UNIVERSITY OF WISCONSIN, MADISON, THURSDAY, NOV. 16, 1922

PRICE 5 CENTS

## GRID WARRIORS WILL BE GIVEN HUGE SEND-OFF

Frosh Band and Many  
Boosters to Cheer  
at Station

A send-off eclipsing that accorded the football eleven when the warriors departed for Minneapolis, November 2, has been arranged for 5:40 o'clock this afternoon when the Badger team departs for Ann Arbor.

More than 1,000 students invaded the Northwestern station two weeks ago to wish the gridiron squad "Good-by, and good luck." Conservative estimates have placed the size of today's crowd as probably being between 1,500 and 2,000.

The freshman band will form on the lower campus at 5:15 o'clock. Led by Gus Tuckerman '23, Varsity cheerleader, the band will march up Langdon street, the rooters forming into a solid column behind the band.

The Badger boosters will turn south in Henry street to State street, and proceed around Capitol square and down King street to the Northwestern station.

"Virtually all campus eating houses have agreed to delay dinner until 6:15 o'clock in order that every student can attend the celebration," Tuckerman said last night.

"We want it strictly understood that this is not for men students only. Co-eds are expected to attend and will be more than welcome. There was a considerable number present November 2 and should be twice as many this afternoon.

"If the crowd displays sufficient enthusiasm, Coach Richards and Capt. Williams probably can be prevailed upon to give short talks.

"When 'Varsity Out' is given shortly after 5 o'clock every student in the university should turn out to give the team the greatest send-off in all history."

## Minnesota Man Studying In Berlin Lives Cheaply

A former student of Minnesota university who is now attending the University of Berlin in Germany recently sent a letter to a friend saying that the course he is taking costs him about 10 cents.

## N. U. SORORITIES GIVE UP DANCES TO AID CHARITY

Evanston Co-eds Sacrifice  
Pleasure in "Campaign  
of Kindness"

Eighteen sororities at Northwestern university have discontinued their regular semester dances with the view of donating the money expended for them to charity.

This "Campaign of kindness" was started Monday morning by several hundred co-eds. Immediate work begins this week end when twenty-five Chicago girls from the factories will be entertained next Saturday night.

Arrangements are now being made to take care of the poor and needy of the north shore. In the past there has been an assessment of \$3 of each sorority member for a ticket to the annual dances. This money, amounting to more than \$2,500 will be turned over to a Christmas fund for Evanston's poor children.

A secretary of the Chicago branch of the Y. W. C. A. will select 25 girls from the shops and factories of that city. The women will be guests at the football game between Northwestern and Monmouth after which they will dine at Willard hall and dance afterward. On Sunday morning the girls will be taken to Evanston churches and gather again at 3 o'clock in Willard hall.

## C. I. P. A. Committeemen Make Convention Plans

The first meeting of the chairmen and members of the Central Interscholastic Press association convention committees will be held at 7 o'clock tonight at the Delta Pi Delta house, 501 North Henry street.

Plans to accommodate the 650 delegates to the convention with rooms and entertainment will be formulated. Each fraternity, sorority and rooming house will be asked to accommodate as many as possible.

The meeting will be in charge of Jerome O. Bjerke '24, convention chairman, Harold E. McClelland '23, and Fred L. Kildow '23, directors of the association.

## FIRST DEBATE TRYOUTS TODAY

Candidates to Talk on Both  
Sides of Prohibition  
Question

Tryouts for positions on the Intercollegiate Debate teams will be held today at 3:30 and 7:30 o'clock in 165 Bascom hall. The debate question is, "Resolved, that the Eighteenth Amendment to the Constitution of the United States be repealed."

Speeches are limited to 5 minutes, with no rebuttal. Either the affirmative or the negative of the subject may be chosen for discussion.

The judges are Profs. J. M. O'Neill, A. T. Weaver, and R. W. West, all of the speech department.

The first tryouts are for those who have not been members of a former Varsity Intercollegiate Debate team. The veteran members will not compete until the final trials, which will be held several weeks later. Both men and women are eligible for these teams, and although there have been no women members for many years, several have signified the intention to compete this afternoon.

The tryout question, which is the same chosen by Wisconsin and submitted to the committee of the Mid-West Debating league, is especially popular as a debate subject because of the large amount of material available as a result of recent elections, editorial comment, and various straw votes conducted by national periodicals.

## Y. M. C. A. MEN PLAN DISCUSSION GROUPS

Sixty men will meet in the Y. M. C. A. parlors this afternoon to make arrangements for discussion groups which will be conducted throughout the year in various rooming houses and fraternities.

The project for organizing the groups is headed by Allan G. Halline '23, and the cabinet of the Y. M. C. A. It is planned to have sixty groups on the campus which will meet once a week.

Problems incident to school life and particularly religious phases will be taken up in the groups. Each group is to be lead by one man who is to have previous instruction as to the nature of the topic and the various points to be emphasized.

The idea of an organized discussion is merely the correlation of material already present in the common "session" which adds to the student life in almost every rooming house. If these discussions can be directed along vital channels a great deal will be accomplished," Halline said yesterday.

## Mischa Elman, Violinist, to Be Wed Next Month

Mischa Elman, famous violinist who played here recently, will be married during the Christmas season to Miss Mildred Stone. The violinist and his bride will spend a few days honeymooning in Atlantic City, after which they will leave on a trip through the northwest and the coast where Mr. Elman has concert engagements during January and February. They will go abroad in May.

## BUDGET DEMAND FOR UNIVERSITY CALLED MODEST

### Present Requests Are Less Despite Increased Enrollment

The budget demand of approximately \$6,000,000 for the university of Wisconsin for the biennium 1923-24 and 1924-25 was described as being very modest as opposed to those of the normal schools by Edward A. Fitzpatrick, secretary of the board of education last night.

The university requests are less in total than those made for the past biennium, despite the increased enrollment. Included in the \$6,000,000 proposed budget is a building program of approximately \$1,000,000 and a revolving fund of over \$1,500,000 which is supplied directly by the university and represents no cost to the taxpayers of the state.

