## ANTI-TUITION BILL

### MILL'S BILL WOULD ABOLISH TUITION IN UNIVERSITY.

#### Substance of Arguments Pro and Con —Improbable That it Will Be come a Law.

Bill No. 82-S, regarding tuition, was introduced in the Senate January 28th by Senator E. G. Mills of West Superior. It reads:

Section 1. It is hereby declared unlawful for any person or body of persons to charge any bona fide resident of this state a tuition for receiving instructions in, or attending the Wisconsin State University or any of its kindred institutions receiving aid from this state.

This is understood to include Normal Schools.

The bill was referred to the committee on education and last week was given a preliminary hearing. Among those who appeared before the committee in defense of the measure were W. S. Cahoon and W. E. Main, of Madison; Rev. G. M. Foster, of Oregon; and Senator Mills the author of the bill. They argued that the state intended the University to be open free of charge to all qualified to enter; that it was not in accord with the spirit of the institution, nor with the intention of the state to charge any fee; and that such a fee was burdensome to students of moderate means. As to the law in the case, Revised Statutes of Wis., section 388, says: No student who shall have been a resident of the state for one year next preceding his admission shall be required to pay any fees for tuition in the University, except in the law department, and for extra studies. Secretary Riley of the Board of Regents says that this statute has been construed to mean fees for instruction only, and not charges to meet incidental expenses, such as janitor service, heat and light, etc.

Acting President Birge says that if instruments and chemicals are furnished in the laboratories, students in the literary and classical courses should be furnished with books. The fees now charged amount to twenty thousand dollars annually; and, if abolished, some other source of revenue must be provided to take its place.

Senator Mills in an interview states that the bill relates particularly to the incidental fees charged in the College of Letters and Science. He adds that, as worded at present it could not accomplish its object; but that a new one will be substituted, defining exactly what is meant by tuition, so that the law cannot be evaded by any such subterfuge as "Incidental Expenses."

This bill is not exceptional. In Kansas they have a law very similar which prohibits fees such as are charged here for the use of the gymnasium.

It seems at present quite improbable that the Mills bill or its forth coming substitute will be enacted into law. This is on account of the fact that the University appropriation would have to be very materially increased should the revenues derived from the "Incidental" fee be curtailed or cut off entirely.

—Ripon seniors will present "The Merchant of Venice" for their annual play during commencement week.

## CAMERA CLUB MEETS.

### Held an Interesting Meeting in Gym Room Last Night.

In the gym room of the gym last night, the University of Wisconsin Camera Club exhibited a set of pictures from the University of Minnesota Camera Club, before about fifty members and friends. The pictures were an assorted lot in the form of lantern slides, and of general interest. They were taken by members of the University of Minnesota Camera Club, with whom Wisconsin exchanged sets for exhibition.

The Camera Club was founded here in '99, and at present numbers about thirty members. Any student who is an amateur photographer is eligible to membership. The officers at present are: President, Dr. J. C. Elsom; secretary and treasurer, Gensamro Ishikawa. A meeting is held every month.

The object of the club is for mutual improvement in the practice of photography. From time to time lectures and exhibitions similar to the one last night have been given, at which pictures from various parts of Europe and America were exhibited.

At the next meeting a set of pictures taken by members of the club will be exhibited, and some problem of photography will be discussed. In the spring the club will take an excursion for the purpose of taking pictures—probably to the Wisconsin Dells.

