SINCE the November MAGAZINE went to press the three events attracting most attention at Madison have been the football defeat of the University of Minnesota, the dedication of the Memorial Union Building site, and the unexpected tie game between Wisconsin and Michigan.

The defeat of Minnesota was a thrilling conquest of a worthy foe. May it be said to the credit of our long time rivals from the North that their own reports of the contest gave unstinted praise to the Wisconsin team. Nearly thirty thousand spectators attended this great fall Homecoming, and there is every indication that the Wisconsin-Minnesota contest will continue as the one of major interest between these two great state universities.

On the Saturday following the Minnesota game the site of the Memorial Union Building was dedicated following an impressive parade. The sacrifices made by those participating in the dedicatory exercises are deserving of commendation. Our oldest living alumnus, a distinguished veteran of the Civil War, gave up the marked honor of officiating on the reception committee of Marshall Foch; a governor set aside the many details of state; a busy mayor left private and municipal business; a leading lawyer from one of America's largest cities paused in the midst of litigation involving millions; a manufacturer left his great industry; and an officer of an important national business organization temporarily locked his desk on which rested matters of large interest.

On the 12th of November Michigan's football team tied our eleven in a seven to seven contest. The popularity of the return of Michigan to the Western Conference is shown by the fact that about twenty thousand spectators saw this great game. With the exception of the Homecoming crowd of Oct. 29, this is the largest football crowd that ever gathered at Madison. Details of these three attractions, together with some details of Wisconsin's victory over Illinois, are to be found elsewhere in this issue.

A dispatch from England in the daily press tells of the withdrawal of many women students from Cambridge and their entry at Oxford, as a result of the decision against their being granted equal privileges with men and being denied the Cambridge degree. It was not so long ago that the newspapers told of somewhat similar incidents in a college in this country. We do not believe, however, that the opposition to the introduction of women to men's advanced or professional-school classes will be permanent. The trend of the day is all in the other direction. The young women of the next generation will invade the men's colleges if they can get the best advanced education there. The pressure in that direction is certain to be stronger as the years pass and those who do not like the idea had better get ready for it—Yale A. W.

Are you interested in the religious environments of University students? Because such extravagant statements have at various times been made to the general effect that students are separated from the benefits of religious influences during the years spent at the University, we feel

Religion it may be well to devote some space from month to month to brief statements of what all religious organizations are doing in the especial behalf of students who attend the University. Naturally these religious activities are carried on by various religious bodies and not by University authorities as such. Some organizations have special meeting places near the campus and employ paid workers. Others, while employing paid workers, make use of city buildings, particularly of city churches. Others have only volunteer workers. We have prepared a number of questions regarding this important matter which we shall submit to all religious organizations doing any work in Madison that would not be done if students were not here. We shall make a special effort to include all religious organizations. In this matter we bespeak the prompt and willing co-operation of those in charge of such religious organizations because wholly upon these individuals depends the value of the news we can thus send to all of our members.

Suggestions as to the design of the Union Memorial Building may be out of order. But it has already been suggested that a prospectus be published by the Executive Committee, to show contributors

Where Do We Eat? to the Union Memorial Fund just what they are helping to build. It follows that the alumni, because of their contributions and their experience in knowing the needs of such a building as will be built, might make valuable suggestions for the design of this building. Perhaps a time limit could be set for the alumni to send suggestions to the Executive Committee, in order that the suggestions of all those who have them to offer might be considered. The question of dining room design, and its possibilities for furthering fellowship, seems to be worthy of consideration. A great dining room seating two thousand students might be an inspiring thought, but in use, it would be a noisy and nervous place in which to eat. Individual and comfortable rooms, seating a small number, would be more conducive to the better digesting of food, more fellowship and discussion of University and classroom events. While the design of the Union Memorial Building is being considered, the best arrangements for dining ought to be decided upon first. These arrangements should meet the demands of many years to come. These future demands determine present design.

LEST WE FORGET—NOV. 11, 1918

"SUCCESS OF MEMORIAL UNION CERTAIN"

By H. L. ASHWORTH, Executive Sec'y

WITH campaigns on the University campus and in the city of Madison well on their way toward successful completion at the time this article was written, predictions were made at the Memorial Union Headquarters that the Memorial Union Building fund would reach a total of approximately \$700,000 by Dec. 1. The student and the Madison campaign committees were each seeking a quota of \$100,000, and the last reports available for this issue showed totals in excess of \$60,000 for each of the campaigns. Confidence was expressed by both committees that the full quotas would be obtained.*

Dean S. H. Goodnight, '05, who is managing the campaign, is confident that the balance of the million dollar fund can be obtained from the alumni outside of Madison.

The building site on Langdon Street, between the University Y. M. C. A. and Park Street, acquired by the Board of Regents, was formally dedicated in connection with the opening of the University campaign on Nov. 5. Bishop Samuel Fallows, '59, Wisconsin's oldest living alumnus, presided at the ceremony and dedicated the site in the following impressive words:

In the name of this generous and magnificent State of Wisconsin;

In the name of this appreciative and fair city of Madison;

In the name of the regents, the faculty, and the students of this great University;

In the name of the thousands of its alumni and alumnae far and near;

In the name of the incoming multitudes to be drawn to its halls by its inspiring ideas and ideals;

In the name of its patriotic sons who in the Civil war saved the Union and freed the slave;

In the name of its liberty-loving heroes who, in the Spanish-American war, added the star of another republic to the political constellation of the skies;

In the name of its heroic hosts who have just fought for the freedom of mankind and saved the world;

In the name of all this immortal band, living and glorified, who struggled for the peace and enfranchisement of the race, I now dedicate this hallowed ground for the purposes for which it is set apart.

May the benign Providence which has brought us to this glad hour continue to smile graciously upon all our efforts, until the glorious consummation shall be attained; and to Him shall the honor and praise be given. Amen.

Other speakers participating in the dedication ceremonies were: Gov. J. J. Blaine, of Wisconsin; Mayor I. M. Kittleson, '02, of Madison; Walter Kohler, president of

the Board of Regents; Israel Shrimski, ex '88, president of the Alumni Association; George Haight, '99, of Chicago; Arthur Kinnan, '22, representing the student body, and Dean S. H. Goodnight, '05, representing the faculty.

The dedication ceremonies were held on the lower campus following a student parade through the business section of Madison.

"The success of the Memorial Union project is certain," says a statement from the Memorial Committee. "The campaign is gathering momentum daily and members of the alumni in all sections of the country are now taking a real interest in the project. The announcement some weeks ago that a total of \$500,000 had been pledged, had a wonderful effect in stimulating the campaign. This announcement also aided greatly in the matter of collections."

