VARSITY MEN ELECTED

MANY ALUMNI SUCCESSFUL
THROUGHOUT STATE.

Students Rejoice Over Large Vote
Received by "Our Bob"—Other
Men Elected.

"Our Bob" is elected! Wisconsin alumni in all parts of the country are all expressing their satisfaction at this result. Robert M. La Follette, the governor-elect of Wisconsin graduated from the Varsity with the class of 1879. He early took a great interest in the work of the Athenae Debating Society, and represented her in one of the joint debates. He was also the representative of Wisconsin in the Northern Oratorical Contest winning first place with a magnificent oration. When he graduated he immediately took a prominent position at the bar being elected District Attorney of Dane county in the fall following his graduation. This position he held for four years and was then sent to Congress from this district and was snowed under with his party in 1884. Since that time he has occupied a commanding place in his profession. In 1896 and in 1898 he was a candidate for governor but was unsuccessful on account of the enmity of the "machine." This year he again ran for the nomination and public opinion was so pronounced in his favor that he secured the nomination by the unanimous vote of the convention. His campaigning tour around the state was one huge triumphal journey and the fact that he ran nearly ten thousand ahead of the national ticket shows his great popularity in all parts of the state. This is especially gratifying to all old Varsity graduates and students as he is one of Wisconsin's typical men and a native of the state. He has always stood for clean government in all governmental matters and has introduced nearly all the reforms placed on the statute books within recent years and the people of Wisconsin may rest assured that his election will result in an especially clean and economical government. With him on the state and county tickets are associated many old Varsity men among whom are Emmet R. Hicks, '76 who was re-elected Attorney General, Webster E. Brown, '74, elected to Congress in the Ninth District and John J. Esch, '82, Congressman in the Seventh District.

Congressman-elect Dahle while not a graduate, attended the University in the early '70's. Assemblyman-elect E. R. Stevens graduated in '93 and has since been very active in University work, being treasurer of the Alumni Association. The new state senator, J. C. Gaveny, from La Crosse county, graduated in '85. Mark W. Terwilliger, county clerk-elect, is an old University man of 25 years ago, although not a graduate. Andrew T. Torgeson, clerk-elect of Circuit Court, is a graduate of the law school, class of '93. Register of Deeds-elect Amund K. Reindahl is a graduate of the College department with the class of '96, and District Attorney-elect Matthew S. Dudgeon graduated in '95. Mr. Dudgeon was one of the Varsity nine while in the University.

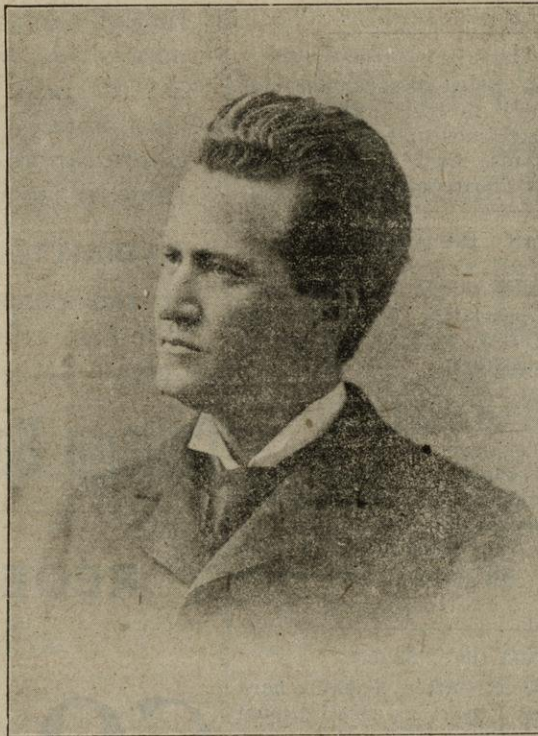

Evan Evans, '96, law '98, was elected to the Assembly in the second Sauk county district on the Democratic ticket by a plurality of about one hundred.

John C. Karel, '96, was elect-

ed to the State Assembly from one of the Milwaukee districts on the Democratic ticket.

New Home for School for Music.

