MINUTES OF THE ANNUAL MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in the Clarke Smith Room, 1820 Van Hise Hall  
Friday, June 11, 1982  
9:05 a.m.

PRESENT: Regents Beckwith, Finlayson, Fitzgerald, Fox, Gerrard, Heckrodt, Hendrickson, Jesinski, Knowles, Lawton, O'Harrow, Podlesny, Schilling and Veneman

ABSENT: Regents Fish and Grover

Upon motion by Regent Fitzgerald, seconded by Regent Finlayson, it was voted that the minutes of the regular meeting of the Board of Regents of the University of Wisconsin System, held on May 7, 1982, be approved as mailed to the members of the Board.

- - -

REPORT OF THE PRESIDENT OF THE BOARD

Vice President Lawton introduced Mrs. Marylln Zirbel, Vice President of the VTAE Board, who was attending the meeting at the designation of VTAE Board President Philip Hendrickson.

-

Regent Fox presented the following resolution and moved its adoption. The motion was seconded by Regent O'Harrow and voted unanimously.

Resolution 2611: Whereas, Joyce M. Erdman has retired from the Board of Regents of the University of Wisconsin System after serving with distinction for a seven-year term; and

✓ Erdman, Joyce  
Res. granting emeritus status.  
R. 2611, p. 1-2

Whereas, on September 5, 1980, she was elected President of the Board, the first woman to hold that office, and was reelected President in June 1981; and

Whereas, she also served meritoriously as Vice President of the Board, member and Vice Chairman of the Business and Finance Committee, Chairman of the Regent Task Force on the Status of Women, Chairman of the Council of Trustees of the UW Hospital and Clinics and Regent member of the State Board of Vocational, Technical and Adult Education; and

Whereas, the leadership she has provided in these capacities and her dedication to preserving the quality of the University of Wisconsin System merit the respect of all concerned with higher education in Wisconsin; and

Whereas, she has persevered in furthering the cause of equality of opportunity for women and thus has strengthened the resolve of people throughout the System to strive for attainment of that goal; and

Whereas, in the best tradition of volunteer public service, she has devoted countless hours to promoting the cause of public higher education; and

Whereas, her firm commitment in that regard has been evidenced not only by diligent participation in Board and committee meetings but also by effective advocacy of the needs and priorities of the UW System in appearances before a wide variety of audiences; and

Whereas, a singular debt of gratitude is owed to her for her significant accomplishments and contributions to the University of Wisconsin System;

Therefore, Be It Resolved that the Board of Regents of the University of Wisconsin System hereby expresses deep appreciation to Joyce M. Erdman, commends her for the outstanding service she has rendered and confers upon her the status of Regent Emeritus.

It was announced by Vice President Lawton that the next order of business was election of Board officers for the coming year.

Regent Beckwith was nominated for the office of President of the Board by Regent Heckrodt, and the nomination was seconded by Regent Finlayson. Upon motion by Regent Gerrard, seconded by Regent Veneman, nominations were closed, and Regent Beckwith was unanimously elected President of the Board of Regents.

President Beckwith assumed the Chair, stating, "I am honored to be elected to the presidency of the Board, and I pledge to all of you that I will serve to the best of my ability and with all of my energy."

Regent Veneman nominated Regent Knowles for the office of Vice President of the Board, observing that his experience in both government and business made him uniquely qualified for that position. The nomination was seconded by Regents Heckrodt and O'Harrow. It was moved by Regent Gerrard, seconded by Regent O'Harrow, that nominations be closed, and Regent Knowles was unanimously elected Vice President of the Board.

Judith Temby was reelected Secretary of the Board (nomination by Regent Knowles, seconded by Regent Veneman), and Robert Winter was reelected Assistant Secretary (nomination by Regent Jesinski, seconded by Regent Heckrodt).

Regent officers - Election of David Beckwith, Pres; Robert Knowles, VP, J. Temby, Secretary, R. Winter, Asst Secy, R. Lorenz, Trust Officer & Astathos, Asst Trust Officer., p 2-3.

Reuben Lorenz was reelected Trust Officer (nomination by Regent Finlayson, seconded by Regent Veneman). Charles Stathas was reelected Assistant Trust Officer (nomination by Regent Schilling, seconded by Regent Veneman).

✓ Inter-system Coord. - Report on VTRE/DPI division of federal dollars, p 3.  
(X-ref. VTRE & DPI.)

Reporting for the State Board of Vocational, Technical and Adult Education, Vice President Zirbel indicated there had been a meeting with the Department of Public Instruction with regard to a new division of federal dollars. While the details were still being worked out, she noted, a very significant cooperative effort had been made.

- - -

REPORT OF THE PRESIDENT OF THE SYSTEM

Adoption of Resolution 2612 was moved by Regent Fitzgerald, seconded by Regent Schilling and carried unanimously.

Resolution 2612: That the report of non-personnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

✓ Regent Meetings - cancellation of 8-6-82 meetings, p 3.

President O'Neil indicated he did not believe it would be necessary for the Board to meet in August 1982.

Upon motion by Regent Veneman, seconded by Regent Jesinski, it was voted unanimously that the meeting scheduled for August 6, 1982, be cancelled.

✓ Erdman - expression of appreciation by Pres O'Neil for service as Pres. p 3.  
✓ Lawton - " " " " " " " " " VP "

Expressing appreciation to former Regent President Erdman and to Vice President Lawton, President O'Neil noted that they had provided a special kind of leadership and inspiration during their terms of office. To the incoming Board officers, he extended congratulations and a promise of close cooperation in the year ahead.

