Robert P. Gerholz, General Chairman, Names Committees For Big Event March 1

DR. C. W. GILKEY SPEAKS

With the appointment of all committees by Robert P. Gerholz, general chairman, the organization for the annual all-University Religious conference is complete. The conference this year will be held March 10 to 12, opening the first day with an all university convocation in Lathrop gym at 4:30 p. m.

The principal speaker will be Dr. Charles W. Gilkey, of Chicago. Dr. Gilkey is pastor of the Hyde Park Baptist church in that city. He has won national recognition as a speaker before university audiences. He recently conducted the religious conference at Kansas university and just before coming to Wisconsin, he will lead the conference at the University of Minnesota.

The work for the conference will formally open next Thursday evening with a banquet at Christ Presbyterian church.

Following is the organization as announced yesterday:

General chairmen — Robert P. Gerholz, Esther Bellows.

Publicity—Sterling Tracy, Robert Reynolds, Hickman Powell, Edward Schele.

Arrangements and decorations—Alfred Willett and Alethea Sr. chairmen; Marie Ricker, I. Krends, Robert Rundorf, James Watson, Dorothy Eaton.

Finance—Stan Jacka and Minni Beattie, chairmen; Ida Gilbert, Ethel Terrell, Cleo Parsley, Jenni Heisig, Phil Voltz, Harold Groth.

Conference banquet — Walter Baum and Norma Carl, chairmen; Helen Trettien, Wesley Brandenburg, Howard Smith, George Baum, Quehlke H. Kingsford.

Conference information to foreign students—Ray Baber, chairman; Alfred Willett, Loran Clark, James Buxton.

Church executive committee — Lucius Chase and Martha Buell chairmen; Lula Staab, Stan Jacka, Seville McReynolds, Wilbur Wittenburg, Esther Harris, James Ralph, Helen Burt, Wayne Morse, Erma Kahle, Bert White, Pearl Lightfield, Ruth Scott, Wallace Rice, Roy Sorenson, Worth Shoults, Margaret Emmerling.

LUCINE FINCH TO READ THURSDAY

Lucine Finch, the dramatic reader whose wonderful gift of narrative delighted the audience who heard her read her "Mammy" stories last year, has been engaged by the dramatic clubs to read here again on Thursday, March 2. She will read in 165 Bascom hall at 8:15 p. m.

Miss Finch returns for her second engagement after making a distinct reputation for herself whenever she has read as a remarkable entertainer. Her program consists of a novel interpretation of the rich and varied character of the old southern "mammy." Most of these stories Miss Finch heard from her negro "mammy" who served for three generations in the Finch family in New Orleans.

BETA CHI GETS CHARTER FROM ALPHA CHI RHO

Installation of Local Chapter of Strong National to Be in Spring

Beta Chi Sigma, local fraternity was granted a charter by the national convention of Alpha Chi Rho which ended its sessions at Philadelphia yesterday. The announcement was sent to the local chapter by John R. McCrory who represented Beta Chi Sigma at the national convention. The chapter will be installed later in the spring.

Beta Chi was recognized as a local fraternity by the student life and interests committee on November 23, 1921. Since the beginning of the second semester the fraternity has occupied the former home of Phi Beta Pi, 609 N. Lake street.

The regular members of Beta Chi Sigma are E. Walter Anderson, Earl R. Cornwell, Armand L. Golay, G. Arthur Johnson, H. Dean Kitchin, Halsey Kraege, Elroy R. Luedtke, Robert L. Luening, John R. McCrory, Walter Nyhus, William A. Oakey, Ivan H. Peterman, Lester F. Schenkenberg, Adolph W. Sprain, Robert B. Stewart, Gilman A. Thompson, Gordon S. Thompson, and Sterling H. Tracy.

The pledges are E. Blake Blair, Charles F. Christensen, Llewellyn R. Cole, Phil G. Deicher, Robert T. Griebling, Fred Gustorf, Gamber F. Tegtmeyer, and George F. Walstad.

Beta Chi Rho was established in 1895 at Trinity college, Connecticut. Until the last few years it was confined to eastern universities. There are now 18 chapters, as follows in the order of their establishment: Polytechnic, University of Pennsylvania, Columbia, Lafayette college, Dickinson college, Yale, Syracuse University of Virginia, Washington and Lee, Cornell, Wesleyan (Conn.), Allegheny, University of Illinois, Pennsylvania State college, Lehigh, Dartmouth, and University of Michigan.

There are now two members of Alpha Chi Rho on the faculty, Prof. D. S. Robinson, in the Philosophy department, and Prof. B. Q. Morgan, in the German department.

TWELFTH NIGHT PRESENTS MOST DELIGHTFUL AND VARIED PROGRAM

By WALTER K. SCHWINN

It was a varied and delightful program that Twelfth Night gave last night at Lathrop, producing three one-act plays. It was a well-balanced and nicely conceived program, although a last minute rearrangement of the program rather marred the total effect. As it was, the pieces ran off smoothly and accurately, with many good touches of real acting.

Oscar Wilde's fantasy, "The Birthday of the Infanta," was the first play. It was originally intended as the second number, and there it should have been played, for the piece is not a good opener. The situations are intense and the lines quite subtle; it is rather difficult to orient one's self at once. But John Beffel's excellent acting and Lillian Bressler's very charming manner overcame quite readily any obstacles of position. Beffel was the crippled fantastic, and he took the part well, giving the role a deal of imagination and power. He played it with an eye for the tragedy of the situation; Gregory Kelly, who used to the same part for Stuart Walker's Portmanteau group, was a little more whimsical and shy. Beffel's interpretation is more thrillingly dramatic, if not so picturesque, I liked him immensely.

"Sunny Morning," a Spanish comedy by Sarafin and Joaquin Quintoro, was a pleasant little bit of high comedy. Alethea Smith and Alfred Ludden as two old people

REIN SCH SPEAKS AT CONVOCATION IN MUSIC HALL

Former Professor Discusses "Arms Parley and Far East" Monday

"The Washington Conference and the Far East" is the subject which Prof. Paul S. Reinsch will discuss at a convocation to be held tomorrow at 4:30 in Music hall.

Professor Reinsch, who was professor of political science in the university from 1899 to 1913, and minister to China from 1913 to 1919, has written a series of articles criticising the accomplishments of the Washington conference.

