## MARCH

The stormy March is come at last,  
With wind, and cloud, and changing skies,  
I hear the rushing of the blast,  
That through the snowy valley flies.

Ah, passing few are they who speak,  
Wild stormy month! in praise of thee;  
Yet, though thy winds are loud and bleak,  
Thou are a welcome month to me.

For thou, to northern lands, again  
The glad and glorious sun dost bring,  
And thou hast joined the gentle train  
And wear'st the gentle name of Spring.

And in thy reign of blast and storm,  
Smiles many a long, bright, sunny day,  
When the changed winds are soft and warm,  
And heaven puts on the blue of May.

Then sing aloud the gushing rills  
And the full springs, from frost set free,  
That, brightly leaping down the hills,  
Are just set out to meet the sea.

The year's departing beauty hides  
Of wintry storms the sullen threat;  
But in thy sternest frown abides  
A look of kindly promise yet.

Thou bring'st the hope of those calm skies,  
And that soft time of sunny showers,  
When the wide bloom, on earth that lies,  
Seems of a brighter world than ours.

William Cullen Bryant.

## SPRING WORK.

If you are planning on brightening up your home this Spring with a coat or two of paint, building a new home or making additions to your present home, now is the time to make the arrangements with the local carpenters and painters so they can make their plans .

Indications are that there will be an almost normal amount of building this Spring. Several of our contractors have kept a regular force busy all Winter and are figuring on new work.

The water purification and softening plant will probably be started in May as the Engineer expects now to have the plans ready so bids can be received on April 15th. Local help will be used as much as possible on it.

With the frost going out of the ground the sidewalks, or rather lack of cement side walks is very noticeable. Just as soon as possible sidewalks should be laid on main thoroughfares. Then trees should be planted along our streets in accordance with a well worked out beautification plan.

It is reported that the beautification of the lake shore is not far off. The County and State are anxious to get the strip of concrete left out of the original contract put in . The State Highway Department has had a topographical survey made of the entire lake shore along the highway so as to better study the plans submitted for the relocation of the highway. Funds are available for completing the highway as soon as a definite plan is approved.

The large number of Illinois cars here last Sunday is a good indication of the large crowds we can expect all Spring and Summer. We welcome them whether here for a day, week or season and wish to make their stay a happy and healthy one.

## MEN'S COMMUNITY HEARS FINE TALK ON FISHERIES

The Men's Community Club was fortunate in securing Mr. B.O. Webster, Supt. of Wisconsin Fisheries for its regular meeting last Tuesday evening.

Forty-six men sat down to a very fine dinner served by a Committee of the Congregational Ladies Aid Society; Mrs. Lawrence Hollister, Mrs. F. Arthur Anderson; Mrs. C.M. Bjorge, Mrs. Blake Burton, and Mrs. W. Lockwood, Mrs. D.J. Oetjen. The tables were attractively decorated with snap dragons donated by Sawyer's Greenhouse.

Mr. Webster told of the spawning habit of the various fish and with pictures showed the collection of spawn, hatcheries and distribution of fish. It is expected this year that a billion fish will be planted in Wisconsin lakes.

## MR. FRANK POWELL SPEAKER AT STUDY CLUB MEETING

The Tuesday evening Study Club had an open meeting on Tuesday March 2 at the High School Auditorium. The guest speaker was Mr. Frank Powell, State High School Supervisor, who gave a very interesting talk on "Recent Trends in Education"; and after he spoke, answered many questions asked by the enthusiastic audience.

Ye editor, who attended, gained the impression that the new method of teaching should be the adaptation of the studies to right living for each individual in present day society.

THE LATE DR. EDWIN BRANT FROST  
STUDIED THE ARRIVAL OF LAKE GENEVA  
BIRDS.

During the many years that  
the late Dr. Frost, Williams Bay,  
recorded the earliest arrival of  
birds and the latest of the same  
species; he kept notes showing the  
average date of arrival of the  
following birds-  
Kildeer---- Mar.5- Robin--Mar.6-  
Bluebird Mar 8- Red-winged  
Blackbird-Mar.14  
Song sparrow-Mar.17- Phoebe-Mar.25  
Meadowlark-Mar.17- Flicker-Mar.28.  
Cowbird-Mar.29-FoxSparrow-Mar. 30.  
Field Sparrow-Mar.29.