-

In his first appearance before the Board as President of United Council of UW Student Governments, Mr. Scott Bentley outlined some of the organization's goals for the coming months. First, United Council intended to develop a student voter registration and awareness program, which would include providing information about student roles in the legislative process and about legislative voting records. There would also be an effort to build a coalition with students at private and vocational-technical schools, in order to represent more effectively student interests before the State Legislature. Second, United Council planned to continue working closely with the Council on Financial Aids in order to insure that

✓ United Council - Goals for coming year outlined; p 3-4  
Comments on JCRAE report & proposed budget  
cut, p. 3-4

✓ Budget - Board of Regents Annual Meeting 6/11/82  
- comments by United Council on prospect of 10% cut in 1983-85, p. 4

the Higher Educational Aids Board has access to student opinion. Third, United Council expected to prepare a response to the forthcoming recommendation of the Committee which was studying United Council's funding formula.

Referring to a recent report of the Legislature's Joint Committee for the Review of Administrative Rules, Mr. Bentley said United Council was developing a position with respect to implementation of s. 36.09(5) Wis. Stats., concerning institutional governance, and the codification of Regent policies as administrative rules. In closing, he expressed alarm about the possibility of a 10% cut in state agency budgets for the 1983-85 biennium, stating that further reductions in funding for the University System could only hinder the quality of and access to education. He considered it essential that United Council take an active role in deliberations on the University budget.

President Beckwith encouraged United Council to become informed about the budget and to be involved in the process.

✓ Admin. Rules - comment by United Council on JCRAE report, p. 4.

---

REPORT OF THE EDUCATION COMMITTEE

Vice Chairman Fitzgerald presented the Committee's report.

The Committee first considered extension of the interinstitutional agreement between UW-La Crosse and Viterbo College. Noting that the original agreement had been implemented in 1974, Vice President Lyall indicated it was revised in 1979 to stipulate that efforts be made to achieve a balance in the flow of students between institutions. On October 10, 1980, the Board approved continuation of the agreement through June 30, 1982. The Committee was advised that Viterbo students tended to enroll in advanced science courses at UW-La Crosse, while the UW-La Crosse students who took courses at Viterbo usually studied the fine arts and philosophy. In the effort to achieve a balance in the flow of students, the number of Viterbo students attending UW-La Crosse had been reduced, with only nine students from Viterbo and seven from UW-La Crosse participating in the exchange during the second semester of 1981-82. Committee members commented that attempts to adjust the flow of students might be defeating the purpose of the agreement. In approving extension of the agreement, the Committee requested that Vice President Lyall review the effectiveness of the interinstitutional agreement policy and provide an informational summary of all such agreements currently existing in the System.

It was moved by Regent Fitzgerald, seconded by Regent Jesinski and carried unanimously, that the following resolution be adopted:

Resolution 2613: That, upon the recommendation of the President of the University of Wisconsin System and the Chancellor of the University of Wisconsin-La Crosse, the "Agreement for Inter-Institutional Cooperation" between the UW-La Crosse and Viterbo College, to enhance educational opportunities for students of both institutions and to make optimal use of personnel and financial and physical resources be extended until such time as major changes are contemplated. System Administration will report to the Board of Regents within two years on the status of the cooperative agreement.

✓ UW-La Crosse -  
extension of agreement  
for exchange of student  
w/ Viterbo College  
R-2613, p. 4.

✓ Academic Programs - Report on changes approved by System Admin  
P. 5

Regent Fitzgerald stated that the Committee received the annual report on changes in academic program designations and related academic approval actions. These changes, which had been approved by System Administration during the past year in accordance with Regent policy as stated in Academic Information Series I, involved approvals of sub-majors, renaming and restructuring of existing degree authorizations and/or academic departments and budgetary or accounting changes with academic implications.

✓ Faculty - promotions, tenure designations & other changes of status  
approved, P. 5, R. 2614.

The annual report of faculty promotions, tenure designations, and other changes of status was presented to the Committee, with the indication that faculty promotions had been approved by appropriate institutional committees, as well as by the respective chancellors, and that tenure designations had been recommended by the chancellors and the System President. Appointments to emeritus status, which had been delegated by the President to the chancellors, were included in the listing for informational purposes.

Upon motion by Regent Fitzgerald, seconded by Regent O'Harrow, Resolution 2614 was unanimously adopted.

Resolution 2614: That, upon the recommendation of the President of the UW System and the respective Chancellors, the 1982-83 promotions in faculty rank, tenure designations and other changes of status reported in the attached materials by institution be approved (materials on file with the papers of this meeting).

✓ Emeritus Faculty - Res. of appreciation to emeritus faculty & staff  
R. 2615, P. 5 & 6

Regent Fitzgerald moved adoption of the following resolution, and the motion was seconded by Regent Finlayson:

Resolution 2615: That, for their many years of dedicated service to public higher education in the State of Wisconsin, the Board of Regents expresses its deep appreciation to the members of the faculty and staff who have been granted emeritus status by the Chancellors (EXHIBIT A). Further, the Board of Regents extends to emeritus faculty and staff its best wishes for many productive years ahead.

Inasmuch as a number of regents had been students of these distinguished emeritus faculty members or otherwise had come to know them, Regent Lawton suggested that personal notes be sent, adding that such expressions of appreciation meant a great deal.

Indicating that thoughtful, personal letters had been sent by chancellors, as well as by deans and other colleagues, President O'Neil observed that anything in addition that could be done to recognize the contributions and service of emeritus faculty also would be greatly valued.

Regent O'Harrow suggested that occasions be found at which regents could meet faculty members being granted emeritus status. "I would be thrilled with meeting them personally, if I could, and sharing some of their great achievements."

Regent Beckwith felt the suggestions made by Regents Lawton and O'Harrow were excellent ones.