In discussing Professor Reinsch, Prof. Alfred P. Haake, of the economics department, said:

"Because of his critical attitude toward the results of the Washington conference, Professor Reinsch's talk should be particularly interesting to those who are wondering whether the conference accomplished as much as it might have. I believe it will be very much worth while."

Professor Reinsch is a native of Wisconsin and a graduate of the university. He has long been active in political affairs of the United States and China. He has written several books on the question of the Far East, and political economy.

CARDINAL STAFF

There will be a compulsory meeting of all members of the Daily Cardinal editorial staff tomorrow afternoon at 5 o'clock in the Union building.

Knollin Wins Three Firsts; Beloit, Postel, Shattuck Set New Marks In Meet

SUNDT WINS MUCKS CUP

Five annex records were shattered and one tied last night in the biggest annual relay carnival ever staged at the University of Wisconsin.

Al Knollin, Badger cinder star and captain of the track team, lowered George Stolley's record in the 45-yard low hurdles by one-fifth of a second, skimming the sticks in 5 2-5 seconds for the new mark. The Wisconsin captain also tied Meade Burke's high hurdle mark of 5 2-5 seconds and took first in the 40-yard dash, taking three firsts in the seven open events of the meet.

Beloit Sets New Mark

In the speedy state college relay, the Beloit quartet clipped 4 3-5 seconds from their annex record made last year, setting a new mark of 2 minutes 22 seconds. The fast Beloit squad out-distanced both Milton college and Milwaukee normal in a close finish, a Milwaukee man leading until the last lap, when Addie, the Beloit streak, sprinted and nosed his opponent at the tape.

Postel, of St. John's Military academy, tossed the 12-pound shot 42 feet 1 inch for a new mark in the academy event. His heave was 3 feet farther than that made by Guy Sundt for his win in the 16-pound open affair.

Shattuck Shatters Record

Shattuck Military academy shattered the record wide last year by the Culver team in the Academy relay event, the Minnesota squad cutting the annex record by 12 seconds in the feature race of the night.

The Alpha Chi Omega team captained by Mark Wall captured the annual inter-sorority race, setting a new time of 8 minutes 20 seconds for the medley run. Taylor led the first heat for the Alpha Chis in the half mile, and slipped the baton to the speedy quarter miler, Spetz, well in the lead of the other runners. Schneider held the lead for the team in a speedy two laps, and Wall finished up with a record mile.

Sundt Wins Mucks' Trophy

The Arlie Mucks trophy for the open shot put went into the possession of Guy Sundt last night when he won the event for his fourth consecutive year. His heave of 39 feet 1 1-4 inches won him the event.

Dale Merrick in the pole vault strained but did not quite break a record in his event. After aviating over the bar at 12 feet 4 3-4 inches, the stick was set two inches higher, three quarters of an inch above the annex record, but the Badger star failed to clear this added distance.

Exceptionally good work was performed by the Military academies (Continued on Page 11)

RESERVE SEATS FOR STOCK SHOW

"Seats will be reserved at the Little International Live Stock show to be held in the university stock pavilion, next Saturday evening," declared Helmar Casperson '22, in charge of ticket sales.

It is thought that live stock fans, and organizations that are interested in the riding contests, would desire seats near the center of the stock pavilion. Seats may be purchased in groups at \$1 each, by remitting the money together with a stamped, self-addressed envelope, to Casperson, 309 N. Mills st.

LIFE around this place is fast becoming a thing of stale nothingness. There are no more fires, no more meetings of T. N. E. and apparently the three Marys are not yet sufficiently established to equal their record for former times. There is nothing more exciting to do than arise in the morning and look for a bit of libel within this space, and even that is disappointing if you don't find your own name. Why not start a good old fashioned lottery contest? Of course it's aagainst the law, but what are laws supposed to be to a bunch of wild, wicked, wilfull, and vicious college students? Alas! What are they? Something to be respected and observed! Ah, woe is us!

THE McCAFFERY BROTHERS deserve notice. Not that they don't get it—ye gods! they take it away from others. Yet their facility at fussing the facile face festooners, each in his own quiet unobtrusive way, arouses our admiration, particularly the habit of bequeathing asides while musing on tersichorean antics.

HAVING perused the news of the Deans' convention in Chicago, we look for a complete change of rules on the return of Wisconsin's representative. During the convention, it was stated that the co-ed of today is not nearly so wild as her grandmother who indulged in as many as a dozen osculations all in one evening's old fashioned game of post office. Reading that, we were not quite sure whether it was a convention or an old settler's meeting.

NO wonder there are scoffers in the world. Even we did so much when we once saw a picture of Northwestern's prettiest co-eds. And now what can the gentlemen from Northwestern do, when they see the heading over the picture of the entertainers at the Charity Ball mixer, "Pretty Co-Eds, Who Will Meet You at the Charity Ball."

HELD on charge of violating the pure food act, every house steward. Each charged with representing certain stuff as meat.

HELD on charge of operating a confidence game, Marg. Daly. Charged with distributing her smiles without discrimination.

THERE was a time when we ran daily editorials. But as we have already intimated, there is no more need for such things. The campus world is so pure. Of course, the mid-night gatherings about tables in Lawrences, and the groups who attempt to support the lamppost in front of the University pharmacy are a bit out of the ordinary, but who are we, that we should rise to remonstrate? An editorial on the subject is not necessary; the groups were doing nothing more, than discussing the evening's study or considering the recitations of the morrow. Truly we feel ourselves to be the campus Angel Gabriel recording the golden marks of virtue.

ON THE QUALITY OF WOMEN'S HEADS

One night while Father Adam slept,

A Something slipped up nigh
And oped our Father Adam up
One foot above the thigh,
And from his inside, it took out
A boney rib, and dry,
And from this it made Mother
Eve,
Who lost our Paradise.
The rib was used to make her
head,—
I think that will suffice.

Pre-Military Ball Dance Open to All

The Pre-Military ball dance, which will be held in the armory on March 17, is for all students and not only for those who are members of the cadet corps, American Legion, and

the Gun and Blade club.

The dance will be a St. Patrick's Day celebration and a strictly informal party. Although many who are planning on attending the Military ball on April 7, will be present at this dance, the affair is for everybody. Uniforms will not be worn at this function.

