## U. W. BEAT BELOIT

BY A SCORE OF FOUR TO THREE.

THE SCORE WAS CLOSE ALL THE TIME.

Good Batting by McCabe and Wheelihan—Luck and Errors in the Sixth.

There were several critical points in Saturday's game, and the crowd felt better after these points were passed. At no time was either team certain of the game as the score was close throughout. It was a beautiful day for such a game and there was a fine crowd out. The grand stand was filled and from its appearance it is certain that there are not a few baseball enthusiasts among the young ladies of the university. The Beloit team brought a party of sympathizers with them.

McCabe and Wheelihan took the batting honors for Wisconsin, McCabe making two doubles and a single and Wheelihan making two doubles.

Runkel warmed up in the fifth inning and struck two men out, and in the sixth followed it up with excellent work, keeping three men on base while there were three men put out. Gregg supported him well and threw to second with wonderful accuracy. Kummel played his usual good game at short.

The game started with Gregg at the bat, who struck out. Runkel popped up a fly to Wheeler at center. Kummel got his base on balls, but was caught trying to steal second. Howells was hit by the first ball and took his base. He tried to steal second, but Kummel made a neat catch and dropped on him. White made a base hit but was caught at second in the same fashion. Hollister got first on balls, stole second and reached home on Thompson's hit. The side was retired when Kinsley fanned out. Score—Beloit 1. Wisconsin 0.

Wisconsin tied the score in the second inning. Wheelihan made a two base hit after two men were out, and scored on McCabe's single. He was left on second when Dudgeon was put out at first. In the last half of the second Wheeler led off with a single, but was left on third after Wilson and Jordan were caught at first and Wright struck out.

In the third Ford struck out. Gregg hit safely, but was left on second when Runkel and Kummel were retired. Beloit got one man to second in this inning, but the side retired when he tried to get to third on a short hit by Thompson.

In the fourth neither side was able to reach first base.

McCabe made a two bagger in the next, but three men went out before he could score. Two of Beloit's men fanned and the other was caught at first.

The one run which gave Wisconsin the lead was obtained in the sixth inning by a wonderful combination of luck and errors. Runkel hit an easy grounder to Wright and it looked as if he would be put out. The throw

to first was wild, however, and Runkel continued toward second base while the first baseman was hunting for the ball. He found it at last but it was too late. Runkel had scored. Freeman then took his base on balls but Falk flew out to Wheeler, and Wheelihan went out on a short fly. The second half brought anxiety to the Wisconsin men. Howells and White each made singles and were sent around to second and third respectively. This looked very much like at least one run for Beloit. But Runkel, who was equal to the emergency, struck out Thompson and kept Kinsley down to a short fly to infield which Kummel caught. Wheeler hit to Kummel who threw to third, putting White out.

McCabe and Gregg scored in the seventh and Runkel and Kummel were left on bases. In the last half Howells and White circled the bases for Beloit, being aided by a series of errors by the Wisconsin men.

Wheelihan reached second base in the next inning but was unable to get farther. Neither scored in the ninth and the game ended with the score 5 to 4.

### THE BADGER ANNOUNCED.

This morning the university campus and neighborhood appeared placarded with brilliant posters in black and red, heralding the issue of the Ninety-six Badger. The posters are quite artistic, presenting a startling design by A. R. Hager, '96, of a girl capped and gowned, with a diminutive college man for an attendant. The book will contain 360 pages and it is announced that the edition will be limited.

### SENIOR CLASS MEETING.

'95 elected its last set of officers at University hall last Saturday morning. The following were chosen: President, R. E. Smith; vice president, Frances B. Wells; secretary, C. E. Prevey; treasurer, O. M. Salisbury; sergeant at arms, J. E. Harris; statistician, Bessie Steenberg; historian, Mary Pendleton; class prophet, Florence E. Vernon; class poet, Zona Gale.

O. L. Callecod was chosen to write the class song. It was decided by a close vote to adopt the cap and gown feature for commencement.

### THE COMING CONCERT.

College songs and banjo melodies will again delight a Madison audience from the well-trained clubs of which the badger university may well be so proud. Next Friday night the university glee, banjo and mandolin clubs will give a concert at Fuller's opera house, and it goes without saying that the concert will be well patronized and afford a source of re-trenchment for the boys who have been advertising their college and their college town so successfully all over the states of Illinois, Iowa, Minnesota and our own commonwealth. There will be a rush for seats.

The badger boys gave the capital city an excellent concert some weeks ago, but since that time they have been abroad, and now all the new men as bold and unembarrassed on the stage as the oldest Thespian, and the music of the clubs, with the practice and smoothness acquired, is thereby greatly improved.