Put to the vote, Resolution 2615 was adopted unanimously.

Regent Fitzgerald reported that a presentation was made to the Committee by Mr. Richard DiPrima, representing the Animal Liberation League, who reviewed the content of an address he made in February 1982 to the staff of the UW-Madison Primate Center and Primate Laboratory. Since that time, the Wisconsin Regional Primate Research Center had adopted a charter of principles on the ethical uses of animals, which he felt should serve as a model for all scientific laboratories in the System engaging in experimentation with animals. Emphasizing that his organization did not totally oppose the use of animals in laboratory experimentation, he said they were concerned about unnecessary suffering experienced by laboratory animals and killing of animals for the sake of academic curiosity.

The League recommended for systemwide use the following six-point approach: (1) principles recognizing the rights of animals in any laboratory, specifying conditions for their care and acceptable goals for any experiment in which an animal would be confined or harmed; (2) a review board, which would include outside advocates for animals and which would have veto power over any experiment that did not meet charter principles; (3) procedures which would place the burden on the experimenter to prove that his or her experiment met the standards of the charter; (4) required training in the philosophy and practicalities of animal handling, with an emphasis on humaneness; (5) strong professional sanctions -- up to and including dismissal -- for anyone who knowingly violated the standards; and (6) institutional support for a law to require a major portion of animal research funds to be set aside for finding alternatives to the use of animals in laboratories.

During Committee discussion, Regent Lawton expressed concern about the effects of the Animal Liberation League's suggestions on freedom of inquiry and asked whether some of the significant medical advances which resulted in part from experimentation using animals might have been possible under the restrictions being advocated. He also questioned the justification for the cost of administering federal legislation advocated by the League, fearing that such expenses might have to be taken from the area of human services. Regent Beckwith thought the situation in the Primate Center might be somewhat different from those in other laboratories using animals for experimentation. While he agreed that the problems would differ, Mr. DiPrima felt principles for handling and using animals would remain the same.

In discussion at the Board meeting, Regent Knowles suggested that the Physical Planning and Development Committee arrange for the regents to tour the Primate Center, and Regent O'Harrow added that visits to experimental farms also could be scheduled.

Noting that, when regents had toured the former hospital, they had viewed the areas where animals are kept, Regent Beckwith commented that those facilities were excellent and that the University could be proud of the way it cared for animals. He recognized, however, that this point was not the focus of Mr. DiPrima's comments.

Regent Lawton observed that the animal liberation movement was a rejuvenation of a battle fought in the late 1940s and early 1950s. "We were almost wiped out by the antivivisectionists here in the state. Now they have changed their name, but eloquent as Mr. DiPrima is, do not be misled. This is a dangerous proposal to progress of research." Pointing out that the League's recommendations were modeled after legislation pending in Congress, he emphasized that the prospect of that legislation was very frightening. "It is essentially what Mr. DiPrima was talking about yesterday. It sounds good. We all want to prevent suffering of animals, but not at the expense of the human race. And this is essentially what they would do." He remarked that a great many precautions were being taken to prevent unnecessary suffering of animals and cautioned the Board against being stampeded into any rash action concerning this issue.

Regent Beckwith added that in his view it was a matter which should be addressed by individual institutions, with faculty involvement.

✓ Calendar - 1982-83 academic-year calendars distributed, p. 7.

Continuing the report of the Education Committee, Regent Fitzgerald noted that copies of 1982-83 academic-year calendars had been distributed to the Committee.

In comments to the Committee, President O'Neil spoke about recent actions of the Legislature's Joint Committee for Review of Administrative Rules. In the spring of 1980, he had met with Senator Berger and members of his staff to discuss their view on rule making for certain university policies and procedures, following which he had advised the co-chairs of the Joint Committee that the subjects in question were not those on which rules, as defined in Wisconsin Statutes, were required and that formal rule making was neither appropriate nor necessary for many matters of internal practice and procedure. Earlier this year, Senator Berger and Representative Rogers shared with President O'Neil a draft of their staff report which renewed the position that rule making was not only appropriate but was legally required on various matters now covered by Regent or System policies or by established practice. In a letter to the co-chairs, President O'Neil restated his belief that rule making in these areas was neither legally required nor substantively desirable, and he amplified his views in testimony before the Joint Committee on May 25. The Committee, however, accepted the staff report which was forwarded to Vice President Lawton for response by the Board.

The President then emphasized several specific points. First, the Joint Committee's request did not result from an absence of stated policy. In virtually all of the areas addressed in the report, either System or Regent policies existed, and the Committee had not found fault with the substance of those current policies--save possibly in the area of faculty governance. Second, there should be no question under Chapter 36, Wis. Stats., about the primacy of the Board of Regents in declaring policy for all of such matters. Third, the Joint Committee has a statutory power which it chose not to exercise, inasmuch as under provisions of Chapter 13, it may direct an agency to promulgate on an emergency basis as a rule any policy which the Committee deems to fall within the statutory definition.

✓ Admin Rules - Comments on JCRAR report and res. regarding  
framing of response, R 2616, p. 7-9

Board of Regents Annual Meeting 6/11/82

Finally, the process contemplated by the Committee could not be completed by October 1 as had been requested. Rather, the earliest time at which a response could feasibly be made would be sometime following the Board's November meeting. Reporting on a preliminary step he had taken to aid the Board in framing its response, President O'Neil said he had asked Vice Presidents Lorenz, Lyall and Winter to review those items which were within their areas of responsibility and to assess the desirability and appropriateness of formal rule making--not so much from the legal perspective, but in terms of sound policy. They were to consider what might be the content of a rule, should the Board agree with the Committee that rule making would be appropriate, and to outline the process and a possible timetable for codification. Those reports would then be submitted to the Board, along with the President's own comments and recommendations.

