PRICE 5 CENTS

LAY PLANS FOR BUTTON SELLING AT HOMECOMING

Ticket Representative at Houses to Order Emblems

Plans for the distribution of Homecoming buttons, the official emblems of the day, are being pushed ahead under the direction of Chairman Ralph E. Balliet. Since the success of the Homecoming celebration from a financial standpoint is dependent almost solely upon the sale of the buttons, it is essential that everyone get behind and help boost their sale, according to Balliet.

"The entire 6000 buttons must and will be sold. The persons in charge have added a number of new features this year, and the cost of putting on the Homecoming celebration is more than it has ever been before. The success of the whole undertaking will depend upon the support that is given the button sale," Balliet said yesterday.

The chairman is experiencing some difficulty in regard to the securing of salesmen to dispose of the emblems, due principally to the fact that women may no longer canvass passersby on the busier street corners.

Will Use "W" Men

A plan is being considered to request the member in each fraternity and sorority who sends in the football ticket orders to order a corresponding number of buttons. The money then will be collected in each organization and turned over to the committee in a lump sum. In this manner a large territory will be rapidly and thoroughly covered.

Another scheme which is to be employed if possible is to have every letter and numeral man in school, with the exception of the men who are now on the football squad, form the sales force who will take care of the public sale of the buttons. They will be established at posts in the various buildings and parts of the campus.

The buttons are to be of celluloid, and will be an inch in diameter. The Homecoming crest will be worked upon them in two colors, red and black. They will be entirely different from the emblems of former years.

ROSS TALKS AT BIG TEN MEET OF Y. M. C. A.'s

Jack Childs Attends Convention on Foreign Work

One of the principle speakers at Big Ten Y. M. C. A. conference on foreign work held at the University of Chicago last Sunday was Prof. E. A. Ross of the sociology department. The meeting included not only representatives from the Y. M. C. A.'s in the conference schools but also those from South Dakota, South Dakota Agricultural college, North Dakota and Michigan Agricultural colleges. Its purpose was to further the welfare work of these institutions in China and India.

Professor Ross has spent a great deal of time studying the conditions of society in the orient and spoke on his observations there and of methods for remedying bad prevailing conditions. Dr. E. C. Burton, of the University of Chicago, and Dean William F. Russell of the University of Iowa, who have both been in the Far East also gave addresses on conditions there.

Jack Childs, the Y. M. C. A. representative in China of the university, was another prominent figure at the convention. Wisconsin was otherwise represented by Prof. D. W. Mead of the engineering school, Prof. C. G. Dittmer of the economics department, F. W. "Dad" Wolfe of the Y. M. C. A. and Thomas Tredwell '23, secretary of the Y. M. C. A., all of whom addressed the meeting.

First Copy of Octopus To Appear Tomorrow

The Octopus will make its first appearance on the campus tomorrow morning and will be sold in the university buildings.

The most beautiful and most popular co-eds, the Apollo of the campus and the most active man, have been chosen by critics and their names will appear in this issue. Hub Townsend '23 and Charles Mueller '25 have contributed drawings.

"No more long faces will be seen when Octy comes out dressed in the colors of its alma mater," Cedric Seaman '23, editor, said. "The jokes will make you feel as if mid-semester were a hundred miles away."

OLD PRICES FOR BADGER PREVAIL UNTIL WEEKEND

More Than 2,000 Badgers Sold Up to Last Count of Staff

The opportunity to buy a copy of the 1924 Badger at campaign prices will be continued until next Friday, according to an announcement made yesterday by Howard Lyman, business manager.

The extension of time was made when it was called to the attention of Lyman that it was not fair to offer the Badger to ex-service men until Friday at reduced prices and not the entire student body.

"Originally our plans called for a jump from \$4 to \$4.50 on cash payment and from \$4.50 to \$5 on time payment. The jump was to go into effect on Tuesday morning. We were planning to offer the Badger to service men until Friday at the original price because their bonus checks will not arrive until then. Several persons have called to my attention that fact that this is hardly fair and we want everyone to feel that they are getting a square deal. Federal board students get checks on Friday. After that, the price raise will be effective," Lyman declared.

Yesterday's counts showed that approximately 2,500 Badgers had been sold. It is expected by the staff that at least 1,000 more will be sold during the coming week. The necessary balance of 1,000 which must be sold to finance the Badger, will be sold on a commission basis.

Consolidated Dramatic Clubs to Meet Tonight

Members of Edwin Booth, Twelfth Night, and Red Domino will meet tonight to elect officers and discuss plans for the new consolidated organization. Committees from each of the dramatics clubs met yesterday to select names for nominations and to decide on a name for the new club. Selections and the name of the club are to be placed before the members at the meeting tonight for their approval or rejection.

Women Graduates Hold Tea in New Club House

Approximately 100 graduate women students were entertained at tea Sunday afternoon at the club house for graduate women recently established at 420 N. Carroll street.

Miss Harriet O'Shea was in charge, and Mrs. O'Shea and Mrs. Smith poured. Miss M. L. Edwards of the history department, who has been appointed by Mrs. M. B. Rosenberry as permanent chairman of the entertainment committee, will meet today with Anna Ely and Mary Reed to plan several parties to be given at the house within the next 10 days.

Miss Mary Anderson, Y. W. C. A. secretary at the university, has presented the club with more than 200 pieces of Chelsea china, and Miss L. S. Brown has given two Madeira luncheon cloths.

WISCONSIN HEAD DENIES STUDENT KU KLUX DRIVE

King Kleagle Says Rough Type Not Wanted By Society

That a successful drive for university membership in the Ku Klux Klan has just been completed, as stated by an article in yesterday's Capital Times, last night was denied by W. F. Wiesman. King Kleagle for the State of Wisconsin.

"There has been some mistake. The Klan does not make drives for membership. No man can present himself to me and ask for membership and be admitted. To become a member of the Ku Klux Klan a candidate must be recommended by a member and then we do not take him until we have determined his character, nationality and religion."

Wiesman did not deny there are members of the organization on the campus of the university. He refused, however, to state the number. He also refused to state whether there are any members on the faculty.

There are no freshmen members as far as the local organizer was able to determine. He stated that no men wearing green caps had been admitted.

"The Ku Klux Klan does not care to have students who are not old enough to know their own minds," Wiesman said. "The well known campus type often called 'hell-raisers' are not the type of men we want."

Explaining the organization, Wiesman said: "There are four orders in the Klan. Each one is complete in itself. A man comes into the first order upon recommendation where he remains for one year before he even is considered for advancement."

"If he is a good klansman he advances to the second order on his merits. The same procedure is necessary for advancement to the third order. After a year in the third he is considered for the fourth provided he is 40 years old. No man attains the fourth order until he has been found to be mature and of sound judgement."

PUNKIN HOLLER TO HOLD THIRD MEET

The third annual "Punkin Holler Community Meetin'", conducted by Agricultural Triangle, will be held in Agricultural hall Friday evening, according to an announcement made by Clem Weyker '25, chairman of the event.

"Punkin Holler Community Meetin'" is a typical rural community program presented by agricultural students who act the part of country life characters. "It is our aim to make the acts as nearly like those that are presented in a rural community as it is possible to make them," Weyker declared in discussing the event.

Many of the acts presented at the meeting are used to entertain farmers in country school houses as a part of the student extension work conducted by Agricultural Triangle, according to Weyker.

Proceeds from the sale of tickets are used to finance rural extension work, and to hold community play days. From the funds of last year's program, 25 play days and five evening entertainments were conducted by the organization. The Agricultural Triangle will invite farmers living near Madison to the event in order that the meeting may be made still more representative of the country.

WEATHER: FAIR

Generally fair weather for today and tomorrow is the prediction for this locality. Rising temperature is predicted for tomorrow.

Old and New Y. W. C. A. Women to Meet Thursday

Old and new members of the Y. W. C. A. will attend the banquet which will be held at the Woman's building at 5:30 o'clock Thursday evening. Tickets are on sale at the Y. W. C. A. office in Lathrop hall and women are selling them at the various sorority and boarding houses. The price is \$1.