## TEAM SELECTED.

### Coach Kilpatrick Names Team to Compete in Invitation Meet.

Coach Kilpatrick announced the team yesterday afternoon that he will take into Milwaukee next Saturday for the invitation meet. The team consists of Hayden, Poage, Schule, Burdick, Hahn, Keachie, Bredsteen, Smith, McEachron, Webster, Cochems, Mucklestone, Bishop Hughes, Meyer, and a relay team consisting of Hayden, Chapman, McGowan and Seymour. Helmholz was slated for the low hurdles, but he hurt his ankle in the disastrous basketball game at Minneapolis Saturday. Of the other members of the team McGowan and Burdick have not been in regular training, but will do a little preliminary work this week. Bredsteen's wonderful record in the two-mile run made in last Saturday's meet has placed him at the head of the list as victor in the Inter-collegiate meet in June. He is certainly a wonderful runner, the last four laps of his two-mile run being a good hot pace in which to finish a half-mile run. Other sure point winners in Saturday's meet are Schule, Hahn, Cochems and Hughes. Some of the other men may prove surprises.

## Sophomore Class Meeting.

At a meeting yesterday afternoon of the sophomore class, officers for the present semester were elected as follows: Class president, Joh' F. Hahn; vice-president, Miss Elinor Merrill; second vice-president, John Pugh, Jr.; secretary, John F. Sawyer; treasurer, Arthur Quigley; sergeant-at-arms, Fank C. Marvin; class historian, Miss Ruth C. Andrews.

A committee was appointed consisting of Messrs. John, Hotchkiss, and Stevenson to consider the matter of illustrations for the Badger.

—At the next indoor meet a medal will be awarded in the gymnastic competition on the horizontal bars. The same stunts will undoubtedly be used as were given at the gymnastic meet in Chicago three years ago.

## FRESHMEN ROWING

### FIVE CREWS ROW DAILY IN THE TANK.

#### Varsity Crew Will Undoubtedly Go East—Will Soon Commence Training—Order of Rowing.

The freshman rowing squad has been very busy the last couple of weeks. There are at present five crews rowing daily in the tank, the weeding-out process having just been begun. Coach O'Dea has been giving a great deal of attention to the body swing, and is using the stationary seats to get the proper form in the back and in the method of taking the oar out of the water. The blade work is also receiving careful consideration and the crews have shown a marked improvement during the last week in this particular.

The setting-up exercises in the gymnasium are still continued under the direction of the coxswains and the candidates are given a short run after each practice in the rowing tank. The work has been quite satisfactory so far this spring and the navy department is expecting a fast freshman eight again this year.

Coach O'Dea denies the rumor that Wisconsin will not enter the Poughkeepsie regatta this year if Pennsylvania goes to England to race in the Henley regatta. It is entirely improbable that Pennsylvania will leave the Poughkeepsie race to go to England as she would have nothing to gain and would lose her high standing in this country. The department here thinks that Pennsylvania has no intention of not entering the race on the Hudson this year and that the rumor is nothing but newspaper talk.

The Varsity squad have not been called out yet but will commence training in a short time. The freshmen crews are rowing in the following order at present:

3:40. 3, Banta; 4, Hamilton; 5, Krueger; 6, Hobbins; 7, Clausen; St., Kimball.

4. Bow, Burns; 2, Murphy; 3, Hy-slop; 4, Randolph; 5, Jordan; 6, Bunker; 7, Christman; St., Caskey.

4:30. Bow, Parks; 2, Marquissie, 3, Kahn; 4, Potter; 5, Chynoweth; 6, McComb; 7, Fuller; St., Lange.

5. Bow, Lewis; 2, Adamson; 3, McArthur; 4, Kales; 5, Keith; 6, Abbott; 7, Cahoon; St., White.

5:30. Bow, Hoefer; 2, Richardson; 3, Hoefer; 4, Voight; 5, Denny; 6, Epston; 7, Marshall; St., Thom.

## ENGINEERS WANTED.

### Many Applications for Graduates are Received.

Applications for "Wisconsin" Engineers are rapidly coming in to the Engineering Department. Calls for men from the Electrical College will not be filled until after graduation, as the faculty discourage their leaving until that time. However, positions are secured and held for these men. Not infrequently are men from the other two colleges of Engineering placed in their positions before the close of the year.