COMING TO THE ORPHEUM

Nothing in the ancient pages of the magic of India ever approached the wonderful performance, "Sawing a Woman in Half," which will be the feature offering on the new vaudeville bill which comes to the Orpheum theater Monday night. Do not miss this 20th century sensation, a bit of deception that your eyes cannot believe. In addition the bill for the first three days of the week, will also include Tim and Kitty O'Meara, in Memories of the Dance; Jack Joyce, the boy with the smile; Alexander and Fields, two of the idle rich; Seeing the show from "One on the Isle," with James Tenbrook and Co.; Gardner and Aubrey, melodies of the moment, and Pathé News together with Topics of the Day films. The present bill at the Orpheum, one of the most pleasing of the season, is drawing the crowds at every performance.

Sunday — Maurice Diamond & company; Marshall Montgomery; four other acts.

Monday, Tuesday, Wednesday — Sawing a Woman in Half; Tim & Kitty O'Meara; four other acts.

Thursday, Friday, Saturday — Sawing a Woman in Half; Frances Kennedy; four other acts.

AT THE PARKWAY

The largest and most sumptuous exterior and interior sets of a palace and street ever used in a comedy were constructed at the Hal Roach studio for Harold Lloyd's current Associated Exhibitors feature, "A Sailor-Made Man" which will be featured at the Parkway theater today.

The action of "A Sailor-Made Man," written by Sam Taylor and Hal Roach, takes Harold Lloyd from the United States to the imaginary country of Kaipura-Bhandanna, where the story reaches its peak of fun.

THE ART OF CONVERSATION

WE WERE four and we sat in our arm-chairs eager to laugh and be happy and enjoy each other. There was a moment's lull, but one serious-looking chap with a clever twinkle in his eye let out with quite an innocent remark, the next fellow smiled in his yawn, while the other two seemed open-eyed and open-mouthed to make the most trivial movement or mot the occasion of a spirited repartee. Then our fun began, for we sloughed off all thought of ourselves and soon became lost in our four-cornered world.

Everything seemed drifting to us. All the muses came to our aid. There was a delightful mingling of the serious and the light. No one tried to be pedantic or loud despite the common misfortune of having dabbled in what the cynic or the hard-faced man in the street would call "pure bunk," but what academic people choose to label "higher philosophy. Poetry, economics, church bells, hosiery styles, customs, professors, "boobs," the board of regents, fussing, William Jennings Bryan, "Prexy" Birge, the Student Senate, the advertising column of the "World's Greatest Newspaper," even the task of editorial writing, all made their appearance on the moving arena of our "gab-fest." An hour passed. We had our fill. We were all happy and soon scattered.

It was a perfect hour. There was not a hitch after the ball had first begun rolling. No one tried to be "nice," no one tried to "show off," no one tried to "beat" the other fellow. Just an hour in which we turned our backs on our bookish selves and became human.

That was the art of conversation.

A little yellow slip issued by the Cleveland public library, recommending novels, both old and new, and seeking to mold taste, came to our hands recently. It is an able guide. Other libraries are trying it. It would do no harm for the university library to attempt it.—Ohio State Lantern.

THE MYSTIC

The invariable mark of wisdom is to see the miraculous in the common.—Emerson.
the miraculous in the common.—Emerson.

One penetrates the fog that obscures the landscape and glimpses the miraculous beauty beyond. The other sees but faint outlines, broken and distorted, colorless and cold.

In the whirr of getting the means to live, most people are No Eyes. They have been set on the highway and they keep on going, slowly or fast, as the wind of fate blows. They have no urge to linger a while by the way and no yearning to uncertain the mystery that is everywhere about. Rather would they cloud their vision by seeking the refuge of the mob and hide beneath its clangor and confusion. For them "the bird of time has but a little way to flutter," and they romp with hysterical glee careless of the morrow and blind to the wealth that is their heritage.

But to those who see through the ephemeral veneer, who revel in the simplest things that almost baffle their understanding, how much deeper and more sincere is their appreciation of life? They see the universe in a grain of sand, a drop of water, a ray of light, a puff of air, a sigh, a laugh, a flash of wisdom. To them life is not a senseless march of bacchanalian spirits. It is full of awe-creating unknowables, shrouded with fathomless meanings. The infinitely small and the infinitely large, the atom and the planet lift them out of their physical enclosures far from the pettiness which everywhere confines men to their bodily world. These men, mystics we call them, are heeding the exhortation of Plato to "get out of the body to think."

They leave the world of matter to live in the world of mind. Perhaps some of them go too far in believing that the material world does not exist and that all is mind. But wherever the truth lies, and we have no means yet of knowing—and perhaps we shall never know—these men who have discovered the depth of simplicity, and to whom science is ever broadening the love and mystery and urge of life, are the greatest possession of mankind. They are the meek and they shall inherit the universe.

True, men have to live. They must take part in the bustle for bread. But that done, would that more might see the mystic in the commonplace and thrill with the mightiness and grandeur of which they are a living part.

READERS AND READABLES

Not only college students, but the majority of mortals who can read and write, suffer from ignorance of what to read. Someone thrusts an alleged magazine or a superficial best-seller into their hands, and they see a title and some words. It listens well. They read, and become modern.

It is no use to apostrophize about the evils of reading trashy magazines. There are readers and readers, just as there are eggs and eggs. Every man to his liking. But once acquainted with real reading, the average man or woman appreciates the difference.

Libraries of the country are making a concerted effort to educate along wholesome lines.

With the startling announcement in yesterday's Iowan by a committee made up of campus organization heads, that from yesterday morning forward no money shall be spent for ice cream, movie shows, dances, and the work commonly performed by the tonsorial artists, fraternity men face the problem of individual talent dates or no dates at all.—Daily Iowan.

By Thomas Daniels

"AS FAR as I can determine, you students have the best "Little International" of any college in the country. We must all work hard to make this a better show than ever."

Prof. R. S. Hulce was addressing a pep meeting of long, middle, and short course agricultural students who were enthusiastic over the student stock show to be held in the university stock pavilion, March 4.

The Little International is an annual show of the university herds and flocks fitted and prepared for the show ring by agricultural students under the supervision of the agricultural faculty.

Grew Out of Horse Shows

The event grew out of the annual horse shows formerly held during farmers' week. Exhibitors of national prominence brought their horses to Madison to participate in this classic event. During the war, the horse show was discontinued, and in 1919, a meeting of agricultural students interested in live stock was held. Plans for sending student stock judging teams to participate in the national stock judging contests at the National Dairy show and the International Live Stock show at Chicago were discussed.