The campaign has obtained a splendid booster in the person of E. S. (Ned) Jordan, '05, president of the Jordan Motors Co., at Cleveland, O., who was in Madison for the Homecoming game. After speaking at a meeting of student Memorial Union workers, Mr. Jordan signed up for a subscription of \$2,734 and in addition agreed to do a lot of work in interesting other alumni.

The committee also reported that H. G. Ferris, ex '02, a prominent Wisconsin alumnus of Spokane, Washington, has written to the committee volunteering to organize the campaign in Spokane and adjoining territory.

Campaign Director Goodnight is now preparing plans for carrying the campaign to the alumni in all sections of the country.

ALUMNI BOARD MEETING

THE meeting of the Alumni Board was held on Oct. 29, at 821 State St., Madison, at 10.30 A. M. The meeting was called to order by President Israel Shrimski, ex '88. Those answering roll call were: R. N. McMynn, '94; C. N. Brown, '81; F. H. Clausen, '97; L. E. Van Hagan, '04; Dr. V. S. Falk, '11; S. W. Reid, '15; Mrs. T. E. Brittingham (Mary L. Clark), '89; and Helen B. Smith, '19.

On motion the reading of the minutes of the last meeting as published in the August number of the ALUMNI MAGAZINE was dispensed with.

The General Secretary reported that the constitution provided that the Alumni Board recommend to the Alumni Council one member of the Athletic Council as representative of the General Alumni Association. On motion of Mr. McMynn the reappointment of the present incumbent, E. A. McEachron, '04, was unanimously recommended.

*EXTRA: STUDENTS "WENT OVER THE TOP" ON NOV. 17

The report of the special committee consisting of Treasurer Brown and President Shrimski that the salary of the Secretary be increased five hundred dollars was accepted. The report of the Membership Committee showed that the increase in membership last year exceeded that of any previous year; that the total membership now exceeds 6,500; and that the life membership list now numbers 156. The Treasurer made an informal report showing that while a few years ago there was but \$2.50 in the treasury, there is now more than \$15,000, a considerable portion of which is trust funds. Vice-President McMynn offered constructive suggestions regarding well-chosen publicity of Alumni organization activities. President Shrimski agreed that an early issue of the official publication might well contain such material. Informal discussion followed as to the make-up, composition, and subject matter of the official publication. While this discussion was in progress Charles Reynolds '18, who had already offered some constructive suggestions to the President and to the Secretary, called at Alumni Headquarters and was invited to participate in the consideration of these matters. Mr. Van Hagan summarized the discussion by pointing out that *the Alumni publication is not a magazine in the sense of a commercial publication; but that it is the official organ of an organization whose major purpose is to help the University; that it is a means to an end rather than an end in itself; that the function it has to perform is to bind the Alumni body together; that the one common interest is the University; and that, therefore, the Association must confine its official publication to matters furthering this one common interest.* This summary met with general approval of all present. The amount of material in the MAGAZINE was favorably commented upon. Mr. Reynolds kindly volunteered to contribute drawings, prepare some articles, and to try to secure articles from outstanding graduates on matters dealing with University affairs.

Attention was called to the fact that the annual dues were not mere magazine subscriptions, and that most members of the Association had a clear understanding of this fact, though occasionally the term "magazine" caused confusion of ideas which probably do not occur where the official publication of an alumni organization is not termed "magazine." There was every indication, however, that of the now nearly seven thousand members of the General Alumni Association the great majority of them understood that the General Alumni Association offered **the one opportunity for graduates and former students to advance the cause of the University through organized activity.**

Mr. Shrimski pointed out that each class could demonstrate the value of organized effort by pledging annual contributions from all members for some particular object worthy of the University;

that these classes should define the particular purpose of such contribution. He further mentioned that, in connection with the one hundred per cent membership campaign, he had written one hundred and fifty personal letters urging Alumni in the city of Chicago to join the General Association. President Shrimski also made a special report announcing progress made by the Memorial Union Committee as follows:—

The Memorial Union drive is doing well. The Committee will complete the canvass here and then go to Chicago and Milwaukee. Dedicatory exercises of the site occur Nov. 5. Dean Goodnight is spending half his time directing the Memorial Union drive. His salary is now paid partly by the University and partly by the Memorial Union Committee. The Memorial Union Committee recently held a meeting in Milwaukee. Prof. Gardner has organized a force to work on the campus. These students who will solicit funds set their own contribution originally at \$10,000. During an address to these student salesmen by E. S. Jordan, '05, they voluntarily increased this amount by over \$2200, and Mr. Jordan promised the remaining amount sufficient to make it \$15,000. The students propose to raise as much on the campus this year as local residents of Madison will subscribe, the quota for Madison and the quota for the present student body being \$100,000 for each group. Pictures of the proposed building are being mailed to the Alumni. Each person attending the Homecoming football game will be asked to contribute a dollar to the fund.

The meeting adjourned at 12 o'clock.

MINUTES OF MEETING OF ALUMNI COUNCIL

THE meeting of the Alumni Council which was held Oct. 29, at Music Hall, at 4.30 p. m., was called to order by President Israel Shrimski, ex '88. Those answering roll call were:

Classes:—1880, Mrs. Magnus Swenson (Annie Dinsdale); '81, C. N. Brown; '89, E. N. Warner; '93, Mrs. L. Kahlenberg (Lillian Heald); '94, R. N. McMynn; '97, F. H. Clausen; 1902, Lelia Bascom; '04, Mrs. W. B. Bennett (Florence Moffatt), and L. F. Van Hagan; '06, L. W. Bridgman; '07, Josephine Erwin, F. O. Holt; '08, F. H. Elwell; '11, Paul Bennett (ex); '16, Mrs. L. Eager (Eloise Seavert); '18, Alice Bemis; '19, Helen B. Smith.

Clubs:—Chicago Alumnae, Jessie Shepherd, '95; Chicago Alumni, Walter Bemis, '15, and B. R. Brindley, '14; Janesville, O. A. Oestreich, '97.

Those sending proxies to the General Secretary were: Philip Stein, 1865; B. W. Jones, '70; W. H. Hoyt, '72; F. S. White, '81; G. F. Thompson, '96; J. N. Koffend Jr., 1900; A. E. Van Hagen, '06; N. S. Bassett, '14; D. W. Flickinger, '16, Indianapolis; S. W. Groom, '13, New England; W. H. Williams, '15, Minneapolis. C. N. Brown,

'81, held the proxy for Mrs. Brown (Nellie Williams), '76; and Leila Bascom, '02, held the proxy for Katharine Allen, '87. Mark Wall, '22, was proxy for Mrs. H. E. Crum (Lillian Wall), '17, Denver Club. Joseph Liskovec, '21, was proxy for Anna Mashek, '10, La Crosse Club.

On motion reading of the minutes of the last meeting as published in the August number of the ALUMNI MAGAZINE was dispensed with.