Manager S. C. Hanks promises that the entire and original cast, which played so successfully on the recent tour, will positively appear in the performance Saturday night. New features will be introduced and an imitation of the Minnesota university students will be arranged in the upper balcony.

The most clever songster and humorist, Mr. George T. Kelly, who has on many occasions delighted Madison audiences, appears for the first time under Mr. Hanks' management in this city. Mr. Bacon, who made so great a success with Ben Bolt that Du Maurier mentioned it in Trilby, has a new song, which will undoubtedly make a big hit.

After the concert there will be dancing at library hall, with music by Nitschke's orchestra.

### HARVARD BEATS PENNSYLVANIA.

On the new athletic grounds of the University of Pennsylvania today 5,000 people saw the locals given a crushing defeat by the Harvard men in the relay race. The weather was perfect and the track was soft. The teams ran in this order:

Harvard—Vincent, Hillister, Bremer, and Bingham.

Pennsylvania—Warren, Orten, Freeman, and Ramsdell.

Vincent and Warren started together and ran neck and neck for about 100 yards, when Vincent took the lead, which was steadily increased until the end by ten yards, the time being 53 seconds. Hollister then took up the running and widened the gap by thirty yards in 1:48. Orten, who ran against him not being in his usual form. The next couple were Bremer and Freeman, but still the distance grew. Bremer coming in seventy yards ahead in 2:38. Then Ramsdell went out against Bingham, his only hope now being to decrease the big lead, and to some extent he succeeded. Bingham leading him by sixty yards in 3:33 at the finish.

The program in all contained twenty-three events of track and field sports, but there was only one record broken. This was in putting the shot, when A. B. Knipe, of Pennsylvania, raised the intercollegiate record of 41 feet 1-8 inch, made by W. O. Hickok, of Yale, to 41 feet 11-2 inches.

### THE AEGIS.

It has been so long since a number of the Aegis has appeared that this present number has been looked for with interest. The interest, however, is hardly justified for the number is not upon to the standard of many of the previous issues. There is not enough of distinctively college literary matter.

The oration on The Iron Chancellor, with which A. H. Schmidt won first honors at the Junior Ex, is published in this number. Sophie Friedland has an interesting article on Serfdom in Russia, giving an account of the origin of serfdom and the emancipation of the slaves in her own country.

The only story of the number is one by "Frank Forest," entitled "Angella's Idea." It is drawn out rather longer than is necessary for the development of the idea that it contains. On the whole it is hardly worthy of the space that is given it.

Mrs. Adams contributes one short poem on Easter, and "Athew" a few verses on Loyalty. Both are bright, little poems.

We fear that "Wherefore?" by Juste Melieu, is too philosophical for the average reader. But then Whyfore? is too much of a question for the short article which is devoted to it in the Aegis. Probably a series of articles on the Whyfore and Wherefore of life would be a good plan for our esteemed contemporary.

The number contains the usual athletic and local notes, and editorials.

### SATURDAY'S GAMES.

Michigan Forfeits to Illinois—Chicago Defeats Northwestern.

Michigan forfeited her game with Illinois Saturday, leaving the field in the eighth inning. At that time the score was 6 to 6, and Illinois had men on second and third with one out. Michigan put in her best pitcher, Sexton, who had been saved for the game, but Illinois received seven singles and three two-baggers.

Northwestern's professional pitcher, Griffith, was of no avail in the game against Chicago. There was loose playing on both sides, the fielding of Northwestern being especially poor. Nichols pitched for Chicago, striking out seven men.

Harvard was defeated by Tufts with the score 11 to 7. Highlands pitched for Harvard but was an easy mark for the Tufts' men.

Purdue won from Lake Forest, 13 to 9.

Yale was victorious over Williams by a score of 14 to 4.

Other games resulted: Brown, 14; Providence, 8. Indiana Normal, 15; Rose Polytechnic, 8. Mommouth, 7; Knox, 4.

### COPELAND WINS TWO FIRSTS.

In the Stanford-California field day E.B. Copeland, ex-'95, won the mile run in 4:53 1-5, and the half mile in 2:43 5, thus winning two firsts for Stanford. California's team which is expected to do such wonderful work on its "Trans-continental trip" showed up very poorly, although they won from Stanford rather easily by a score of 66 to 46.

The Scientific American of last Saturday contains a complimentary write-up of Wisconsin's dairy and agricultural school.

An Ohio college weekly is publishing a symposium on "What Trait in Woman Is Most to Be Admired." This is a suggestion for our esteemed contemporary, the Aegis.

It is about time that some action was taken by those in authority in regard to the name of the athletic field. The latest one that has been perpetrated is "Randall Park," which appeared on the baseball posters. The name that seems most appropriate is Randall Athletic Field, or simply, Randall Field.