Other universities had appropriations to finance their stock judging teams, but Wisconsin had no such appropriation. To devise some means to finance such teams, the Saddle and Sirloin club, a group of agricultural students interested in live stock, was organized, and

plans were made for the first Little International.

2,000 Attend in 1920

"The purpose of the Little International," declared Prof. G. C. Humphrey, "is to give students in agriculture a chance to demonstrate the art of fitting and showing various classes of live stock; to raise funds to finance the stock judging teams that participate in the national student stock judging contests; and to give the students of the university and the people of the state a chance to see the university herds and flocks when prepared for the show ring."

More than 2,000 people attended the 1920 Little International. As the ranks of sleek, well fitted animals passed in review around the stock pavilion, the people marveled at the splendid appearance of the university herd. Other events followed. Fancy horse riding, bar jumping, broncho busting, and special feature stunts were held. The Little International was a success.

Klussendorf Chosen Manager

In 1921, the show was repeated, 2,400 people attended. Breeders from many parts of the country contributed toward the trophies and awards. After the show, letters of congratulations poured in from faculty members of other institutions and from men prominent in the live stock world. Other schools began to ask how Wisconsin's Little International was managed.

Preparations for Wisconsin's third Little International began last spring when R. C. Klussendorf '23 was chosen manager by the Saddle

and Sirloin club. Klussendorf became prominent as a showman when he successfully exhibited the Maryland herd at the National Dairy show. He also showed at the Wisconsin State fair, and at the Illinois State fair.

13 Committees Work

"We want to make this Wisconsin's best Little International," declared Klussendorf. "Thirteen committees have been hard at work on the show for the last two months."

Many prominent men are expected to attend the show in the evening. A special box, fittingly decorated, is reserved for Governor J. J. Blaine, President E. A. Birge, and Dean H. L. Russell. Invitations have been mailed to all the heads of live stock organizations to attend the show.

The show will be opened by a grand parade of the university herds. Then will follow various riding exhibitions and special feature stunts. Music will be furnished by the university band.

Sororities to Compete

Widespread interest is anticipated in the intersorority riding contest. Horses for the event will be furnished by the Black Hawk Riding academy. The contestants will be judged on form in the saddle and ability to handle their horses. Prof. E. A. Tre wbridge, University of Missouri, will judge the horse riding classes. A silver cup will be awarded to the winning sorority, and ribbons will be given to the next three places.

1,000 Persons Attend Annual Charity Mixer

"McDougall's Alley," Where
Fair Co-eds Hold Sway, is
Special Feature

An attendance of about 1,000 persons at the second annual Charity Ball mixer given in Lathrop hall Friday evening for the benefit of the Wisconsin State Conference of Social work brought not only success to the mixer but proved that students will stand back of a worthy cause.

Confetti and paper streamers were strewn amid the dancers which made the entire scene one of gaiety. Co-eds, clad in fancy costumes, served as a "mixing committee" and in a short time everyone seemed to be acquainted. Paper caps, which were sold at 10 cents, were worn by most of the dancers.

"McDougall's Alley" was a special feature of the mixer. Five girls from each sorority held sway here in the personages of clowns, gypsies, Spanish dancers, peasants, Egyptians, farmerettes, and even one Hawaiian dancer. To dance with these girls one had to pay an admittance fee.

Dolphin club performed stunts in the tank. Their show took place at intervals of an hour thus giving everyone opportunity to see it. Candy was peddled by girls who called their wares.

The success of the Charity Ball mixer is greatly due to the efforts of those who were in charge of the committees, who were:

Adrian Scolten, general chairman of the student body; William Peebles, publicity; William Madden and Frank Stokey, tickets; Whitford Huff, special features, and Rowena Brown, floor arrangements.

The proceeds will be given to the Wisconsin State Conference of Social work, which is a combination of all the social organizations of the state.

Column Right!

ADMITTEDLY H. L. Mencken is no mean master of the American language, but it is our firm belief that Bernard Shaw is not a bad second to him. After reading Mr. Shaw's reply, in a late issue of The New Republic, to Clive Bell's accusation that he—Shaw—was an old fogey, another bit was added to our admiration of the Irishman. His answer to Bell—one that left that fellow bowled over—was quite apt and wholly American—"Clive Bell is a fat head——the fatty layer within his cranium is hindering the action of his brain."

LIVING in an atmosphere so charged with pulchritude as that around this campus, it is nearly impossible for us to get the title of F. Scott Fitzgerald's new novel correctly stated. Colvin B. Brown, chief of the organization service bureau of the National Chamber of Commerce, will address a get-together meeting of the Madison Association of Commerce, March 16. President Emerson Ela will speak.

Badger Wants Photos of Grad Activities

The Badger needs pictures of graduate activities to fill the two pages which are set aside for graduate students in the pictorial history section of the year.

"The 'Spirit of Wisconsin' Badger will not be complete unless we get the graduate students in," said Horace Powell '23, editor. "We will cooperate in getting the pictures and will even print negatives. For additional information on this section call the Badger office and we will be glad to give it to you."

East Meets West at Student Party

Students from many countries held an international party last evening at the university Y. M. C. A. The occasion was in honor of all foreign students attending the university, and a varied program was presented.

The following acted as hosts and hostesses: Prof. and Mrs. Kahleberg, Mr. and Mrs. F. T. Kelley, Prof. and Mrs. C. P. Norgord, Dr. and Mrs. Qualley, Dr. and Mrs. Homer Carter, Mr. and Mrs. Hendra, Mr. and Mrs. Gordon Dragget, Mr. and Mrs. Howard Fuller, Mr. and Mrs. W. Hartman, Mr. and Mrs. W. A. Hastings, and Prof. and Mrs. G. Wagner.

Economy Is Basis Of Joint Elections Held By 3 Co-ed's Clubs

The joint election of officers for the three major women's organizations, Y. W. C. A., S. G. A., W. A. A., which is set for Friday, March 10, is a plan which will probably set a precedent for election procedure, based as it is on economy, efficiency, and utter fairness.