As the constitution provides that this meeting shall elect the president, vice president, recording secretary, and two members of the Alumni Board, motion was offered that a nominating committee of three be appointed to offer recommendations. E. N. Warner, '89, chairman, F. Elwell, '08, and B. R. Brindley, '14, were chosen as such committee.

On recommendation of the Alumni Board the Council unanimously voted that E. A. McEachron, '04, be continued as the representative of the Alumni Association on the Athletic Council.

President Shrimski then presented Dr. Birge, President of the University, who kindly addressed the Council regarding the Memorial Union building as follows:—

"After a football game you do not want much of a speech. The success of the games this year, financial success as well as the football success, will leave us in a position to put up next season another section of seats at least as large as that we were able to build this year, and so complete the stadium. Now, as you know, our sister universities have been building big stadiums. Ohio has plans for a million or more for a stadium. Illinois has too, and plans are out in other institutions for the same sort of thing. We have tried to get our Memorial Building of a different type. Feeling that we had better take more time at the building of the stadium, we are aiming to use the assistance of the alumni and friends of the University for a purpose which we must call a higher purpose, the building of the Memorial Union Building. As you know, we have the site for the building secured; we have the first half million dollars raised; and already this fall we are going out to get the other half. We shall succeed in raising \$100,000 in the University and another \$100,000 in Madison. This is a great thing before us—to see that the Wisconsin spirit which we saw on the field this afternoon, the spirit which you remember not only on the field but on the campus—that the Wisconsin spirit in all its manifestations will have a home, and that the memory of those who represented the Wisconsin spirit in the War shall live. Now that is what we have before us, and it is to that that the alumni are called to take the lead, and we have confidence that the money will be raised and that the building will be started next spring."

Mr. Warner presented the following recommendations made by the nominat-

ing committee: For president, Israel Shrimski, ex '88; for vice president, R. N. McMynn '94, for recording secretary, Helen B. Smith, '19; for member of the Alumni Board from the College of L. and S. Mrs. T. E. Brittingham (Mary Clark), '89; and for member of the Alumni Board from the College of Engineering, L. F. Van Hagan, '04. Motion being offered that these recommendations be accepted Mr. Warner put the motion which was carried unanimously.

Upon resuming the chair President Shrimski said:—

"I am grateful to you for your vote of confidence. It would not have been a source of regret to me had I been retired and a successor elected to continue the work. Disappointment was mine in the fact that the membership campaign was not wholly successful. It will be my earnest endeavor to carry it through this year, but I cannot do it unaided. It is essential that I have the help of each and every one of you. I stated at the time of my first (and unlooked for) election that such election was about the finest thing which had ever happened to me. To be president of the Wisconsin Alumni Association and to represent the men and women of the Association is an honor to which any man might well aspire. Again I say I am deeply appreciative of your action."

On behalf of the Chicago Alumni Club Secretary B. R. Brindley, '14, read the following resolution:—

WHEREAS—rowing has been recognized as a major sport at the University of Wisconsin, which recognition should carry with it the opportunity for Wisconsin crews to compete with other crews of like standing, and since such competition is largely limited to the annual Poughkeepsie Regatta, participation in which has in the past and will in the future exert a splendid influence on the relations between Eastern universities and the University of Wisconsin and foster closer contact between the alumni of the East and of the Middle West

THEREFORE—be it resolved by the Alumni Council of the University of Wisconsin at its annual meeting held in Madison, Wis., Saturday, Oct. 29, 1921, that the Board of Regents and the faculty of the University be, and hereby are respectfully petitioned to reinstate the Wisconsin crew as an entrant in the annual Poughkeepsie Regatta, and that the Secretary of the Council be and hereby is directed to forward copies of this resolution to the President of the Board of Regents and to the President of the University.

Miss Bascom spoke in opposition to this resolution on the ground that when the crew had participated in the Poughkeepsie Regatta the training had been too strenuous, that the crew men had been injured by such training, and that at least one Wisconsin man had lost his life owing to such over exertion. She stated that unless

training conditions can be put on a better health level she was strongly against the resolution, and that she understood that medical men here held the same view.

Explanation was then offered that the distance had been shortened and that medical authorities had permitted the reinstatement of rowing at Wisconsin. The resolution was finally adopted by a clear majority.

Miss Shepherd, representing the Alumnae Club of Chicago, presented some

general inquiries regarding the Memorial Union project. On these matters she was referred by the Chair to Mr. H. L. Ashworth, executive secretary of the Memorial Union Executive Committee.

Following the adjournment of the meeting at 5 o'clock, moving pictures of campus life during the past year were shown through the courtesy of Dr. W. E. Diemer, University photographer.

WISCONSIN ALUMNI CLUBS

"Sit together, listen together, sing together, eat together, and you'll work together."

"The surest means of making a vigorous centralized Alumni Association is through the organization of local associations that help to crystalize alumni opinion, keep alive alumni loyalty by occasional social gatherings and celebrations, and that can function in a business or executive way on short notice."

CHICAGO

By CHAS. L. BYRON, '08

EVERY year with the coming of the football season the naturally high spirit of our Wisconsin meetings is greatly intensified, and the loyal Wisconsinites pour out in large numbers.

This fall is no exception to the rule, unless it is said that greater interest is shown in our regular meetings than ever before.

A climax was reached at the Friday noon luncheon on Nov. 4, when Jack Wilce, '10, gave a rousing talk on Alumni spirit. He sounded the keynote and laid great stress upon the absolute necessity for thorough co-operation between the Alumni body and every branch of the University, and laid particular emphasis upon the athletic branch. Two hundred and twenty-five men and women attended this meeting and gave Jack Wilce an ovation that he will never forget.

On October 28, H. T. Woodruff, who runs the "Wake of the News" column in the *Tribune*, gave an interesting talk on college football from the sporting editor's point of view, and endeavored to make it clear that the *Tribune* does not favor any school or any football team, but tries to do justice to all.

On October 21 there was a joint meeting of the Alumnae and Alumni clubs, at which Andrew R. Sherif gave an interesting talk on current events.

We wish to take this opportunity to congratulate our sturdy Wisconsin football team for the great success it has achieved thus far this season, and to wish it success in the remaining games with Michigan and Chicago, the results of which will be known before this issue of the *MAGAZINE* is distributed. But as Jack Wilce said, "Whether the score indicates that we won or lost, a victory is won if we fought our best."

Professor O'Shea will address Cincinnati Alumni Dec. 13.