Dr. Tittle, of Evanston, will be the speaker of the evening. He has already appeared before student groups at the university.

The members of the freshman commission will be announced at the banquet. This year the members will be elected instead of appointed as they formerly were. Three meetings, the last of which was held last night, have been called for the purpose of nominating and electing the girls who will serve on the commission.

GREEN BUTTON OFFICERS TO BE ELECTED TODAY

All Freshmen Women Are Called Upon to Cast a Vote

Election for Green Button, freshmen women's organization, will be held today in Lathrop hall from 8:30 o'clock to 5:30 o'clock. Tables will be stationed directly outside the office of Dean F. Louise Nardin. All freshmen women are required to vote.

Kathrine O'Shea '24, chairman of the election committee, will have charge of the election. Voters names will be checked off the class list, as ballots are cast.

"From the live representation at the nomination meeting, an unusually large number of ballots are expected," Cleo Parsley, '23, president of S. G. A. said. "Every member of Green Button should display her pride in her association by turning out to vote today."

The nominating committee has made the following recommendations for officers: president, Ruth Davidson, Milwaukee; vice-president, Mildred Gleisner; secretary, Mary Ellen Fuller; treasurer, Ruth Hawley.

The two other tickets are composed of candidates nominated from the floor at the opening meeting of Green Button. President: Mary Brader and Mary Kney, Madison; vice-president, Dorothy Meyers, Edith Jorris; secretary, Florence Blish and Mildred Engler, treasurer, Margaret Williams, Louise Mautz.

Install Student Officers At Lutheran Memorial

The annual installation of the Lutheran Memorial student cabinet was held last Sunday morning at the Lutheran Memorial church under the direction of Rev. A. J. Soldan.

The following officers were installed, W. Wilbur Wittenberg '24, president; Bernice Elver '23, vice-president; Vera Carlyle '23 secretary; and Otto Herbener '23 treasurer.

The 30 members of the cabinet are elected from the church student association of 200 members and membership is open to all Lutheran students in the university. The purpose of the society is to handle the social affairs, foreign student work, and various programs relative to student welfare in connection with the church.

Wittenberg to Run For Senate on Wanzer Ticket

Wilbur Wittenberg has announced his candidacy for junior member of the Student senate. He is affiliated with the Wanzer-Fronk junior ticket. He was a member of the production staff of "Kitty Corner", divisional chairman of the Memorial union campaign, chairman of house the spring religious conference. This year, he is treasurer of the Haresfoot club, president of the Lutheran student association, chairman of the drive to raise funds among the students for the new Lutheran cathedral, and a member of the Square club.

FROSH TO HEAR STORY OF UNION AT MASS MEET

Gardner Organizes State Into Alumni Clubs For Work

All freshman classes are to be dismissed at 3:30 o'clock Monday afternoon to come to the new student's mass meeting according to President Birge. The mass meeting is to be held by the Union board in order to instruct the Freshmen and new students concerning the new Memorial union building to be raised on the campus and to give them the opportunity to become life members.

At 7:15 o'clock tonight the first general meeting of the 200 canvassers and the chairmen will be held in the Chemistry auditorium.

"Never has there been an undertaking at Wisconsin when all the organizations on the campus have been willing to join the ranks, as privates as well as leaders, to make the freshmen feel the power of the Wisconsin traditions," Prof. E. A. Gardner, campaign manager of the Memorial union said yesterday.

Hold State Meeting

An alumni association was formed last week at Green Bay, and another at Fond du Lac under the leadership of Professor Gardner.

At Green Bay the alumni dinner in charge of W. L. Evans '94 was attended by the largest number of alumni ever together there. Representatives from the classes of '91 to '23 were present, and each member present stood, gave his name, class, and class yell. Officers of the association are W. L. Evans '94, president; Leland Wells, vice-president; and Miss Jean Cady '91 secretary. "Bill" Hoefel, captain of Wisconsin's championship football team in 1912, "Moose" Gardner '18 and Allen Davy, quarterback in 1920 were at the banquet.

A dinner at Fond du Lac was presided over by Judge Kenneth Higby '02, president of the county alumni association. President Birge gave an address in which he stressed two points, first, that the student body has had 80 per cent added to its total since 1910, and secondly that the average person remains in school about two and one half years. This is due to the great number of transfers as well as to those dropping out, according to Birge.

The officers of the alumni association

WAR SHOULD BE OUTLAWED SAYS SENATOR'S WIFE

Claims Women Instrumental In Defeat of Training Bills

"The Knox-Levison plan for the outlawry of war is the basic principle to be impressed on the public mind," Mrs. R. M. La Follette declared in addressing a meeting under the auspices of the Collegiate League of women voters, last night, in Music hall auditorium.

Mrs. La Follette urged that the women of all nations seek to build up a strong public opinion with a view to having their respective nations "agree that war is illegal."

"When war has been agreed upon as unlawful," she continued, "any violation of this code shall be tried before an international tribunal." The decrees rendered by such court shall be enforced just as the decisions of our United States supreme court.

Mrs. La Follette cited the defeat of the universal military training measure as an instance of the influence of women in national military legislation.

"The cost of war is legitimate ground for opposing it, and could be used effectively in creating a strong public sentiment against present military appropriation bills under consideration."

JUST BEING HUMAN

NO MAN is wholly a man who has lost out of him all of the things.

Widely variant were their origins, their probable destinations after graduation. One was from the south, rich; another, from the east, working his way through school. The third was from a foreign country and of a high caste.

They represented different classes of people, opposing religions varying ideals.

Seemingly they had nothing in common. No universal beliefs, no communion of interests.

But the three were sitting in one room talking freely of various things.

They forgot religion, politics, race prejudices, social distinctions. They talked of simple, homely events at school and on the campus. Happenings of the day that had interested them.

The Indiana game was mentioned, and Homecoming.

The beauty of the campus, the grandeur of the lake, the mellowed brownness of the woods, the southward passage of homing geese flying in splendid triangular formation toward a winter home.

One mentioned home and how he missed it. The mention of this, as of other things, touched a responsive chord in the hearts of all three. So each one told of his home and family.

They were still just three men sitting in a study room talking of various things.

But the artificialities of modern existence were forgotten.

Each saw in the other, not a Catholic, nor a Protestant, nor a Jew, but just another human being who at heart had similar loves and kindred interests. Each saw not a rich man nor a poor man, but just an equal with himself.

Unequally endowed by the Creator, they stood with equal rights and privileges before the assembled laws of man.

Differences of race, of creed, of birth and place were forgotten for the moment.

They were just three men who were talking of various things and just being human.

A PRIZE PROFESSOR

JUST three men sitting in their study room talking of mundane boy." Emerson it was, we believe, who said that.

Judged by this verity there are some professors on the campus who may qualify entirely as men.

Enthusiasm for athletics and other undergraduate pursuits is not alone confined to the youths on the campus. That was ably demonstrated yesterday morning in the class of an eminent and popular professor.

The class had assembled to hear a lecture in a course that is often referred to as being exceptionally dry and dull. Not because of the professor who gives the lecture but because of the mass of difficult material covered in the course.

Instead of the customary lecture procedure, this professor, who still retains the heart and interests of his boyhood, gave an enthusiastic address in support of the Badger football team.

He condemned the lack of interest shown by the students; he told them that their cheers for the team should be reverberating in the Minnesota and Illinois camps. And he convinced them by the very force of his own enthusiasm.

By a very lucky accident the Badger cheer leader happened to be near at hand so that he could lead a skyrocket for the team. We hope he led one also for the professor.

The thought occurs to us that that professor, perhaps unconsciously performed a brilliant piece of salesmanship. There will be no sluggards in his course.

A bit of life has been injected into the course. A strong bond has been developed between students and teachers.

The students know that he is human and has the same interests at heart that they have. And because of his giving five minutes out of the lecture hour for the hearty speech in support of the team, he has gained hours of loyalty and extra study from each of the student that are privileged to attend his classes.