"The need for a new plan of election regulations was felt by many colleges and discussed at some length at the national S. G. A. convention here last spring," said Ellen Correll, president of S. G. A. "At that time no definite scheme was hit upon, but when election time drew near, we asked the election committees of Keystone to devise some plan for general election. The one used this year will have the added advantage of stimulating interest and forcing a heavier ballot."

"The joint election plan is a great improvement over the old individual balloting," said Auta Lyman, president of Y. W. C. A. "It does away with the undue advantage enjoyed by those major organizations which were scheduled to elect early in the year, eliminates confusion of indecision on the parts of candidates, and is an economy in time and energy."

Marjorie Severance, secretary of W. A. A. says: "W. A. A. is very much in favor of the joint election plan principally because it will insure by its appeals, a heavier and more representative ballot."

The presidents of S. G. A., Y. W. C. A., W. A. A., and Blue Dragon compose the Keystone election committee which has drawn up the proposed Wisconsin plan and they are in charge of the elections. They are now working on the canvass of the nominations of the three organizations, consulting candidates as to their preference in case of conflicts so that no duplications are possible and arranging the ballots of each group.

There will be three ballots. All women students are entitled to vote for officers in S. G. A. and only registered members in each of Y. W. C. A. and W. A. A. The poll will be in Lathrop hall. The committee will not report on the nominations until the lists are completed.

Women of Wisconsin Excel in "U" Sports

That women of Wisconsin stand high in the sporting world is the opinion of Marjorie Severance '23, secretary of W. A. A., who bases her decision on the fact that the department of physical education here ranks favorably with Sargent, woman's physical educational college, and much older, departments in eastern schools; and that women's athletic associations all over the country and abroad write for information regarding the standards and systems used here.

Hockey, basketball, and track are the three major women's sports. Class squads are practicing now for matches in bowling and basketball. Members of the squads have training rules which, if broken, occasion the dropping of the offender from the squad. Among the most trying rule is the one requiring eight hours sleep beginning not later than 11 o'clock every night except on one week-end occasion. Indoor baseball and gymnasium tactics will soon be the occasion for inter-mural competition. Dolphin club with its 50 swimmers, is an important organization in women's sports.

Y. W. Gives Banquet For Women Transfers

Plans are fast reaching completion for the banquet for women transfer students to be held on Tuesday, March 28, in the S. G. A. room, Lathrop hall, under the auspices of the university Y. W. C. A. The organization of all women transfer students into an inter-collegiate body to foster social contact is the aim of the Y. W. C. A. in giving this banquet.

Dean F. Louise Nardin and Miss Mary Andersen, secretary of the Y. W. C. A., will deliver speeches. Miss Helen Heck, of Ohio State college, will act as toastmistress at the banquet and chairman of the meeting following the dinner.

"Mourning" Party Is Latest Novelty Stunt

If your best school chum were leaving town for good, would you buy her a present or would you do something "different" that she would never forget? The latest goodbye novelty stunt is the mourning dinner party which was given at Barnard recently. The girl students, nine in number, came dressed entirely in black. The dinner table was decorated in black crepe strips and licorice drops were scattered among the dishes. A black wreath was placed behind the seat of honor to add to the solemnity of the occasion.

Lull In University Social Life Follows Holiday Functions

Society events in the university circles are not numerous over this week end. After the Washington birthday affairs of mid-week, the students are resting from the usual run of dances and parties. There is a social lull, broken by the visits of many students to their homes.

Approaching Marriage Announced

Mr. and Mrs. C. S. Regula, Madison, announce the approaching marriage of their daughter, Catharine, to George Edward Schindler, Ashland, Wis. The wedding will take

place on March 21, at the Zion Episcopal church, in Oconomowoc, Wis. Miss Regula is a junior in the College of Letters and Science, and Mr. Schindler was graduated from the course in pharmacy in 1921. He is a member of Kappa Psi fraternity.

Girls' Glee Club Gives Concert Next Friday

The university Girls' Glee club, composed of 37 members, will present its first concert of this year, Friday, March 3, at 8:15 o'clock in Music hall under the direction of Miss Madelon Willman of the university School of Music. This is the first program ever given by the club without the assistance of faculty members.

The program for the evening includes a variety of musical numbers. Martha Chandler '23 will sing a solo, "The Loveley," by Liszt, in co-operation with the entire choir. Merle Gibbs '23 will give a solo, "Since You Went Away," by Johnston. Other soloists will be Aagot Borge, a senior voice major, who will render "Spirit Flower," by Campbell Tipton, and "Snow," by Sigurd Lie. Temperance Johnson '24, Louise Madden '25, and Mildred Collier '23 will have special

selections in the cantata, "The Lady of Shalott," by Bendall, which is the big number of the concert. Frances Landon '23, who is the piano accompanist, will play several piano selections.

The music of the Glee club will be broadcasted throughout the country by means of the radiophone at the Physics building.

The Girls' Glee club, among its past successes, had charge of the Y. W. C. A. vespers in December and gave a special Christmas program. In the future, they will sing for the soldiers at Lake Mendota under the auspices of the Red Cross and will sing before the Woman's club next month.

The officers of the club are: Marian Mosel '23, president; Martha Chandler '22, vice-president; Anne Arnquist '22, treasurer, and Helen Geller '23, secretary.

Is Traditional Blarney Pebble A Counterfeit

'13 Graduate Contends Original
Stone Was Lost During
War

It has been whispered around that the Blarney stone used in the annual St. Patrick's day parade by the engineers is not the stone originally brought from Blarney castle by the pioneer Wisconsin engineers!

This rumor was recently confirmed by a letter from J. G. Miller '13, in which he exposes the falsity of the stone now guarded by the engineers. In the same letter, however, he gives directions for locating the true Blarney stone, which was hidden by him in 1912.

An imitation was substituted for the original at that time in an effort to frustrate a determined effort that was being made to return the stone to its original resting place in Blarney castle in Ireland.

Then came the World war. All those who knew of the substitution were called away, and the false stone came to be regarded as the real thing. It was kissed reverently each year, but its touch seemed to lack the old time "kick," and the engineers began to lose faith in its power. Some were even sacrilegious enough to test the rock with a stone hammer and found that it bore a striking resemblance to modern concrete.

This scandal was kept from the general public, but it was noised about among the engineers, and a quiet search was started in an effort to recover the original.

News of the search finally reached Mr. Miller at Duluth, Minn., who then made a trip to Madison to make sure that the stone was still where he had placed it in 1912. He found it intact and showed its hiding place to Walter LaFlash of the mechanics laboratory, who had been the unconscious custodian of the famous old relic.