CHICAGO ALUMNAE

By ALICE BEMIS, '18

Wisconsin Alumnae of Chicago held their first meeting of the year Tuesday afternoon, Oct. 11, at the Chicago College Club, with Jessie M. Shepherd, '95, president, presiding. The meeting was opened with the 'Varsity Toast. Bishop Fallows, '59, whom we all know and admire, gave a short address on "The Art of Love." He dwelt on the homely virtues and emphasized the fact that a vigorous personality is based on sound living. Good cooks are the foundations of happy homes. He showed how family love develops into fraternal love in everwidening circles, and urged that the spirit of co-operation so characteristic of the University of Wisconsin find its counterpart in the Alumnae Association.

Elizabeth Waterman, '21, and Miss Marian Condon danced charmingly. Two of their pupils interpreted several nursery rhymes very delightfully.

After several announcements the meeting adjourned for a social hour.

DETROIT ALUMNAE

By LUCY ROGERS, '18

In behalf of the Detroit Community Fund campaign, members of the U. W. Women's club of Detroit were addressed at their October 29th meeting by Mrs. W. A. Rankin, of the Highland Park Community Center, immediately following the luncheon at 12:30 at the College Club, 72 Peterboro Ave.

Nineteen were present at the luncheon, including five new to the club: Margaret Rogers, '18, 67 East Adams Ave.; Alice Quade, '21, 94 W. Ferry Ave.; Florence Roberts, '17, Flint, Mich.; Hildegard Hagerman, ex '15, Birmingham, Mich.;

and Adele Pudrith, '23, 120 Longfellow Ave.

A short business meeting followed the luncheon, at which the matter of participation of the club in the Disarmament Parade on Armistice Day and the matter of attending the Michigan-Wisconsin game were discussed. A program committee consisting of Katherine Wright, '11, Phoebe Faller MacPherson, ex '04, and Mrs. M. J. Casey, was appointed.

The November luncheon and meeting was held on the 26th at the College Club.

All former Wisconsin women in the city or vicinity (and visitors) are cordially invited to the club luncheons on the last Saturday of each month at the College Club.

DISTRICT OF COLUMBIA

By L. M. HAMMOND, '10

After a very promising start, the District of Columbia Branch of the U. W. Alumni Association is again more or less "up agin it" for want of a leader. This duty was being most ably and prosperously handled by A. L. Luedke, '10, but all of a sudden the Department of Public Roads decided that "Art" would be of much more use to them in St. Paul than he could be in Washington, so there you are, or rather, there he is. And the rest of the committee is about in the unfortunate position of an otherwise perfectly good doughnut with the rim gone.

Our last general party was a moonlight ride on the Potomac on July 20. About 100 Badgers (and 1700 others) made the trip, for as predicted and even guaranteed in the July ALUMNI MAGAZINE there was a full moon and absolutely perfect weather. Through the efforts of D. S. Burch, '08, ten members of the Nordica Hawaiian Musical club went on the excursion with us and materially assisted in making the affair a most enjoyable one, even though the boat was a trifle crowded.

Fred Esch, '07, and Mrs. Esch (Harriet Fish, '13), announce the arrival of Fred Henry, Jr. ('42), born Sept. 29. Mr. and Mrs. Esch have always been among the prime movers of the Alumni in Washington and they have all kinds of congratulations and best wishes.—10-18-21.

There is very little to report for this month. The Alumni committees from all of the "Big Ten" universities have combined into one general committee and this latter is planning a "Big Ten Round Up" for Saturday evening November 19. The Round Up is to consist of the usual stunts, eats and dance—and incidentally if it is a success we hope it will "start something in the way of "Conference" activities. The Washington University Club has very kindly placed its building at our disposal and all of the subcommittees are working hard to make the affair a success. Cards

have been sent to the combined mailing lists of all alumni associations, over 8 thousand names, and it is confidentially expected that the meeting will be a success in every way.—11-10-21.

DULUTH

By JAMES G. NYE, '14

It may be of interest to the G. A. A. to know of the formation here in Duluth of an organization known as the Wisconsin Alumni Association of Duluth.

"The Head of the Lakes" (Duluth and Superior) is the home of a large number of alumni and alumnae of the University, and before the war an informal organization was in existence, the members of which lived in both cities. However, it has seemed impracticable on account of the distance between the two cities to combine them in one organization, so on Oct. 10, a group of alumni in Duluth met at the Holland Hotel grill room and perfected an organization, the purposes of which are:

1. To stimulate local interest in the University;
2. to maintain the interest of the alumni in the University;
3. to enable local alumni to become better acquainted with each other;
4. to foster Wisconsin Spirit in this locality.

The following officers were elected at this meeting: Lewis Castle, '13, president; Oliver Andresen, '00, vice president; J. G. Nye, '14, secretary; and H. J. Matteson, '15, treasurer.

It is our plan to have speakers from the University or from among the alumni at our luncheons which are held the first Monday of each month in the Holland Hotel grill room. Visiting alumni who are in the city on those days will be welcomed.

MINNEAPOLIS

By W. H. WILLIAMS, '15

Our Alumni Association has grown during the past year until it now includes 165 members. At the meeting held on Friday, November 4, at Dayton's Tea Rooms, these officers were elected for the coming year: Morris Mitchell, '12, president; Clark Keator, ex '07, vice president; John Bauman, '17, secretary and treasurer.

In honor of Dr. P. S. Reinsch, '92, formerly head of the Political Science department of the University and subsequently ambassador to China, the Alumni clubs of the Twin Cities banqueted at the Leamington Hotel on Oct. 19. Judge Andrew Bruce, '90, presided, recalling many incidents of the "good old days." Other speakers were Mrs. D. F. Simpson, '83; Professor G. S. Ford, '95; and Judge Oscar Hallam, '87. Nearly 200 were present to join in the songs and skyrockets. It was a most enthusiastic Wisconsin rally; the largest ever held in the Twin Cities, and a fine testimonial of the esteem

with which Wisconsin Alumni regard our honored guest.

NEW YORK

By PAUL D. MYERS, ex '20

Our Homecoming dinner was held Oct. 28. Attendance was about 100 and the evening was devoted entirely to football subjects. Mr. Benedict in opening the meeting informed us of the progress of the Zona Gale Scholarship fund and read letters from Professor O'Shea covering this.

It was unanimously agreed to send the football team a telegram telling them that the New York Association, in meeting, were back of them in the Homecoming game. Also to send a letter to the proper authorities urging them to endeavor to arrange a game with Yale, Harvard, or Princeton for the coming year. Mr. Jack Davies, '14, spoke on the subject of bringing the crew to Poughkeepsie. It was my privilege to talk on the Western football situation this season. The question of forming an All Conference club in New York was discussed.

SCHENECTADY

By C. C. DODGE, '17

The members of the Alumni Club at Schenectady held a Get-Together Meeting yesterday, and among other things discussed was football at the University. We hear very little about the games in this part of the country; in fact, all we ever see in the Eastern papers is the score, and very

often even that does not appear. Some of the other teams in the Western Conference have write-ups, in the New York *Times* and New York *Tribune*, which give a very good idea of what took place at the game.