There was discussion by the Education Committee members about the manner in which the Joint Committee should be advised of the Board's inability to respond earlier than December 1, in order to provide time for consultation with faculty, students and academic staff. During the discussion, Regent Beckwith stressed that the fundamental issue is the appropriate role of the Board of Regents in the governance of the System. It was agreed that a resolution should be adopted authorizing Regent Lawton to respond to the Joint Committee, since the communication from the Committee had been addressed to him, as Vice President of the Board.

Regent Fitzgerald moved adoption by the Board of Resolution 2616. The motion was seconded by Regents Podlesny and Veneman and was voted unanimously.

Resolution 2616: That the Board of Regents authorizes and directs Vice President Lawton to notify the Joint Committee for Review of Administrative Rules that, in order to be able to consult with faculty, students and academic staff, the Board plans to respond to the Committee's request by December 1, 1982.

Regent Heckrodt inquired about the extent to which regents were to be involved in such aspects of the process as hearing the views of faculty and student groups on the various campuses.

Stating that the response to the Joint Committee was a matter for the regents themselves, Regent Beckwith noted that the Committee had addressed its request directly to the Board, after being advised by President O'Neil that he did not believe the action called for in the Committee staff report to be appropriate. He recalled that the issue was a recurring one, inasmuch as the Joint Committee for Review of Administrative Rules had sought for years to have Regent policies codified into rules. "What it involves is the Legislature, through the Joint Committee, actually being involved in how Regent policies shall be stated. And that goes to the whole governance of the System." That is not to say, he added, that there might not be some Regent policies which would be appropriate for rule making, although he felt many were not. While it would be necessary to obtain input from faculty, academic staff, students, chancellors and System Administration, he did not think hearings throughout the state would be required.

It was suggested by Regent Lawton that, since subject areas of concern to each of the Board's standing committees were involved, it would be logical for the Executive Committee to deal with the matter, inasmuch as that Committee included the Board officers and committee chairmen.

✓ Faculty - comments by Pres. O'Neil on legislative faculty development & retraining; and flexibility in faculty appointment options, p. 9.

Because the issues raised by the Joint Committee report had significant legal implications, Regent Knowles felt that staff for the project should be provided by the System Office of Legal Services, and Regent Beckwith indicated that President O'Neil's advice in that regard would be sought.

✓ Salaries - Report on legislative action re payroll schedules & task force to study options, p. 9.

✓ Retirement - Report on legislative adoption of early retirement option, p. 9.

Regent Fitzgerald stated that President O'Neil had reported to the Education Committee on welcome actions taken during the recent special session of the Legislature. An amendment to Chapter 109 of the statutes removed the urgent need to modify payroll schedules to conform to a strict payment requirement which would have caused serious problems for faculty members, the amendments making it possible to process and distribute salary payments to unclassified personnel on the same basis used in the current year and in previous years. The President announced his intent to form a task force representing both faculty and other unclassified personnel to consider various approaches to payroll scheduling, such as a 12-paycheck option for persons on academic year appointments and other alternatives which would better respond to the needs of faculty and academic staff. The second legislative action was adoption of an early retirement option for those faculty who, at age 62, wish to pursue it.

✓ Sabbatical leaves - comments by Pres. O'Neil on need for greater flexibility, p. 9.

President O'Neil then outlined five additional areas in which he sensed a need for greater flexibility: (1) The matter of sabbatical leaves. (2) Increased support for faculty development and retraining. (3) An expanded early retirement option, inasmuch as the option recently adopted by the Legislature extended only from July 1, 1982 through June 30, 1983. If the limited experiment proves successful, he said, the case for "widening the window" will be compelling. (4) An alternative to declaration of institutionwide financial emergency, presently the only condition, other than dismissal for cause, by which continuing appointments may be terminated. The President suggested an approach reflected in institutional regulation 4(d) of the American Association of University Professors, which contemplated termination of academic programs or departments for reasons other than financial emergency and termination of tenured or continuing probationary appointments as a result. (5) A faculty appointment option which would not force a choice between tenure-track appointments and fixed-term academic staff appointments. What is needed, he felt, is an option for use when there is genuine need for a professorial appointment but the future and duration of that need are uncertain. The President elaborated on each of his suggestions, indicating that, at this point, the views he expressed were personal rather than institutional.

Resolutions 2617-2625, approved in closed session of the Education Committee, were unanimously adopted by the Board.

Resolution 2617: That upon the recommendation of the President of the University of Wisconsin System and the Chancellor of the University of Wisconsin-Madison, the status of H. Jerome Keisler be changed from Clifford Spector Professor, Department of Mathematics, College of Letters and Science, to Vilas Professor and Clifford Spector Professor, Department of Mathematics, College of Letters and Science, UW-Madison, effective August 23, 1982.

---

REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Chairman Fox presented the Committee's report.

The Committee reviewed the monthly list of gifts, grants and U.S. government contracts, which included 44 grants from the National Institutes of Health, totaling almost \$7 million, and 23 grants from the National Science Foundation, adding up to over \$1 million. The total amount received for the 1981-82 fiscal year was \$217,129,000--about \$600,000 less than in 1980-81, with the federal portion having decreased \$9.3 million and the non-federal share having increased \$8.7 million. Funds for instruction, extension and student aid had decreased, while support for research was up \$3.5 million, all of the increase being at UW-Madison.

Upon motion by Regent Fox, seconded by Regent Veneman, the following resolution was voted unanimously:

Resolution 2626: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

-

✓ Budget - update on 1982-83 budget, p. 12.

