The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

## Towards muscle relaxation

Whereas Michelangelo may have demanded of his model for "The Battle of Cascina" a sustained pose and taut musculature, certain surgical procedures will demand the opposite—a quiet operative field made possible by the avoidance of tone in selected groups of muscles.

## 'Flaxedil'

For muscle relaxation in procedures of medium duration

'Flaxedil' is the trade mark of **MAY & BAKER LTD**, Dagenham, Essex, for its brand of Gallamine Injection B.P.