The Schenectady members wonder if it is not possible to have Wisconsin games reported to some of the Eastern papers in more detail. There are a good many hundred of us throughout the East, and it is certain that these members would like very much to be able to read a good account of the games. I am sending a copy of this letter to the Sporting Editors of the *Times* and *Tribune*, so that they may know that there are a large number of Wisconsin alumni who would be interested in having their papers print an account of the Wisconsin games.

We would appreciate anything that you may be able to do towards getting a report of the games to the press in the East, so that the Eastern papers may have a write-up in their Sunday Edition. 11-3-21.

TWIN CITY ALUMNI-ALUMNAE

By SARAH SPENSLEY MICHENER, '18

One of the most successful Badger gatherings ever held in the Twin Cities was occasioned by the visit of Dr. P. S. Reinsch '92, former professor of political science at Wisconsin and U. S. minister to China. One hundred and eighty men and women brought the Wisconsin spirit to an informal "Badger banquet" which was held in the ballroom of the Hotel Leamington, Minneapolis, on Wednesday evening, Oct. 19.

U. W. TEACHERS' CLUB ENDORSES 100% MEMBERSHIP

The following resolution

Be it resolved as a sense of this meeting that the U. W. Teachers' Club endorses and supports the one hundred per cent membership movement in the General Alumni Association of the University of Wisconsin

was passed by unanimous vote at the annual meeting of the U. W. Teachers' Club. This meeting filled every seat in the Colonial Room of the Hotel Wisconsin, Milwaukee, on the noon of Nov. 3rd. The resolution was presented by B. E. McCormick, '04, Superintendent of Schools of La Crosse.

All members of the General Alumni Association are asked to bring this important action to the attention of their acquaintances among the teachers in their communities, to urge any teachers who have at any time attended the University to join the General Alumni Association, and to become valuable missionaries of the idea of advancing the best interests of the University through the General Alumni Organization.

We are informed that President Birge and Superintendent Callaghan made addresses of special value and interest and that particular thanks are due Reuben Brown, '19, and others for musical numbers.

We express a hope that the officers of the U. W. Teachers' Club will furnish a report of the annual meeting for publication in an early issue of the ALUMNI MAGAZINE. Meanwhile we congratulate the officers for their very successful efforts in securing an attendance larger than the room would accommodate. We thank the U. W. Teachers' Club for their particularly valuable support of the one hundred per cent membership movement.

DR. P. S. REINSCH

Judge A. A. Bruce, '90, introduced the speakers of the after-dinner program, which included Josephine Sarles Simpson, '83; Dr. Guy Stanton Ford, '95; dean of the Minnesota graduate school, and Judge Oscar Hallam, '87, of the Minnesota Supreme Court. In his address Dr. Reinsch made numerous appreciative references to the University of Wisconsin.

Wisconsin colors were used in decorations on the tables and throughout the ballroom. H. S. Kedney, '14, led Wisconsin cheers and songs, accompanied at the piano by Ann Briggs Loughin, '19.

Husbands and wives of Wisconsin alumni were present at the banquet. Arrangements were in charge of a joint committee of the Twin City Alumni and Alumnae composed of M. B. Mitchell, '12; A. B. Dean, '05; John Bauman, '17; Beatrice Utman Pierce, ex '18; Irene Staples Cooper, '18; Sarah Spensley Michener, '18. J. C. Curtis, '09, made arrangements for the St. Paul group.

DINING ROOM IDEAS

BY CHARLES REYNOLDS, '18

AT Swarthmore College, a co-educational college, a dining room system is maintained whereby the men and women are seated together. A table accommodates sixteen people, eight men and eight women. To each table there are two men heads and two women heads who are members of the senior class. The men may all be of the same fraternity, but the women are limited to not more than four from one sorority. At a table there must be four seniors (the heads), four juniors, and four sophomores.

The entering students are rotated for a period of six weeks, and at the end of this time they are sent invitations from the tables wanting them. The invitations are sent out by the heads of the table. A freshman receiving more than one invitation is allowed a choice of a table. Those who are not invited to tables are placed by the Table Committee which is composed of students. The tables are permanent to a certain extent in that when the four seniors are graduated, the four juniors at the table usually succeed the heads, and the vacancies are filled by four freshmen.

Dean Walters of Swarthmore, writes: "The system as a whole has been successful. By the system of rotating the freshmen at the beginning of the year, the freshmen are given an opportunity of meeting a larger percentage of the upper classmen, and the tables are given the opportunity of knowing the freshmen before they invite them to sit at the table. By limiting the number of one fraternity allowed at a table, it is felt that equal opportunity is given to every fraternity. We have tried not to have any nonfraternity tables, the nonfraternity students being placed around at the various tables. With a student body the size it is here, this plan has been feasible."

One feature to be remembered in connection with the system at Swarthmore is that the fraternities do not maintain their own dining rooms. Ideas along this line, however, could be worked out satisfactorily for Wisconsin.

WHEN this MAGAZINE reaches you, the 1921 football season will be a matter of history. At this writing the record is nearly complete, since but one date remains on the schedule, that of Chicago at Chicago on Nov. 19.

The Cardinal Team of 1921 will long be remembered with pride by those who have been so fortunate as to see it in action—a well-polished smooth-running machine with a flashy back-field that furnished plenty of thrills for the spectators in every encounter.

The Badger schedule was perhaps as heavy, if not the heaviest, in the Big Ten, since Minnesota and Michigan were met late in the season when both were at their top form.

The first Conference encounter with Northwestern at Evanston furnished a score of 27 to 0. A week later the team journeyed to Illinois and annexed another victory of 20 to 0.

But it was at Homecoming that the Badgers reached their top speed. The Gophers, always at their best when meeting their time-honored foe—the Badgers, were outclassed in every depart-

ment of the game save two—punting and fighting—and went down to the score of 35 to 0. Williams and Elliott starred for a team of stars in long runs, with perfect interference. The feature of the event, perhaps, was the 72-yard run of the former. To be quite just, it is only fair to say that every man on the team starred. They played the kind of football that marks a winner and every man had a real share in the most gratifying victory that a Wisconsin team has won in many a year.

The Michigan Game on Nov. 12 which resulted in a tie score of 7 to 7, while disappointing, was not wholly unexpected in the Badger camp, since they knew that Michigan for the first time this season was at her full strength, and they also knew that they had been pointed for the Badger battle since the opening of the season. It was a bitter battle with fight, determination, and spirit on each side that would not be downed and with the heartbreaks about evenly divided. Though Wisconsin gained more ground than her rivals and threw the Wolverines for more first downs, making

center; Paige, guard; Yaudes, tackle; Platten, tackle; Anderson, end; Christianson, guard; Gill, quarter; Sykes, fullback; Irons, guard. Kellogg, center; Brader, tackle; Saari, half; Crozier, fullback; Kiessling, guard; Gould, end.

twelve where Michigan made six, the Michigan wall that held whenever her territory was threatened must be given due credit in the record of the battle. The game was one of the most spectacular ever played on a big ten gridiron. No less than six of the Wolverines were forced out of the game after fierce tackles by the Badgers, but the Michigan reserves saved the day, for when a man fell or when he weakened there was another, fresh, strong, and willing, to take his place.