A tentative request for \$600,000 to commence construction of men's dormitories is said to be included in the budget to be submitted to the state board of education. This item may be withdrawn, it is said, because of the possibility that private capital might be interested in the building of dormitories for students.

Operation costs of the university, including the \$1,500,000 revolving fund, total approximately \$4,000,000 for each of the two years.

No entirely new buildings are asked in the university requests, with the single exception of the proposed men's dormitory which is not definitely urged upon the legislature. Reconstruction of Bascom hall, alteration of Music hall and additions to the chemistry building are the principal construction projects suggested.

## Maroons Hard at Work For Illinois Encounter

(Special to The Cardinal)

CHICAGO, Ill., Nov. 15.—With three straight Conference victories behind them, the Maroons are drilling hard in the preparation for their game with Illinois next Saturday. Realizing that the Illinois strength cannot be underestimated, Stagg's men are going into the scrimmage with a spirit that promises to make Saturday's game a hard battle.

Coach Stagg has a hard problem on hand to develop two wing men to take the place of Lampe and Dickson, who were injured in the Ohio State game. Wilcox and Barnes, two promising ends, may be called upon to fill these births, although Strohmeier may be shifted back from quarter.

The line showed weakness against the Buckeye offense and as a result John Thomas was unable to gain. It is expected that it will be a changed forward wall that will face the Illinois.

## Mendota Craft Off Lake As Boat Season Ends

"My vacation starts now and I don't know where to go," declared "Cap" Thomas Isabell, university life saving director at Lake Mendota, as he finished supervising the docking of the "Isabell," new life-saving speed launch. The boathouse season officially ended yesterday.

Student craft were being taken out of the water all yesterday forenoon. The "Cardinal," auxiliary launch to the "Isabell," has been in winter quarters for several weeks and will be sent to the university pumping station to be entirely rebuilt as soon as Mendota freezes.

The university boathouse will be locked up until the skating season begins.

WEATHER: FAIR  
Fair Thursday, Friday and  
probably Saturday. Rising tem-  
perature is expected for Madison  
and vicinity.

## German War Views Are Received Here

Six volumes of a set of books containing documents of the German government, revealing all the secret correspondence of that government since 1871, have been received by K. A. Dolch of the German Department.

These books, purchased in Germany, throw, according to Mr. Dolch, many new lights on the World War.

"No attempt at propaganda is made," stated Dolch, "the documents are published, with explanatory notes, just as they were first received." Some of them are in French, as they were first written. There will be twelve volumes, when the set is complete. The last six have not yet been finished.

## MAKES STUDY OF AG COLLEGE

### Newspaperman Tries to Deter- mine School's Influence On Agriculture

J. Frank Smith, manager of the Good Roads association of Great Kansas City and special correspondent to the Kansas City Journal-Post, is at present in Madison making a study of the Agricultural college in determining its influence in making Wisconsin the pre-eminent dairy community.

"I believe that the wonderful progress that Wisconsin has made in the dairy industry is largely due to the efforts of the College of Agriculture and especially to its work in behalf of dairy farming," asserted Mr. Smith yesterday, "In every county that I have visited, the farmers and all others, directly or indirectly interested in the dairy industry, continue to refer to the assistance which the college has given them in the past and is also

Mr. Smith is also making a study of the county and state highway system in Wisconsin and particularly as regards the financing and rendering at the present time.

The Good Roads association of Kansas City has adopted a triangular program of good roads, better dairying, and consolidated rural schools with the idea in mind that the farmer will never progress when working under a handicap caused by poor roads. The association has chosen Wisconsin as one of the states in which to study the first two factors.

There are 757,268 dairy cattle in the circle of a one-hundred mile radius about Greater Kansas City as compared to the 2,763,483 dairy cattle in the state of Wisconsin. And although the area contains more improved land than this state, the dairy products of the two territories are valued at \$27,243,470 and \$180,306,599 respectively.

At the present time Missouri has voted \$60,000,000 to be spent on 7,500 miles of state roads. The fund will be provided by the motor vehicle license fees. In the state of Kansas, individual counties have taken up the road question and are building county highways receiving federal aid.

## Fruit and Flower Show Planned By Graftor Club

The Graftor's club held its regular monthly meeting from 7:30 to 9 o'clock last night in the Horticulture building under the direction of Frank McKay, chief. Plans were discussed for the annual fruit and flower show, which will be held next Wednesday in the Horticulture building.

## Octopus Sales Large As Circulation Totals 3,400

Octopus circulation yesterday totalled nearly 3,400. More than 1,500 copies were sold on the campus and in the various buildings.

"We have only a few copies left for the staff and advertisers," said Willard Kirchner, circulation manager.

The Octopus showed that it was up with the times when it used a fake radiophone to give the latest news on the magazine yesterday.

## VARSITY SQUAD LEAVES TONIGHT FOR ANN ARBOR

### Thirty Men Accompany Richards to Wolverine Stronghold

With his entire squad of 30 Varsity football players Coach John R. Richards will this afternoon lead his fighting Badgers into the wilds of Michigan in an against-odds fight to upset the Wolverines and keep Wisconsin in the first rung of Conference teams.

The Badgers are scheduled to leave Madison at 5:40 today. They will stop over in Chicago for a short while and then continue to Jackson, Mich., where they are slated to engage in a short work-out Friday afternoon.

Trainer George Berg announced during yesterday's drill that every man was in good condition. That Wisconsin is prepared to put up the fight of its life against Michigan is evident from practices, and the game will not be only a conflict between two football machines but a battle of wits between Coaches John Richards and Fielding H. Yost.

The 30 men who will probably leave this afternoon are: Nichols, Pearse, Alton, Hohlfeld, Harris, Bieberstein, Sykes, Miller, Smith, Schernecker, Tebell, Irish, Pulaski, Nolte, Bentson, Capt. Williams, Barr, Millman, Taft, Radke, Gibson, Eagleburger, Opitz, Paige, Whitten, Saari, Stengel, Below, Field and Smedal. Manager Norman Clark accompanies the squad.

These men were given a short signal drill yesterday, and the first string eleven scrimmaged Coach Keg Driver's freshmen until darkness settled over Camp Randall.