The continued popularity of this instructor may be safely predicted. If his example and precepts are followed it is just as safe to predict a championship team this year for Wisconsin.

Band Plays With Color and Tone as Only Sousa Can

BY PORTIA B. LUGOFF

Incomparable John Philip Sousa, bandmaster of fame, and composer of numerous "Marches Militaires," has again appeared in Madison after an absence of two years. With his band of 76 members, each player an artist in his own right, Sousa presented a concert program yesterday afternoon and evening at the Parkway theater as only Sousa knows how—where brilliancy, clarity, and harmony were unequalled.

The so-called "high spot" on the program was "The Dwellers of the Western World," a suite composed by Sousa, himself. It was as if the very instruments spoke the thoughts of the composer, so vivid was the interpretation. The piccolos and the flutes typically howled the "war whoop" of the Indians and the Austrian pipes chanted the dance music for the "Red Men" as "they stood on the meadows with their weapons and their war gear."

The second part of the number portrayed the white man upon his voyage to the new world. It was a contrast to the first movement and was shown by the low, slow melody which gradually worked itself into a crash. The cymbals roared, the bass horns boomed, and the entire band exhibited its tremendous power. Then followed a diminuendo, and all was calm again—quick changes of tonal color and quality. The composition ended with the interpretation of the "Black Man."

"Finale, Fourth Symphony" by Tchaikowsky was the technical number of the afternoon, illustrating well the ability of the musicians to play rapid runs, heavy chords, clearly as a whole, yet each instrument and part a distinct unit. The climax of the piece was finally reached through a brilliant crescendo with all instruments working full force.

The cornet solo, Hartman's "Ocean View," was played excellently by John Dolan. His tonal quality was pure; his expression, the result of true feeling.

Miss Marjorie Moody, who sang "Caro Nom" from "Rigoletto" by Verdi as an additional attraction, had a voice which was sweet but which lacked force. She clearly enunciated her words but they did not carry because of her low sustaining power.

The band responded to the listeners by playing three march encores, Sousa's composition, "El Capitan," "United States Field Artillery," and "Stars and Stripes Forever."

Critic Cracks Face At Tickling Show in Orph Gala Bill

BY R. B. S.

The Orph gives you all the glad hand with its bill this week and your bound to crack your face from smiling. Its a scale tipper since its more than balanced but don't for a minute think we mean over-balanced. Give it a go and then agree with us.

Dougal and Leary

A series of corking songs with some Pollyanna stuff and a good many giggles and more ha-has.

Charles Wilson in "The Loose Nut." A nut who hit the audience like a bolt and remained loose through the whole act, but nobody wanted him to find himself. He more than tickled our funnybone.

Bell and Gray

Some wire line work with some dancing thrown in which made things go. Better at the footwork than with their line.

Follies Sisters and Co.

Heel and toe work which showed us some real dope in the vaudeville line. Decidedly continental in many aspects and put the ban on the banal.

"Concentration"

The act is a flabbergaster and we are thinking yet. They play anything you think of before you have even thought of it yourself. Their repertoire is astounding as well as excellently done.

Nancy Boyer and Co.

Something had to spoil it. Some Wall street and ingenue chatter in an Horatio Alger Jr. atmosphere.

WELL! NOW that the open-houses are about through the young gents will have to begin to pay for their Sunday night meals.

AND SOMEBODIES else too! BY THE time we made all nine of them we were pretty well filled up!

AND THE WORSE part of it all was that we started out all wrong!

INSTEAD of going to the Gamma Phi house first and having our breakfast muffins and coffee, and then going to the Alpha Chi house and getting dessert, we started at the other end.

NO WONDER everybody is so upset!!!

WELL anyway, if you didn't get fed up on food you sure are fed up on women.

The next is a little ditty which may be sung to the accompaniment of hot coffee (it its still hot enough) between gasps of fresh air "Quelque Fleur."

THE INS AND OUTS OF OPEN HOUSE

OH! come right in! What is your name?
Oh yes! we've met before.
Just put your hat upon the rack
That's right behind the door!

Now don't you think our girls are nice?

The prettiest on the hill?
And won't you come and see us soon?

Oh yes! I'm sure you will.

OUT

MY GOSH! What a gang of ribbon clerks!!
Did you see that dizzy wench?
She had a face that would stop a clock,
And a shape like a monkey-wrench!!!

She asked me if I would come again,
And of course I said I would.
I can see myself out with that oil-can!!!

Well, anyway, the food was good!!!

AND OUTSIDE of those who were Lorgnetted by the Alpha Phis.

EVERYBODY HAD themselves a dandy time.

"There is no doubt that students are more eager to organize enthusiasm on the campus than they are in the classroom. It is possible that this situation persists only because the students have given it no thought. Not a difficult matter for students."

"There is no reason why there should not be more PEP in the classroom."

"Why not cheer a man on to victory when he is solving a difficult problem in analytic geometry just as much as we holler for the man who has just completed a nice forward pass?"

FOR instance here are a few good cheers that could be incorporated into any classroom.

For The Chem. Lab.
Carbon dioxide!!
Sodium cyanide!!
Qualitative Quantitative,
RAH! RAH! RAH!

FOR THE ENGLISH CLASS
Bobby Burns, Shakespeare!!
Longfellow, near beer!!
Lambic Tetrameter!!
RAH! RAH! RAH!
(To be continued in our next issue).

LITTLE DIGNITY CHASERS
A flashy gold chain;
A request for the time,
No watch!

"Well! That lets me out," said the young man as he walked thru the swinging door.

Bulletin Board

CONGREGATIONAL BANQUET
Dr. John Gordon of Rockford, Ill., will speak at the annual banquet for Congregational students and friends at 6 o'clock tonight at the First Congregational church. Tickets may be procured at the Parish House, 432 N. Murray st., or from cabinet members, until tomorrow evening.

MENORAH SOCIETY
The second meeting of the Menorah society will be held at 7:45 o'clock, Wednesday, October 18, in Lathrop parlors. All those who attended the first meeting are urged to be present.

DEBATEES MEETING
All former intercollegiate debaters, Delta Sigma Rho men, Forensic board members, and other people interested in forensics, are requested to report at room 401, Bascom hall at 4:30, Wednesday, October 18.

DOLPHIN CLUB
Dolphin club try-outs will be held at 7:30 o'clock Tuesday night in Lathrop hall.

ADVERTISING STAFF
The advertising staff of The Cardinal will meet today at 1 o'clock in the business office.

CHEMICAL ENGINEERS
The Chemical engineering society will meet at 7:15 o'clock tonight in the auditorium of the Chemical engineering building.

SCABARD AND BLADE
Scabbard and Blade will meet at 7 o'clock tonight in the Armory.

PHYSICAL EDUCATION
The physical education club will hold a picnic at 5:30 o'clock this evening at the field house.

DAIRY SCIENCE
"The White Bottle", a movie will be presented at 7:30 o'clock Wednesday evening in the auditorium of Agricultural hall under the auspices of the Babcock dairy science club. The public is invited. Admission is free.

EDWIN BOOTH TWELFTH NIGHT RED DOMINO
All members of the three dramatic organizations will meet at 7:15 o'clock tonight in Lathrop parlors. Election of officers will be held.

BOWLERS
First division bowlers will find schedule of alleys and time posted on board in the Wisconsin alleys. First matches must be played tonight.

FOOTBALL USHERS
Ushers for the Indiana and Illinois games will meet at 7 o'clock on Wednesday evening in the gymnasium office. There are approximately 75 vacancies.

All students interested in leading discussion groups on the campus are asked to report to secretary Frederick E. Wolf at the Y. M. C. A.

Babcock Club to Offer Novel Movie Wednesday
"The White Bottle", a movie, will be presented at 7:30 o'clock Wednesday evening in the auditorium of Agricultural hall, under the auspices of the Babcock Dairy Science club. Lester Oosterhuis '23, president of the club will preside at the meeting.

