That the following regulations regarding the use of University-owned motor vehicles be adopted:

University-owned motor vehicles are to be used for official University business only.

The use of University-owned motor vehicles to provide transportation between office and private residence, as well as all other personal use of such vehicles, is prohibited. Storage of University-owned motor vehicles on private property is allowed only when approved in advance by the Vice President of Business and Finance.

Persons not engaged in University business travel at their own and the driver's personal risk.

Bob

No statute on this subject.