(Continued on page 3)

## Ford Not to See Michigan Game; No Tickets Left

Even Henry Ford, himself, cannot buy tickets for the Wisconsin-Michigan football battle Saturday. Mr. Ford's secretary, telephoning from Detroit this week, requested that a box be reserved for the manufacturer and his party. He was informed that every seat at Ferry field had been sold.

## DENYES SPEAKS TO COUNTRY LIFE CLUB MEMBERS

Organization Seeks to Develop  
and Further Community  
Leadership

To further leadership in community development, is the purpose of the Country Life club which held a meeting last night at the Wesley Foundation hall. This club was founded two years ago but has not been very active until this year.

Dr. Denyes addressed the members at the meeting last night. In some of the other meetings of the club there have been discussions, talks by prominent men or women, and singing contests. Professor Gordon has been present several times to teach leadership in singing to the members.

It is the plan of the club this winter to present a series of tableaux called "The Gathering of the Clan," which will show all nationalities at play. This program will be given either at Wesley hall or Lathrop hall and some of the other university organizations will probably be asked to co-operate. The club plans to give a series of song programs in the rural communities around Madison.

The club is composed of men and women from all the branches of the university, but particularly from the Home Economics and Agricultural schools. The officers of the organization are W. Osius, president; Keith McKenzie, vice-president; Elsa Sherman, secretary; and D. A. Strommen, treasurer.

## WOODSMEN NO LONGER HUSKY

C. J. Hogue, Seattle Lumberman, Declares Methods Changing

"The lumberjack of today is not the husky and sturdy type of fellow that he was 10 years ago," asserted C. J. Hogue, a Seattle lumber man, who spoke in the auditorium of the agricultural chemistry building yesterday afternoon.

"Modern methods of handling timber and the environment of the lumber camp at the present time with its many up-to-date improvements have brought about this change," Mr. Hogue said.

The lecture was illustrated with colored slides dealing with various scenes from picturesque sunsets on Puget Sound to thickly wooded timber tracts in virgin forests. The last part of the lecture was concerned with the sawing, finishing, and piling of the timber in the huge lumber mills located on the rivers emptying into the ocean and on impossible.

The problem of the sawer at the mill was explained in detail by the use of sketches drawn on the cross section of various types of timber. Every log is cut in such a way as to give the largest amount of lumber and also the particular type of boards and trusses desired.

Of the 2,220 billion feet of lumber in the United States over 30 per cent of it is in the forests bordering the western coast line. The spruce, cedar, and Norwegian pine are still the most prominent woods in the lumber industry; but the western hemlock, which sometimes reaches a diameter of seven feet, is steadily increasing in price in the eastern markets and today commands a price on par with other varieties.

Mr. Hogue is a representative of the logging interests of the west in New York City, and at present he is making an extended tour of the country with the aim of educating the lumber dealers in regard to problems which are arising in that particular field. The lecture was sponsored by the Forest Products club of the Forest Products laboratory.

### Medical Advisor Issues Second Cancer Circular

A second important event in the campaign for the education of the public as to cancer, its cause and prevention, was the appearance yesterday of a second circular on the subject. The medical advisor is using this method of calling the attention of students to the importance of a knowledge of cancer.

The circular says in part:

"It is education of the public to care early for any abnormal growth or any disturbance in function of any part that the Society for the Control of Cancer hopes to effect its aim—a reduction of cancer mortality and thus a prolongation of the life of the adult."

At a meeting of the Dane County Medical society in the assembly chambers of the capitol last night, Dr. E. V. Brumbaugh, city health officer, and Dr. C. A. Harper, state board of health, spoke on this subject.

### SPECIAL DISPLAY OF BOOKS SHOWN AT U. W. CO-OP

Texts Shown But Few Days After Publication Now

In order that it may be able better to keep students informed on the new literature of engineering, agriculture and business, the University Cooperative company has this year made an arrangement with the McGraw-Hill Book company of New York whereby copies of every new book published by this company are being forwarded to the store on the day of publication and are on display in a special bookcase.

Since this company publishes nearly two new books a week, which is the largest output of any technical publisher, the students and faculty at the university will this year be permitted to examine on the day of publication a remarkable output in the fields of engineering, chemistry, agriculture and business.

Among the McGraw-Hill authors are such men as Steinmetz, Jacques Loeb, Bancroft, Ketchum, Marks, Hoover, H. O. Fofman, Emmons, Lindgren, Spurr, and Henry M. Howe.

Some of the faculty who are authors of McGraw-Hill books are Professors Slichter, March, Mead, Terry, Keown, Watts, and Dowling.

The McGraw-Hill Book Company publishes also the industrial education texts and the engineering texts of the University of Wisconsin Extension Division.

### Colleges Here Lag Behind Europe, Says London Man

MINNEAPOLIS, Minn.—"Students in English universities are at least two years ahead of those in American universities and before the war the German student was from one to one and a half years ahead of the English students," is the gist of the message of a prominent London educator according to the Minnesota Daily, student publication of the university of Minnesota.

"American universities," he says, "fail to recognize and make the most of their brilliant students. In their attempt to be democratic they make the most of their brilliant students. In their attempt to be democratic they make the same

## STUDY HARBOR OF MILWAUKEE

U. W. Geology Students Aid City to Improve Shipping Conditions

Lynn Holverson '23, and George E. Wood, graduate assistant in the geology department, are studying some of the conditions in the shipping facilities of Milwaukee harbor under the supervision of Prof. R. H. Whitbeck of the geology department with the idea of aiding the city of Milwaukee in the improvement of its harbor.

"Milwaukee is trying to get \$5,000,000 from the government adding that much more itself for the building of a breakwater across the outer harbor and for the building of new docks," Wood who has made a study of the freight statistics of the city, said.

"At the present time statistics show that railroad tonnage through Milwaukee is increasing more rapidly than ship tonnage. The proposed harbor improvements will greatly change, as they are expect-

ed to attract more shipping by water," Wood explained.

The Milwaukee harbor association desires a thorough commercial use of the commodities which Milwaukee should attract for Great Lakes shipment. Lake traffic now concerns itself mainly with grain, coal, and iron ore, but does not deal largely in "package freight", such as perishable foods which need refrigerator cars, or with dry goods, and like commodities.

