The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

VAIL, COLORADO
MARCH 23-27

Component Design and Fixation Methodology in Total Joint Arthroplasty

Faculty

Douglas A. Dennis, M.D.

Thomas H. Mallory, M.D.

William C. Head, M.D.

Merrill A. Ritter, M.D.

Allan M. Weinstein, Ph.D.

Roger H. Emerson, M.D.

John M. Siliski, M.D.

Course Description

The results achieved with current total joint technology dictate a complete study of the patient prior to selecting the method of fixation. This course reviews the criterion of component design, as well as the fixation mode for total joint arthroplasty.

This course will also review the latest conceptual designs for contemporary components for total joint arthroplasty.

Housing

A block of rooms has been reserved at the Westin Hotel and will be available at special conference rates.

The Westin, 1300 Westhaven Drive,
Vail, CO 81657, (303) 476-7111.
