The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Giants

That was a giant and they were exceptionally large. They often lived in caves. They abused the Oneidas. They carried very big war clubs and they had great rocks attached at the end. He would do just a little bit and he'd be carrying bodies on his shoulders. So the Oneidas got angry at that. They sent out word that they would fight. So at a mountain they lay in wait. When they started to climb, the giants rolled great rocks under the rocks. He just put his arms across and stopped it and threw it off to this side. They were almost to the top when there appeared Sky Holder who watched after the Oneidas. He asked them, saying, "What do you want to do to these people?" They replied, "We will kill them all." So he waved his arms and the giant people all became stone. It seems that somewhere those stones still stand.