A general freight business is desired and tabulated data as to recent and present shipments will be made by the university investigators, in order to make deductions as to the possible future of Great Lakes traffic, and the part which the port of Milwaukee will play in the lake freight business.

petty requirements of the genius as of the average student.

"In Europe, not only the professors, but the students know the brilliant student and the genius, and the training which the latter are given and the courses which they pursue are quite different from those of ordinary students."

## BADGERS TO BE STRONG FOEMEN, DECLARER YOST

"Wisconsin Has a Great Team," Coach Tells Squad

(Special to The Cardinal)  
ANN ARBOR, Mich., Nov. 15.—After hearing of Wisconsin's strength from Coach Yost and Captain Goebel, the Wolverine gridiron squad is down to hard work in order to perfect its defense before the battle on Saturday, which promises to be the classic of the West for that day.

"My opinion of Wisconsin's strength is not changed by the results of the Illinois game. Wisconsin has a great football team, having shown strength and stability in all departments of the game, Coach Yost said today.

During the few remaining days before the contest the Michigan squad will be drilled in an effort to strengthen the line material, first string men as well as substitutes. The flu left Swan with pleurisy and he has withdrawn from school. White, a tackle, has had a sprained ankle for two weeks and has not been out for practice. Johns and Steele have also been nursing minor injuries which have kept them out of scrimmage. Michigan's chief difficulty will be to find capable substitutes for her line if any of the regulars should be injured.

### Line-up Uncertain

Saturday's game will be the chief attraction of the Wolverine Homecoming celebration and from all indications the crowd that will swarm to Ann Arbor will surpass that which collected for the Illinois-Michigan game. The fray has attracted wide spread attention as it is Wisconsin's first appearance on Ferry field since 1905.

No official announcement yet has been made of the Michigan line-up, but it is settled that, with the exception of left guard and left half, the Yostmen will line-up with the same men that they have used all season. Johns at left guard may be taken out in favor of Slaughter who has the advantage of additional poundage while Keeler is giving Steger a great race for the position as Kipke's running mate. It is probable that both men will be used in the game as there is little difference in their ability although they are different type players.

### Makes 47 Yard Drop

Bob Knode, whose work against Illinois was largely responsible for the Wolverine victory, is also getting a good share of attention, for his educated toe may be a big asset to Yost. He replaced Kipke, who had the flu at the time of the Illinois contest, and his play surpassed all expectations. He is not only a dependable kicker but a good passer. In the M. A. C. contest he demonstrated his versatility by stepping into the quarterback job after the game was under way and his generalship was all that could be desired.

In a game between the varsity and freshmen last Saturday Knode's toe was responsible for the only scores when he sent two drop kicks sailing between the goal posts. One was made from the 47 yard line. The yearlings employed Badger plays and the varsity were at a loss to stop them in midfield although it braced when the goal line was threatened.

During the 30 minutes of scrimmage the varsity made little headway against the yearlings except through the booting of Knode. Captain Goebel, Uteritz and several others were absent from the contest, a factor which tended to slow up the Wolverine offense.

### Automatic Substations Discussed By Engineers

"Automatic substations" was the topic of L. M. Praiser '23, at the meeting of the American Institute of Electrical Engineers last night. Illustrating his talk with a diagrammatic substitution. Mr. Praiser showed how he remotely controlled stations are operated.

### Women Swimmers to Hold Two Class Meets Tonight

The second women's swimming meet will be held at 7:15 o'clock tonight in Lathrop pool, when the freshmen, senior, sophomore, junior meets will be swum off. The meets held Tuesday night resulted in a victory for the freshmen over the juniors and the sophomores over the seniors. The two lower classes so far have the best indications for the championship.

## PURDUE RESTS THIS WEEK-END

### Boilermakers in Poor Condition After Five Hard Games

LAFAYETTE, Ind., Nov. 14.—Purdue's football squad will be given three days rest this week. No game is scheduled for Saturday and the biggest game of the season will be played with Indiana here November 25, as the Homecoming contest. The Boilermakers are in poor condition as the result of five hard games in a row.

Coach Phelan figured that the best stimulant for his men would be some rest. None of the first string men reported yesterday or today and they will have Saturday afternoon off. Purdue has been handicapped this year on account of a shortage of good reserves. The first string men have had to bear the brunt of the work this year as the reserves have not been able to carry their share.

Athletic Director Kellogg is making elaborate plans for the Homecoming game with Indiana. A standing bleacher that will hold 5,000 spectators is being erected on the north end of the field. Plans to take care of the largest crowd that has ever witnessed a game on Stuart Field are being made. The corner stone of the new \$1,000,000 memorial building will be laid in the morning. Tours will be conducted to the new 65 acre athletic field. The conference cross country meet is another feature of the Homecoming day program.

Purdue will play host to the state cross country teams here next Saturday. The race will be over a three mile course. So far, Notre schools that have teams entered. DePauw's harriers which placed third last year have not been entered. Last year, Purdue's entire team finished before any of the visiting runners crossed the tape.

### NEW ATHLETIC MAGAZINE NOW HELPS COACHES

Griffith, the Landis of Western Conference, Becomes Publisher

The Athletic Journal is the name of a professional magazine for the coaches of the country published monthly by John L. Griffith, commissioner of athletics, of the western conference. It is published in Champaign, Illinois, and only recently has been given nation wide circulation.

The journal, which is proving of great value to coaches and directors of athletics, contains not only articles on the technique of sports but also detailed descriptions of successful plays in team action.

Typical articles of this nature are "Quick Line Opening Plays," a discussion of line attack in football, and "Line and Backfield Shifts". The science of drop kicking and the strategy of boxing also are given space in the new journal.

The foremost coaches and athletic directors of the country write for the new publication as well as notable veterans of teams of a decade ago.

Standing squarely behind a policy of strict enforcement of rules to keep professionals out of amateur athletics, Mr. Griffith says in an editorial in the November issue:

"The Journal plans from time to time to advance arguments to show why the future of our amateur athletics depends upon our drawing the line between the professional and amateur principle in school and college athletics."