At a meeting of the executive committee of the Board of Regents held Monday morning the School of Music was granted the use of the old library building. The improvements to be made will leave the hall intact but the interior of the old library will be changed completely. A new entrance will be built on the north side and additional windows will be cut in both the north and south side of the building. The interior will be divided up into stories. On the first floor the director's office will be found. Several studios, a waiting room and a music library will occupy the remainder of the floor. The second floor will be divided up into a large lecture room seating two hundred and two smaller recitation rooms. Two wide stairways will connect the two floors. The improvements will cost about \$1,000, and

Robert M. La Follette, '76.

will be completed so that the School of Music can occupy them the second semester if not earlier. This change of quarters will be a great relief to the present overcrowded condition of the quarters of the School.

Madison Audubon Society.

The Audubon Society purchased during the summer seventy colored bird slides which are held by the society and are to be used by schools and societies throughout the state. Circulars giving full directions how to obtain the slides have been sent to all the schools in the state, but before any of the applications are filled, the local society desires to show the slides to the members of the society and their friends, the students of the University and of the High School. The exhibition will be Thursday evening, Nov. 8th, at eight p. m. in room sixteen, Main Hall. The society desires to extend an invitation to the students of the University.

—Miss Marie Hektoen, '01, who has been detained by a long illness, returned yesterday to the Hall.

—Mrs. McDill of Stevens Point is visiting her daughter Genevieve at Ladies' Hall.

of the Team.

The reaction after the Minnesota game has set in. The feeling of disgust and general "soreness" that was so noticeable among the members of the team on Sunday and Monday has to a great degree passed away and in its stead there is a spirit of determination to finish the remainder of the schedule in a creditable manner. As is customary after big games, the work has been considerably lightened the past few days but hard prepara-

The Y. W. C. A. will unite with the Y. M. C. A. in giving a social for the men and women of the University in the Y. M. C. A. House. The entire house will be thrown open to the guests. It is probable that this is the only "joint" social affair that can be given before Christmas.

Local and Personal.

—Mrs. J. Edmund Perry of Minneapolis is visiting Miss Mayhew at Ladies' Hall.

—Anderson's Mandolin orchestra will give a concert at Library hall Nov. 26th. They will be assisted by some of the leading mandolin players of the country.

—Prof. R. A. Moore of the college of agriculture went to Stanley last evening on a hunting expedition for a week or more. He will be a member of a party that comes up from the south.

—In Janesville today occurred the wedding of Miss Helen Pritchard and Mr. John McNaught. The bride was a member of the University class of 1902 and the groom is a son of Capt. and Mrs. J. S. McNaught. The wedding was attended by the following members of the Alpha Phi sorority of which the bride is a member: Misses Scribner, Weber, Kratz, Perrin, Agnes Wilson, Sherman, English, Julia Smith, Sadie Millington and Cady. They were chaperoned by Miss Ver Planck.

Come Out, Freshmen!

Coach Kilpatrick, who has charge of the freshman foot ball team (to be), is thoroughly discouraged over the manner in which its organization has lagged. The men who promised to turn out have failed to do so and it bids fair to be a disgraceful fizzle. A game has been scheduled with the University of Illinois freshmen for Thanksgiving, to be played at Champaign. This will be a hard game and unless the freshman class gets a hustle on, they will have the experience of being defeated on that date. Furthermore the financial aid that has been pledged has not materialized. Several colleges have requested games but it is utterly impossible to arrange them unless a little more spirit is shown by the freshmen. Every member of that class who has ever played football or who has the slightest idea that he can do so should turn out and get into the game. There are still "no quitters in Wisconsin" and it behooves the freshman class to substantiate that assertion.

Channel of Influence Offered.

There is one channel of influence whereby the University is brought into touch with the people of the state that is often underestimated or at least neglected. This is through the great army of Wisconsin graduates engaged as teachers in the schools of this and surrounding states. Perhaps there is no more potent factor for good in spreading abroad ambition for higher education than this. How many students can trace back the causes that led him or her to come to Wisconsin to the advice of some alumnus, teaching in his high school! The loyalty to alma mater, here engendered is thus transmitted to every city and hamlet in the state and the result is a constantly increasing attendance at the

University.