Prof. Jackson of the Engineering Department has received among other very urgent letters one from the Telluride Power Transmission Company which operates in Utah and Colorado which is a very urgent request for an experienced engineer, to serve in

the capacity of Chief Engineer. This plant is very extensive being the longest and largest in operation. It is a pioneer in its line. This request met with the hearty approval of the faculty and they have recommended for the position a senior electrical engineer.

## DR. EATON HAS RESIGNED.

### Will Sever Connection With Beloit and Enter Ministry.

The resignation of Dr. Edward D. Eaton as president of Beloit college, to take effect at the end of the year, was accepted last night at a meeting of the trustees held in the Union League club, Chicago. Leave of absence to take effect at once was granted, and President Eaton departed today for a visit to Chihuahua, Mexico.

President Eaton asked for relief from college duties on account of failing health. He intends to take a much needed rest and then reenter the ministry. President Eaton has served Beloit college fifteen years, and a large share of the credit for making the institution what it is today is bestowed upon him. Deep regret at his departure was expressed by the trustees.

A committee to select a new president was chosen, composed of President Eaton and Trustees E. H. Pitkin and H. S. Osburn.

## Local and Personal.

—Henry Cochems, '97, is in the city to-day on business.

—The gymnastic instructors had their picture taken yesterday.

—Walter C. Reineking, '04, is confined to his room with a bad attack of the "grip."

—Bert Bleekman law '02, received a visit today from his father, A. E. Bleekman of La Crosse.

—Professor Dowling starts to-day on a tour of inspection of high schools in various parts of the state.

—W. P. Hirschberg, captain of the Basket ball team, was slightly disabled in the game last Saturday at Minneapolis.

—After an illness of some weeks Miss Hatleberg returned Monday to resume her studies in the School of Music.

—The assistant instructors in gymnastics will meet at Ridgeway's tomorrow to have their pictures taken for the Badger.

—Percy Roberts of River Falls Wis., formerly a member of the class of '97, has entered the University as a junior special.

—Professor O'Shea addressed the Woman's Club in Chicago yesterday afternoon, and is inspecting High Schools for a few days.

—Professor Stauff, '00, now of Windsor Township High School, and Attorney Moran, '00, of Madison, had a debate on the pending Primary Election Bill last Saturday night at De Forest.

—To-morrow afternoon at two o'clock, Dr. O. G. Libby will give the classes in Ancient History an illustrated lecture in room 16 Main Hall on ancient Egypt, Chaldea, Assyria, and the Jews.

—The London Law Times published complete, but in installments, the address given by Prof. Charles N. Gregory at the annual meeting of the American Bar association at Saratoga in the summer.

—Professor Julius E. Olson will in the near future deliver an address on German Songs in the De Forest High School. He will favor the audience at the same time by several songs—German and Norwegian.

Swain—Chadbourne Hall. **Business Manager.** Charles S. Pearce.

### Now for the Milwaukee Meet.

The success of Coach Kilpatrick's proteges last Saturday night promises an interesting time for our opponents in the meet at Milwaukee this week. While Mr. Kilpatrick's work has been successful both in field and track athletics, yet it was in the latter events that his best work was done Saturday night and upon which we must depend for the most part for success in the meet this week.

Wisconsin ought to be well up in all the track events and the representation in the field events, although laboring under disadvantages in indoor work, is to be counted upon for several points. In the two-mile event we have an especially good bunch of men who promise well for the coming season. Some interesting developments are to be looked for in this event.

### A Valuable Debate.

The culmination of the season's work of the short course and dairy debating societies will occur in the public presentation of a joint debate between the two departments. This annual debate always shows a marked degree of progress on the part of those who have been participating in the work of the societies.

The work done here is of the greatest value in supplementing the regular exercises of the curriculum and gives a knowledge of parliamentary practice and public expression that comes in very handily in exercising the functions of American citizenship. Any one who is interested in the debating work of the University and who wants to hear an interesting and valuable discussion should attend this debate Friday night.

### The Weather.

Fair tonight and Wednesday.