This is the first time that this movie has been shown in Madison. It has, however, been shown in many of the large cities in the country, and has drawn large crowds. Lillian Bonnie, of the Ziegfield Frolics, takes the leading role. The Carr kiddies, who starred in the Broadway picture, "Over the Hill", and Leslie Hull form a strong support.

All members of the university as well as the general public are invited by the club to attend. The admission is free.

O'Shea Attends Meeting Of Teachers' Association
Prof. M. V. O'Shea returned yesterday from South Bend, Ind. where he attended the annual convention of the North Central teachers' association. Professor O'Shea spoke on the "Constructive Treatment of Education Problems" at the Friday morning session of the convention. Several other noted educators from Columbia, Minn. and Chicago universities were the principal speakers.

Lutheran Students Raise \$1,200 During First Day

WILBUR WITTENBERG '24

The sum of \$1,200 was pledged by students on the first day of the campaign towards their quota of \$18,000 to install the organ in the new Luther Memorial church now being erected on University avenue. Wilbur Wittenberg '24 is central chairman of the student campaign.

In commenting on the student action to donate the organ Prof. C. H. Mills of the school of music said yesterday, "Music is the most inspirational part of the church service. This beautiful church would be incomplete without an organ to furnish this part of the service, and I can think of no more appropriate gift for the students to leave in commemoration of their love and appreciation of the Luther Memorial."

At the first report of workers held in the woman's building last night, Madison reported \$8,800, which together with students pledges makes a total of \$10,000 for the first day of the campaign. Prof. J. E. Olson, central chairman of the city campaign presided at the meeting. Chas. E. Whalen member of the association of commerce gave a short talk in which he commended the enthusiasm and loyalty of the workers which he said would assure the success of the campaign.

Small Cargoes of Hard Coal on Way to State

Small cargoes of hard coal are on their way to Wisconsin ports in response to telegrams sent to federal fuel officials Saturday, telling of the serious shortage of anthracite that will face this state unless shipments are hastened, the state coal committee learned today.

C. E. Spens, federal fuel distributor, wired that the steamer Mars cleared from Buffalo Saturday night with 7,000 tons of anthracite for Green Bay, the first shipment for that point. He also said that the steamer Laketon was leaving Buffalo with 1,500 tons of hard coal for Racine.

"This is a start that may mean the speeding up of the anthracite shipping program," J. D. Morrissey, Wisconsin's representative on

Railroad Jack to Give Talks At Janesville

Madison's Socrates, otherwise known as Railroad Jack, will leave Madison early

this week for Janesville, where he will sojourn for some three weeks. While there he will address several prominent clubs, talk on several occasions to gatherings of school children, and give public demonstrations of his memory feats and powers of oratory.

Railroad Jack recently returned to Madison after a tour of Badger state fairs.

During this pilgrimage, he visited Monroe, Portage, Jefferson, Watertown, Beaver Dam and Janesville. At most places he was the guest of local business clubs. At Portage he was the guest at a dinner given by Sen. George Staudenmeier at his farm home. Jack officiated as toastmaster. Two hundred Kiwanians were present.

the northwest governors' coal committee, said. "While the amounts on their way here are small, they will help relieve the situation."

The state committee reiterates that consumers will have to be content with a ton at a time of hard coal, and it urges burning of wood and soft coal wherever possible.

Expand Guard Drill

Field at Camp Douglas

The drill field at Camp Douglas is being extended to care for the training of the entire Wisconsin national guard should a mobilization be called. Col. Lyron T. Beveridge, inspector general of the Wisconsin national guard announced today.

PUBLISH RULES FOR ACTIVITIES

Eligibility and Residence Is Required In All Work

Every activity on the campus has eligibility requirements which must be fulfilled before a student can participate in them. The general rules are given here.

Virtually all activities have a basic requirement of one year of residence in this university, and at least 28 credits. Exceptions to this are that only one semester shall be required of sophomores, juniors, and seniors for intercollegiate debating and oratory, publications, musical, and dramatic events.

No residence requirements will be necessary for freshmen class officers, class athletic teams, or freshmen forensic events. Freshmen in their second semester may try out for positions which they hope to be eligible for in their sophomore year.

A second chief requirement is a regular enrollment and a present program of at least the minimum required for full work in the course the student is taking, not less than 14 credits in any case. Reductions of a student's program below 14 credits automatically disqualifies him.

Grade points at least equal to credits for the preceding semester must be had. This means no unsatisfied failure, condition, incomplete, probation, or disciplinary penalty incurred either during the academic year or summer session.

Special limitations are on participation in more than one major dramatic or musical activity in one semester.

In the case of women, participation may be made only in Madison performances, except if out of town performances may be requested by such a department. Approval of the medical adviser is needed. The S. G. A. system of the definite arrangement of major and minor classifications is the official guide post for women.

These eligibility rules do not apply to office or membership in social organizations, literary societies, or societies conducted by any department. They apply to membership in the band, orchestra, and choral union, only in cases of out of town trips. Nothing in the rules are construed as abrogating any portion of the intercollegiate conference rules concerning athletic eligibility. Social and professional fraternities and sororities set their own scholastic averages for initiation.

PRESBYTERIANS PLAN 'W' CHURCH

Drive For \$100,000 to Raise University Student Chapel

Building of a new church for Presbyterian university students is planned in connection with the state-wide educational campaign to be opened in January, the Rev. M. G. Allison, pastor of the University Presbyterian church, announced today.

The edifice will be erected at State and Murray sts., the site of the present temporary church, according to the Rev. Mr. Allison. Construction will be begun when the campaign is completed.

Tentative plans for the drive were made at a conference yesterday between the Rev. Mr. Allison and the Rev. Ralph Owens, field secretary of the university students' branch of the board of education of the Presbyterian church, with headquarters in New York. The campaign will be directed from New York.

The decision to build a new church here was made at the state Presbyterian synod last week at Superior, from which the university church pastor returned Saturday.

There are 1,000 students of Presbyterian faith in the university during the school year, it is said, while about 500 attend the summer sessions.

Badger Sets Dead Line For Seniors' Pictures

Madison photographers have been instructed to make no sittings for senior pictures after November 1st; also on that date the senior editors begin the preparation of the manuscript of the section for the printers.

Seniors who have not received a summary card can call at the Badger office, any afternoon this week from 3:30 to 5:30 o'clock and secure one. Those who have not arranged for their portraits with one of the authorized photographers, Badger, Bell, Hone & McKillop, L. C. Robertson, De Longe, Schneider or Thomas Studios, should do so immediately, editors of the section stated.

If you have not mailed or sent your summary to the Badger office, do it now before you forget it," Margaret Brown, editor of the senior section, said yesterday.

NEW CUP WILL REMEMBER DAY

Memorial Given Y. M. C. A. to Award Honor Student

As a permanent memorial to Kenneth Sterling Day '20 who died of pneumonia Jan. 14, 1919, a solid silver loving cup is to be placed in the parlor of the Y. M. C. A. by the parents on which the name of the most outstanding university men from the standpoint of christian character, scholarship, influence on the morale of the university, and leadership in religious activity on the campus is to be engraved each year, and a suitable trophy presented for him to keep.

Day was active in university affairs when in school. He was a member of several of his class committees, was a lieutenant in the cadet corps, a member of the Ag crew, Scabbard and Blade, Alpha Delta Phi fraternity, the Wisconsin and China Board, and the Y. M. C. A. war fund committee. After the war he returned to the university.

Day's parents, after correspondence with F. E. Wolfe, secretary of the Y. M. C. A., decided upon a trophy award as the most fitting memorial. The cup is being designed by the Gorham Company of New York under the direction of Archie Tegtmeyer of Milwaukee. The cup which will be about twentyfour inches high, will be placed in a

NEWS OF CONFERENCE SPORTS

HARRIERS REST BEFORE INITIAL RACE SATURDAY

Michigan Countrymen Have Veterans Who Will Run

Strenuous workouts the first part of the week with gradual easing up towards the end of that period will constitute the program of the Badger harriers in preparation for the first meet of the season, a dual race with Michigan, to be held at Madison Saturday before the Indiana game.