Regent Fox reported that an update on the 1982-83 budget was presented to the Committee by Vice President Lorenz, who indicated that a request for authorization to budget the fee increase had been filed with the Department of Administration and was to be discussed at the June 21 meeting of the Legislature's Joint Committee on Finance, with President O'Neil and several chancellors presenting the System's position. The University had also requested release of a pro rata portion of the permanent property appropriation held in escrow by the Joint Committee. It was expected that the 1982-83 budget would be presented to the Board of Regents at its July meeting. Concluding his report on the budget, Mr. Lorenz advised that the Legislature in its final session provided for early retirement of faculty and classified employees at age 62 without the degradation factor for each year of early retirement.

In presenting Resolution 2627, which related to 1982-83 unclassified compensation adjustments, Associate Vice President Arnn informed the Committee that System institutions were preparing to implement the 1982-83 pay plan for the various categories of unclassified personnel on effective dates in October and November in accordance with the new state law and withdrawal of 25% of the pay-plan funding. It was noted that the resolution was consistent with the practice of System Administration to seek reaffirmation of delegated authority when delays of legislative and executive actions affect the unclassified pay plan.

Regent Fox moved adoption of the following resolution. The motion was seconded by Regent Finlayson and unanimously carried.

Resolution 2627: Upon recommendation of the President of the University of Wisconsin System and in accordance with s.36.09(1)(j), Wis. Stats., the Board of Regents of the University of Wisconsin System affirms the following policies on unclassified compensation adjustments for 1982-83:

Salaries - Res on policy and delegation of authority for 1982-83 unclassified compensation adjustments R-2627, p. 12.

1. The effective dates of the payments of the pay plan adjustments shall be set in accordance with recently enacted state law withdrawing 25% of the funding and specifying corresponding delays in the implementation of the plan.
2. The Board affirms the delegated authority of the President of the System to establish individual salary rates and salaries and graduate assistants' stipend schedules and payments for 1982-83 within state policy and the funds appropriated for that year for personnel whose salaries do not exceed the maximum of Group 5 of the State Executive Pay Plan, with appropriate annual budget documentation to be reported to the Regents for information.
3. To ensure proper consideration of pay plan adjustments after 1982-83 the annual budget documentation shall show the full salary rates for appropriate appointment periods. The required delays in the implementation of the new rates shall be achieved through the necessary payroll procedures.

The Committee approved designation of the M & I Marshall & Ilesley Bank of Milwaukee as a public depository, an action which would allow University Hospital and Clinics to invest certain Medicare reimbursement payments over weekends, thus generating interest earnings in the amount of \$30,000 to \$50,000 annually.

Adoption of Resolution 2628 was moved by Regent Fox, seconded by Regent Veneman and voted unanimously.

Resolution 2628: That, upon recommendation of the Chancellor of UW-Madison and the Vice President and Trust Officer, the M & I Marshall & Ilesley Bank, Milwaukee, Wisconsin, qualified as a public depository under Chapter 34 of the Wisconsin Statutes, shall be and is hereby designated, effective June 11, 1982 until further action, a public depository for certain moneys coming into the hands of employees of the Board of Regents of the University of Wisconsin System for deposit to the appropriate account, and

That withdrawal or disbursement from said depository shall be only by check, as provided in Section 66.042(6) of the Wisconsin Statutes, and that all checks be signed by one of the persons certified by the Secretary of the Board of Regents of the University of Wisconsin System as having been authorized by the UW System Controller to make deposits to or sign checks drawn on the University of Wisconsin accounts held by the above bank, and that any one of such persons is authorized to issue instructions regarding deposits to and maintenance of the account.

Regent Fox summarized Vice President Lorenz's report to the Committee, in which he indicated that higher than anticipated charges for fringe benefits and a colder than normal April had resulted in additional costs that depleted the Systemwide free balance to the point that the year-end unencumbered balance for the System would probably be less than \$100,000.

The Committee also was advised that, in response to the previous month's discussion on the auxiliary budget, annual charges to residence halls for installation of smoke detectors would be decreased from \$20 per year to \$10 per year. Despite increased utility and telephone charges, it was expected that all or most of the reduction would be passed on to students. It would not, however, apply to UW-Madison, since that institution already had capitalized purchase of the detectors and spread the required payments over more years.

Auxiliary Operations - annual charges for installation of smoke detectors in residence halls decreased, p. 13 (X-ref. Residence Halls).

Public Depositories

Designation of M & I Marshall & Ilesley Bank, Milwaukee, as public depository R. 2628, p. 13.

REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

Chairman Gerrard presented the Committee's report.

The Committee meeting opened with a presentation by Mr. Al Trapp, President of the UW-La Crosse Foundation, and Mr. Larry Dittman, Director of Alumni Affairs for UW-La Crosse, on the Arboretum/Nature Center under development in Coon Valley, Wisconsin. The joint university-community project includes approximately 400 acres of land, the initial 112 acres having been presented to the Foundation by Dr. and Mrs. Alf Gunderson of La Crosse. Subsequent private gifts made possible the acquisition of additional land, and Mrs. Ethel Thrune provided a substantial gift for the construction of the Nature Center in memory of her husband, Richard, with its cost estimated at one-quarter million dollars. Considering monies already spent and additional support which had been pledged, the total project was estimated to exceed \$1 million. It was emphasized that this is a totally private initiative, with a \$3 million fund drive planned to provide an endowment for future development and maintenance of the site. Thus, at no time would state or federal tax dollars be needed for the project, which includes the Nature Center, the Arboretum with over two miles of pathways, and an authentic Norwegian homestead.

At the Board meeting, Chancellor Richards said he hoped regents would have an opportunity to visit the site in conjunction with the September 1982 Board meeting at UW-La Crosse.