LaFlash absolutely refuses to give any indication of where the stone may be found, saying that he is under oath to keep its hiding place a secret until March 17, at which time he will be free to give the precious rock to the proper parties. Its appearance in the parade on that day will be the first public appearance of this touchstone of the engineers' since its exhibition in 1912, when it was escorted about the streets of Madison in an open carriage drawn by four milk-white horses.

In his letter Mr. Miller says, "Take the stone, brother engineers. Keep it in fond memory of St. Patrick, and once more raise it to its rightful position among you. Kiss the precious rock and get for yourselves that quality so necessary to successful engineering, in the class room or in the field—Blarney."

Badger Offers \$50 Prize for Snapshots

"Dust off your cameras and put them to work! Prizes are being offered for the best and most representative pictures of Wisconsin life by the 1923 Badger," declared James Perky '23, head of the Badger feature section.

Prizes totaling \$50 will be given during a period of six weeks at the rate of one a week to the person taking the best kodak picture of Wisconsin people, events or any aspect of campus life. These photos will comprise a section of 32 pages in the Badger.

Urges Teachers To Send Affidavits Of Service

Teachers of the state are urged by R. E. Loveland, secretary of the teachers' insurance and retirement fund, to make out their affidavits of service and return them to Madison, in order to permit the state to complete its records. Payment of state funds made against the teachers' payment is being withheld until her record of service is definitely established. Failure of a large number of the teachers to comply with this provision of the law is causing delay and leaving the records incomplete. Teachers who are included under the compulsory features of the law are those over 25 years of age who made contracts for the present year after July 7, 1921.

Coach Richards Tells of The Feel of Things Egyptian

"Big Jawn" Does Not Find the Natives Appealing to a Westerner—Finds Country Organized to "Gyp" the Tourist

Coach John R. Richards, Wisconsin's football mentor, finds the Egyptian university at Cairo a "sad spectacle," and the country running under the slogan, "Egypt for Egyptians," according to a letter received from the Semiramis hotel, Cairo, Egypt, dated February 2. He is heading a movement at the instigation of American tourists to change the country's name to "Gyp" in order to describe the habits of the natives more accurately.

Portions of the letter follow:

"We are doing Cairo and getting the feel of things Egyptian; been here a week now. Read every evening and go about during the day. The English language is sufficient for most purposes but apparently more natives really know French than know English. Arabic is impossible to my low-brow cosmos, and I don't try to go beyond the numerals and half the time I'm wrong there.

Oriental Slant Unusual

The country is about as you have imagined it insofar as topography, etc., is concerned, but the natives are not appealing to a westerner in any way. They are the poorest race, in all that goes to make up racial worthiness, than I've ever come in contact with. The oriental slant on things is new to me and I can't get a place to hang my sympathy or appreciation upon.

I visited the Egyptian university yesterday and it was a sad spectacle; absolutely nothing but memory work and even this confined to the Koran and a few Orthodox treatises. There are thousands of students from all parts of the Moslem world—this is the largest Moslemmedan university in the world. It is in an old mosque and they are all alike—heavy masonry arched areas around a patio with a fountain for performing ablutions

(washing the feet). Egypt has a slogan: "Egypt for Egyptians" which I'm told they have had since the Etheopian dynasty. The English have done much here and their administration is fair and honest; and they are the two words which are meaningless to an Egyptian.

Tourists Are "Gyp"

Egypt is now carefully organized to skin the tourists and no guilty nickel is to escape. They horn you at the hotels and it is an ordeal to get through the dragomen, street merchants, fakirs, and beggars as you leave any European hotel. Prices are awful and every American I've met is screaming and that's a lot, for most of them are rich. We Americans are petitioning to change the country's name to "Gyp" in order to accurately describe it.

That's how I find Cairo.

We are going up the Nile next week and will be gone three weeks; go to the first cataract—Assuan. We stop along the way and visit the tombs, monuments and ruins on the way. Everything is close to the Nile—since this is only a green streak in the desert—but it is surely a rich and fertile streak. We will leave here about March 15 for Palestine, then to Constantinople, Italy, Switzerland, etc.

Word to Football Men

I trust the football men are good students this year, and that athletics in general prosper.

I met Dr. Powers, head of the University Travel outfit, and he, being a Wisconsin grad, wanted news of Wisconsin. He is an able fellow and a writer of no mean ability and a great admirer of President Birge. He told me that he credited Birge with all that he had accomplished. He was a student of biology under him.

Sincerely yours,
(Signed) J. R. RICHARDS.

Man of Mystery Querries Co-Eds For "America"

Proposes Scheme For College
Girls' Corner—Women Buy
Magazine in Vain

Paging Mr. Brown, of the American magazine, the most sought after man on the campus! Is he a joke? or a myth? or both?

Some time ago the dapper Mr. Brown called up a number of well-known co-eds on the campus.

"We're picking 10 representative Wisconsin women for the college girls' corner in 'The American' next month. Twenty colleges will be represented, altogether. You have been chosen as one of the 10 from Wisconsin," he proclaimed, with all due ceremony.

"We want your picture, and we want you to answer this questionnaire."

hereupon he propounded countless and sundry questins on various and personal topics — questins that would make theauthors of The Wisconsin Mirror gasp in spasmodic envy.

"Do you believe in petting parties?

"Are you domestically inclined?

"Prefer city or country life?

"At what age do you want to be married?

"Do the co-eds as a rule like to fuss one man steadily, or many men more or less constantly?

"Do you approve of the co-ed's way of dressing?

"How do you like the modern man's method of courtship? et cetera, ad libitum, ad nauseam.

"Say" bust out one co-ed, "don't get so personal!"

Mrs. Brown insisted she wasn't kidding, but the 10 "picked favorites" are rather dubious. However, they dash to other news-stands for the American each month, in a state of frenzied anxiety. Mr. Brown is boasting circulation; whether unwillingly or no, none can tell!

Plentiful rewards are being offered to any adventuresome sleuth who can fathom the latest campus mystery!

Entries have already been made by Kappa Kappa Gamma, Gamma Phi, Kappa Alpha Theta, Delta Gamma, Delta Delta Delta, Alpha Omicron Phi, and Alpha Xi Delta sororities. Much interest is also evidenced in the dairy maid contest. In this event, co-eds will actually compete for first honors in a milking contest.