The start and finish of the race will be held in front of the university gymnasium, the starter's gun to be fired at 11:45 o'clock on Saturday morning.

Through two time trials, held on October 7 and 14, Coach Mead Burke has had opportunities to size up the ability of his men. Both of these races were run under rather adverse weather conditions, but were featured by the keen competition for places, the success of new men on the squad, and the good time for early season running.

Badgers Enter Ten

The majority of the Varsity squad men are in excellent condition, and the Badgers should be able to place a fairly strong team against the Wolverines. The runners are now being aided in their performances by new, specially spiked and padded shoes recently supplied by the athletic department. These shoes are a great protection against stones and rough roads.

Coach Steve Farrell of Michigan in a recent letter stated that seven Maize and Blue trotters would take the trip to Madison. The exact strength of the invading team is unknown to the Badgers, although Captain Bowen, Arndt, and David are veterans from last year who are almost certain to appear in the lineup.

Wisconsin will enter ten men in the race, five of whom will qualify for places. Tschudy, Vallely, Wade, Schneider, Moorhead, Perry, Ramsay, Link and Rossmel are some of the men showing ability in the time trials who may receive the acid test next Saturday.

Sell Tickets for Game With Indiana Thursday

The public and students who failed to make their reservations for tickets for the Indiana game can buy them from 1:30 to 5:30 o'clock Thursday and Friday and from 9:00 to 11:00 o'clock Saturday morning. The rates will be from \$1.50 to \$3.00.

A large number of applications have been received from students and the orders are being filled in order in which they were received. No order can be filled that was mailed after October 14. It has been customary to give the students regular \$2.50 reservations with the fee card and fifty cents, but Coach Jones directed that the \$3.00 seats be given to students at this game.

Student application blanks for both the Chicago and Illinois games may be obtained Wednesday at the men's gym.

Horseback Riding Shows Increase in Popularity

"Horseback riding has taken an extensive jump to the top of outdoor sports for women," according to Herbert Bruekner, in charge of the classes at the Black Hawk riding academy this fall. Fifty-three students, the capacity the academy can accommodate, are taking the sport as part of their gymnasium record this fall.

Sixteen of these are in the advanced class, having completed the introductory course last spring, when only 37 girls could be taken care of. For this reason many students who wished to enroll were turned down. On Saturdays and Sundays, every one of the 18 horses in the stable are signed up for every hour of the day.

The Block System, State street, headquarters for tailored breeches and habits, hiding boots and hats, reports a striking increase of purchasers in this line this fall.

Early Games Show Critic That Maroons, Iowa, Ohio, Michigan and Badgers Will Set Pace

BY OLD TIMER

The Conference football teams have all been exposed to public gaze by this time and some idea of their strength and their probable finish can be developed with a little more basis of fact than heretofore.

Purdue, Northwestern, Indiana, and Illinois have all been defeated, but Northwestern cannot be dismissed with that statement this year. They played good football against Chicago and indicated that they had coherence, pluck, and football knowledge. Coach Thistlewaite has taught them something and has welded them into a team. They will make trouble for the rest of the teams on their schedule.

Minnesota has made a good start in winning from Indiana, 20 to 0, and it looks as though Spalding, new coach at Minnesota, was going to improve conditions there. Indiana may not be a great team, but no one had credited Minnesota with much to begin with, except raw material, and it begins to look as if Spalding knew what to do with it. There are plenty of big men at Minnesota and if they get a real coaching system hitting on all cylinders again, everybody will have to look out for them.

Chicago is above the average Chicago team. There is a fine line there and a great backfield except at quarter. Chicago will probably defeat Princeton and will be one of the teams in the top frame at the finish.

Michigan has the best material in the Conference and in spite of their wale over the making of a new line, it is a veteran team. By the way, both ends, a guard, and a tackle

are back from last year's eleven, and all the backs except Stokette, and he lasted in a game only until he made his usual bum kick. Why is Michigan lamenting over a new line? Michigan would be a guest team, in fact, with its easy schedule—it refuses to play more than four Conference games—it should finish with no defeats. However, the Wolverines were held to a tie by Vanderbilt Saturday, which indicates that their powerful men are not hitting as they should. They have seven of their string men back and a lot of new material like Steger, of Oak Park, that would delight the heart of any coach. We will know more after next Saturday when they meet Ohio. If they can't beat Ohio this year, they won't do it for some time. Ohio has lost its line of last year and seems to be developing slowly, but they will be primed for Michigan Saturday.

Iowa looks good. Its defeat of Yale is no proof that this year's championship will stay in Iowa City, but it does indicate a good team. Iowa won last year without meeting a single leading team of the Conference. It won on percentages without meeting Ohio, Michigan, Wisconsin, or Chicago, and outside of these teams, there was no real squad for it to meet. This year they will meet Ohio and it may mean their undoing.

There is a lot of material at Iowa and it comes from all quarters, even from Superior, Wis. Hancock is said to have gone there instead of Wisconsin because they promised him a game in the Yale bowl. But the facts rudely kill this argu-

ment, for he was at Iowa before any game with Yale was scheduled.

It would be interesting to have Commissioner Griffith, of the Conference, get the facts as to the presence of certain players on some of the Conference institutions. Alumni associations from two of them are working overtime to get athletes and Wisconsin territory is often raided.

It cannot be said that Iowa alumni did this with Hancock, but it is being done by some associations.

Wisconsin will have a good team. It is the policy here to take what material comes out and coach it. Last Saturday but two linesmen of the 1921 team were in the game, and but one back. No howl has been made about the dearth of the veterans. The team is hit terribly by minor injuries, but will go down to the Minnesota game without a defeat in spite of them and will have a real team in the field for that contest.

The Badgers will have four and possibly five new men in the line with Williams and Gibson all that are left of last year's backfield, and Gibson was replaced in mid-season last year.

Illinois has no greener team than in previous years. Michigan is hoary in age in comparison, and Chicago is a Methuselah. Young blood must come in sometime and it can be taught in a system that coaches rather than collects.

It looks as though Chicago, Wisconsin, Michigan, Iowa, and Ohio State were going to make the pace in the Conference again with Minnesota to be heard from further.

BADGERS DRILL IN SECRET FOR COMING SCRAPS

Rainstorm Fails to Keep Gridders From Stiff Practice

Despite a driving rain which interfered with the workout, Coach John R. Richards directed his Varsity squad through another long secret practice at Camp Randall yesterday afternoon.

The two elevens which compose the Varsity outfit ran through a signal drill, with newer plays getting a great deal of attention. After the drill, Quarterback O'Brien and his All-Americans were called into action against the first and second elevens. They skirmished during the rain. A brief attack on tackling dummies ended the practice.

Williams Returns to Position

Capt. Rollie Williams was back in his place at left half for the first time in nearly two weeks. Williams has recovered from his injury, and the little leader is "rarin' to go." Right half was filled by Saari yesterday. He came through in fine shape after Gibson was hurt Saturday.

Fears of the student body over the condition of "Gibby" will be allayed by Trainer George Berg's declaration that Gibson is not seriously hurt and that he will be in there when Wisconsin clashes with Indiana next Saturday.

Except for a few minor bruises, the remainder of the team emerged from their South Dakota combat in good shape. The usual after-the-game stiffness was much in evidence, but this is the aftermath of any grid battle.

Dakota Touchdown Was Legal

Fans are still wondering how Dakota scored its solitary touchdown in the closing seconds of the game. Time had been called on the play just as R. Coffey, Aggie center, snapped the ball to quarterback Welch. Before the game ends, according to the rules, the final play must be completed and as a result, the short pass to Schutte, who ran 70 yards to a touchdown, was legal.

The South Dakota game was just what Coach Richards had expected it to be—an "acid test." The showdown demonstrated that Wisconsin has a poor line attack, and that the running offense could be improved greatly. The line was slow in charging and it lacked drive when the first impact was over.

