Preface

As another school year ends, we enjoy looking back on the many paths we have traveled, and the many adventures we have taken, hoping to keep these memories always alive. For this reason yearbooks are compiled and for this reason we have taken our theme from two of the happiest adventure stories of all time, "The Wonderful Wizard of Oz" and "The Marvelous Land of Oz." Join us now as we follow the adventures of the mystical wizard and his friends who show us how closely fantasy can resemble reality.

All the quotations used to carry out the theme have been taken from "The Wonderful Wizard of Oz" and "The Marvelous Land of Oz" by L. Frank Baum.

WATERFORD UNION HIGH SCHOOL

CLIFFORD EASTMAN, Principal

WATERFORD, WISCONSIN

December, 1961

Waterford Students,

Those of us who live in surroundings which provide us with a sense of belonging and security are very fortunate. This feeling of security is an inherited American right and cannot be imposed upon us by coersiveness. Students in our American schools are given the opportunity of reaching toward their individual goals without restrictions. If each one fully appreciates this heritage, then each will frequently re-examine his own set of values and strive to make life's personal experiences both satisfying and enriching.

May our graduates so apply their abilities that they will secure for themselves a happy and successful future.

Clifford Eastman

In Memoriam

*"Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time..."
"A Psalm of Life"...Longfellow*

The name of Clifford Eastman will never appear in the annals of the world's great. But in the minds and hearts of those of us who worked with him at Waterford High School his name will be indelibly engraved. His sphere of influence was, perhaps, small, as the world judges---limited to those who came in close personal contact with him. But---and let there be no doubt about this---he was a great man, as greatness is measured by moral, ethical, and personal standards.

He sought no glory for himself; he was ever eager to promote others, at his own expense. He had that rare quality of being able to accept people for what they were, in spite of their shortcomings. Many of us who were privileged to work with him had glimpses of his selflessness.

He was a man who put into practice the ideals of the world's greatest Teacher. We shall miss him, but we have been inspired by him.

Faculty

Students:

In order to solve some of the future problems such as outer space travel, automation, and coexistence, it is imperative that you get an education.

Your high school education is vitally important because it is there where you explore and discover your future place in an educated America.

"Take good care of these friends of mine,"

If

If you can keep your head when all about you
Are losing theirs, and blaming it on you,
If you can trust yourself when all men doubt you,
But make allowance for their doubting, too;
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good nor talk too wise;

If you can dream and not make dreams your master,
If you can think, and not make thoughts your aim,
If you can meet with triumph and disaster,
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to, broken,
And stoop and build 'em up with worn-out tools;

If you can make one heap of all your winnings,
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings,
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the will which says to them: "Hold on!"

If you can talk with crowds and keep your virtue,
Or walk with kings--nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And--which is more--you'll be a Man, my Son!

In Memoriam

Now as I lay down to rest
I thank Thee, Lord, for being blessed,
For all the joys given to me
With all Thy love and forgiving mercy.

O help me now, I need you so,
So my faith and love for Thee may grow.
For I have sinned so much today,
But your own Son was sent to pay.

For my selfishness and wrongs.
Lord, help me to be strong
That I might serve Thee at Thy will,
Till death's dark sweetness calls a still.

The chorus had sixty-one members and was under the direction of Miss Seif. In the spring, both the band and chorus participated in the music festivals held at Whitewater. These two organizations also, once again, presented successful spring and Christmas concerts.

"Then the band played their most stirring music"

The Photography Club was advised by Mr. Edwards. The meetings were held every Thursday night in the club's own darkroom. At our meetings we learned to get better composition on our pictures and to improve the results in development and printing. The equipment we have includes a Contaflex II 35 mm. camera, a graphic camera, a Federal Photographic Enlarger, a homemade contact printer and an automatic print washer.

The club took pictures of various extra-curricular activities, assisted the annual photographer, took pictures for the annual, and gave a demonstration for open house.

The Projector Club, with its ten members, was ably advised by Mr. Spiegelhoff this year. The club performed many duties which included showing films, recording tapes, delivering and operating the record players, opaque projector, film strip projectors, and the overhead projector. With the growing demand for the services of this club, consideration is being given for the purchase of new and better equipment.

G. A. A.

Our G. A. A. has continued this year as a large and active group under the leadership of our able officers and advisor, Miss Bowden. The group was active in such intramural team sports as basketball, volleyball, tennis, golf, and baseball. Sportheads were chosen to guide each sport and to arrange games between teams.

Points toward a G. A. A. letter were earned by each girl according to the number of activities she partook in and attendance at athletic events.

The Library Club has been a great help to the students of Waterford. It was under the guidance of Miss Handran.

Checking out, repairing, and keeping library books in order are the duties of the club. The club has also assisted in decorating the bulletin board to help students select the newer and interesting books available every month.