The final game of the season will be a hard one. Though Chicago has played listless football since her Eastern victory, the Maroons are about due for a comeback, and those who have watched the team and know something of its potential power expect to see a bitter contest on the last game of the season.

Before we pull down the curtain on the 1921 season, it is fitting to pay tribute to the men who will close their athletic career for Wisconsin. It will be hard indeed to replace Captain Sundt, one of the best fullbacks the school has ever had;

hard tackling Jim Brader who has been responsible for spoiling more than one opponent's hope of scoring, George Bunge, veteran center, whose superior, if indeed equal, would be hard to find in the Big Ten; "Rowdy" Elliott who has been a bright light in athletics since his freshman year, and "T" Gould, versatile football man who can be depended on to play in the line or in the backfield.

BASKETBALL

The preliminary schedule consists of the following games during December at Madison: Ripon on the 6th; M. A. C. on the 10th; Marquette or Butler on the 17th; and Knox on the 20th. On the 22nd we play the Normal at La Crosse, and on the 23rd either Marquette or Milwaukee School of Engineering at Milwaukee. (Engagements for the 17th and 23rd are as yet tentative.)

The Conference schedule opens on Jan. 3rd, when we meet Northwestern at Evanston. The complete schedule will appear in the January issue.

DEATHS

AUGUSTUS M. RICE, '70, Congregational clergyman, died on Oct. 13, of arteriosclerosis, after a number of years of ill health. Funeral services and burial were at Royalston, Mass., a former pastorate and where in later life he made his home. He is survived by his widow.

WM. E. WHEELAN, ex '97, prominent attorney at Wisconsin Rapids, died of heart failure Aug. 17, at the age of 49 years. Mr. Whelan served as mayor of Wisconsin Rapids for four terms, was city attorney several terms, and represented his district in the State assembly.

HENRY F. COCHEMS, '97, prominent Milwaukee attorney and politician and former football star, died Sept. 23, at Salida, Col., at his brother's sanitarium. He had been in ill health for several months but his condition was not regarded as serious until the last. Mr. Cochems took an active part in several Republican conventions, on two occasions, delivering the nomination speech for Sen. R. M. LaFollette, '79. In 1912 he joined the Roosevelt forces.

Mr. Cochems was born in Sturgeon Bay 46 years ago and obtained his early education there. Upon completion of his course at Wisconsin he entered Harvard. At both universities he attained a national reputation in athletics and starred as half back on both teams.

SERVICES for HERBERT MAHLER, '17, Milwaukee, were held July 15. Mr. Mahler was 26 years of age; he served two years as an army aviator. He is survived by his parents, a brother, and two sisters.

LYNN LILLESAND, '20, died of tuberculosis at the home of his parents in Stoughton, Oct. 25. After graduating from the high school in Stoughton he attended Texas University at Austin, completing his course at Wisconsin. About a year ago he married Miss Avis Hurd of Madison, who survives him.

HENRY PRENTISS ARMSBY, LL. D. '04, at one time head of the department of Agriculture at the University, died at State College, Pa., in October.

After leaving Wisconsin in 1887, Mr. Armsby joined the staff of the Pennsylvania Agricultural Experiment Station. For ten years he was the director of the Keystone Experimental Station and then director of the Pennsylvania Institute of Animal Nutrition. Frequently he has been called upon to serve as a counsellor by the Nat'l Research Council and by other scientific groups to advise on animal nutrition subjects. Dr. Armsby was the author of a considerable number of agricultural texts.

Once more a son of the University is honored. Our illustrious Ragnvald Nestos, was elected Governor of North Dakota on October 28.

R. A. NESTOS was born on a farm in Voss, Norway, April 12, 1877. Emigrating to North Dakota in 1893, for seven years he worked as a farm laborer, harness maker, bookkeeper, and teacher during the summer and fall months. During the winter he worked for his board and attended school, graduating from the Mayville Normal in 1900. That year he came to Wisconsin, graduating in 1902. Then he returned to North Dakota to begin his law course and was admitted to the bar in 1904. He has been practicing law in Minot, ever since.

His friends at Wisconsin will remember him as one of the founders of the Olympic Society where he distinguished himself as a debater.

In speaking of his new responsibility Mr. Nestos says: *In the administration of the governor's office and in the management of the public business I shall have no enemies to punish and no scores to settle; it is my purpose to be the governor of all the people and to make evident by my administrative acts, that in the management of the educational, charitable, and penal institutions of our state; in the building and operation of the*

SEVENTEEN OUT!

Remember the first time you heard that cry? You were probably up in your room bucking for a midsemester. "Seventeen out!"

Remember the thrill when it dawned on you—"Seventeen—that's me!"

Out with the gang of frosh you came to pass the word "Seventeen out!"

The old battle cry means still more now. "Seventeen" has nine years of glorious history behind it. No class has more to be proud of.

Your old pals are calling "Seventeen Out!" once more. They are calling you back to Madison for our first reunion next June.

Let's take up the cry. Pass it along to all the crew.

Write to Marguerite Jenison, 412 Lincoln Hall, Urbana, Ill., to say you're coming if you have to hop a freight.

BOOK NOTES

Popular Government (MacMillan Co., N. Y.) by Arnold Bennett Hall, professor of political science and associate professor of law, at the University, is a study of the tested principles of our constitutional system. "We are concerned * * * primarily with the forces of human nature as they function through the forms of democracy," says the author. How they must function, if they function effectively and if popular government is to be really popular; whether or not there are any fixed and inherent limitations upon the exercise of popular control are questions discussed and clearly answered in chapters covering the nature of popular government; the improvement of public opinion; representative government; the direct primary and the state nominating convention; the presidential primary; the initiative and referendum; constitutional restraints and judicial review; the recall of judicial decisions; the recall of public officers; and the short ballot.

A list of questions follows each chapter, whereby the reader may test his grasp of the subject as he goes along.

Professor Hall hopes that his discussion of these problems may help to give "a better perspective to the political thinking of the public and to translate its maturer thoughts into a coherent body of political convictions."