Unless the linesmen develop a more powerful offense, the running attack will fail and Wisconsin will have to depend upon the forward pass for its gains. With Shorty Barr able to throw the passes for short and long gains almost at will, the Badgers can expect an aerial offense play a large part in later games.

Gopher Scouts Game

Hauser, Minnesota scout and former Gopher star tackle, was in the stand on Saturday watching the Richards men open up with throws. He was unable to get a good line on the pass attack because only simple formations were employed to advance the ball.

Despite its beating at the hands of Minnesota, Indiana, will prove a tough foe for Wisconsin. The Hoosiers are under the tutelage of Pat Herron, an eastern gridiron star, and with another week in which to absorb his methods, they should be much stronger than they were against the Spalding Gophers.

Women to Try Out for Dolphin Club Tonight

Tryouts for the Dolphin club will be held at 7:30 o'clock tonight in Lathrop pool. Officers of the club have asked that all women who wish to enter for the tests sign the bulletin board in Lathrop hall today.

Several tests, based on endurance, form in swimming and diving must be passed before anyone can become a member of the club.

The Dolphin club is getting to be one of the largest women's organizations on the campus.

EAST TRAMPED ON BY 'MINORS'

Work of Iowa Fortells Conference Race; Northwestern Fools

The downfall of the Big Three has been completed. As Centre rode over Harvard, as Chicago walloped Princeton, so did Iowa tramp on Yale. The acknowledged leader of the Big Three at the present time, went down in defeat in a game which the Yale undergrads termed as "minor."

Iowa, champion of the Big Ten, did nobly last Saturday and showed the East that football as played in the West is far superior to that played on the Atlantic coast. In beating Yale, 6 to 0, the Hawkeyes loom up again as a strong contender for the football crown of the Western Conference.

Indiana comes here next week to engage Wisconsin in the Hoosier's second Conference game of the season. "Bill" Spalding's swedes from Minnesota walked over the Hoosier team last week by a score of 20 to 0. Indiana was handicapped for coaches until the training season was ready to begin and consequently lost out.

Northwestern Surprises

The Hoosiers should not prove a great obstacle for the Badgers to overcome next Saturday but will no doubt profit by last week's experience, and send a stronger team on the field at Camp Randall.

Minnesota goes to Evanston to tackle Northwestern, and, while they should come out victorious they will find stiffer opposition in the Purple than they have in years previous.

The team from Evanston surprised followers of the Big Ten and, probably itself, when they held the hard hitting Maroons to a score of 15 to 7. That the new coach at Northwestern is doing wonders in developing a team is undoubtable. He seems to have instilled a new spirit of fire and fight that has been almost unknown at the Purple institute for several years.

Michigan Tripped Up

The showing of Michigan against Vanderbilt was another big upset of the past week. The southern team fought the northern invaders to a

BADGER'S MEN EXCITE HOOSIERS WITH INTEREST

Indiana Spirit Revived By Famous Committee of Seventeen

The football game between Indiana university and Wisconsin next Saturday is arousing more interest on the campus of the Hoosier institution than any game played yet this year. Even more so than the Minneapolis game played at Indianapolis last Saturday since the annual capital city game is a red-letter day for followers of the Cream and Crimson.

Last year after the close of the football season at Indiana, 17 of the most prominent men on the campus formed themselves into the famous "Committee of Seventeen" known throughout Hoosierdom. Realizing the downward path that athletics of their Alma Mater had been taking in recent years, they planned to revive it. The committee took it upon themselves to see that men of athletic ability attend their own state university.

As a result of the canvass among the high schools of the state, Coach Herron has had a volume of material to select his team from this fall. As an immediate result of this revival in spirit, 300 rooters with a band of 125 pieces will endeavor to make a good showing after a renewal of athletic relations.

The Indiana band is the largest band ever brought to Madison to a football game.

The "Crimson Special" will leave Bloomington Friday at midnight over the Monon and arrive in Madison at 10:30 o'clock Saturday morning over the Chicago and North Western.

The fact that Wisconsin is the Alma Mater of "Jumbo" Stiehm, director of athletics at Indiana, is the cause in part, of the unusual interest being taken.

Pat Herron, head coach during the illness of Coach Stiehm is expected to send his men into the fray drilled to the minute in the Pittsburgh style of open play as taught him by Glen Arner. This should make this the most spectacular game ever seen on Camp Randall field.

TO GET 5,000 AT CLASS GAME

Frosh and Sophs Working For Annual Football Clash

Plans will soon be laid for the disposal of 5,000 tickets to the annual frosh-soph football clash. The large number of tickets will be sold before the day of the game, the proceeds to be used to take the two teams to the Chicago-Wisconsin game at Chicago, according to Guy S. Lowman, coach of the all-American and sophomore teams.

No definite date has been set as yet for this the clash game, October 28 has been figured on, but both Lowman and Driver, the freshman mentor, are in favor of a later date, possibly on the Saturday of the Michigan or Minnesota game.

The game is arousing much interest between the two lower classes. It will be an opportunity for the freshmen to regain some of the glory lost in the bag rush. Last year this game was one of the most hotly contested football battles seen at Camp Randall. The two teams, from present indications, will be about evenly matched, averaging up about the same in size. What advantage the sophomores have in experience is evened up by the greater number of candidates from which the freshmen eleven will be chosen.

The freshmen team has developed wonderfully in the past two weeks. The squad has been decreased until less than enough men for three teams were on the practice field last night. This gives the coaches, Keg Driver and Jimmie Woods, a much better chance to teach their proteges the fine points of the game.

The first string line up on the frosh squad last night was Nelson and Simmons, ends; Patrick and Phillips, tackles; Strause and McCormick, guards; Scanlan, center; Williams, quarter; Cramer and Wallace, halves; Mark, fullback; Roulin and Coleman have been used in the backfield to good advantage.

No sophomore team has worked out as such, says Coach Lowman, but he expects to organize them soon from the material he has on his all-American squad.

Yes! Writing without effort!

What George S. Parker has achieved
for students with the 25-Year Duofold

THIS lacquer-red pen with jet black tips is not only handsomer than gold—it's a perfect classmate for the college man or girl.

Better penmanship for every one—without effort or fatigue—on any paper—at study, at classes or at lectures.

Mr. Parker achieved it by producing a native Iridium point as smooth and life-enduring as a jewel bearing, and a leak-proof barrel with a grip that is balanced with scientific precision and symmetry.

Such perfect poise and super-smoothness in writing relieves the nerves of tension. The Duofold glides under your subconscious direction of its own balanced weight!

You think of only *what* you're writing—not *how*. So your thoughts come easier, clearer, more composed.

We will let you have the Duofold for 30 days to demonstrate. You'll never be content to write the old way after that. Even before they tried this 25-Year point, 62 men in 100 chose the Duofold for its classic beauty and balance from a tray of assorted pens. Its popularity has never been equalled.

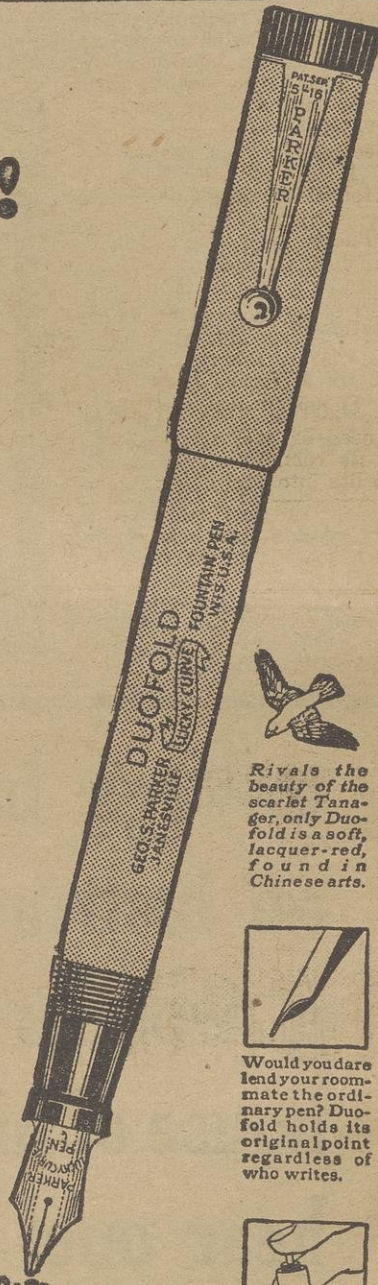

Oversize Duofold—a real HE Pen holds a double ration of ink, \$7. Duofold Jr. and Lady Duofold at \$5 are like it in everything save size. Come in and try the points—extra fine, fine, medium, coarse and stub. Students are always welcome here.

