INTRODUCTORY

WE present to the public this issue of the Sheboygan City and County Directory in the expectation that it will prove satisfactory to its patrons, for we have spared neither time nor money to make it the most correct and complete directory of Sheboygan County ever published.

Our enumerators were required to take up names, addresses and other information from house to house not only in the cities, but also in the villages and the rural districts; every farm house in the county was visited, something that, on account of the heavy expense connected therewith, was never done before.

As a matter of course considerable time must elapse between the enumeration and the delivery of the book, such time being consumed in compiling, printing and binding. We have used the utmost diligence in recording changes occurring during this time and over five hundred such changes have been made.

The work of enumeration and compilation was done entirely under supervision of our Mr. J. N. Ellenbecker, who has been connected with directory work for nearly 20 years, an assurance that this directory is as correct as one can be made under existing conditions.

The thoroughness of enumeration and compilation which characterize this edition have been secured at considerable increase in cost. This increase together with the fact that the advertising patronge did not meet expectations impaired the financial returns of the undertaking to such an extent that in spite of the One Dollar increase in price profits are not commensurate.

SHEBOYGAN STREET DIRECTORY.

The city of Sheboygan is divided into two divisions, the North side and the South side, the river being the dividing line.

The streets running north and south have numbers, beginning at the lake, and are called on the North side, North 1st street, North 2nd street, etc.; on the south side, South 6th street, South 7th street, etc.

The streets running east and west are called avenues. Short streets are called courts.

The houses in the city are numbered according to the Philadelphia plan, that is, 100 numbers are counted for each block. On streets running north and south the even numbers are on the west side of the street, and the odd numbers are on the east side. On streets running east and west the even numbers are on the north side of the street and the odd numbers are on the south side.

For numbering the houses on the streets running east and west, No. 1 is at the shore of Lake Michigan, east of 1st street. Nos. 101 and 102 are always the corners of the street running east and west and 1st street, and 100 numbers are added to each block from the lake. Thus we have on these streets the following numbers:

Between 1st and 2nd streets, from 100 upward; between 2nd and 3rd streets, from 200 upward; between 3rd and 4th streets, from 300 upward; between 4th and 5th streets, 400 upward; and so forth. This plan is the same for the north side and the south side.

For numbering the houses on the north side on the streets running north and south, the most southern bend of the river at 8th street bridge is taken for a basis and called No. 1; 100 numbers are added for each block north from this point. Thus the intersection of N. 8th street with the following avenues have the following numbers:

Maryland ave. 101
New Jersey ave. 201
Virginia ave. 301
Jefferson ave. 401
Pennsylvania ave. 501
Center ave. 601
New York ave. 701
Wisconsin ave. 801
Niagara ave. 901
Ontario ave. 1001
Erie ave. 1101
St. Clair ave. 1201
Michigan ave. 1301
Huron ave. 1401
Superior ave. 1501

The same rule applies to all other streets running north and south on the north side.

For numbering the houses on the south side, on the streets running north and south, the most northern bend of the river, on S. 14th street bridge, is taken for a basis and called No. 1; 100 numbers are added for each block south of this point. Thus the intersections of S. 14th streets with the following avenues have the following numbers:

Niagara ave. 101
Wisconsin ave. 201
New York ave. 301
Center ave. 401
Pennsylvania ave. 501
Jefferson ave. 601
Virginia ave. 701
New Jersey ave. 801
Maryland ave. 901
Indiana ave. 1101
Kentucky ave. 1201
Alabama ave. 1301
Georgia ave. 1401

This same rule applies to all other streets running north and south on the south side.

SHEBOYGAN PUBLISHING COMPANY'S

STREET DIRECTORY

OF THE

CITY OF SHEBOYGAN

1915-1916

NORTH AND SOUTH SIDE STREETS

(Running north and south)

named by number, viz.: 1st, 2nd, 3rd, etc. All other streets, avenues and courts will follow on the north side and south side in alphabetical order, respectively. For further information see street directory on pages 17—22.

The numbers on the north side run from south to north and the south side from north to south. The river is the dividing line. In private houses the name following the number is the head of family; the name of the wife is given in parenthesis, then follow the given names of children above the age of fifteen years, boarders and roomers.

The even numbers are on the west side and the odd numbers are on the east side of the street. This applies to both north and south side streets by number.

DIRECTORY

OF FARMERS OF

Sheboygan County

1915-1919

ALPHABETICAL LIST OF NAMES OF FARM OWNING RESIDENTS

With Section, Township, Post-Office and R. R. Number

The following is a list of residents of Sheboygan County Farmers, followed by their section, township, post-office and R. R. number. Where two numbers appear (16 or 23), the second denotes the number of the town in Town Greenbush or rather in Town Holland. Where only one number appears in these towns, it denotes in Holland, that the respective section is in range 22, and in Greenbush, in town 15.— Where the name of the town is the same as the postoffice, such name is only given once. The figures in parenthesis following a name, thus: (166) denote the number of acres in the farm of the respective person. If the farm is rented, it is denoted thus: (100r).

LEGISLATIVE

Second Congressional District.

M. E. Burke, Member of Congress.

In accordance with the provisions of the 62nd congress providing for eleven congressmen from Wisconsin, the legislature of 1911 reapportioned the state into eleven congressional districts.

By this apportionment Sheboygan County forms part of the second district which is comprised of the following counties:

	Population.
Jefferson	34,306
Columbia	31,129
Dodge	47,436
Washington	23,784
Ozaukee	17,123
Sheboygan	54,888
Total	208,666

20th Senatorial District.

W. J. Bichler, Senator.

In accordance with our constitutional provision the legislature of 1911 reapportioned the state into thirty-three senatorial districts. The 20th district is comprised of the counties of Sheboygan and Ozaukee as heretofore.

	Population.
Sheboygan County	54,888
Ozaukee County	17,123
Total	72,011

Assembly Districts.

The re-apportionment of the state into 100 assembly districts on a basis of the population of the state as ascertained by the 1910 Federal census and provid-

ed for by our constitution and as made by the 1911 legislature leaves Sheboygan County with two assembly districts as heretofore and which are comprised as follows:

1st Assembly District.

O. C. Neumeister, Member of Assembly.

	Population.
City of Sheboygan	26,398
Town of Sheboygan	2,035
Village of Kohler	254
Total	28,687

2nd Assembly District.

R. B. Melvin, Member of Assembly.