The Russian Bolshevik Revolution (New York Century Co.) by Edward Alsworth Ross, Ph. D., LL.D., professor of sociology at the University. In his preface the author claims to have written the book not "to make out a case," but to "set forth what appear to be the significant facts." He attributes the revolt not to the leadership of a few extremists but, given the background of experience of the common people, believes that the uprising was inevitable. He thereupon portrays this background of experience as a basis for the discussion which follows. The Revolution proper he discusses under the following heads: Opposite Conceptions of the Revolution; Agitation; Political Groupings and Programs; the Flood of Political Reforms; Army Order Number One; the Cloud no Bigger Than a Man's Hand; Lenine and His Slogan; the May Crisis; the Revolution and Labor; the Decomposition of the Army; the July Riots;

"German Agents"; Kerensky; Growing Anarchy; City Elections; the Moscow Conference; the Kornilov Affair; the Democratic Conference; the Pre-Parliament and the Council of the Russian Republic; the Soviets' Peace Terms and the "Fourteen Points;" the November Revolution; and the Constituent Assembly.

Professor Ross laments the failure of the Assembly thus: "Probably no constitution-making body ever met which contained more heroic stuff. Had it not been brutally violated, there is every reason to believe that Russia would soon have made wonderful strides in democracy and popular well-being. Wanting this sovereign moral authority, Russia became the battleground of international socialists who cared more to bring on world revolution than to benefit her common people, and international capitalists who cared more to vindicate the property rights of the bourgeoisie than to benefit her common people."

Training for the Public Profession of the Law, by Alfred Zantinger Reed, is a study under the direction of the Carnegie Foundation of the conditions under which the work of legal education is carried on in this country. A criticism of the law schools of today, it develops the history and progress of American legal education in a scholarly manner, presenting a prospective of that field since the beginning of the Republic. Along with that of the other law schools the part Wisconsin has played is mentioned in due form.

Judging Dairy Cattle, bulletin 335, was issued in June by The Agricultural Experiment Station. The Digest calls special attention to the following facts: The most successful dairyman is a good judge of dairy cattle; dairy cows of improved type and breeding are milk-making machines; feed capacity and dairy temperament are indicated by triple wedge-like forms of the body; constitution and well-developed milk organs are highly essential; the Babcock tester and the milk scale must be relied upon for final judgment on a cow's ability to produce milk and butter fat; pedigrees are of value in judging the future returns and excellence of the herd; most careful judgment should be exercised in selecting the dairy bull; the best judges of dairy cattle usually own or manage a good dairy herd and make a careful study of judging; Wisconsin has many herds of most excellent dairy cattle.

Pump Drainage of the University of Wisconsin Marsh, by G. R. B. Elliott, E. R. Jones, '05, and O. R. Zeasman, '14, appeared as research bulletin No. 50, in September.

The Handbook of the Minnesota Historical Society, of which S. J. Buck, '04 is superintendent, appeared in August.

The Road to Better Marketing, was issued by the Extension service of the College of Agriculture, as circular 136, in July.

COLGATE'S "HANDY GRIP" The Refill Shaving Stick

Be Convinced by your own experience

THERE is just one way in which you can realize the advantages to be enjoyed through the use of Colgate's "Handy Grip" Shaving Stick.

Try it, and you will *know* that it has made your shaving *easier, more comfortable*, than any other shaving soap you have ever used.

Notice, also, the convenience and economy that accompany the use of Colgate's "Handy Grip" Shaving Stick.

Colgate's Shaving Stick not only produces the most soothing lather for the average man, but it is a little more economical in use than powder, and much more economical than shaving cream. As we make all three, we can give you this impartial advice.

COLGATE & CO., Dept. 212, 199 Fulton St., N. Y.

The metal "Handy Grip," containing a trial size stick of Colgate's Shaving Soap, sent for 10c. When the trial stick is used up you can buy the Colgate "Refill," threaded to fit this Grip. Thus you save 10c on each "Refill" you buy. There are 350 shaves in a Colgate Shaving Stick—double the number you can get from a tube of cream at the same price.

CAMPUS NOTES

Red Arrow, Gun and Blade, Disabled Service Men's Club, the American Legion, and the International Club, paid tribute to our fallen heroes by placing wreaths on the cenotaph erected at the west entrance of the Capitol on Armistice Day. Justice B. W. Jones, '70, delivered the principal address.

"**How to use your Mind**" was the subject of a talk to all freshmen by Prof. O'Shea, recently.

Dishonesty on the campus is being punished by the imposition of extra credits on the student and placing him on probation.

Prof. W. A. Scott spoke at the Commerce Women's banquet recently.

Ten minute talks were given at noon by Professors Hall, Otto, '06, Fish, Stuart and Goodnight, '05 during disarmament week.

The first of a series of receptions for foreign students was held at the home of Prof. Gilmore recently.

All proposed measures revising traditions, except the removal of the visor and red button from the green caps, were endorsed by the student body.

The sentiment among co-eds in favor of the recent ruling that women may no longer canvass men in campus drives has proved to be practically unanimous.

"**What it means** for Industrial and Student Girls to Get Together" was the subject of a talk by Prof. D. D. Lescohier, of the Economics department, at a dinner given by the industrial groups of the Y. W. C. A. recently.

Ex-Sen. J. Hamilton Lewis, Chicago, Ill., addressed the Disarmament mass meeting on Armistice Day in the Stock Pavilion.

An Alumni Section with portraits of eight of Wisconsin's nationally prominent alumni will appear in the 1923 *Badger*.

Dean H. L. Russell recently addressed the Saddle and Sirloin Club on "Live Stock in the Middle West."

Eta Kappa Nu, honorary electrical engineering fraternity, announces the election of Louis Adams, Theron Brown, Newell French, Hugo Rusch, juniors; and Stannard Baker, Philip Bowman, Leslie Garber, J. R. Heins, Casey Loomis, H. H. Beck, seniors.

The Society for American Field Service Fellowships for French Universities will offer for open competition among graduates of American colleges and other suitably qualified candidates a number of fellowships for the purpose of encouraging advanced study and research in French universities during 1922-23. Members of the Alumni Association between 20 and 30 years of age can secure information and application blanks from Dr. I. L. Kandel, 522 5th Ave., N. Y.

Nearly 200 Commerce secretaries from all parts of the U. S. enrolled at the seventh annual summer school of community leadership held in Madison, Aug. 15-26, by the American City Bureau.

Miss Margaret McMullen, Evanston, Ill., is the new mistress of Chadbourne Hall.

The recent Y. W. membership drive adopted the slogan: "Quality not Quantity," aiming thereby to enroll girls who would take an active interest especially in the industrial, girl reserve, big sister, and neighborhood problems.

P. C. Patil comes from Poona, India, to study agricultural economics here.

"Physio-Therapeutic Treatment in War Injuries and Industrial Accidents," by Dr. J. C. Elsom, appears in the *Wisconsin Medical Journal* for August.