Regent Gerrard reported that the Committee considered a project which would preserve the historic exterior shell of King Hall, while providing for complete reconfiguration and modernization of interior space to serve the needs of the Department of Soil Science, College of Agricultural and Life Sciences, at UW-Madison. Funding which would utilize GPR-supported borrowing was provided in the budget repair bill approved in April 1982.

It was moved by Regent Gerrard, seconded by Regent O'Harrow and unanimously carried, that the following resolution be adopted:

Resolution 2629: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the concept and budget report for the King Hall Remodeling Project be approved and authority be granted to plan, bid and construct, at an estimated total cost of \$2,348,000 from General Fund Supported Borrowing-GPR.

✓ King Hall - approval of  
CB report for  
remodeling  
R. 2629, p. 14.

A request from UW-Madison to purchase Illinois Central Gulf Railroad land was presented to the Committee. The .27-acre parcel in the 800 block of Dayton Street is adjacent to the Illinois Central Gulf right of way, which the UW System intended to acquire as soon as funding could be provided. The acquisition cost of \$26,500 was below the appraised values, and there were no relocation costs associated with the purchase.

Resolution 2630 was unanimously adopted, upon motion by Regent Gerrard, seconded by Regent O'Harrow.

✓ Bldgs & hands - UW-Msk - auth. to purchase land in 800 block

CX-ref - Dayton St + Illinois Central Gulf RR  
Board of Regents Annual Meeting 6/11/82  
(These cards should also perhaps refer reader to individual <sup>15</sup> bldgs.)

Resolution 2630: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, authority be granted to purchase one parcel of property consisting of .27 acres in the 800 block of Dayton Street in the City of Madison and owned by the Illinois Central Gulf Railroad for \$26,500 of GPR-Land Acquisition Funds, including \$1,500 for incidental expenses.

✓ Bldgs & hands, UW-Msk - report on transactions to acquire agricultural lands near Mandt Farm, UW-Msk., p. 15

The Committee received a report in response to a private developer's request concerning UW-Madison agricultural lands and on the acquisition of property to replace the Charmany and Rieder farms.

✓ Seed Farm - report on trading parcel of seed farm for lands near Mandt Farm, p. 15

At the Board meeting, Chancellor Shain summarized those matters, explaining that two separate transactions were involved. One of them concerned acquisition of approximately 150 acres by trading land on the UW-Madison Seed Farm, and the other was receipt of another 255 acres through a gift from the Wisconsin Alumni Research Foundation. Reviewing what had occurred, he noted that a firm representing Mr. Philip Woodman, who wished to purchase part of the Rieder Farm for a food merchandising center, made a proposal which had been carefully reviewed by the University and by Madison's Land Advisory Committee. The conclusion was that, rather than to authorize sale of land for commercial development at this time, planning for the Rieder Farm should proceed in the normal sequence and that the initial preference for use of the land would be for research park purposes. If the planning process eventually resulted in a recommendation that some part of the land should be used for commercial purposes, the University would renew its relationship with the Woodman firm and any others that might be appropriate for such development. The Chancellor emphasized that Mr. Woodman and Mr. Backus, who represented the firm, were very gracious in helping the University acquire the 255-acre plot, for which the Woodman firm had the option and which the Wisconsin Alumni Research Foundation was purchasing for the University. Stating that the option had been turned over to the University without charge, he expressed gratitude to the Woodman-Backus organization for their cooperation.

Regent Beckwith asked about the location of the land to be acquired. Chancellor Shain responded that the 255 acres were west of the Beltline, across Mineral Point Road from the Mandt Farm, and that the other parcel was adjacent. "This will give us a contiguous area of experimental farm which will take care of the College of Agriculture for the next 50 years."

Regent Gerrard added that everyone was extremely pleased about the favorable way in which these transactions were being accomplished.

A request to approve renewal of two leases of space for UW-Madison was reviewed by the Committee. The first was to continue a fish research operation for the Sea Grant Demonstration Project, a program which had been functioning since 1972, and the second involved approximately 1.6 acres of land in the south campus area on which is sited an ideally located warehouse, given to UW-Madison by the Central Soya Company.

Adoption of the following resolution was moved by Regent Gerrard, seconded by Regent Fitzgerald and carried unanimously:

Resolution 2631: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, authority be granted to lease the following properties, with rental costs to be paid from the funding sources indicated:

✓ McKee Road - auth to lease space at 6080 McKee Rd from Wilton Properties II, for Sea Grant Program R. 2631, p. 15-16.  
(X-ref Wilton Properties & Sea Grant Program)

12,000 square feet of space located at 6080 McKee Road, Madison, Wisconsin for the period July 1, 1982 to June 30, 1983.

Wilton Properties II, Lessor  
4513 Vernon Boulevard  
Madison, Wisconsin

The annual rental cost is \$25,200 (\$2.10 per square foot) (from Sea Grant Program General Purpose Revenues) with the space used to accommodate the University of Wisconsin Sea Grant Aquaculture Research Program.

and

✓ Orchard St. - auth to lease space at 26 N. Orchard from Illinois Central Gulf RR. (warehouse location), R. 2631 p. 15-16  
(X-ref - Illinois Central Gulf RR.)

Parts of Lots 9, 10, 25 and 26 and all of Lots 11, 12, 22, 23 and 24 of Block 13, Brooks' Addition, City of Madison, Wisconsin (26 North Orchard)

Illinois Central Gulf Railroad, Lessor  
233 North Michigan Avenue  
Chicago, Illinois 60601

65,200 square feet of land (approximately 1.6 acres) at an annual lease cost of \$36,400 (from General Purpose Revenues) for the period July 1, 1982 through June 30, 1983.