Parker
Duofold
The 25 Year Pen

Duofold Jr. \$5
Same except for size

Lady Duofold \$5
Handbag size with gold ring
for chainette

OVER-SIZE
\$7

Rivals the beauty of the scarlet Tanager, only Duofold is a soft, lacquer-red, found in Chinese arts.

Would you dare lend your roommate the ordinary pen? Duofold holds its original point regardless of who writes.

Press the button and Duofold drinks its fill. No pump—no lever to catch on clothing and spill ink.

Reputation Doing Social
Work

A former university co-ed is making a great reputation in the east as a social worker and hospital organizer. She is Miss Marion Whidden, who was a member of the class of 1907 and a member of the Pi Beta Phi sorority here.

She is now superintendent of

Marion Whidden

the Beekman Street hospital in New York. It is the first time a woman ever held such a position. "I know no greater happiness than when I am building something," Miss Whidden said, in an interview in a New York paper. "I like to build up an organization because I know the secret of it. It is simply to be able to read people correctly and place them where they belong. It is really they who do the work, and whether or not the work succeeds, depends on whether or not you have chosen them successfully."

Miss Whidden, who superintended the feeding of 17,000 persons in the 1917 Halifax disaster, organized the food and housing problem for a large section of the city during the Pueblo flood, and has headed the industrial departments of some large corporations, is working day and night to bring about the rehabilitation of the hospital.

Theme of God's Message Is "Love," Says Pastor

"The need of the world today, with all its complex problems is a God who fits into every human con-

dition and need, and I believe that if such an individual did not exist we should find it rather alive," said Rev. W. L. Young in his sermon at Westminster church Sunday morning.

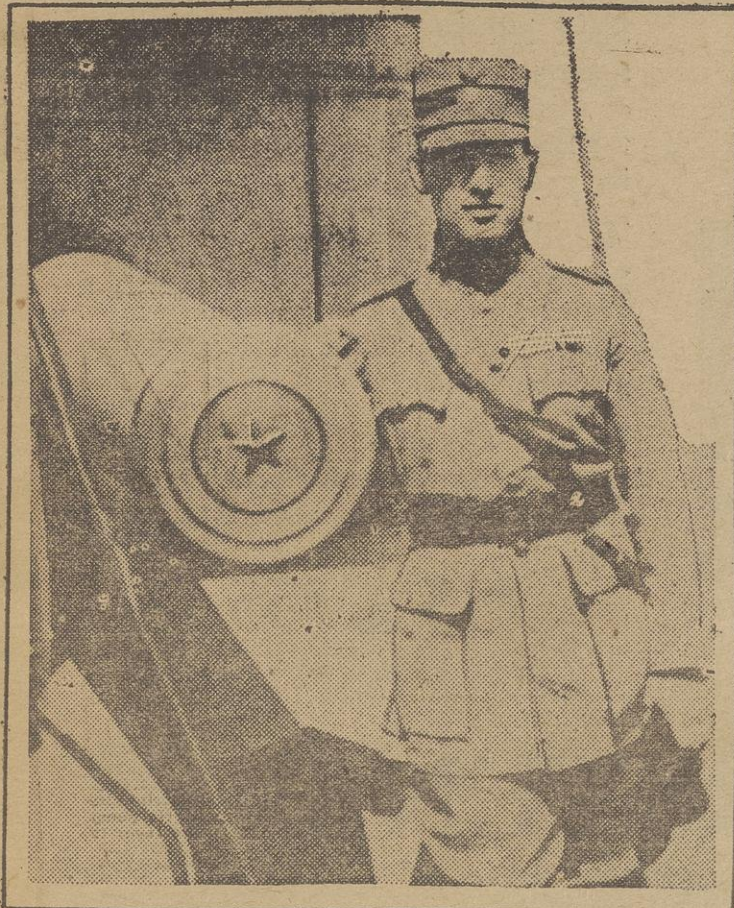

"There is in the life of every individual a void, an inutterable longing that only Christ can satisfy, and the reason that Christ has so fitted into our problems is because He has come with a message for all, in which good will, tolerance and charity summed up in the one word 'Love,' are put first."

The Rev. Mr. Young recently came here from Beaver Dam, where for a number of years he was pastor of the First Presbyterian church. He is now associated with Frederick E. Wolf in the university Y. M. C. A.

Blaine And Johnson Leave For State Tour

Gov. J. J. Blaine and State Treasurer Henry Johnson had left Madison today for Green Bay where they will start on the four day tour of Upper Wisconsin fostered by the Associated Communities of that district of the state. The trip will take them through the central and northern counties ending at Eau Claire on Friday. Governor Blaine was accompanied by Frank Kuehl, executive clerk.

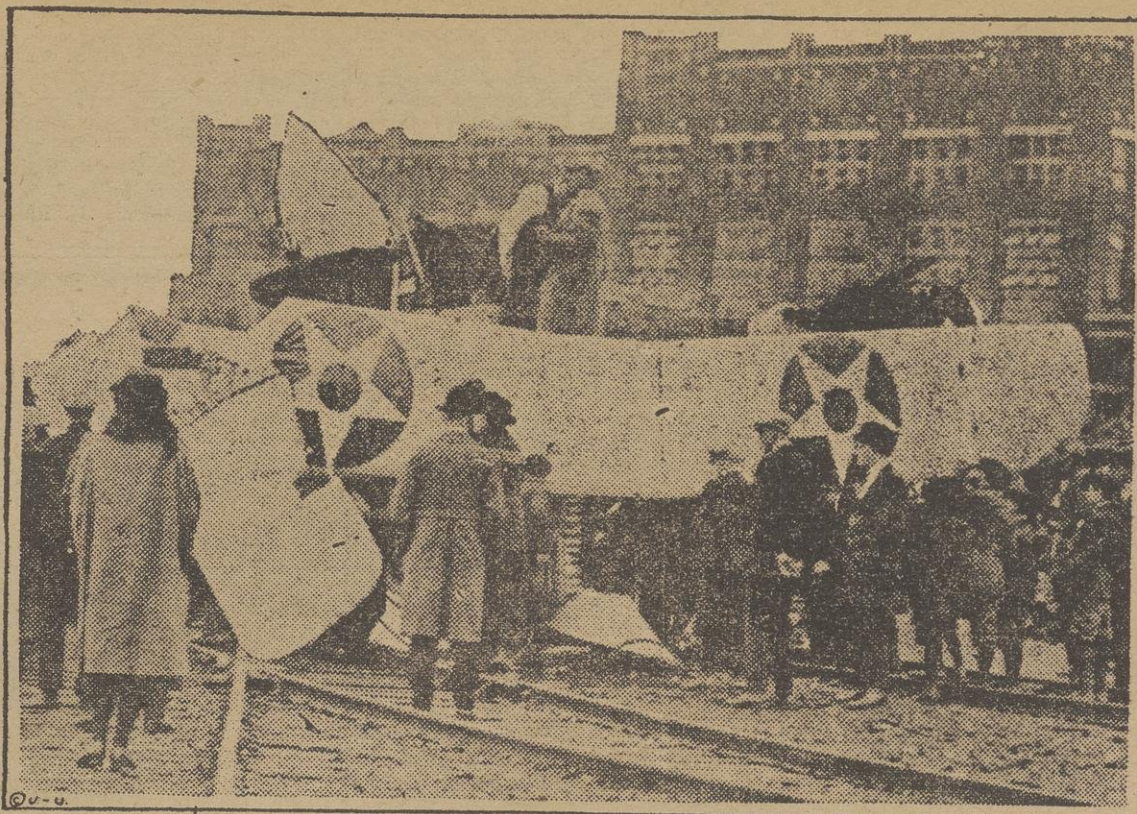

"LET GEORGE DO IT"

King George II of Greece aboard one of his warships.