Miss Tze Kao, Nantungchow, and **Miss Hwei Lan Chang**, Shanghai, are the first Chinese women to enter the University. The International, National, and local Y. W. C. A.'s are responsible for their college training. Both are graduates of the Normal School of Physical Education, of which Miss Abby Mayhew is principal, and which the Y. W. C. A. helps maintain by its annual Wisconsin-in-China drive.

At the Nat'l Dairy Show held in St. Paul in October, Wisconsin was represented by a large and complete line of exhibits, celebrating the fiftieth anniversary of dairy progress in the State. Wisconsin's stock judging team lost first place to Kansas by a narrow margin. The team consisted of John Nisbet, '23; Helmar Casperson, '20; Richard Munkwitz, 'ex '17; and T. E. Carlson, '22. They were coached by R. S. Hulce, '11, of the department of animal husbandry.

Theta Sigma Phi, women's journalism fraternity, announces the election of the following seniors: Mary Bridgeman; Isadore Coward; Bernice Elliott; Esther Haven; Mary Mould; Marjorie Ruff; Elizabeth Vincent; and two juniors: Helen Smallshaw and Josephine Walters.

Sumner Vinton, lectured on Oct. 14 on "A New Day for World Service," under the auspices of the Student Volunteers, a branch of the Nat'l organizations composed of students intending to become missionaries.

A trophy cup has been offered by Prof. A. S. Pearse of the Zoology department to "the most useful man on the 1921 football team." Prof. Pearse believes in developing a team that will pull together, rather than several individual stars.

Henry Wallace, U. S. Sec'y of Agriculture, who came in October to confer with the director of the Forest Products Laboratory and with officials of the College of Agriculture, addressed the convocation on the "Importance of Education in Agricultural Economics."

A St. Johns Club, composed of graduates of that academy, has been organized on the campus.

Investigation with intelligence tests was carried on very successfully by the Education department in city and rural schools last year.

The Vilas medal, the highest recognition given by the University for excellency in debate and oratory, has been awarded to members of the 1920-21 Varsity debating team as follows: Bushrod Allin, '21; Charles Assovsky, '21; Thomas Aimplie, '22; Ralph Axley, '23; Lawrence Hall, '20; Arthur Inmand, '23; Halsey Kraege, '22; Martin Kriewald, '22; Wayne Morse, '23; and Sterling Tracy, '22.

An All-Commerce Freshman Welcome was held on Oct. 5 in Sterling Hall, to place before the new students the aims and advantages of the Course in Commerce. Professors Scott and Gilman outlined the course; Reginald Garstang, Elizabeth Thwing, and Humphrey Desmond, seniors, spoke on men's activities, women's organizations, and the *Commerce Magazine* respectively.

Senior Law students have voted to carry canes.

"Forensics at Wisconsin," by Prof. J. M. O'Neill; "College Athletics," by T. E. Jones, were subjects discussed the past month at the Y. M. Fellowship meetings.

Dale Merrick, '22, is production manager of the 1921 Union Vodvil and Leslie Gage, '23, assistant manager. The proceeds will be turned over to the Union Fund.

Prof. E. A. Gilmore has been re-elected secretary of the Nat'l Conference of Commissioners on Uniform State Laws.

Dr. Kingo Miyabe, of the college of agriculture, Hakkaido Imperial University, Sappora, Japan, visited here in July. He is doing research in plant pathology in this country.

Bonus students to the number of 545, including two women, were enrolled in the summer session.

A gift of a Deister concentrating table and a Deister slime classifier was recently made to the ore-dressing laboratory by the Burgess Laboratories.

Indian Legends, compiled by C. E. Brown, curator of the Historical Museum, were compiled in pamphlet form for the summer session students.

OLD SOUTH HALL

Ways to Kill a Club

"Don't come to meetings.
 "But if you do come, come late.
 "If the weather doesn't suit you, don't think of coming.
 "If you don't attend a meeting, find fault with the work of the officers and other members.
 "Never accept an office, as it is easier to criticise than to do things.
 "Nevertheless, get sore if you are not appointed on a committee, but if you are, do not attend the committee meetings.
 "If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say. After the meeting tell everyone how things ought to be done.
 "Do nothing more than is absolutely necessary, but when other members roll up their sleeves and willingly, unselfishly use their ability to help matters along, howl that the association is run by a clique.
 "Hold back your dues as long as possible, or don't pay at all.
 "Don't bother about getting new members. 'Let George do it.'
 "Knock the publication—it's too breezy—it's too dead—don't contribute anything yourself."

A series of discussion groups on topics of special interest to deans of women and advisors to girls were held during the summer session under the leadership of Dean Nardin and Mrs. M. H. Mendenhall, acting dean of women for the summer session.

Fifty per cent more men and women studied geography this year than at any summer session in the past.

The large number of try-outs in the band this fall insures a 60-piece band practically covering a complete instrumentation, according to Prof. E. W. Morphy, conductor.

Prof. D. W. Frost and Prof. W. F. Steve conducted classes in bacteriology and physics at a three-week institute for vocational teachers held in Milwaukee during the summer.

Prof. M. F. Guyer was called in October as biological conferee at a conference called through the initiative of John D. Rockefeller, Jr., in Washington, to consider the advisability of undertaking the scientific investigation of certain fundamental problems of sex and social hygiene.

Prof. E. A. Ross of the Sociology department is making a study of the size of American families.

About 200 women students have filed application this year for work to aid in paying for their college expenses.

Honoring Professors Henry and Babcock, two oak trees have been planted west of the Linden drive, near the Dairy build-

ing. An impressive gathering of noted agriculturists witnessed the ceremony, which was filmed by the University photographer.

Wisconsin at Geneva won the loving cup in a song contest, the winning song being written by Auta Lyman and Irma Winchell, both L. & S. seniors.

An increase of 100 per cent in the 1921 summer session enrollment over that of 1919 is the record of the School of Education.

Mural paintings for Madison public schools, designed and painted by art students at the University, are on exhibit at the Historical Library previous to being placed in the schoolrooms.

The Old Wisconsin Spirit!

History is in the making at Wisconsin; things are moving faster than ever on the old campus.

Wisconsin's million dollar Memorial Union Building will soon be a reality.

Wisconsin is headed toward a Big Ten football championship.

Wisconsin's basketball squad, under Coach Meanwell, is expected to repeat this year.

Wisconsin's crew is going to row on the Hudson again.

Wisconsin's entire cross country team finished before a Chicago man crossed the tape.

You'll want to read all about the triumphs of the Badger this year; it's going to be mighty interesting reading.

When Did *You* Buy Your Last Badger?

Don't let another year slip by; get back to your Alma Mater through The Badger. Your Wisconsin spirit can't die, we all know that,—but don't even let it slumber!

Wisconsin's banner year of 1921-1922 will be summarized for you in The Badger. GET IT!