Regent Gerrard stated that the Committee approved purchasing two parcels of land for UW-La Crosse, the first located at 1622 La Crosse Street at a cost of \$28,500 and the second at 608 North 16th Street at a cost of \$46,000. In each instance, the acquisition cost was at or below the average appraised value.

Upon motion by Regent Gerrard, seconded by Regent Fitzgerald, Resolution 2632 was unanimously adopted.

Resolution 2632:

That, upon the recommendation of the University of Wisconsin-La Crosse Chancellor and the President of the University of Wisconsin System, authorization be granted to purchase the following two parcels of land at the costs indicated, to be funded by GPR-Land Acquisition Funds:

✓ UW-LaCrosse - Bldgs & hands  
Auth to purchase land at 1622 La Crosse St. and 608 N. 16th St., R. 2632, p. 16-17

1622 La Crosse Street - a 40' x 79' (0.07) parcel at a cost of \$28,500 plus \$2,500 in appraisal fees, closing costs and relocation costs.

608 North 16th Street - a 60' x 150' (0.21 acre) parcel at a cost of \$46,000 plus \$1,500 to cover appraisal fees and closing costs.

The Committee then considered a request to purchase a .11-acre parcel of land located at 3274 Cramer Street, Milwaukee, at a cost of \$66,000 from GPR-land acquisition funds. The property, which was approved for purchase on an "as available" basis in 1974, is within the campus boundaries of the approved UW-Milwaukee campus development plan. No relocation costs were associated with the purchase.

Regent Gerrard moved adoption of the following resolution. The motion was seconded by Regent O'Harrow and carried unanimously.

Resolution 2633:

That, upon the recommendation of the UW-Milwaukee Chancellor and the President of the University of Wisconsin System, authority be granted to purchase a 0.11 acre parcel of land located at 3274 Cramer Street, City of Milwaukee at a cost of \$66,000 from GPR-Land Acquisition Funds.

✓ UW-Milw. Bldgs & hands  
Auth to purchase parcel at 3274 Cramer St. R. 2633, p. 17.

It was reported by Regent Gerrard that a site for the UW-Stout Memorial Student Center was approved by the Committee.

Adoption of Resolution 2634 was moved by Regent Gerrard, seconded by Regent O'Harrow and voted unanimously.

Resolution 2634:

That, upon the recommendation of the UW-Stout Chancellor, System Administration staff, and the President of the University of Wisconsin System, the 1981-83 Memorial Student Center be sited on the central mall on the UW-Stout campus, south of the Library-Learning Center, with the mall defined generally as the space bounded north and south by Tenth and Thirteenth Avenues and east and west by Third and Fourth Streets. The structure is to be oriented toward the north, northeast, east, and southeast, with the mall being considered as its front yard.

✓ UW-Stout - Bldgs & hands  
site for Memorial Student Center approved R. 2634, p. 17.

The Committee heard a presentation by Chancellor Connor about the UW-Whitewater Campus Transportation Plan. Like others which had been considered by the Board, the plan was prepared in response to Board Resolution 2222 and was required by special legislative action.

At the Board meeting, Chancellor Connor indicated that, inasmuch as walking was the primary mode of transportation at the campus, the plan was designed to facilitate walking and biking. He also referred to the need to purchase land in order to complete the campus boundaries.

It was moved by Regent Gerrard, properly seconded, and unanimously carried that the following resolution be adopted.

Resolution 2635: That, upon the recommendation of the UW-Whitewater Chancellor and the President of the University of Wisconsin System, the 1982 Campus Transportation Plan for the University of Wisconsin-Whitewater, prepared in response to Resolution 2222 which directed each campus to base its transportation planning efforts upon Section 291 er. 36.11 (8m), Wisconsin Statutes, be adopted.

*UW-Whitewater - General*  
*1982 Campus Transportation Plan approved*  
*R 2635, P. 18.*

Resolution 2636 was adopted unanimously, upon motion by Regent Gerrard, seconded by Regent O'Harrow.

Resolution 2636: That, upon the recommendation of the UW-Eau Claire, LaCrosse, Milwaukee and Whitewater Chancellors and the President of the University of Wisconsin System, the following minor projects be approved, at the cost and from the funding sources indicated, and authority be granted to plan, bid and construct:

UW-Eau Claire - Bldgs & lands

<i>Approval</i>	Towers Hall Vapor Barrier Installation Project, <del>Program Revenues Non-GPR; R 2636, P. 18</del>	\$30,600
<i>Approval</i>	Steam Service Safety Device Modifications Project; <del>Non-GPR Program Revenues (\$30,725) and GPR Min. Maint./Health and Safety Alloc. (\$15,475)</del>	46,000
<i>Approval</i>	and Running Track Repairs Project, <del>Cap. Imp. Fund Earnings, Min. Maint./Health and Safety Alloc. - GPR R. 2636, P. 18-19.</del>	21,100

UW-LaCrosse - Bldgs & lands

<i>Approval</i>	Steam and Condensate Lines Expansion Joints Replacement Project, <del>Cap. Imp. Fund Earnings, Min. Maint./Health and Safety Alloc. - GPR</del>	62,800
	<i>R 2636, P. 18-19.</i>	

UW-Milwaukee - Bldgs & hands

✓ Approved by Miscellaneous Concrete Repairs Project, Capital 39,400  
~~Imp. Fund Earnings-Min. Maint./Health and Safety Alloc.-GPR R 2636, P 18-19~~

UW-Whitewater - Bldgs & hands

✓ Approved by Fifteen Building Masonry Repairs Project, 246,000  
~~Program Revenues-Non-GPR R 2636, P 18-19.~~

✓ Leased Space - Annual report on leased space, p. 19.