Ex-King Tino's "Let George do it" has worked out well so far. The new king is in harmony with the people and the revolutionists who forced the abdication of his father. He had just completed an inspection of his naval forces at the port of Athens when this photo was taken.

FIRST AIR ACCIDENT AT DETROIT RACES

Crowds viewing wrecked plane after crash.

Buffeted by a stiff wind, the big Curtis triplane, piloted by Lieut. R. Irvine, crashed into a

pier at Detroit and was badly damaged. So far this has been the only accident to planes as-

sembled for the Pulitzer races. Hundreds of curious persons inspected the wreck after the crash.

BATES PICKED AS OXFORD FOE

Small American College Challenged By Englishmen For Debate

Bates college, a small institution of only a few hundred students at Lewiston, Maine, will meet Oxford university in debate sometime late this month.

Bates, although one of the smaller of the colleges of the county, has built up a reputation of being a leader in forensic. For this reason Oxford selected her to challenge in the international debate.

A year ago Bates met Oxford at Oxford, debating before an English audience on a question that was distinctly American, debated under English rules and lost. This year Oxford debates before an American audience and under American rules of debate.

In this country the debate is judged by a team, generally composed of three men, who cast their decision based upon the merits of the argument and its presentation without consideration of their own convictions. Under the English rules the debaters must convince the entire audience, all of them having a right to cast a vote toward the decision. On his basic Bates lost last year by a vote of 250 to 90.

"The question discussed was a difficult one for Americans before an English audience and the chances of winning under the English rules small," says Frederick M. Davenport, professor in law and politics at Hamilton college, in a discussion of last year's debate.

The Bates men went into summer training in preparation for the contest this year. The Oxford men are being trained by the Oxford union from which have come many of England's most prominent statesmen, including Salisbury, Asquith, and Gladstone.

In the past two years Bates has won seven consecutive debates, including those held with Cornell, Yale, and Harvard. She has won 40 out of the 50 discussions that she has entered.

"The Bates and Oxford men are ambassadors of a better understanding between the great English speaking peoples," says Mr. Davenport.

Six Graduated From South Madison Hospital

Graduation exercises for six student nurses, Edith Rebenhorst, Beulah Huff, Jane Canning, Charlotte Austin, Helen Peters and Helen Buck of the South Madison hospital, were held at the sanitarium chapel Sunday night. Rev. I. J. Woodman, president of the Wisconsin Seventh Day Adventist conference, gave the by the death of the Rev. Thos. Knox will not be permanently filled for several weeks.

Eastern School Taken Down By West's Game

(Continued from page 3)

standstill and let them off with a scoreless tie. Vanderbilt has produced some powerful elevens and the Wolverine alibi lies in the fact that the southern team this year must be exceptionally strong.

Michigan meets Ohio State next Saturday in a contest that should prove interesting. The Buckeyes managed to win a preliminary game for a change by defeating Oberlin 14 to 0.

Purdue fell somewhat under expectations when they let Notre Dame hand them a 20 to 0 score. Ineligibility was expected to give the Boilermakers a chance to hold Coach Rockne's team to a much closer score.

Judge Rosa Addresses League of Women Voters

"I firmly believe that if the voter were thoroughly familiar with where taxes originate, and where they go, the burden of taxation would take care of itself" Judge Charles D. Rosa declared last night in his lecture on "Taxation" before the Dane County League of Women Voters in the auditorium of the city Y. W. C. A. Judge Rosa, who is a member of the state tax commission advocates that the state each year appropriate a small sum of money to be used by the tax commission to educate the tax paying masses. The sum would not have to be over 20,000 dollars and would be one of the best ways of cutting down the present taxes.

BLACK LACE GOWN IS GOOD FOR ALL DRESS-UP AFFAIRS

Women with limited incomes and therefore limited wardrobes will be glad to know that black lace gowns are fashionable again, for there is nothing as serviceable and at the same time as dressy as black lace. It may be worn to the formal afternoon affairs, the informal dinner as well as the formal dinner, and to any kind of an evening function. This is one of the many pretty styles developed in lace for the coming season.

Christianity Levels All Race and Color Barriers

"Despite the difference in language, customs and race, the delegates from thirty-six countries to the World's Student Christian federation conference in Peking were united by the common bond of Christianity," Helen Kasbeer '23 declared in speaking on her experiences in China, Sunday afternoon.

Miss Kasbeer was one of the four undergraduates to be sent by the national Y. W. C. A. to attend the world conference held last April for the first time since the war. Every four years representatives from the 42 countries belonging to the Student Christian Federation meet to discuss world Christian problems and to exchange ideas.

"Each delegate to the conference wore her national costume, sang her own hymns and prayed in her native language. In the morning meetings were held and in the afternoon tea was served so that all the delegates might become acquainted.

"The typical American does not see the world as a whole. He does not go, into his religion as deeply, as the Chinese and Indian students," Miss Kasbeer said.

Music School Teacher Plays \$25,000 "Strad"

Frederik Frederiksen, former instructor in the Wisconsin School of Music, returned to Madison today to direct the violin department of that institution.

Mr. Frederiksen, who makes his home in Chicago, was forced to delay his visit to Madison because of an engagement to play a \$25,000 Stradivarius at the Lyon and Healy's concert room in Chicago before a large audience interested in a collection of very old violins on exhibit.

May Transmit Power To New York by Radio

NEW YORK—Transmission of power from Niagara Falls to New York by radio is a possibility of the future in the opinion of Dr. Alexanderson chief engineer of the Radio corporation. This prediction followed the success of a 16 hour test of election tubes in place of large alternators in transmitting wireless messages across the Atlantic.

TRUCK VICTIM BETTER

Mrs. W. J. Brown, 70 years old, who was run down on State st. Saturday morning, is reported in an improved condition by Methodist hospital attendants who are caring for her. She will recover, physicians state.

Freshman Basket Squad Trimmed Down by Coach

Another cut in the freshman basketball squad was made yesterday. Although the squad has been cut several times Coach Harper is anxious to have any tall, rangy man who have basket ball ability, or who think they can develop it report for practice. The hours for practice have been changed from 7:30 to 4:30 o'clock.

The men remaining on the squad

are:

F. J. Christoph, F. W. Meyers, R. A. Larson, A. J. Horst, Horace Tudor, C. S. Martinez, C. I. Huff, Roger Inda, Levi Eckhardt, C. V. Albricht, Mark Ogden, W. B. Carter, Don Wheeler.

J. K. Gill, Orin Noth, Don Hatmaker, F. S. Harmon, H. Wieland, W. J. Kilpatrick, J. D. McCarthy, H. J. Frieden, R. E. Gault, R. Kenison, A. F. Scheer, S. Tallard, S. W. Spencer, R. Thousand, C. Riegall, O. H. Rippe.

Gardner to Tell Frosh of Memorial Union Plan

GOODMAN & SUSS "23 Point Hand-Tailored" CLOTHES

An Easy Loungy Style—

YOUNG men with a natural liking for good clothes will appreciate the style and comfort of the Hyde Park model.

Short roll lapels and wide button spacing contribute to the individuality of this English type of coat, while the long waist line secures an appealing effect of slenderness.

"Hidden value" is the way one young fellow characterized "23 Point Hand-Tailoring" which finds its counterpart only in the finest custom-made clothes.

Prices on Goodman & Suss Clothes represent an investment which will pay substantial dividends in satisfaction.

\$35 to \$55

All minor hand operations follow as a matter of course under these specifications.
