must not be used to disable an opponent.

The place selected for the battle is the historic diamond at Camp Randall. The time has been fixed upon at nine in the morning of Memorial day next Thursday.

THE DEFI.

Hear Ye Cardinal!

The ancient ball twisters of the staff hereby extend greetings to the (K)night on-a-bat of the Daily Cardinal staff and cordially invite them to display themselves on the diamond of Camp Randall at 9:30 o'clock on the morning of Decoration day Thursday, May 30. Free vaudeville on every base with variations in the pitcher's box. "Over The Fence is Out" and other pathetic airs by the Varsity band.

Cordially, The Sphinx.

What moved the purveyors of incomprehensible and ante-deluvian jokes to shake off the thick layer of mummy dust that covered them, and throw down the gauntlet to the Daily Cardinal staff is not known, but rumor has it that Cheops Rameses Rounds, while on a recent tour in Little Egypt, discovered a musty papyrus which was interpreted by Rhaetus Psammetichus Kraus, chief of the hieroglyphic department, as declaring the Sphinx to be invincible. Invincible in her own conceit she surely is.

But the Cardinal editors, though long suffering, are not of the caliber that lies quietly down and lets itself be trampled upon without a protest or allows challenges made in a spirit of boastful superiority to go unanswered. And so defiance has been flung back

Desirous of a conspicuous place in the public eye, a crowd of underclassmen held a "fake" hazing party last evening. They carried one of their own number to the steps of Chabourne Hall where he was compelled to deliver his carefully prepared oration to admiring applause from the windows.

The party next attacked the old foot-ball dummy, who resisted violently. However, they finally, with a great deal of noise, succeeded in dragging it through the Acting President's yard, under the study windows, and on to the lake.

They had the affair previously written up in the yellowest of rhetoric and supplied the newspapers gratis. They rather overestimated the credulity of the press and they failed in their scheme as far as notoriety was concerned.

John R. Tanner Dead.

John R. Tanner, ex-governor of Illinois, died suddenly this afternoon at his rooms at the Leland hotel, Springfield, of rheumatism of the heart.

Posters are now out for the annual meet of the Madison High school which is to be held at Camp Randall next Saturday. As a result of this meet representatives will be picked out for the interscholastic meet June 1st.

WISCONSIN TELEPHONE COMPANY.

Public Convenience.

At the last popular dance at the gymnasium as at all the previous ones, the programs called for four extras, and these were thrown in at places that could not be foreseen. This always leads to considerable confusion. Persons in the hallways, or who do not happen to be listening, miss the announcement and dances get cut and, later, people also, perhaps.

It is up to the colonel and staff to give some better reason than the inertia of custom for continuing this nuisance. The order could be announced in the Cardinal beforehand, or the program could be played through as eighteen straight dances.

Publicity.

The abortive efforts of a crowd of sophomores to put up a practical joke on the faculty and the public at large last evening has more than one aspect. As far as the faculty are concerned, they are the natural enemies of the yearlings, from the sophomoric point of view, at least, and not entitled to much consideration.

But the other aspect is more serious. Even the embryonic respectability of the underclassman ought to shrink from bandying the alma mater's name in the scare type of the county papers. The idea of deliberately planning injury to the University's future, of arousing all the old grannies in the state to buzzing scandal against the college, of supplying all the papers with a big scandal article to be retracted the next day in an inconspicuous squib among the advertisements, marks the perpetrators as unworthy of the bounty they enjoy.

A little rough fun among the underclassmen is unobjectionable in itself. The Cardinal does not worry very much when a freshman goes into the lake, to say nothing of the dummy. But the idea of systematically advertising the affair, of sending the newspapers double-headed scares, and deliberately making a public scandal of it, is a part of the thing that cannot be commended.

The Weather.

Showers to-night. Friday generally fair.

The American Society of Mechanical Engineers meets in Milwaukee next week from Tuesday until Friday. This is a national organization which includes all the leading mechanical engineers of the country. The members of the faculty of the engineering school who are members of the society are Dean Johnson, Professor Bull, Professor Jackson, Professor Mack, Professor Richter and Professor C. I. King. Professor Bull will deliver a paper before the society on "The Locomotive Exhibit at the Paris Exhibition in 1900."

These meetings occur but once a year always during the month of May. This opportunity appeared to the members of the engineering faculty so favorable that they will all attend the meeting at least a portion of the time.

Dean Birge received a letter this morning from President Adams stating that he and Mrs. Adams were both very well. At present President Adams is at Bod Wildungen, Germany, and Mrs. Adams is at Meran in the Tyrol.

The summer school for apprentices and artisans is likely to be well attended. Already about seventy-five have signified their intention to attend. The corps of instruction for this school as now decided upon will consist of Professors Mack (chairman,) King, Swenson, Richter, Mr. Zimmerman, Mr. Lottes Mr. Shuster, Mr. Kratzsch and Mr. Hankinson.

Japanese Evening.

On Thursday evening of this week the Epworth League will give a Japanese social in the lecture room of the church. Miss Rebecca Watson who has been a missionary in Japan for several years will speak a short time and everyone will have an opportunity to meet her. There will be a Japanese tea-house where Japanese refreshments will be served by Japanese ladies. No admission will be charged but a chance will be given for those who wish to make a voluntary offering to pay the expenses of the evening. A cordial invitation is extended to the students.

The two battalions of the University regiment will participate in the sham battle Tuesday, June 4. One of the battalions will defend Observatory Hill against the attack of the other, and a very realistic effect will be given by the use of blank cartridges. About fifty rounds apiece have been provided.

The movements will be in extended order, which is fully explained in the drill regulations, pages 186-227. Each corporal will lead his squad, and it is necessary that they have a very good understanding of the movements if it is to be a thorough success. There will be two or three regular drills devoted to practicing the formations, and no efforts on the part of the officers will be spared to make the sham battle all that it should be.

Lecture on Pompeii.

Dr. Showerman lectured on Pompeii yesterday afternoon before the class in Roman history. The lecture was illustrated with stereoptican views mostly of the Pompeian excavations. Dr. Showerman said that the ruins of Pompeii were studied to learn of the private life of the ancient Romans, while Rome was studied for their public life. He first told something of the destruction of the city but dwelt more particularly on the excavations. Finally he took his hearers on a trip through the excavated city, visiting the forum, public buildings, private dwellings, and various points of interest.

—Dean Henry returned last evening from Champaign, Ill., where he attended the dedication exercises of the new agricultural building of the University of Illinois. For the erection of this building the legislature appropriated two years ago \$150,000. The last session of the Illinois legislature gave the University over \$850,000, the largest amount ever appropriated by one legislature to a state university. The agricultural department of the University of Illinois has now the largest income of any similar school in the world.

RUSH MEDICAL COLLEGE.
In Affiliation with the Univ. of Chicago.

Organized 1837.

The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each Quarter and the beginning of the next following. The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 45 months must elapse between the date of a first matriculation and the date of graduation.