## FROSH GRID MEN TO MEET SOPHS IN ANNUAL TILT

### Hard Battle Expected in Inter-class Fray Tomorrow

One of the hardest fought battles in the history of inter class football is expected to take place when the sophomores take on the freshmen in the annual game tomorrow afternoon. The game will be played at Randall field at 3 o'clock.

In point of experience and ability the second year men probably have the advantage over the yearlings. The fact that they have been working together for hardly more than a week will do much to offset this advantage.

### Uses All-Americans

While several good men who have not been playing this fall have been recruited during the past few days, men who have been playing on the All-American team comprise the greater part of the team. Under Coach Lowman's able training they have been developed into a squad which will make the frosh wary.

Lowman's chief worry seems to be the short time which he has had to whip the team into a unified machine. Material in abundance is at hand but available time to get the men working together is lacking.

### Stiff Drill Last Night

The two squads of sophomores worked until long after dark last night scrimmaging against each other and running signals. While the defense is still rather weak, the men worked better than they have at any other time during practice.

The second year men are much stronger on the offense than on the defense and Lowman is lending his best efforts toward remedying this weakness. The two squads worked against each other for some time and at times held very well.

### Work Against High Team

In a workout against the Wisconsin high school some glaring defects were brought out. Several times the light prep school bunch broke through the heavier sophomore team for large gains and were even able to score. Unless the line can hold better in the game tomorrow the frosh can be expected to run a high score.

The yearlings are equally weak on the defense. While they have been able to rip up the Varsity at times and to score against the Badgers, they seem helpless when Richards' men have the ball. They may stiffen up when they find a weaker team to buck, but if present showing is indicative of the real

### Grid Graph Will Show Michigan Game Results

The grid graph recently purchased by the Athletic board will record the results of the Michigan game, play by play, on Saturday. The graph was used for the first time two weeks ago to tell the story of the Minnesota game to a crowd of 1,800 assembled in the armory. The athletic board paid the firm of Powell and Howenstein, Cincinnati, Ohio more than \$500 for the graph.

## COACH DESIRES FROSH MATMEN

### Physical Condition of Vital Importance, Says Hitchcock

"Good wrestling depends upon the physical condition of the participants. A man's neck, most of all, should be well developed, for it represents 80 per cent of his strength," said Coach Hitchcock last night in the Varsity wrestling room.

"Frosh" are wanted up here to form the foundation of a four-year wrestling team. If a freshman has the stamina and courage to stay with me this season, I can sell him on the proposition of wrestling", he said.

Coach Hitchcock is putting his squad of 30 men through neck rolling exercises, bridging, setting up exercises, and work in trapeze rings in order to strengthen their grips. Directly following these exercises, the men are paired off and ordered to grapple with a spirit of aggressiveness, and not to go to sleep on the mat.

Shortly after 5 o'clock the wrestling fellows, some dressed in conventional white gym suit, and some arrayed in coveted black trunks of the finished varsity wrestler. Now and then a dull thud is heard as some man hits the mat, and then he immediately tries to pry himself loose from his opponents' grasp in order to prevent a fall.

Coach Hitchcock would like to meet freshmen who are interested in this sport, and also any upper class men. He is in the wrestling room on Mondays, Tuesdays, Thursdays, and Fridays, between the hours of 4:30 and 6 o'clock.

Captain Templin is ringing true to real varsity form this year, and many men who have worked out with him can vouchsafe that his headlock is a "bone crusher". The other members of the team Gregory, Heuer and Hembre are losing no time in putting themselves in condition for the coming conference meets.

strength on the defense, the frosh will not be the only bunch to score high.

## VARSITY SQUAD LEAVES TONIGHT FOR ANN ARBOR

### Thirty Men Accompany Richards to Wolverine Stronghold

(Continued from page 1)

Although Coach Richards is still stressing defense, he permitted Varsity to carry the oval for several downs.

Richards is worrying over a method to stop the famed Kipke, Uteritz, Cappon offense. These Wolverines are sure to start against Wisconsin. With Kipke at one half, either Keeler or Herb Steger will step into the other position left vacant when Roby was injured in the Ohio State contest.

The 1922 Michigan eleven is one of the best scoring machines turned out by Yost in recent years. The Wolverines trounced Ohio State, 19 to 0, walked over Illinois, 24 to 0, and defeated the Michigan Aggies by a terrific margin.

If comparative scores form a basis of judgment, Wisconsin would not have a chance against Michigan. Illinois eked out a 3 to 0 victory over Wisconsin. Michigan defeated the same team by 24 points. Figures which are said to never lie, indicate that the Yost men are 27 points better than their opponents of the week end. Capt. Williams and his mates are determined to shave this advantage until it is hardly noticeable, comment from team members has indicated.

A packed stadium will greet the two teams at the University of Michigan annual Homecoming. All seats have been sold, and Henry Ford, who sent in a late application for box seats, was unable to procure any.

### Unusual Interest Shown in Fraternity Bowling

Intense interest is being displayed in the fraternity bowling con-week on the Wisconsin alleys. Almost every fraternity this year has a team, and in nearly every case the teams are strong.

To-morrow night after the matches, the high averages and high men will be picked. The teams now in the top frame are out to hold their places and some clever bowling is expected, when they meet.

A beautiful cup is being offered to the winners to make the competition more keen. There is still chance to come up and kick over the dope bucket, for the schedule is not much more than half over.

## THE TEAM

WHEN the football team leaves at 5:40 o'clock over the C. & N. W. for Ann Arbor, several hundred rooters will take the train with them.

Several hundred or more will be there to see them off.

Plans have been made for the students to assemble on the lower campus at 5 o'clock and form there to march behind the team and the band to the depot.

The Cardinal does not urge that the students show their loyalty in this manner. There is no need urging by The Cardinal or anyone else.

Loyal students will be on hand without urging.

They will want the football team to know that whether the breaks of the game are for or against the Badgers, that whether Lady Luck smiles or frowns upon the team, that it can at least be sure of the unswerving support of the Badger fans.

State street may have to be widened to permit room for the marchers this afternoon.

Whether the Badgers win or lose with Michigan—there will be a crowd to see them leave for Ann Arbor. Whether they win or lose, there will be a crowd to meet them when they return.