Regent Gerrard stated that the Committee received the annual report on space leased by various units in the UW System, which reflected all leases with annual rental costs of over \$10,000. Compared with the previous year, there were 11 fewer leases, with a net reduction of about 60,000 square feet and savings of approximately \$161,000 in annual costs.

✓ Physical Education Bldg, East Campus - UW-Madison - Report on beginning of construction, p. 19

Vice President Winter reported to the Committee about actions taken at the April and May State Building Commission meetings, the beginning of construction of the UW-Madison East Campus Physical Education building, and legislation on siting of a medium security prison in Milwaukee.

✓ UW-Ext. - Bldgs & hands - Report on legislation re siting of medium security prison in Milw., p. 19

At 10:25 a.m., the following resolution, moved by Regent Jesinski and seconded by Regent Fitzgerald, carried on a unanimous roll call vote, with Regents Beckwith, Finlayson, Fitzgerald, Fox, Heckrodt, Jesinski, Lawton, O'Harrow, Podlesny, Schilling, Veneman and Zirbel voting "Aye" (12) and no regents voting "No."

Resolution 2637: That the Board of Regents recess into closed session to consider personnel matters, as permitted by s. 19.85(1)(c), Wis. Stats., and to consider personal histories, as permitted by s. 19.85(1)(f), Wis. Stats.

CLOSED SESSION ACTIONS

The Board arose from closed session at 11:20 a.m., and adoption of the following resolutions was announced:

Resolution 2638: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the following individuals be reappointed to the UW-Madison Board of Visitors for terms ending May 1, 1985:

✓ Visitors, Bd of - UW-Mdn  
F. Anthony Brewster,  
Dale R. Clark and  
Lawrence Fitzpatrick  
reappointed for terms  
ending 5-1-85, R. 2638, p. 20  
Brewster - Reappt'd to UW-Mdn Bd. Visitors for term ending 5-1-85, R. 2638, p. 20  
(similar entries - Clark & Fitzpatrick)

✓ F. Anthony Brewster, Madison  
✓ Dale R. Clark, Ashland  
✓ Lawrence J. Fitzpatrick, Madison  
Bd. Visitors for term ending 5-1-85, R. 2638, p. 20

Resolution 2639: That, upon the recommendation of the UW-Whitewater Chancellor and the President of the University of Wisconsin System, the following reappointments to the Board of Visitors, UW-Whitewater, be approved for terms ending June 30, 1985:

✓ UW-Whitewater  
Visitors  
Reappt of Mary Ebbott,  
William B. Fardy, John  
F. Graham & William Wolfe for  
terms ending 6-30-85,  
R. 2634, p. 20  
(also entry for each person)

✓ Mary Ebbott, Helenville  
✓ William B. Fardy, Mequon  
✓ John F. Graham, Whitewater  
✓ William Wolfe, Waukesha

Resolution 2640: That the Board of Regents of the University of Wisconsin System add the designation, President Emeritus of the University of Wisconsin, to the designation of Professor Emeritus already granted to Fred Harvey Harrington.

✓ Harrington  
Designation of President Emeritus, R. 2640, p. 20 &  
Professor Emeritus R (Exhibit A)

The meeting was adjourned at 11:20 a.m.

✓ Lelah Starks Elite Foundation Seed Potato Farm - auth to raze obsolete bldgs.

H. Notice has been received from the Chancellor of the University of Wisconsin - Madison that approval has been given to raze the following obsolete structures on the Lelah Starks Elite Foundation Seed Potato Farm, Cassian Township, Wisconsin: Building 411 - Barn; Building 431 - House; and an unnumbered house and garage adjacent to House 43.

✓ West Hill Farm - UW-Msu - auth. to raze metal storage Bldgs.

I. The following seven metal storage buildings at the West Hill Farm property have also been approved for razing: Building No. 0174, 0173, 0211, 0206, 0208, 0209, and 0210 (Metal Storage Nos. 7, 6, 5, 1, 2, 3, and 4, respectively). Acquired as army surplus and moved to the present site in 1952, they have been offered to other units within the University. However, dismantling and reconstruction costs make this an approach which is not economical to consider. Demolition of the buildings will be phased to allow alternate arrangements to be made for relocating equipment and materials presently stored in each building.

✓ Westphal, Ronald D. - 1982-84 lease of space in Randall Towers for Mr. Ronald D. Westphal

J. A continuation lease for commercial space in Randall Towers with Mr. Ronald D. Westphal for operation of a grocery store has been signed by the Vice Chancellor for Administration. The lease covers the period June 1, 1982 through July 31, 1984, at an annual rate of \$8,412.

✓ Wis Financial Security, Inc. - extension of agree w/ Wis Financial Security, Inc. for TDA program through 1984. X-ref. Tax Deferred Annuity Program

K. The agreement between Wisconsin Financial Security, Inc., and The Board of Regents establishing a Tax Deferred Group Single Premium Annuity Purchase program (terminal funding) was signed and reported in June 1980. The original agreement, effective through April 30, 1982, has been extended through April 30, 1984. All other terms and conditions of the agreement remain in effect for the extended two-year period.

L. The existing lease of space at 1920/1930 Monroe Street (System Administration) offices has been modified to cover the costs of remodeling on the second floor of the building at 1930 Monroe Street at an amount not to exceed \$13,000. The remodeled areas will provide for more efficient use of the space for staff needs and will increase the amount of usable space.

✓ Monroe St 1920/30 - lease modified for remodeling of SA offices. X-ref. Huedtke, Kenneth H.

✓ UW-Extension - program revenue contracts & agreements reported.