Other events of the evening are the five-gaited riding contest, in-and-out riding, triple bar jumping, bronco busting, mounted wrestling match between the Madison guard and the R. O. T. C., and special feature stunts by the various agricultural organizations.

Communications

DATE OF MILITARY BALL

Editor Daily Cardinal:

I wish to state that I was not responsible for the communication which appeared in yesterday's Cardinal concerning the date of the Military ball. I had nothing whatever to do with setting the date for the ball. The pre-military ball is the only function with which I am at present concerned. The communication was printed without my sanction and I had no knowledge whatever of its being sent. I deeply regret the misunderstandings to which it may have given rise.

Harding's Clause In Pact Wins

Senate Body Reports Favorably on Four Power Treaty

WASHINGTON—The four power Pacific treaty with its supplements and a reservation and the naval limitation and submarine treaties, were ordered favorably reported today by the senate foreign relations committee.

The reservation attached by the committee to the four power pact embodies the compromise suggested after conferences with Pres. Harding and declares that nothing in the treaty shall be construed as forming an "alliance". It was approved by 10 to 3.

By a division of 10 to 3 with Sen. Borah, Johnson and Shields, voting in the negative, the four power treaty then was ordered reported to the senate. The vote by which the

naval limitation and submarine treaties were favorably reported was unanimous.

Several other votes were taken on proposed substitutes to the committee compromise reservation but the administration leaders secured the defeat of all of them.

As it will be embodied in the report on the four power treaty the compromise reservations approved by the committee follows:

"The U. S. understands that under the statement in the preamble or under the terms of this treaty there is no commitment to armed force, no alliance, no obligation to join in any defense."

The original Brandegee blanket reservation for which a majority of the committee members are said to have indicated their support before the conference with Pres. Harding was offered again by Sen. Johnson and was rejected 9 to 4.

in all their events. Two records were broken by the cadets, and their marks made a clean win far above par. Woodington, of Culver, in the high jump, made a clear win with a leap of 5 feet 10 1/2 inches.

Pi K. A.'s Win
The annual inter-fraternity relay was one of the fastest and most keenly contested events of the meet. Pi Kappa Alpha, with an all star lineup of Spetz, Wille, Wade, Newell, McClure, and Scott, negotiated the distance in 1 minute 40 2/5 seconds, coming within 1 second of the annex record. Theta Chi was second in this event, Sigma Nu third, Phi Gamma Delta, fourth, and Alpha Gamma Rho, fifth.

The large crowd of female spectators cheered their favorites in the exciting sorority race. The alumni team, an innovation of this year, was a feature of the event. Arlie Shart '17, runner for the Chicago Athletic association, ran a spectacular mile, his team making a time for the distance which placed them next to that made by Mark Wall's squad, but not counting in the award of the cups.

The Summaries

The summaries follow:
40 yard high hurdles—Knollin, W, first; Newell, W, second; Armstrong, La Crosse normal, third. Time 5 2-5. Equals annex record.

40 yard dash—Knollin, W, first; Johnson, W, second; Addie, Beloit, third. Time 4 3-5.

40 yard dash—Military academies—Dowding, St. John's, first; Graves, St. John's, second; Gold, Shattuck, third.

Shot put—Sundt, W, first; Gude, W, second. Distance 39 feet 1 1/4 inches.

Shot put, Military academies—Postel, St. John's, first; Pierard, Shattuck, second; Dehmow, Northwestern, third. Distance 42 feet 1 inch. New record for military academies.

45 yard low hurdles—Knollin, W, first; Stolley, W, second; Wallis, W, third. Time 5 2-5. New annex record.

Running high jump—Military academies—Woodington, Culver, first; Schonek, St. John's, second; Matlock, St. John's, third. Height 5 feet 10 inches.

Running high jump—Platten, W, first; Gibson, W, second; Tuhtar, W, third. Height 6 feet.

Pole vault—Merrick, W, first; Tomlinson, W, second; Jones, W, third. Height 12 feet 4 3/4 inches.

Running broad jump—Sundt, W, first; Addie Beloit, second; Holbrook, W, third. Distance 22 feet 2 1/2 inches.

High school relay—Won by Madison high. Only team entered.

Academy relay—Shattuck, first; Culver, second; St. John's, third. Time 7:13 4-5. New record.

Interfraternity relay—Pi Kappa Alpha, first; Theta Chi, second; Sigma Nu, third; Phi Gamma Delta, fourth. Time 1:40 2-5.

Wisconsin college relay—Beloit, first; Milwaukee normal, second; Milton, third. Time 2:22. New record.

Inter sorority relay—Alpha Chi Omega, first; Gamma Phi Beta, second; Delta Zeta, third; Kappa Delta, fourth. Time 8:20.

ALPHA SIG TEAM LEADS IN GREEK BOWLING LEAGUE

Yost, Theta Delt, Makes Highest Single Score During Semi-Finals

With only a week of interfraternity bowling left, the Alpha Sigma Phi and the Phi Sigma Kappa teams are in the lead. Semifinals started two weeks ago, and the series is a round robin, every team meeting every other team. The championship will be determined by the highest percentage of games won.

The averages and high games scored in the semi-finals do not come up to the records set in the preliminaries. Yost of the Theta Delt made the highest single score turned in during the semifinals. It was 221. Sanderson, an Alpha Sig, scored the highest three game total, 557. The Phi Sigs hold two records: they scored the highest team game of 898 points, and also the high team total for three games, making 2,557 points.

A list of the men whose averages for the semi-finals are over 160 follows: Knutson, Phi Sig, 178.1; Schmidt, Alpha Chi Sig, 172.5; Kalley, Phi Sig, 170.8; Aspinwall, Teke, 170.7; Miller, Kappa Sig, 169.2; Hance, Alpha Sig, 166.1; Emanuel, Theta Xi, 166.1; Dauksys, Phi Sig, 164.7; Griem, Alpha Chi Sig, 164.3; Hickey, Alpha Sig, 164; Yost, Theta Delt, 163.5; McDonald, D. U., 163.5; Gibson, Theta Delt, 163.5; Sanderson, Alpha Sig, 163; Wiley, Kappa Sig, 162.2; Bethke, Teke, 161.8; Raether, Teke, 161.8; Combacker, D. U., 161.1; Hoppart, Alpha Chi Sig, 161, and McQueen, Alpha Chi Sig, 160.1.