That is the spirit that Wisconsin not only boast of—but has.

## THE OLD HOME TOWN

DO you go back to the old home town this summer? Did you expect to have a grand time visiting old scenes and meeting old friends?

Changed, hadn't it, the old town?

The joy at being there didn't seem to be strong after all. The home folks were the same—you can't change them. They always were and always will be with you in all that you do and everywhere you are.

But all else seemed to have undergone some transition not wholly to one's liking.

Many of the old friends were there and gave a hearty welcome to you. Grown older with the years, yet they were otherwise apparently the same genial, hearty friends of earlier years.

The same neighbors lived next door and they appeared just as glad to see you as they had four

years ago when you came over to pay back the sugar that mother had borrowed.

The town remained the same as it always had been since earliest recollection. A little new paving, perhaps, and the theatre had been remodeled, but in all else there had been no apparent change.

Yet somehow it was different. You tried to explain the difference but could not.

Everybody planned to help entertain you. The old crowd of friends planned the same amusements that you used to delight in. Picnics, the country club dinners and dances, rowing on the lake or river. They all were offered you.

And you remembered some of those good times at these places in the past and how eagerly you accepted the suggestion to re-live them.

But how disappointingly flat and dull those times now proved. The fish failed to bite as they used to. The old swimming hole was covered with a thick green scum. Even James Whitcomb Riley would have shuddered at the sight of it.

You wondered what made you think the picnic ground so beautiful. Now instead of being a pretty sylvan spot seems to be desolate and grubby.

And the talks with former playmates and friends lacked spontaneity, genuineness. You tried honestly to find subjects of common interest, a kinship of ideals, a harmony of thought.

We know how desperately you tried to enjoy the old scenes and the old friends. We know how you tried to throw aside every other thought that would prove a barrier to resuming the old friendships.

We know, for we tried too.

And you probably learned, as we did, after bitter reflection, that you had sadly grown away from what formerly had seemed dear to you. Friends were still the same as they

The town had not changed; friends were still the same as they used to be. The change was not in those who had stayed but in those who had left and returned again. The change was in you and in us, not in them.

After a while your friends may

## Looking Back On Wisconsin

### IN THE CARDINAL FILES

#### 30 YEARS AGO TODAY

Last evening members of the faculty, prominent townspeople and graduate students of the Course in Economics met at the Opera house for the purpose of assisting in the organization of the Historical and Political Science association of the University of Wisconsin.

A set of instruments have just been completed for Professor Jastrow for testing the sensibility of the skin in various parts of the body. They are of new and original design and an improvement over those commonly used.

At present the members of the law school are extremely wrought up over the politics connected with the arrangement for their annual party.

#### 15 YEARS AGO TODAY

Wisconsin plays Purdue at Lafayette today.

S. G. A. and Y. W. C. A. have devised a feature calendar which will contain drawings, sketches, and poetry of Wisconsin's most prominent artists and poets. The calendar will be issued December 1.

#### 10 YEARS AGO TODAY

Three train loads of rooters left for Minneapolis last night to attend the Minnesota-Wisconsin game.

The winter dairy course of the College of Agriculture has opened with the largest registration in its history, 144 practical buttermakers and cheesemakers being enrolled for three months work.

At 7:45 o'clock a bugle will be sounded to arouse all students for the purpose of meeting the team when it arrives on the special train from Minneapolis.

#### 5 YEARS AGO TODAY

A second course in telegraphy will be offered by the physical department to men and women interested in the subject.

A new relief club was organized by the Y. W. C. A. last night.

Students of Prof. E. H. Gardner's retail advertising class have been turned into advertising solicitors for the special War Work edition of the Daily Cardinal.

Film Monday to Show Extent of Y. W. Work

The doings of the dollar in both foreign and domestic branches of the Y. W. C. A. will be shown by moving pictures Monday in Music hall. Mrs. M. B. Rosenberry will explain the films.

The welfare work carried on at Ellis Island, port cities and other places by the national board of the organization will be demonstrated in the picture, and also the way in which money is spent by the board. The film will show the work of Y. W. C. A. in foreign countries.

The moving picture will take the place of the regular founder's day meeting of the city Y. W. C. A. The ushers will be university students and industrial girls.

have noticed the difference in you.

They may have thought you just a little conceited, even a little snobbish.

It is possible that they thought college had taught you to be better and wiser than your former friends.

If so, they wronged you.

It may hurt a little to realize that you are drawing apart from old friends. It probably hurts you a little to have them feel that you are a little snobbish and conceited about it all.

But don't let it hurt for long. If college cannot teach new ideals, bring larger, wider interests, if it does not bring new and dear associations, if it does not awaken new thought and show the way to high endeavor—then why spend the time and money necessary for a college course?

You cannot blame your friends for still having the same interests that used to please them and you.

Neither should they blame you for having acquired new, and we hope, larger interests.

If you have lost some of the old friends and associations you at least may know that you have gained new ones that are no less worth while.

## Bulletin Board

### HI-Y NOTICE

All freshmen Hi-Y men are asked to be present in the parlors of the Y. M. C. A. Friday afternoon at 4:30 for a very important social and business meeting.

### DOLPHIN EXHIBITION

Heads of the events for the Dolphin club exhibition will meet at 12:45 today in the tank room of Lathrop hall.

### CHRISTIAN SCIENCE SOCIETY

Christian Science society will meet at 7:30 o'clock today in 35 Music hall. Students and faculty members should be present.

### BABCOCK DAIRY CLUB

Babcock Dairy club picture for the Badger will be taken at 1 o'clock today at the Dairy building.

### PHI LAMBDA UPSILON

Beta chapter of Phi Lambda Upsilon, national honorary chemical society, will meet this evening in 201 Chemistry building.

### INTERNATIONAL CLUB

International club meets at 7:30 p. m. Friday in S. G. A. room, Lathrop hall. The general secretary, Dr. H. J. Leonard, will visit the chapter at this meeting. Visitors are welcome.

### BADGER CLUB

Badger club will give a dance Friday at Lathrop parlors for all university students. Tickets are \$1.00.