And along this line it should be the aim of the University to keep its alumni who are now teaching, in close touch with the life here in evidence. Such convocations as take place at the time of the Interscholastic Meets are steps along the right path and should if possible be made more helpful and beneficial. Let the bond of sympathy between the state and the University be kept alive and there can never be any misunderstanding on the part of either, and the future of the latter will be assured. And it is through the teachers, who are fitted here for their life work that the current of our existence may be made to exert a power that will act for the betterment of both University and commonwealth.

The Cardinal is indebted to the Wisconsin Telephone Co. and the A. T. T. for the excellent service which they gave to it in transmitting the reports of Saturdays game. Their courtesy enabled the Cardinal to receive complete reports independently of any other source, and to be the first paper with a full account of the game.

Regulations for the Use of the Bird
Slides in the Possession of the
Madison Audubon Society.

The Madison Audubon Society, by
special arrangement with the educa-
tional departments of our state and
that of New York, has recently pur-
chased seventy colored bird slides
from the American Museum of Nat-
ural History of New York city. It is
the desire of the Society to make such
use of the slides as will arouse an in-
terest in the study of birds among the
school children throughout the state.
Other sets of slides are being made
from photographs of living birds in
the vicinity of Madison and elsewhere
and these will be used for the same
purpose. All money which the So-
ciety receives over and above ex-
penses will be expended in the prepa-
ration of these additional slides. It is
hoped that in this way the children of
the state can be made familiar with
most of our native birds and an in-
terest be thus aroused which will
prove an efficient means of defending
them from wanton destruction. Bird
study, as a method of interesting both
old and young in nature work, can
thus be popularized. The Society ear-
nestly solicits the aid of all bird
lovers in this work. It is the ulti-
mate purpose of the Society to have
made a number of sets of slides cov-
ering the whole range of animal world.
All amateur photographers who have
negatives of living animals are asked
to aid the Society by the loan or gift
of such negatives as are available for
the making of slides.

In order that the various schools in
the state may have convenient access
to these slides, the following rules
are deemed advisable.

1. The payment of five dollars en-
titles any school, public or private, to
the use of the slides for a period of
time not exceeding three days, from
the receipt of the slides to their re-
turn shipment. Any society or other
organization may have the same priv-
ilege of using the slides, provided that
the schools shall have the preference
as to dates.

2. An additional fee of three dol-
lars entitles any school to a further
use of the same slides (or of any
others which the Society may pur-
chase) during the current school year
on the same conditions as before.

3. In order to secure the Audubon
Society from all loss by accident or
otherwise, the school, society, or other
organization to which the slides are
sent shall furnish a guarantee signed
by three responsible citizens that the
slides be returned in good condition.

4. The following additional ex-
penses must be paid for the use of the
slides:

1. Express charges both ways.
2. In case a lecturer is supplied
by the Society his expenses must be
paid.
3. If a lantern is required to be sent
with the slides, the expenses will vary
with the kind of lantern desired and
whether an operator is furnished by
the Society.

5. Prompt application to Prof. W.
S. Marshall, president of the Audubon
Society, will assure preferred dates.
The slides will be sent out to the
schools from December 15 to June 15
of the current school year.

The Dairy department of the Univer-
sity is finding difficulty in supplying
the demand for butter. For some rea-
son milk is very scarce, and those
who know state that Madison narrow-
ly escaped a milk famine this fall.

F. G. Urner, editor of the New York
Produce Review, visited Madison with
his son, who entered the freshman
class at the Dairy school at the begin-
ning of the semester. He was much
pleased with the beauty of the city
and the excellence of the Dairy farm.

Since January 1, 140 letters have
been received by the Dairy department
applying for practical butter makers,
cheese makers, and men capable of
managing a retail pasteurized milk
business. In each case former stu-
dents have been recommended for
these positions, and it is estimated

that more than one-half of them have
been actually engaged to the parties
applying.

A great many students are finding
that a typewriter is almost a neces-
sity. When we remember that one
can get through with from three to
ten times as much work on a type-
writer as with a pen it does not seem
strange that they are coming into al-
most universal use.

The Madison Cycle Co. at 113 State
street rents all makes at very reason-
able rates and also carries a full line
of typewriter supplies.