All of the eight teams entered in the finals will roll both Tuesday night, Feb. 28, and Thursday night, March 2.

The standings of the various teams follow:

| Team | Won | Lost |
|-------------------|-----|------|
| Alpha Sigma Phi | 12 | 3 |
| Phi Sigma Kappa | 11 | 4 |
| Alpha Chi Sigma | 8 | 7 |
| Tau Kappa Epsilon | 8 | 7 |
| Kappa Sigma | 7 | 8 |
| Theta Xi | 6 | 9 |
| Delta Upsilon | 4 | 11 |
| Theta Delta Chi | 4 | 11 |

Indiana Grapplers Meet Eastern Teams

(Special to Daily Cardinal)
BLOOMINGTON, Ind., Feb. 25.—

Eight members of the Indiana wrestling team, accompanied by Coach Jack Reynolds, entrained for Morgantown, W. Va., Friday for what promises to be the greatest invasion of the east ever attempted by a Crimson grappling team.

Meets with the strong University of West Virginia team at Morgantown Saturday, and with Penn State, eastern intercollegiate champions, at State college, Pa., March 4, were scheduled. Last year the Penn State grapplers met Indiana, then Western Conference champions, and won the intercollegiate championship of the United States by defeating the Hoosiers.

The Crimson wrestlers are all in fair condition with the exception of Captain Wise, who is sultering slightly from a wrenched arm. Reynolds Wednesday announced his choice to represent Indiana on the invasion as follows: Parr, 115-pound; Captain Wise and Ratcliffe, 125-pound; Hoffman, 135-pound; Sauer, 145-pound; Lucas, 158-pound; Held, 175-pound; and Murphy, heavyweight.

Both meets in the East were to be wrestled under the eastern collegiate rules, which call for 15-minute bouts instead of 12, as in the Western Conference. The same scoring system is used, however, eight points for a fall and six for a decision. The Crimson team will return to Bloomington about March 6.

Hoosiers Ball Team Will Tour Japan

BLOOMINGTON, Ind., Feb. 25.—At a meeting of Indiana university faculty Thursday night permission was granted to send the university baseball team on a tour of Japan. The team will leave here March 31 and the entire Conference schedule is canceled.

WILL PLAY WITH YANKEES

Glenn Killinger, Penn State all-American half-back, has been signed up to play baseball with the New York Yankees of the America League. Other star football players have made good at the diamond game. Halas, of Illinois, went up to the Yankees before he was sent back for more seasoning. "Jim" Thorpe played in the national league and with the Toledo team in the American association. Frank Frisch of the New York Giants was a second team all-American back with Fordham.

BADGER TEAM MEETS ILLINI FIVE MONDAY

Quints Battle For Second Place in Big Ten

The Wisconsin and Illinois basketball teams will meet in one of the most important games on the schedule when the Badgers travel to Urbana tomorrow. With both fives racing neck and neck for second place in the Big Ten standings, a fiercely-fought battle will be staged on the Suckers' court.

Tired after their hectic contest with Michigan yesterday, the Suckers can hardly be in the best of condition while Coach Meanwell's outfit can be expected to hit its

SATURDAY'S SCORES

Chicago 23, Minnesota 17.

Purdue 20, Indiana 9.

Northwestern 20, Ohio State 18.

stride against the Wintersmen. "Gus" Tebell is still wearing a brace on his right leg, but the fighting guard has proved effective even with this handicap and he will permit Carney few opportunities to continue his marvelous scoring pace.

Gibson, who came back and played a stellar game against Northwestern, is in condition after a stay in the infirmary. With these two players in shape, the original Meanwell squad is intact. Taylor and Capt. "Duke" Ceaser will start at the forward positions with Gibson at center, Tebell and "flashy" "Rolie" Williams at the guard jobs.

Rollie Upsets Purple

The work of Williams against Northwestern was scintillating enough to upset the Purple five. Pivoting and whirling around the court, the diminutive Williams had Northwestern men at a loss as to his next move, and his fast work enabled Ceaser and Taylor to do the scoring. "Gus" Tebell came down the floor many times in the last game. Although working in at back guard, Tebell got in position to attempt several shots for the net. If Williams and Tebell gauge the basket in the Illinois game, Wisconsin forwards will be aided greatly in their scoring duties.

The inimitable "Chuck" Carney will be the man closely guarded tomorrow night. Carney has been responsible for his team's victory, his consistent basket shooting pulling games out of the fire. If Tebell hangs the "Indian sign" on Carney, Illinois' chance for a win will be diminished considerably. Stillwell is another Sucker player who has been dropping the ball in the net with regularity. Gibson's return to form makes it improbable that the Illini men will hang up any counting records.

Badgers Meet Gophers Next

Sabo and Vogel, two other Sucker stars, will have their hands full to hold Ceaser and "Cop" Taylor, who is in the fore of conference individual scorers. Ceaser netted baskets in the Northwestern contest. With Gage and Irish developed into capable substitutes who can step into the game at any minute and give the regulars a rest, Wisconsin is well fortified. Gage has an eye for long shots. "Jack" Williams, latest addition to the Badger quintet, can also be counted on when a basket is needed during a tight pinch.

After the Illinois games has been played, Wisconsin will stack up against the fast-weakening Minnesota outfit. The Gophers are losing regularly in their last games and Wisconsin should have no difficulty in "taking" the Cookemers if they come out of the Illinois game in good condition.

Water basketball is another name for first degree murder with malice aforethought. Ex-Judge K. M. Landis would have put the players on the rock pile for committing mayhem.

Butler Quits Forest Lab Position Here

Resigns to Join American Forestry Association in Washington

O. M. Butler, assistant director of the Forest Products laboratory, has tendered his resignation effective March 1, it was learned today. He will leave Madison shortly for Washington, D. C. to join the American Forestry association. He will have charge of the editorial department of the association's magazine and direct the technical activities of the association.

Mr. Butler has been with the Forest Products laboratory for the past five years and before coming here was employed as a forester in the west. He will not move his family east for the present.

A farewell banquet was given Thursday night at the Y. M. C. A. for Mr. Butler. He was presented with a testimonial book, a product of the laboratory, which contained the autographs of each of the 220 laboratory employees.