### C. I. P. A. MEETING

All chairmen of committees and all committee members for the Central Interscholastic Press association will meet tonight at the Delta Pi Delta house, 501 North Henry street. Their presence is earnestly requested.

### LUTHERAN STUDENTS

Lutheran students are invited to attend the Young People's Lutheran league social meeting tonight at Bethel church, corner North Hamilton and East Johnson streets.

### HUMANITIES COURSE

The committee in charge of the Course in Humanities announces examinations in reading knowledge of French and German, open to all candidates for the humanities degree, of whatever class, at 10 o'clock Saturday morning, December 2, in room 325 of the Library.

### R. E. NEIL DODGE, Secretary

### LUTHER LEAGUE

Luther league will meet at 5:30 o'clock Sunday evening at the Luther Memorial church for social hour followed by supper. Clarence Hammen will lead the discussion on "The Meaning of Church Membership."

### AGRIC. LIT. SOCIETY

The Agricultural Literary society will have its Badger Picture taken at 1 o'clock Friday, in the Alpha Zeta room of Agricultural hall.

### WISCONSIN UNIVERSITY PLAYERS

There will be a meeting of the Wisconsin University Players at 7:15 o'clock Thursday night in Lathrop parlors.

### FRESHMAN GYM

All men who wish to try out for the freshman gym squad will report in Coach Linden's office at 5:30 o'clock Thursday.

### A. C. F. BOARD

A. C. F. board will meet at 4:30 o'clock Thursday in 21 Agricultural hall.

### FELLOWSHIP MEETING

Prof. A. B. Hall will speak on "Leadership" at the regular Fellowship meeting from 7 to 8 o'clock Thursday. All fellows are urged to attend.

### CASTALIA HESPERIA

The Castalia-Hesperia dance will be held Saturday night in the Concert room of Lathrop hall. All members are asked to be present.

### SADDLE AND SIRLOIN CLUB

Saddle and Sirloin club will meet in Ag hall at 7:30 o'clock tonight.

### AG LIT. SOCIETY

Ag. Lit. society will meet in Ag hall at 7:30 o'clock Friday.

### PHYSICAL EDUCATION CLUB

The Physical Education club will meet at 12:15 o'clock Thursday at De Longe's studio

## URGES SPECIAL COUNTY AGENT

District Attorney Says Aid is Necessary to Combat Crimes

An appeal from Dist. Atty. Theodore Lewis, for assistance in the work of his office was read to the board of supervisors at the opening of the fall session in the court house yesterday afternoon.

"The number of criminal offenses in Dane county has been on the increase for the past 15 years, Mr. Lewis' letter stated. "During that period there has not been any increased expenditure for facilities to cope with this increase."

Mr. Lewis asked for aid in detecting crimes and in criminal punishment. The letter pointed out that under the present system it is impossible for thorough investigation and punishment.

The addition of two men to his staff was asked in his communication. He urged appropriations for an assistant district attorney and a special investigator.

The letter was referred to the committee on information and will be discussed at a later meeting of the board.

A communication from Sylvanus Ames, rural school superintendent, now in a Chicago hospital, stated that he would be unable to attend the meeting and give his school report until later.

After destroying old reports and hearing the meeting announcements of committee chairmen, the board adjourned until 7 o'clock tonight.

### Vespers Club to Send Delegate to Conference

At the monthly meeting of the Vespers club yesterday noon it was decided to send a Vesper delegate to the Lake Geneva Y. W. C. A. conference this coming summer.

Four captains were appointed, each of whom has under her 10 girls. This group will have charge of Vespers on one Sunday each month.

"We want vespers to mean a great deal to every girl on the campus and we expect to have a more organized club than ever before," said Alice Corl, chairman of the club.

## Varsity Band Wins Applause of Illinois With Loyalty Song

The entire university band of 120 men, uniformed to a man and carrying shining instruments, supported the team at the Homecoming game Saturday and took the place of the Illinois band for the singing of the Illinois Loyalty song.

The band marched across the field at the beginning of the game, and during the intermission between halves entertained the crowd with an admirable demonstration of military tactics and stirring band music.

Crossing the field and facing the Illinois rooters, the band played the Illinois varsity song, "We're Loyal to You, Illinois," under the direction of Major Morphy.

They were greeted with cheers by the Illinois rooters, and accompanied them in the peppiest singing of the afternoon.

Turning back towards Wisconsin side of the stadium the band marched into formation of a big W, and standing in this position

## SOCIAL NOTES

## Delta Delta Delta Entertain Pledges

Members of Delta Delta Delta sorority will entertain its pledges with a dancing party Saturday evening at the chapter house, 120 Langdon street. It will be a "tux" party.

Mrs. Nettie Meade will act as chaperon.

## Phi Delta Phi Pledges

Phi Delta Phi, legal fraternity, announces the pledging of Edward W. Hooker '25, Wapun; Farnham A. Clark '26, Menomonie; Clifford G. Mathys '23, Madison.

## Square Club Gives Party

The members of Square club will give an informal dancing party Saturday evening at the Badger room, Prof. and Mrs. John L. Sammis have been invited to chaperon.

## Taylor-Jacobson Engagement

Announcement has been made at

## Chippewa Valley Club Elects Yearly Officers

The Chippewa Valley club held its first meeting of the year last evening at 7:15 o'clock in the Cabinet room of the Y. M. C. A. The club was reorganized for the coming year, and the following officers were elected: Julian Lunney '23, president; Oliver J. Johnson '23, vice president; Clifford Sundby '25, treasurer; Stella Johnson '23, secretary. Plans were also made to give a "W" dance at Eau Claire during the Christmas holidays. This is a reunion for all the alumni who live in Chippewa valley, such as "Cub" Buck, 1916 football captain, and Roy Lang and Dick Blanstad, both members of Richard's championship football team of 1912.

## French Club Hears Talk On Conditions in France

Miss Hazel Brashear, who has recently returned from abroad, spoke to the French club Tuesday evening of her experiences in France, where she spent sometime in studying the conditions. Beside singing of French folk songs by the whole club a solo was sung in French by Edna Dicke, accompanied by Pearl Hagens. Charades were presented by various members of the club.