Burr W. Jones addressed the students of Beloit college Washington's birthday.

### Short Course Debate.

A great deal of interest is centered about the debate between the first and second year. Short Course students which will be held in room 16 University Hall Friday evening. The program will consist not only of the debate but of numerous musical numbers and orations.

Several members of the legislature will be present. John ("Ikey") Karel of Milwaukee and E. Ray Stevens will act as judges, the third judge to be selected by them.

Last year a joint debate was held between the Dairy students and Short Course students for which a thirty-five dollar banner was awarded. Considerable time was given the contestants and a hot debate was the result. It was not possible to arrange a similar debate this year.

The question to be discussed Friday night is as follows: "Resolved, that the Grout bill, as now before Congress, should become a law." The first year students will take the affirmative and the second year students the negative.

Following is the program:

Orchestra Music. Song by Society. Inaugural address ..... President Selection ..... H. Dunbar. Solo ..... J. E. Thomas. Oration ..... J. Warner. Quartette, Selection. Address ..... Prof. W. A. Scott. Orchestra Class Debate. Orchestra "Crescent" ..... Editor, Guy Bibel. Critic's Report.

### At Six O'clock Club.

The business interests of Madison were discussed by the Six O'clock club at a dinner at Keeley's last evening. Professor Charles Noble Gregory presided and when the hour of speechmaking arrived Gen. E. E. Bryant read a clever French-Canadian dialect story.

Dean J. B. Johnson, the last speaker, had for a subject The University's Contribution to Madison's Welfare. To forcibly illustrate its importance he asked the members of the club to imagine the result if it were removed from the city. As to its advantages, it, among other things, makes cheaper higher education. By the incoming of the students, the city is the gainer. When a legislator votes for money for the University it is the city which gets the material benefit. It also raises the moral tone of the city, and its faculty members often offer free technical advice.

### Students Riot at Monmouth.

Thirty sophomores and freshmen of Monmouth College, Ill., were arrested and fined yesterday on the charge of rioting. The trouble started at the freshman banquet on Feb. 22. The sophomores early in the morning placed their flag of orange and black on the college cupola. Later the freshmen came to fly their colors and fought their way through barricaded doors to the attic.

The college President, hearing the fracas, summoned the Sheriff, who placed both factions under arrest. Each culprit was fined \$5 and cost.

Knox College has just received a gift of \$5,000 toward the establishment of a new professorship.

### Foul Claimed in Tug-of-War.

## ALEXANDER KORNHAUSER & CO.

Recent arrivals of new goods (now coming in every day) show patterns, materials and designs distinctly different than anything we have ever shown before. They are new, they are chic, they are obviously the very latest. These goods are carried by no other dry goods house in the city. This makes us emphatically Madison's headquarters for stylish silks, velvets, dress goods and trimmings.

It is an acknowledged fact that few things are bought because people are in absolute need of them. Most things are bought because people are charmed into wanting them. We however combine taste and durability, and are showing a range of colors in dress materials unexcelled in colorings and durability.

Your attention is invited to our tailoring department. Among others, we are showing a large line of dress goods especially adapted for swell tailored skirts.

— one for drafting, one for woodwork and one for iron work. The freshmen and sophomores are now working on special designs in small furniture. The making of the designs is within the scope of the instruction to be had here.

## RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837. The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each Quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 45 months must elapse between the date of a first matriculation and the date of graduation. ## THOMAS, PHOTOGRAPHER.

All the latest things in card mounts  
is a specialty. We finish for  
amateurs. 26 W. Mifflin street. (over)  
Verges Drug Store.At this time of year there is one  
thing that most people forget all  
about; that is their bicycle, it ought to  
be cleaned, overhauled and possibly  
enameled and parts nickel plated, a  
coaster hub brake would be a nice  
thing to have on it. This is the time  
to have these things attended to, so  
as 'twill be ready when the season  
opens. We do this work right. Wm.  
J. Park Co., 113 State Street, Phone  
460.