It is by no means strange that different students have lost articles from their lockers in the gymnasium for several obvious reasons. An outsider would be surprised in passing the rows of lockers to see how careless persons are in leaving them either open, or closed but not locked. Even if absent but a short time it seems that it is unsafe. While it is a pity that such is the case it can only be remedied on the part of students by using greater precautions. It lies with the authorities to do away with the trouble in the most speedy and practical manner. The new lockers are all provided with combination locks which only the owner knows and hence are an efficient safeguard at any time, by merely closing the door. If many more reports are heard of lost, strayed or

stolen goods, this is probably the only feasible method that can be adopted with the minimum of expense and satisfaction to all. We would suggest that if no other plan can be effected in a short time that this be commenced at the earliest possible date.

At no time during the school year is regular exercise more important than during the spring term. At no time during the year are there more opportunities for outdoor recreation. Besides tennis, rowing, baseball and the track work there is the delightful tramp through the fields, the refreshing bicycle trip into the country, or perhaps a pleasant drive around the lake. The keen satisfaction coming from these enjoyments after a long winter of confinement should tempt the most studious to come forth from the closet to "steal an hour from study and care" for his own sake.

For the promotion of all these pleasures except the tramp and the drive have been organized clubs. The last named is not often within reach of the average student, but no one can afford to dispense with the invigorating benefits of a good tramp. Two years ago we had some such organization but it seems to have lost its identity in the numerous organizations for which we have become famous. A cross country walk is more appropriate at this season than a cross country run and besides is open to a greater number of students. Who will organize a cross country walk club?

#### COLLEGE NEWS.

The senior class at Minnesota will present a class play which is a burlesque on the "Black Crook."

The seniors at Minnesota are divided on the question of wearing cap and gown.

Stanford took the honors in the joint debate with the University of California.

The annual intercollegiate field day between Stanford and California was won by the latter by a score of 66 to 46.

The report has gained currency that the University of Pennsylvania challenged the Varsity crew for a race. No challenge has been issued by either Pennsylvania or Wisconsin and the communication received from Capt. Bull was simply in the nature of an inquiry concerning the possibility of a race.

Geo. H. Brownell, '98, is confined to his room with a severe attack of tonsilitis.

**DON'T STOP TOBACCO**

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about **BACO-CURO**. It is purely vegetable. You do not have to stop using tobacco with **BACO-CURO**. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Eureka Chemical and Mfg Co., La Crosse, Wis.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every veteran smokor fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,

C. W. HORNICK

### SCHOOL OF TECHNOLOGY.

Regents of Michigan University Establish a Seventh Department.

Ann Arbor, Mich., April 22.—The regents have decided to establish a seventh department of the university to be known as the school of technology, and it consists of the four engineering courses, civil, mining, mechanical and electrical, now a part of the literary department. Last year there were about 200 students enrolled in these courses. The change will probably be made next October. Professors C. E. Greene, M. E. Cooley, C. S. Denison, H. S. Carhart and J. B. Davis are talked of for dean.

There was a millionaire among the anarchists recently expelled by the federal council of Switzerland. He was an Italian, named Borghetti, and a temporary resident at Lugano, the great anarchist center in Europe. Borghetti is only 25 years old. He dressed very simply, but kept open house for his fellow revolutionists, who frequently had recourse also to his purse. Borghetti's father, who did not share the anti-patriotic and anarchistic ideas of his son, used to hoist the Italian flag on national occasions but young Borghetti promptly replaced it with the red banner of the revolutionists.

James Hulme Canfield, chancellor of the University of Nebraska, has been elected president of the Ohio state university, to succeed W. H. Scott, resigned. A gift of \$10,000 from Emerson McMillin, president of the East River Gas company, New York, to found an astronomical observatory was accepted.

### CHORAL UNION.

The closing rehearsals of the Choral Union, for this season, will be held this (Monday) evening and one week from tonight.

—John F. Doherty of the Senior Law class will give the baccalaureate address to the graduating class of the New Lisbon High School. Mr. Doherty graduated from the university with the class of '93 and during his college course acquired a high reputation for oratory, winning the Junior Ex and getting second place on Senior contest; last year he was professor of elocution and oratory in the Madison High School.

—The U. W. Social club will give a May ball at Kehl's hall on Thursday evening, May 9th. Messrs. Hein, Warner and Spindler have the matter in charge and an excellent entertainment is assured.

Lieutenant Charles Clark Jameson, of the fifteenth infantry, stationed at Fort Sheridan, has received the coveted prize of a transfer to the ordnance department of the army as a first lieutenant. This officer made a reputation for himself during the strike last year at Chicago by taking his place on the pilot of a locomotive and forcing his way through the blockade with his men.