## Fellowship Club to Hear Hall Talk on 'Leadership'

The weekly meeting of the Y. M. C. A. Fellowship club will be held at 7 o'clock tonight in the Y. M. C. A. parlors. Prof. A. B. Hall of the political science department will speak on "Leadership". All university men are welcome.

The meetings are under the direction of "Dad" Wolf who is helped by the Senior, Junior, Sophomore, and Freshmen classes in due succession. The Sophomore class has charge tonight.

## Hungry? Don't Be; Have a Cranberry!

As Thanksgiving approaches our minds involuntarily turn to thoughts of the many good things to eat for which that season is noted. Since our Pilgrim forefathers inaugurated the day in about 1691, two foods, cranberries and turkey meat, seem to have played a large part in every Thanksgiving feast.

This year hungry people on November 30 will find plenty of these foods available if they want to eat them.

If all the cranberries raised in Wisconsin alone were to be placed end to end they would make a line from here to Boston and if all the Turkeys, alive and in cold storage, in the United States, were placed on one side of a scale they would be just about balanced on the other side by 250 railroad locomotives.

Just how many of these gobblers will be eaten in Madison is not known, but it is quite probable that the people here will consume their share for the local butchers are expected to have about 2,000 birds for sale.

Most of the turkeys that will be eaten in Madison will be shipped here from other states. Formerly nearly every farmer in our mid-western states kept a flock on the farm, but in recent years a disease known as "Blackhead" has almost

killed the turkey raising industry in these states. The southern states have taken up the industry on a large scale, the turkeys being herded on a ranch, similar to cattle. In Texas alone, about 87,000 birds were raised this year.

## FRESHMAN WOMAN WINS ESSAY PRIZE

Alberta W. Johnson '26, has been awarded the first prize of \$10 for her essay on "What Two Years of Prohibition have Meant to this Country" in the state-wide contest conducted by the W. C. T. U.

Winners in each state will compete in a national contest for which the results will be announced later. To win the honors in the Wisconsin contest it was necessary for Miss Johnson to receive first place in two preliminary contests, the village contest at Mount Horeb and that of Dane county.

The prize winning essay, approximating 1,000 words in length, was written last spring while Miss Johnson was attending Mount Horeb high school. The essay treats the subject from the standpoint of economic, social and moral betterment to this country effected by nation-wide prohibition. Statistics are used to show how the United States has advanced toward a higher national life since 1919 than during any previous years.

Miss Johnson is a freshman at the university and is registered in the course in journalism.

## State Hampers Use of Concrete, Makers Claim

Problems of competitive marketing were discussed at a meeting of the manufacturers of concrete blocks held in the capitol today. About 30 men from all parts of the state were present.

The state building code requires that concrete blocks containing over 33 per cent of air space cannot be used in public buildings or places of employment, while clay tile can be used if they have under 50 per cent air space. Manufacturers declared that concrete blocks are as strong as lay tile and that they should be permitted to use their product on the same basis that clay tile are used, under 50 per cent air space.

CLEVER DANCE ACT  
ORPHEUM FEATURE

Patsy Shelly, with Erny Holmgren and his band, will create a favorable impression with Orpheum fans for three days starting today. Miss Shelly is said to be an effervescent and buoyant dancer, who wings with verve and abandon. The band plays real harmony without resorting to "screches" for its jazz effects. Each musician is a soloist and will take part in dances with Miss Shelly without missing a note on his respective instrument. This organization held the top-notch position on the program last week at the State-Lake Theatre, Chicago.

A hit of the current vaudeville season is "The Literary Di Jester", an offering presented by Will and Mary Rogers, two of the most likeable entertainers, who deliver and exchange of wit and humor. They are original and have unearthed something worth while in the line of song and patter.

Charming and clever are the "Three Weber Girls" in their singing and dancing numbers. A sketch with punch and quantity is promised Ted Cleveland and Peggy Dowdy, who will present "You Are Next." The situations are said to be funny and the surprises rain so wittily on an audience, that in proportion, they approach the magnitude of a deluge.

A dash of class will be added to the week-end bill by the appearance of Maureen Englin, the scintillating songstress, who has the exceptional ability to sing an aria from Grand opera, as well as the jazziest of jazz songs. Automobiles that vanish in thin air, ducks that make away with the sportsman gun, gala fireworks displays, and other extravagant conceptions are to be offered by Lloyd Nevada & Co., under the name of "Mirth and Mystery."

Football returns of the Wisconsin-Michigan game will be announced at the Saturday matinee. Seats may now be obtained for this performance.

Illinois Followers Tell  
Of Wisconsin Courtesy

That Illinois appreciated the attack Saturday's game is shown by the following clipping taken from the Daily Illini.

"Perfect courtesy was displayed toward Illinois by the Wisconsin rooters and band. The Illini were

Commerce Club Holds  
Annual Faculty Banquet

At the annual banquet for faculty members given last night at the Woren's building by the Commerce club, Prof. W. A. Scott spoke on "The Club's Place in the Course", Prof. S. W. Gilman on "The Kind of Man I Hope You'll Be" and Prof. F. H. Elwell on "The Spirit of the Alumni." 37 were present at the banquet. 20 of these men were new members of the club who were initiated at the meeting. Arthur Inman was toastmaster, and Karl Reynolds responded.

## Wisconsin Square

## Will Be Installed

The date for the regular installation of the local chapter of the Square and Compass into the national body was changed from Friday, December 1 to Friday, December 15 at the regular weekly dinner and meeting last night in the Y. M. C. A. The installation ceremonies will be followed by a banquet at the Y. M. C. A.

The picture of the club to be used in the Badger will be taken Sunday, December 3. The exact time and place are to be decided later. Announcement will be made in the bulletin board of The Cardinal, and members are requested by club officers to watch for them or to keep in touch with the committee which has charge of arrangements.

Members also exchanged dances for the dance to be given in the Badger room Saturday night. This dance will be the first regular dance given by the club this semester. The annual Eastern Star-Masonic party given last month was to take the place of the regular monthly affair.

cheered when they appeared on the field, and between the halves the Badger band halted before the Illinois section and played Loyalty."