Cardinals often stay the  
winter here. Mr. Bodorff reports  
that there ~~was~~ a pair of Cardinals  
at their place all winter. Also  
Mrs. Walter Beauvais, who lives in  
"The Gardens", Fontana, informs us  
that there had been cardinals  
with them this winter; visiting  
the bird "feeder" every day in the  
morning about the same time.

REMEMBER OUR "FEATHERED" FRIENDS.

The Williams Bay Garden Club  
suggests that residents put out a  
"feeder" for the birds, which are  
coming every day now, as there  
will be snow and cold weather long  
after they come to us.

If you put the feeder on top  
of a pole in the yard, fasten  
wire around the pole so the cats  
cannot get to it.

LAST SUNDAY BROUGHT US GOOD WEATHER  
AND GOOD CROWDS

Did you happen to be walking  
on Sunday and see the "people" who  
had come to the Bay to enjoy the  
weather and the winter sports?

The day was perfect, warm and  
sunny quite like spring. A gentle  
south-west wind blowing breezes  
just right for the ice-boat races.  
The ice-boats looked so majestic,  
standing before the breeze with  
their colorful sails, blue, orange,  
white, and even "red" sails in  
the sunset". Made you wish you  
owned one and that you too was a  
"sailor" lad or lassie.

(continued)

LAST SUNDAY BROUGHT US GOOD WEATHER  
AND GOOD CROWDS (Cor't)

Hundreds of automobiles, many bearing Illinois licences, were noticed. Some had toboggans tied on the sides. Boys and girls attired in winter sport clothes, hurrying along to the lake to work out some fancy figure skating, "up" or "down".

#### VILLAGE A POPULAR PLACE LAST WEEKEND

Spence's at Rose Lane Hotel entertained a group of forty young people from the University of Chicago, chaperoned by faculty members as an activity of the Quadrangle Club.

The group came on Saturday. Sunday morning they spent at the Toboggan slide, which was in fairly good condition, Phil Fogle and Mr. Dewey working on Saturday, packing the snow to get it in shape to use. But by afternoon the snow had melted too much for further use. However, they found some hills for skiing, good skating, and took their turns in getting the thrills of ice-boat-ing.

They were a very fine group and all were enthusiastic over their outing and hope to come again.

In the evening dancing was enjoyed in Spence's Early American Room, to the music of a three piece orchestra, composed of Clayton McGill, cornetist; Howard Hayes, drummer; and Dorothy Monschien, pianist. The dance is a Saturday night feature.

The Clarendell had a capacity crowd that came for the winter sports.

If this is a forerunner of the summer season, Williams Bay will go far ahead of last season's business.

Look what we might have done had the winter weather been more seasonable. Oh, well, "it's an ill wind that blows nobody good".

From the Chicago Tribune, Saturday, Feb. 27- "Believe it or not, a girl named Olive Palm works for the PalmOlive Company.

This happens to be our own Olive Palm, a graduate of Williams Bay High School.

## MEN'S BANQUET HITS NEW RECORD

Two hundred and one men, from our own and neighboring towns were in attendance at the nineteenth Annual Men's Banquet at the High School, Thursday evening, February 25.

The committee, Wm. H. Freytag, Chairman, Myron Piehl and E.M. Iverson, did a fine job in securing the very interesting speaker and entertainer.

The complimentary remarks from the guests were freely given for both dinner and speakers.

Mrs. G. Van Biesbroeck was chairman of the committee that served the banquet for the benefit of the Boy and Girl Scouts.

Mr. Samuel Grathwell, the speaker, was introduced by W.T. Peterson, who acted as toastmaster. The lecture was on Japan and China. With the announcement of the subject, most of the audience sat back and waited for an ordinary talk; but not for very long, for soon all were sitting on the edge of their chairs, listening for every word. The speaker had received his information from first hand sources, having lived in China and Japan for some length of time.

Alex Christensen, the entertainer of the evening, who is a well known radio artist, was supposed to be late and a Danish Consul from Copenhagen, who happened in the village, was taking his place until his arrival. He carried out the ruse very well and fooled most of the audience. When he later became the real Axel Christensen, he proved himself to be a master musician at the piano.

Mr. Volmer Sorensen was chosen chairman for next year's banquet.

-----  
Mr. Harry Schlensz and Miss Billie Curtiss of Chicago, were guests of the E.M. Iversons' last Saturday and Sunday.

-----  
Mr. and Mrs. Wm Moeller returned on Monday from Lake Worth, Fla. They report having an enjoyable vacation and do not blame the birds for going south in the cold weather.
